Editor's Note:

We have been in sunny Florida most of the week. The drive down was uneventful, we missed the hurricane. There was no damage to the Tampa Bay area, luckily.

Zach has been having a grand time with his grandmother. She took him to the beach and bought him ice cream. They have been talking about family and he is getting to know his biological history. He is so happy.

We are heading back tomorrow. There is one more stop to make. We are going to the Ringling Circus museum before we leave.

It has been a great visit. Zach now has even more people who love him!

HELP FOR THE ELDERLY

"This is a surprise from God"

A channel enabling the church to minister to physical and spiritual needs around the world

Christian Aid MINISTRIES

What would it be like to live in a house with a dirt floor—one that floods whenever it rains? This is reality for Maria, an elderly widow in Nicaragua.

Maria's husband died 30 years ago. Her daughter died five years ago, and her grandson died two months later. She also lost a son in an accident. "I have suffered a lot," Maria said, "but we keep going."

Each month, Maria depends on a friend to pick up her **Help for the Elderly** food parcel. One month when her friend was sick and unable to go, Maria found herself with few options for her monthly food provisions. Not long afterward, a CAM staff member visited Maria and delivered a food parcel. Delighted, she said, "I thank you so much, in the name of the Lord. I wasn't expecting this visit. This is a surprise from God!"

Clara is another widow in Nicaragua who has experienced a life of hardship. Her husband struggled with alcoholism, and 22 years ago a vehicle struck and killed him. When she received a food parcel, she told CAM staff members, "I give thanks to God because without Him we are nothing."

Miguel and his wife also live in Nicaragua. For most of their married life, they worked for a farmer who allowed them to build a small home on his land. Together, they planted, cultivated, and harvested crops, but yielded just enough food and income to survive.

Then the owner sold the farm, leaving Miguel and his wife with no place to call home. As Christians, they chose not to fight the situation. Their daughter was able to provide a simple house for them to live in.

Miguel praised God when he received a food parcel. "All of God's blessings to me are good!" he told a CAM staff member. Amidst poverty, God's love works through His people, bringing hope to desolate hearts in the form of a food parcel. Thank you, supporters, for helping to minister to elderly people in great need.

Maria is overjoyed with the food parcel she received on a surprise visit from a CAM staff member.

Q: In a one-story house at the corner of the road, the bedrooms were yellow, the kitchen was orange, the living room was red, the garage was blue, the entry hall was green, and the sitting room was purple. What color were the stairs?

A: There's no color because there are no stairs—it's a one-story house.

It's time to THINK SPRING

OVB
OHIO VALLEY BIOCHAR
There is a Better Way

Now is the time to apply Ohio Valley BioChar to your fields and gardens!

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Biochar blends available for various farming needs, call for more information.

Biochar is steam activated carbon that is beneficial for our soil and animals.

♦ Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses
♦ Biochar can be applied to the feed or directly to the bedding,it helps capture the ammonia and the barn will have less odor.
♦ Chicken growers ,adding Biochar to the feed ,are growing birds 1.5lbs heavier in the same growing cycle.
♦ Biochar helps to reduce or eliminate toxins in your animals which lowers the stress level and gives a better metabolism.
♦ Hog growers adding Biochar to bedding or feed helps clear up scours.
♦ Chicken layer barns adding Biochar to the scratch area once a week are increasing their egg production by 5%.
♦ Biochar helps to keep mold from growing on walls,closets,barns, and grain bins.
♦ When adding Biochar to the feed and manure ,the bedding will become the best compost made because it will start capturing the excess ammonia immediately

It was early November, and the woods were just starting to come alive with rut activity. I'd been scouting a funnel between bedding and feeding areas, and the sign was fresh. With the wind in my favor, I decided to try something I'd heard other hunters talking about – Buck Whiff.

I kept it simple. A few drops on a drag rag, and I walked a slow zigzag toward my stand. Passing an existing scrape I put a few squirts of Buck Whiff in it about 20 yards out, right where I expected movement. The scent was fresh—noticeably different from some of the bottled stuff I've tried in the past.

An hour or so after settling in, I caught movement. A decent buck stepped out, nose down, locked in on the trail I'd made. He paused at the scrape, visibly aggravated, and gave me the broadside shot I'd been waiting for.

What struck me was how naturally he reacted—paused, hair bristled, stiff legged walk – you know what I mean. He was ready for a going around with this new buck that had just intruded his territory.

I've learned that when you use a lure like Buck Whiff correctly—fresh, sparingly, and always with the wind in mind—it can tip the odds in your favor. It's not magic. But in the right moment, it's the edge that matters.

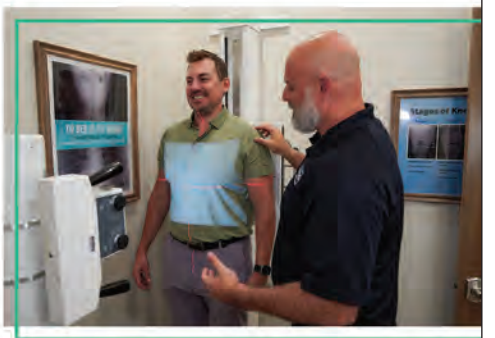
GOD DIDN'T DESIGN YOU TO LIVE A LIFE OF CHRONIC PAIN AND DISCOMFORT

Chronic pain can feel like something you're just supposed to accept, a part of getting older or a price paid for years of hard work. But God created your body with an amazing ability to heal and function the way it was designed to. When pain lingers month after month, it's often a sign that something is interfering with that design, not that you're meant to simply learn to live with it.

At Vero Health Center, our team of doctors looks past the symptom to find the true source of your pain and discomfort. We never rely on medication or surgery. Instead, we use gentle, natural care to restore your body's communication through the nervous system so it can heal the way it was made to. We see more than 1,000 people every week, and many travel from several states away to experience the difference.



Hear from Dr. Josiah about our practice, our process, and our incredible results!

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Stressed? Fatigued? Headaches?

Maybe you are producing "too much cortisol"?

Cortisol is also know as **The death hormone**. The reason for this is it tries to "save us" from anything bad that might happen – if we are under stress or pressure, this cortisol kicks in and tries to help us get through it. Somethings you might experience is: hard time falling asleep or restless sleep… Still feeling tired the next morning. Digestive issues are very common. Including acidic stomach, hiatal hernias, and constipation. These lead to other things causing problems in the gut or liver.

Hypertension the mail reason for high blood pressure is very commonly an adrenal/cortisol problem and medication does not heal that.

Headaches, Migraine or tense muscle headaches are often stemming from this as well because the tensed up body will often be tensed up because of too much cortisol.

Adrenal Burnout or Fatigue is what happens next… this can leave you feeling extremely tired, unmotivated, or even depressed. Cortisol overproduction causes hormone imbalance. It will leave your body feeling weak and actually lower your ability to fight off viruses or anything else that comes along.

Why does it happen? The two main reasons are; number one is stress or pressure that we experience in our daily lives or from past traumas. Number 2, we are often low in the proper types of nutrition, including Pregnenolone, (our basic hormone).

If you feel this way – there is HOPE for you... You're not alone. You may request more information on this health challenge for free... I also sell products that have helped me with this type of issue.

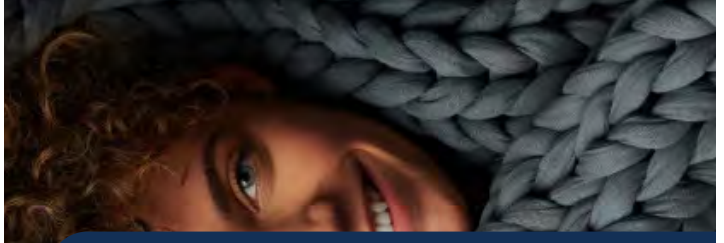
Best nap ever.

81% sleep through the night when using a weighted blanket

60% feel less anxious after using a weighted blanket



Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

COMMUNITY & LAW

The Truth About Insurance

By Rick Hessig, Attorney at Law

The plain community has long believed that when harm comes, the right response is to bear it with yieldedness — humility, and trust in God. This is not weakness. It is a testimony to the world of a different way of living. And nothing written here would ask any family to set that aside.

But yieldedness is not the same as silence when a neighbor is in need. And the church's alms fund was never meant to pay the debts of a careless stranger.

When an outside driver's negligence kills a child or breaks a family, he has created an obligation. The money his insurance holds exists for one reason: to meet that obligation. Receiving it is not a lawsuit. It is not an act of aggression. It does not require a courtroom or an adversary. It simply means allowing the one who caused the harm to do what justice already requires of him — the same way a neighbor who knocked down a fence is expected to come and repair it.

The question of whether to pursue this, and how, rightly belongs with the family and with their bishop. An attorney can do nothing without their blessing. What an attorney can do is handle the outside paperwork quietly, without conflict, and put any recovery entirely in the hands of the family to use as they and their church see fit — for the children, for the widow, for the alms fund, for whatever need the community decides.

No one is asked to quarrel. No one is asked to go before a judge. No one is asked to abandon forgiveness — indeed, forgiveness and restitution have always been able to stand side by side. A family can release the driver from their hearts entirely and still allow his obligation to be met.

The decision is yours. I only ask that you know the door is open.
