THANK YOU LETTERS FROM PRISON...

"Thank you for these gifts! A lot of horrible events have unfolded in my life this past year. It just meant so much to me that you came to us this year. A man from your ministry looked me in the eye and said "God bless you." At that moment, something inside me happened, even though I am a completely broken individual. He made me feel a light of hope and love I haven't felt in a long time. The women sang beautiful songs also. Altogether, the best I can sum it up, it was a profound moment for me. **It is amazing what you do helping lost people or prisoners. Jesus knew who needed Him most.** Thank you and God bless!"

– Tyler, Inmate at New Castle Correctional Facility, New Castle, Indiana

"Thank you for all that you are doing for me and all of the others you have touched with rays of light. **I feel loved and cared about.** I want to be involved in something like this when I get out because it has really helped me. Thank you!"

– Celena, Inmate at Godsdon Correctional Facility, Quincy, Florida

"After listening to the choir and reading your inspiring letter, I wanted to thank you for giving me the hope that I've been searching for. God is working in my life, and I'm waiting for His instructions for the rest of my life. I gave my life to Christ, and He has watched over me while in prison. God has given me the strength to endure. **You have made my day and filled my heart with joy. Please thank all the people involved in making this wonderful gift possible.** Thank you!"

– Thomas, Inmate at New Castle Correctional Facility, New Castle, Indiana

"I was so grateful for your gifts, but ever more grateful for your testimony. It touched my heart and it reached me to my soul. I'm so thankful to have read it! Keep shining, for the light of this ministry is very bright!"

– Carolyn, Inmate at Godsdon Correctional Facility,
Quincy, Florida

Editor's Corner

Hi everyone,

A beautiful, peaceful morning. We had quite a thunderstorm last night, and now this morning, everything seems so quiet and the sun is shining again.

I think summer is right around the corner! It seems like the warm weather might be here to stay (hopefully). It's getting to be that time of the year where I feel a need to do two things: Go spend some time at the lake and eat ice cream! 😊

Notice: we have an early deadline coming up because of Memorial Day. Our deadline for the week of May 18th will be Thursday, May 21st, instead of Friday, May 22nd, so get your ads in early that week!

Have a great week everyone!

Rhoda Miller

Today will never come again, be a blessing, be a friend, encourage someone.
Take time to care, let your words heal and not wound.

So now what do you say?

Is in this Lions 6-Way?

**Let's start with some protein and fat,
That's where some of the nutrition is at.**

Also contains bacteria and yeast.

Should help digestion atleast.

Contains Lions Mineral in the mix

Making a supplement that really sticks!

If your horse is underweight

This 6-Way should work great.

Should make a haircoat shine.

And help get to the finish line.

The protein helps promote muscling

And the fat keeps them hustling

Top dress before it's too late.

1-2# per day is great!

I am sure it will pay

To feed Lions 6-Way!

- ✓ Teachers
- ✓ Business leaders
- ✓ Struggling students
- ✓ EVERYBODY!

Experience True Natural Energy & Clarity All day. Everyday.

Unlike most other brands of B vitamins, Focus is made with clean ingredients from real living plants. not synthetically manufactured ingredients from the drug factory; like Thiamin Hydrochloride (HCl), Pyridoxine hydrochloride (HCl), Folic acid, and cyanocobalamin. Those are the names for synthetic B1, B6, B9 and B12. The cheapest and most commonly used. Tranont uses real B vitamins from nature and cultures them on yeast, creating a powerful, bio-available product your body can easily recognize and successfully use. At Tranont we know that **BETTER CHOICES** bring **BETTER RESULTS**. This product has helped alot of struggling students with better focus and concentration!

Unfortunately, a lot of synthetic B vitamins end up in the toilet. Become educated and aware of what you are buying.

Health Problems? The human body consist of 70 to 100 trillion cells. When cells are healthy, the body is healthy. When cells are unhealthy, disease or dysfunction can accrue. What's the cause? Reason science has shown that poor cellular communication is the root cause of unhealthy cells. Damaged cells struggle to alert the immune system, allowing the damage to multiply. No matter the problem, we can now Bi-replace cellular communication for the first time in history. For a free information pack for this powerful technology, contact: John Bash, 619-838-0493

We've all been there: it's 2:00 PM, the "brain fog" is rolling in, and the siren song of a third espresso or a sugary snack becomes impossible to ignore. For decades, caffeine and refined sugar have been the go-to fuel for the modern worker. But while they offer a quick spark, they usually leave us with a jittery heart and an inevitable "crash" that leaves us more depleted than before. If you're looking for a sustainable way to sharpen your focus without the roller coaster, Midday Focus Greens might just be the upgrade your brain has been waiting for. True mental clarity isn't about forcing your brain to work harder through stimulants; it's about giving it the raw materials it needs to perform at its best. By trading the temporary "buzz" of sugar for the deep, nutritional support of greens, you're not just clearing the fog--you're building a more resilient mind. Midday Focus Greens \$51.87. (Includes tax and shipping.) Buy 2 or more for a 10% discount. Call or write NuLife today to place your order. NuLife Communities 1390 Co Rd 600 Baltic, OH 43804, 330-845-4004

DAVID STOLTZFUS FUND

On Sunday morning, April 19, David Stoltzfus lost his wife and six children (the whole family). David had just arrived at church a ½ mile from his home (wife Sarah stayed home because one of the boys was sick) when suddenly the beautiful Sunday morning was shattered by a loud explosion. Within seconds the whole house was engulfed in flames; the house and everything in it was lost.

If you would like to help, donations can be made payable to David Stoltzfus Trust Fund and sent to:

LAND AND HOUSES FOR CHARITY

Avoid capital gains tax and redirect funds to church work or charity by gifting all or a portion of your property.

- Supporting God's work is the most important priority; significant tax advantages also exist.
- If you are considering the sale of a property and expect to owe capital gains taxes on the appreciated value, don't delay calling us for more information.
- You must start this process before selling the property or placing it under a sales agreement.
- The most common reason a gift of real estate cannot be accomplished is because the donor waited too long to begin the process.

If you have health problems that won't go away, it's time to give this Formula a try.

Important. If you eat Pork, Ham or Bacon -- 100% certain you need this formula!

100% Natural!

TOP Seller!

Powerful Formula

This is a Miracle!

"Finally I feel human again. This formula transformed my life. My vigor, vitality & clarity returned."

SPEICHER'S Worm & Parasite Formula

"What a difference! In just 13 days, I feel less bloated & have more energy."

Aids in Removing Worms & Parasites.

100% Folklore. Zero Science.

Dear Friend,

If you have a health problem -- and can't get well, there could be a very good reason. Worms and parasites!

It sounds hard to believe, I agree. But if you're alive and breathing -- you're at risk. You may not see these tiny creatures. But believe me -- they're there! While you sleep, they eat. *Your food! Your nutrients!*

Pet owners often have red worms. →

Many eat the best natural foods and take the best supplements -- and never get well. Why is that? One reason is the worms and parasites take the best nutrients. YOU get the scraps -- the leftovers!

It's TIME to Clean House! Get rid of unwanted guests!

It's time to kick these suckers OUT -- once and for all. Out out. OUT! No more Free Lunch!

One Woman's Secret. She is 101.

A woman in New Mexico is 101 years old. Her mind is razor sharp. Her memory is great. She works eight hours a day. Her secret? She keeps her body free of parasites & worms.

Did you know that microscopic parasites can cause arthritis?

Sensitive issue stopped.

A young daughter was constantly scratching her butt. Her mother found tiny, white worms in that area. They crawled out at night. *Creepy!* She took the **Speicher Worm Pills**. The itching stopped.

Four ways you can get Worms & Parasites.

1. Unwashed fruits and vegetables.
2. Unwashed watercress from streams.
3. Raw-undercooked fish.
4. Pork. Try to cook all pork products at the highest possible temperature.

The Colon & Parasites.

A lot of worms & parasites flourish in the colon. That's why, keeping the colon clean is critical. Ask for **Speicher's Colon Pills**.

After Everything FAILS[®] Health Report

Natural Remedies that work -- after Everything Fails.

100% Folklore. Zero Science. No Guarantees.

Many health researchers claim....

"70-80% of Americans have Worms & Parasites."

Could THIS be the reason you can't get well?

"Everyone, rich, poor, the whole population has parasites."

- Dr. William Kelley

"Everyone has parasites - everyone! I mean 100% out of 100 people."

- Colon Therapist.

"Parasites can remain in your body for 10, 20 and even 30 years."

- Medical Research.

"The People who are the Sickest -- they have the most parasites."

- Healer.

If you live - or work near Pets & Farm Animals, chances are... YOU have Parasites! Or Worms. Or both!

Which worm or parasite do You have?

Worms are often invisible to the Human Eye.

Severe Bloat, gone!

A man had severe bloat & constipation. He was always hungry, no matter how much he ate.

His stool sample tested positive for parasites. The **Speicher Worm Pills** ended most of the problems.

Itchy back-end.

"My back end was itchy. After only 4 days, that vanished."

Skin now Rosy.

"My skin is now a healthy pink. It glows. The worms are gone."

EYES. When the worms go, the eyes start to sparkle.

New Instructions.

Worm & Parasite Formula. (Adults)

Dose: 2 capsules, 3 x a day, during or after meal for 21 days. Off for 14 days. Repeat for 21 days. Use common sense. We need three bottles for complete cleanse.

A Great Story. A reader noticed he got an upset stomach a few times on the formula. When he finished the program, the stomach aches stopped. He feels this was due to the worms dying & being expelled.

No guarantees but certainly worth a try.

Worms outrank Cancer as Man's Deadliest Enemy.

No medical proof.

Many incurable diseases are worm-based.

One woman was seeing rainbows when the sun shined. When she removed the parasites from her body, her vision was normal.

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs tonight.

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long. This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well for her—and I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up." Elva Chupp

30 Capsules ~~-\$45.99~~ **\$36.79**

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask.

Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, **restless legs**, and nighttime **leg cramps** with Leg Relaxer™.

No mess. No menthol scent. No harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

"Jonathan, my husband — we've been married for 28 years — is 50 years old. He has always had irregular breathing. He used to talk during the night, wake up several times, and snore. He never seemed to reach deep sleep. He didn't want to use a CPAP machine, so I saw this article in a farming magazine.

He had a cold the first night he took the pills, and not only did the cold go away that same night, but by the second night he wasn't snoring anymore. He was sleeping so deeply that I had to check if he was okay — it was the first time he had ever slept that deeply.

He's no longer falling asleep in a chair during the day. He feels better and is working better. I'm really surprised at how quickly these pills worked on his sleep problems — starting from the very first night. By the second night, he wasn't even snoring anymore."

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. **ROUNDHOUSE**

Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low F, G, A,
Bb, C, D, and E

\$32.99

**KNITTLINGER**

Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger – it goes as fast as any player can play it!

Keys: Low A, Low Bb
Low C, and Low D

\$99.95

**BLUES SHIFTER**

This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb,
C, and D

\$89.99

**THE DELTA FROST COLLECTION**

The workhorses of the Bushman brand. The Delta Frost comes in 3 different comb choices - Original (plastic), Steelie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians.

Traditional, old school design.

**DINKY**

Our all new Bushman Dinky has a greater note range and ability to play more songs than any true, 1-1/2" mini harmonica ever made!!! The Dinky plays much better than the typical mini, and it's more comfortable.

Froman Hill

BOYS RANCH

Restoring Hope through Discipleship

Froman Hill Boys Ranch is a residence for minor boys from the horse and buggy churches. To act as a refuge while dealing with emotional, moral and spiritual needs.

LOOKING TO SERVE?

We are in need of Big Brothers and Houseparents!

If interested call 330-343-8055.

We enjoy being house parents at Froman Hill Boys Ranch. It is very rewarding to see the young resident boys improving as they do their term here. Also, a blessing to see how the big brothers put in time and effort to help the young boys progress. We receive so much more here than what we give. God's Blessings!

-Eli & Mary

Serving as big brother gave me lots of interesting opportunities and challenges, and trying to be a good example as Jesus left behind. It was very fulfilling and rewarding to follow rules and keep up with schedules when working with these struggling, talented young boys. To me it was a blessing, thanks to God.

-Former Big Brother, Jake

We are in need of work. Looking for simple manual piece work. If you feel led to share, call 330-343-8055 and ask for James.

My time as a Big Brother at Froman Hill Boys Ranch was worthwhile, meaningful, and inspiring. I'm glad I stepped out of my comfort zone to be a part of something special. The friendships and memories made were worth the time invested. I can honestly say I feel I received more than I gave. To God be the glory and honor!

-Big Brother, Michael

I would like to thank God for the opportunity to serve at Froman Hill Boys Ranch. If you have a desire to do something like this, do it! It truly is an enjoyable and fulfilling experience.

-Former Big Brother, Jared Hershberger

About our weeks we have spent with the Froman Hill Boys as houseparents and cooking for them- we have found it very rewarding and interesting. Would encourage anyone to give it a try. You will be richly blessed!

-The Troys

Froman Hill Boys Ranch operates as Integrated Auxiliary of the Ohio Amish Church.

FARM ANIMALS

Hope in the form of chicks

Tsira was only 30 years old when her husband passed away unexpectedly. She lives in the country of Georgia which is located in southeastern Europe. Life was difficult for Tsira and her two young children. "We were left without means of support. I raised my children in great poverty," Tsira reminisced.

Time went on and Tsira's children got married and started their own families. Life was a little easier for Tsira, now that she had only herself to support. But recently, Tsira suffered yet another loss when her son passed away suddenly. "The loss of my son was a double blow for me. Now I live with my daughter-in-law and we are raising three fatherless children. We live in great need," Tsira told our contacts.

"Many nights I woke up thinking about what I would feed the children in the morning," she shared. "With tears I prayed to God for help because it was painful to see my hungry grandchildren. We were going through very difficult times."

Once again Tsira's life changed, this time by the gift of chicks. "God's people brought us chicks," she rejoiced. "What surprised us even more was that

Tsira and her three grandchildren are excited to receive chicks from CAM.

along with the chicks they also brought good quality feed!" How glad Tsira and her family were for these chicks!

"Words cannot describe the joy of seeing my grandchildren smile again," Tsira told our contacts. "Your help showed us there are still kind and caring people in the world. Now we look to the future with hope and believe that together many things can change."

Own Your Insurance Company. Keep More Money. Protect Your Legacy.

Most businesses buy insurance. Some businesses own it.

With captive insurance, your company insures its own risks and keeps the profit instead of sending it to big insurance companies.

That means:

- More protection for your business
- More control
- A new profit center
- Insurance company tax treatment

And a way to help keep your business strong for generations.

CIC Services has helped hundreds of small and mid-size businesses accomplish this since 2005.

Phony Phone Calls and Overpayment Scams

Currently, the Bank's Fraud Department is seeing two types of fraud tactics: unsolicited phone calls impersonating someone of authority, and overpayment scams.

Unsolicited Phone Calls:

These calls will always seem urgent and possibly trick you into giving out personally identifying information over the phone. Those with a landline tend to be a prime target for this type of scam.

Please note that...

- The IRS and any law enforcement officers will never call you on the phone and ask you to send money for an outstanding debt.
- A bank's fraud center will never ask you to withdraw any money from your accounts in order to refund a charge. Be aware of any call that acts like they are transferring you to your bank. Your bank will never ask for account numbers, PIN numbers, one-time passcodes or online banking information over the phone.
- The Social Security Administration won't charge any escrow amounts for changing your social security number.
- If an unsolicited call that states a bank employee is committing fraud on your account, hang up and contact a known bank employee, no matter what the caller states.
- Any unsolicited call that asks you to click a link they are sending you, please hang up and contact your bank.
- Any instructions given on an unsolicited call that require any of your funds to be deposited into a Bitcoin ATM, no matter how convincing they seem, hang up and call a known bank employee.
- There are no reputable banks that will ask for that information over the phone. In the case of Bank of Bird-in-Hand, any employee can speak with the fraud team in order to provide input and guidance. Electronic Banking can verify if a valid fraud alert was sent to the customer.

Overpayment Scams:

One additional scam is the overpayment scam. This scam targets small businesses selling products. The "buyer" sends too much money asking you to send funds back. They will send what looks like a valid check (but it's not). It is recommended to not send merchandise or any money back for at least 5 business days. Your bank's fraud department can also try to verify the item in question for you.

If you want better nutrition.... you need to start with better soil

*Biochar blends available
for various farming needs,
call for more information.*

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

MOTHER EARTH NEWS

At Dr. JimZ®, our main goal is to help people eat more nutritious food and be more successful in the garden. Our nutrients are designed to stimulate life in the soil and provide a plethora of nutrients at a biological level. **The microbes in the soil must consume the nutrients before they are 100% bioavailable to the plant.** Our products feed the microbes so your plants can then decide what nutrients they need and when they need them ... this will maximize the genetic potential of the plant and result in higher-quality fruits and veggies.

Time To Feed Your Trees!

Spring is one of the best times to feed your trees (this is when they pull in nutrition for the spring and summer months)

Tree Secret®

- All non fruit-bearing trees, evergreens and bushes.

Chicken Soup for the Soil®

- All fruit trees, flowering perennials, and flowering bushes.

Before

After

Tree Secret® liquid tree fertilizer (formerly known as Save-A-Tree®) is a biologically correct (non-synthetic) tree fertilizer that has been created specifically for enhanced tree success. Our small-batch, extra-potent blend of readily available nutrients is exactly what your trees, plants, and bushes need to revitalize and look great for years to come. The competition does not come close!

- Nitrogen found in most chemical lawn fertilizer is largely responsible for the unnatural rapid growth that weakens trees by thinning their protective cell walls, opening the door for disease, wind damage and bug infestations.
- Plants and bushes need the same nutrition as slow-growing trees. Give your yard a serving of this ultra-potent undiluted, carbon-based fertilizer and watch in amazement as your trees thrive and your landscape transforms into a lush paradise.
- Excellent results on all trees and bushes, including evergreens!

Happy trees have fewer problems. This stuff works!

APPLICATION INSTRUCTIONS

The amount needed for best results depends on the diameter width of the tree trunk 4" up from the base of the tree.

- Use 1 cup per caliper inch of tree trunk (trunk diameter)
- Mix with water and evenly apply from the base of the tree to the drip line.
- Water into the root zone.

To **SAVE** a dying or stressed tree, apply in spring and fall.

To **MAINTAIN** good tree health, use one time per year in spring or fall.

NUTRA-GLO™

NUTRITIONAL FEED SUPPLEMENT FOR ALL POULTRY

~TESTIMONIAL~

"When we started feeding Nutra-Glo for Poultry Dry to our flock of 6,000 layers we were at approx 21 dozen small eggs, 10 days later we were at 6½ dozen small eggs, and very soon after that we quit sorting them out completely. Soon we noticed our feed was lasting longer, 9 ton lasted approx 9 days (ton a day). After feeding Nutra-Glo for 60 days, 9 ton of feed now lasts 11½ days. After doing some figures we figured out [after] the cost of Nutra-Glo we save approx \$6.25 a day just on feed conversion. We also noticed we didn't add any extra calcium up to this point (56 weeks). We see much better consistency in laying percentage and not as many dips. If we have dips they are not nearly as drastic. We also gain approx \$167.00 a month for every 1% daily increase. We recommend this Product!"

MAXIMUM PERFORMANCE HORSE SUPPLEMENT

Give your horse the minerals that are no longer in the your feed!

50 lb Bag Granular \$150, last 5 horses/ 1 month. 50 lb bag pellets \$135 last 50 days/ a horse Pellets for picky eaters, with ulcers, driving horses, Stallions and mares.

Dave Mast mare was open two years in a row, 30 days on Maximum Performance and she checked in foal with NO Regu-mate.

David Patterson bred for 30 years and always trouble foaling out, weak foals, trouble re-breeding. First season on MP, mare foaled easily, baby running in the stall, plenty of milk, mare cleaned quickly and checked in foal first time bred. Very impressed.

Indiana man had mare running off, cranky, picky eater, put her on pellets, 15 days daughter said, What did you do to the mare? She is so easy to handle, drives great, looks better. MP Pellets. oh my.

Lawrence Schrock, PA said he was one of the few with no OCD's in his yearlings at the sale, thanks Maximum Performance for sound bones, strong muscled yearlings.

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in your feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, reduce muscle soreness, and improve hoof quality and build muscle.

1. If you want to reduce ulcers, acid reflux and build muscle as well.
2. If you want to increase stamina and reduce recovery time, see a difference in 5 days..
3. If you want to calm your mares down, reduce tying up, anxiety and aggression.
4. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Maximum Performance for Breeders

1. If you want to reduce OCD's (soft bone chips in ankles and hocks).
2. If you want to have mares at peak condition checked in foal.
3. If you want to improve development of your foals.
4. Vets explain OCD's are caused by mineral imbalance first 11 months in womb, not enough Calcium and minerals for the mare.
5. Stallions have better sperm count, maintain muscle mass, reduce OCD's and maintain hoof quality. **contact 502-817-1947**

HORSE SENSE TIPS

HAY

- Free access to hay 24 hours a day
- Daily intake needed for average weight of a mature horse is approximately 20 pounds daily.
- Hay/Grass/Forage should make up 60 to 100% of the diet
- Most horses need 1½ to 2% of their body weight daily, more in cold weather
- They are grazing animals and do so 60% of the day, grass and quality hay is best
- Eating hay on cold nights helps conserve calories and keep them warm

Tips for Quality Hay

- Open a bale, check for debris
- Best is fine-stemmed, green, leafy hay
- Avoid moldy, dusty, sun-bleached, or over-cured
- Alfalfa should be in early bloom
- Grass hay should not have fully formed seed heads
- Check for insects such as blister beetles
- Very heavy bales may be wet inside-wet is not good

STORAGE

Store hay in a dry, covered area protected from weather and sun. Feed within one year of harvest when possible.

Quality hay is necessary for horse health and performance.

The *ONLY MINERAL* that has over 90 sea minerals resulting in more robust bucks, does & fawns!!
Expect increased antler growth through nutritional genetic expression!

Feed Minerals, Not Just Salt, Now For The Future...
 Feed OVER-160... More Robust Does & Fawns
 Which Will Be Your Future Target Buck!!

ANOTHER BRUISER FOR THE WALL!!
Congratulations to another happy customer on landing this nice 11 point 142" Buck after feeding OVER-160!!

Never seen anything attract deer like Over-160. This buck was first seen while in the velvet stage and he never left the farm until he was shot on the first day of archery. We always struggled to hold deer on our farm, so obviously we are pretty impressed. Another happy Over-160 customer....

Deer Mineral

7 Reasons To Consider Feeding Over 160 Minerals

- ☞ Powerful Toxin Binder That Works Immediately to Flush Out Toxins & Parasites.
- ☞ Sea-90 Trace Mineral Salt Containing Over 90 Sea Minerals for Maximum Health.
- ☞ Humic Acids, Check Out The Research On How It Effects CWD.
Bio Available Humic Acid Ingredient affects CWD. National library of medicine <https://www.ncbi.nlm.nih.gov/>
- ☞ Not Just Salt, Highest Concentration of Vitamins & Minerals on the Market.
- ☞ Expect Increased Antler Growth Through Nutritional Genetic Expression.
<https://extension.msstate.edu/publications/the-role-genetics-and-nutrition-deer-management>
- ☞ Over 160 Daylight Contains a Proprietary Deer Activating Blend of Ingredients Formulated to Keep Bucks More Active During Daylight Hours.
- ☞ Bottom Line is.... Stronger, Healthier, and More Robust Bucks, Does, and Fawns!!

Disclaimer: Always check federal, state, and local hunting regulations before using this product. Laws and regulations vary by state regarding feeding or baiting of deer.
