Editor's Corner

Hello Everyone,

When you feel tired, remember that God's strength is greater than your weaknesses. Keep believing, keep praying, and keep going.

A beautiful morning with the sun shining makes you want to go outside and enjoy the last few warm days before it gets too cold.

Nothing has changed and the days pass like they are in a hurry to get somewhere.

I got a bunch of stuff waiting on me, so I better move on. Thank you for your business. Everyone have a safe week.

Julie Miller

We deliver care packages and Bibles to jails and prisons all throughout the year.

The Mission & Ministry Of Christmas Behind Bars

At **Christmas Behind Bars**, we believe God has not forgotten the prison inmates. He still has a plan for their lives and an immeasurable love for each one. Our mission is to reach the incarcerated for Christ and share the hope of a new life in Him.

Christmas Behind Bars has grown into a year-round prison ministry reaching facilities throughout the country. We believe lasting change begins with an inward transformation that can only come through Jesus Christ.

Christmas Behind Bars brings together hundreds of volunteers who assemble thousands of care packages and help carry the Gospel to those behind prison walls.

Our message is simple: You are not forgotten. God loves you. There is hope and new life in Christ.

"Therefore if any man be in Christ, he is a new creature..." (2 Corinthians 5:17)

Partner with us today, and help us share with inmates the same hope found in God through Jesus Christ!

VISION BEYOND BORDERS

Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

We are printing and distributing Bibles to:

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

Will you help send Bibles today?

$4 prints one Bible
$100 provides 25 Bibles
$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

HEALTH/HOME

Nature's Rite

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs **tonight.**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep— causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.
This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well; I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent disease.

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, restless legs, and nighttime leg cramps with Leg Relaxer™.

No mess. No menthol scent. No harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

If you want to know **whether they will work for you,** then you **have to try them.**

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

"I was to the point of giving up walking any distance at all due to the burning pain in the balls of my feet. Since I've been wearing Featherspring, I can walk as far as I want. No more pain!" S. Zimmerman

Foot problems can occur for many reasons ... getting older, improper shoes, lack of exercise or just by spending long hours on your feet.

When this happens, you might first notice painful corns, calluses, burning skin, tender blisters, and toe cramps. Even worse, bunions, hammertoes, fallen arches, and heel spurs can develop. Even ankle, leg, knee, hip and lower back can start in your feet. **Sadly, when your feet hurt, you hurt all over!**

There is an easy and long-lasting solution called: ***Featherspring*®** Foot Supports. They help restore the natural support and balance of your feet. Pills, powders, salts, lotions and soaking can only give temporary relief.

Featherspring*®** Foot Supports are German-made and custom-formed for you from your foot impressions. *(Making your foot impressions is easy.)* Enjoy ***Featherspring*® *Foot Supports for amazing, all-day comfort! Premium stainless steel flexes with your foot for both comfort and support. Plus because they're so thin, they'll fit in almost all shoes. Switch one pair between all your shoes for long-lasting comfort.

With Featherspring you can stand all day, walk, dance, jog or even run in total comfort. **Your feet, ankles, legs, knees, hips – even your back – can find relief.** You see, ***Featherspring*** actually support your feet and thereby your entire body. And they do so while absorbing shock and relieving pain.

So, if you're bothered by aches and pains in your feet, legs or lower back, please know that ***Featherspring will bring you relief. It's that simple!***

Try them for a full year. If you're not 100% satisfied, return them for a full refund. Money-Back Guarantee!

REAL PATIENT STORIES

"I came to MDC with lower back pain and numbness in my legs. I was barely able to walk, and I wasn't able to function or work. It was Midwest Disc Clinic or surgery.

Now after my care plan, I'm pain free and raring to go. I can put in a full day's work.

My experience was very much appreciated." — **D. Hershberger, Nashville, MI**

"I was having lower back pain and right leg pain when I came to MDC. I was on crutches for two days and in bed for a week, not able to work.

After my DOSAE® treatments, I am back to work and feel 85% to 90% better. Thank you to the doctors and staff at MDC. Everybody is very friendly and helpful!" — **D. Troyer, Randolph, NY**

Best nap ever.

81% sleep through the night when using a weighted blanket

60% feel less anxious after using a weighted blanket

Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

Sleep better. Every season of the year.

Bearaby

Bearaby weighted blankets are rated at
4.8 out of 5 Stars
from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby Weighted Blanket gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

BREAKING NEWS: Reports are in that people who have already been sleeping better with a Cotton Napper, are taking it up a notch more with the revolutionary Tencel Cooling Tree Napper. The eucalyptus fibers contained in this fiber blend have moisture wicking properties giving you the effect of the cool side of your pillow... all night long. Yes, even on these hot summer nights. We will keep you updated as this story develops.

In other news, the Cotton Nappers are available in 3 new colors, as reported below.

Natural deep sleep
Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind
The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling
Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

MINISTERING TO CHRISTIANS IN PAKISTAN

At **Yeshua Is The Way** Ministries, we have partnered with local Christians in Pakistan - where there is a great need for spiritual and financial support from the global church body. In a country where Christians face discrimination, poverty and persecution, there is still a hunger for God. Men, women and children are responding to the Gospel! People are being healed from pain and disease! Families are being freed from bonded debt that traps generations in manual labor.

We welcome your financial support for our current and upcoming projects. Our heart is to continue blessing and ministering to these believers - and their neighbors - by hosting Prayer Festivals, providing Food Kits, financing medical care, and more!

Current Fundraising Needs Include:

- Family Food Kits - *rice, lentils, flour, oil, etc*
- Medical Care Support - *medications, doctor visits, surgeries & transportation*
- School Scholarships for Primary and Secondary Students
- Capital Campaign to purchase a Church Building
- Salary for Pastoral Staff in Pakistan
- General Ministry Expenses - *travel, administration, website*

Yeshua is the Way is a 501c3 non-profit organization based in Central Pennsylvania.

Our mission is to support persecuted Christians throughout the nations as a partner with local believers, and to share the Gospel with people worldwide.

HELP FOR THE ELDERLY

"This is a surprise from God"

A channel enabling the church to minister to physical and spiritual needs around the world

Christian Aid MINISTRIES

What would it be like to live in a house with a dirt floor—one that floods whenever it rains? This is reality for Maria, an elderly widow in Nicaragua.

Maria's husband died 30 years ago. Her daughter died five years ago, and her grandson died two months later. She also lost a son in an accident. "I have suffered a lot," Maria said, "but we keep going."

Each month, Maria depends on a friend to pick up her **Help for the Elderly** food parcel. One month when her friend was sick and unable to go, Maria found herself with few options for her monthly food provisions. Not long afterward, a CAM staff member visited Maria and delivered a food parcel. Delighted, she said, "I thank you so much, in the name of the Lord. I wasn't expecting this visit. This is a surprise from God!"

Clara is another widow in Nicaragua who has experienced a life of hardship. Her husband struggled with alcoholism, and 22 years ago a vehicle struck and killed him. When she received a food parcel, she told CAM staff members, "I give thanks to God because without Him we are nothing."

Miguel and his wife also live in Nicaragua. For most of their married life, they worked for a farmer who allowed them to build a small home on his land. Together, they planted, cultivated, and harvested crops, but yielded just enough food and income to survive.

Then the owner sold the farm, leaving Miguel and his wife with no place to call home. As Christians, they chose not to fight the situation. Their daughter was able to provide a simple house for them to live in.

Miguel praised God when he received a food parcel. "All of God's blessings to me are good!" he told a CAM staff member. Amidst poverty, God's love works through His people, bringing hope to desolate hearts in the form of a food parcel. Thank you, supporters, for helping to minister to elderly people in great need.

Maria is overjoyed with the food parcel she received on a surprise visit from a CAM staff member.

Restoring Hope through Discipleship

LOOKING TO SERVE?

We are in need of Big Brothers and Houseparents!

If interested call 330-343-8055.

We enjoy being house parents at Froman Hill Boys Ranch. It is very rewarding to see the young resident boys improving as they do their term here. Also, a blessing to see how the big brothers put in time and effort to help the young boys progress. We recieve so much more here then what we give. God's Blessings!
-Eli & Mary

Serving as big brother gave me lots of interesting opportunites and challenges, and trying to be a good example as Jesus left behind. It was very fulfilling and rewarding to follow rules and keep up with schedules when working with these struggling, talented young boys. To me it was a blessing, thanks to God.
-Former Big Brother, Jake

We are in need of work. Looking for simple manual piece work. If you feel led to share, call 330-343-8055 and ask for James.

My time as a Big Brother at Froman Hill Boys Ranch was worthwhile, meaningful, and inspiring. I'm glad I stepped out of my comfort zone to be a part of something special. The friendships and memories made were worth the time invested. I can honestly say I feel I received more than I gave. To God be the glory and honor!
-Big Brother, Michael

I would like to thank God for the opportunity to serve at Froman Hill Boys Ranch. If you have a desire to do something like this, do it! It truly is an enjoyable and fulfilling experience.
-Former Big Brother, Jared Hershberger

About our weeks we have spent with the Froman Hill Boys as houseparents and cooking for them- we have found it very rewarding and interesting. Would encourage anyone to give it a try. You will be richly blessed!
-The Troyers

Froman Hill Boys Ranch operates as Integrated Auxiliary of the Ohio Amish Church.

BANK OF Bird-in-Hand
a full service community bank

Phony Phone Calls and Overpayment Scams

Currently, the Bank's Fraud Department is seeing two types of fraud tactics: unsolicited phone calls impersonating someone of authority, and overpayment scams.

Unsolicited Phone Calls:

These calls will always seem urgent and possibly trick you into giving out personally identifying information over the phone. Those with a landline tend to be a prime target for this type of scam.

Please note that...

- The IRS and any law enforcement officers will never call you on the phone and ask you to send money for an outstanding debt.
- A bank's fraud center will never ask you to withdraw any money from your accounts in order to refund a charge. Be aware of any call that acts like they are transferring you to your bank. Your bank will never ask for account numbers, PIN numbers, one-time passcodes or online banking information over the phone.
- The Social Security Administration won't charge any escrow amounts for changing your social security number.
- If an unsolicited call that states a bank employee is committing fraud on your account, hang up and contact a known bank employee, no matter what the caller states.
- Any unsolicited call that asks you to click a link they are sending you, please hang up and contact your bank.
- Any instructions given on an unsolicited call that require any of your funds to be deposited into a Bitcoin ATM, no matter how convincing they seem, hang up and call a known bank employee.
- There are no reputable banks that will ask for that information over the phone. In the case of Bank of Bird-in-Hand, any employee can speak with the fraud team in order to provide input and guidance. Electronic Banking can verify if a valid fraud alert was sent to the customer.

Overpayment Scams:

One additional scam is the overpayment scam. This scam targets small businesses selling products. The "buyer" sends too much money asking you to send funds back. They will send what looks like a valid check (but it's not). It is recommended to not send merchandise or any money back for at least 5 business days. Your bank's fraud department can also try to verify the item in question for you.

It's time to THINK SPRING

OVB
OHIO VALLEY BIOCHAR
There is a Better Way

Now is the time to apply Ohio Valley BioChar to your fields and gardens!

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Biochar blends available for various farming needs, call for more information.

Maximum Performance Horse Supplement

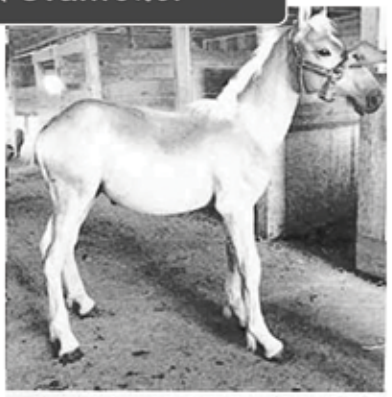
Pellets for Horses that are Picky Eaters or Have Ulcers. Also Great for Driving Horses & Stallions!

Here is a young colt with two hind Ankle OCD's and really wormy Date 6-9-20

Hay and grains have fewer minerals today. You really need to supplement for peak performance and breeding nutrition.

50 lb bag-granular, $150 lasts five horses—1 month!

50 lb bag-pellets, $135 lasts one horse—50 days!



Here is the colt 57 days later with NO OCD's in either hind leg and a beautiful shiny coat at 7-27-20

Mr Schwartz's mare was running off with his girls, biting them, he knew she had an ulcer, 15 days on the pellets, she is so calm, warms up nicely, goes longer, stronger and cools down faster. Wow, he was so excited, he wants to breed her, instead of giving her away.

Mr Miller says he had never had stronger colts, jump up right out of the bag, run around the stall and jump over the mare, before she got up. His best year breeding, mares strong after foaling, strong babies, plenty of milk. It was a dream foaling season. He will keep his mares on mp while in foal and after.

Mr Yoder had tried to breed his favorite mare for 12 years, after 30 days on MP she checked in foal. He is so excited.

Mr Yoder bought a mare they said was lame, could only be bred. He put her on mp and 15 days, she was bucking coming out of the barn. He hooked her to the cart and off she went straight down the road. He called and wanted to be a dealer. He said," Anyone with a driving horse needs MP. This is the greatest stuff for driving horses!"

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in our feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, cool down faster, and improve hoof quality.

1. **If you want to reduce ulcers.**
2. **If you want to increase stamina and reduce recovery time—may see a difference in 5 days!**
3. **If you want to increase oxygen for better stamina and improve oxygen to the cells for driving and work horses performance.**
4. **If you want to calm your mares down, reduce tying up, and anxiety.**
5. **If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.**

Learn How to Maximize Breeding!

1. **If you want to reduce OCDs, improve fertility.**
2. **If you want to have mares at peak condition ready to be checked in-foal, calm mares down as well.**
3. **If you want to improve development of your foals, strong when born, boost immune system, strong bones.**
4. **Vets explain OCDs are caused by mineral imbalance while mare is in foal.**
5. **First 11 months gestation—not enough calcium and minerals causes bone chips, OCD's.**
6. **Stallions have better sperm count, maintain muscle mass, and maintain hoof quality during breeding season and year round.**

HORSE SENSE TIPS

HAY

- Free access to hay 24 hours a day
- Daily intake needed for average weight of a mature horse is approximately 20 pounds daily.
- Hay/Grass/Forage should make up 60 to 100% of the diet
- Most horses need 1½ to 2% of their body weight daily, more in cold weather
- They are grazing animals and do so 60% of the day, grass and quality hay is best
- Eating hay on cold nights helps conserve calories and keep them warm

Tips for Quality Hay

- Open a bale, check for debris
- Best is fine-stemmed, green, leafy hay
- Avoid moldy, dusty, sun-bleached, or over-cured
- Alfalfa should be in early bloom
- Grass hay should not have fully formed seed heads
- Check for insects such as blister beetles
- Very heavy bales may be wet inside-wet is not good

STORAGE

Store hay in a dry, covered area protected from weather and sun. Feed within one year of harvest when possible. Quality hay is necessary for horse health and performance.

1.5 MILE NORTH EAST OF MT HOPE

It was early November, and the woods were just starting to come alive with rut activity. I'd been scouting a funnel between bedding and feeding areas, and the sign was fresh. With the wind in my favor, I decided to try something I'd heard other hunters talking about – Buck Whiff.

I kept it simple. A few drops on a drag rag, and I walked a slow zigzag toward my stand. Passing an existing scrape I put a few squirts of Buck Whiff in it about 20 yards out, right where I expected movement. The scent was fresh—noticeably different from some of the bottled stuff I've tried in the past.

An hour or so after settling in, I caught movement. A decent buck stepped out, nose down, locked in on the trail I'd made. He paused at the scrape, visibly aggravated, and gave me the broadside shot I'd been waiting for.

What struck me was how naturally he reacted—paused, hair bristled, stiff legged walk – you know what I mean. He was ready for a going around with this new buck that had just intruded his territory.

I've learned that when you use a lure like Buck Whiff correctly—fresh, sparingly, and always with the wind in mind—it can tip the odds in your favor. It's not magic. But in the right moment, it's the edge that matters.
