Editor's Note

Greetings to all!

We had three inches of rain over the past weekend, making this week a little bit of a challenge for the farmers to get their field work done. Last week they could make things happen fast because it was dry most of the week.

In the Horse Corral, I noticed a picture of a horse with colorful leaves on the ground around the horse. It had a NY phone number attached. That's telling me that the North is ahead of us in temperature. They'll be having cold and snow while we are wishing for it.

Wedding season is in full swing, that also means a season with plenty to eat and lots of socializing. Hopefully everyone can stay safe while traveling.

Thanks for advertising in the Busy Beaver! We appreciate your business!

YESHUA IS THE WAY

A GLOBAL CHRISTIAN MINISTRY

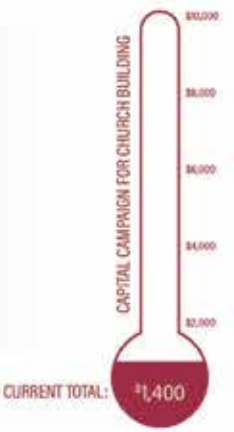
MINISTERING TO CHRISTIANS IN PAKISTAN

At **Yeshua Is The Way** Ministries, we have partnered with local Christians in Pakistan - where there is a great need for spiritual and financial support from the global church body. In a country where Christians face discrimination, poverty and persecution, there is still a hunger for God. Men, women and children are responding to the Gospel! People are being healed from pain and disease! Families are being freed from bonded debt that traps generations in manual labor.

We welcome your financial support for our current and upcoming projects. Our heart is to continue blessing and ministering to these believers - and their neighbors - by hosting Prayer Festivals, providing Food Kits, financing medical care, and more!

Current Fundraising Needs Include:

- Family Food Kits - *rice, lentils, flour, oil, etc*
- Medical Care Support - *medications, doctor visits, surgeries & transportation*
- School Scholarships for Primary and Secondary Students
- Capital Campaign to purchase a Church Building
- Salary for Pastoral Staff in Pakistan
- General Ministry Expenses - *travel, administration, website*



Yeshua is the Way is a 501c3 non-profit organization based in Central Pennsylvania.

Our mission is to support persecuted Christians throughout the nations as a partner with local believers, and to share the Gospel with people worldwide.

GREAT APPLE CIDER VINGAR HAS A "ONE-TWO" PUNCH...

1) Looking for less disease and fewer internal/external parasites this year? THIS ACV has an alkaline forming response in any mammal's body, which is your shield against those issues.

2) The ENERGY and ENZYMES from the Whole-Apples contained in this vinegar are ALL still intact to help boost your livestock's digestion of any feed. The minerals in your feed are 90% bio-available .

The drier your feed, the better this ACV works!

High hay prices got you down?

HOMESTEADER Milk Pail System

Featuring a Milk Pail, Butter Churn, and hassle-free Cream Separator.

- Use the same **Stainless Steel Pail** for all three functions. Available in 3 or 5-gallon size. Includes a stainless steel filter.
- The **Butter Churn** features a clear lid, so you can see when your butter is done. Churns 1-3 gallons of cream in less than 5 minutes.
- The **Cream Separator** attachment allows you to separate the cream from the skim milk by natural separation. Fill the pail with milk, attach the separator, flip it, and set it in the cooler for 6-12 hours. Then take it to the edge of a table or sink and drain off the skim. It is simple to use, and easy to clean.

Stainless Steel Pails

- Includes fine-micron stainless steel filter that sits in neck of pail.
- Square design takes less space in cooler and works great for butter making.

This is not a mechanical separator; it separates by gravity. Natural separation is not a new idea ... The Homesteader is just a new simple way to do it correctly and undisturbed. It works so well that we get no cream when running the skim milk from a Homesteader through a mechanical separator.

It's time to THINK SPRING

If you want better nutrition.... you need to start with better soil

OVB
OHIO VALLEY BIOCHAR
There is a Better Way

Now is the time to apply Ohio Valley BioChar to your fields and gardens!

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Biochar blends available for various farming needs, call for more information.

Soil Test... Your Road Map To Success...

Alfalfa, Corn, Beans, Produce, Pastures, Gardens, etc.

Fall is the best time of the year to pull soil test and get a fertility plan in place for the following crop year. Our team will start out by pulling the soil test for you, then making a custom recommendation based off of your operation, and spending some time reviewing the results with you so you understand what you are applying and why you are applying it. Our goal is to build the best program we can to help you achieve the results you want while still keeping your farm budget in mind.

After the fertility plan is approved, we will then figure out what the best plan is to apply the fertilizer. Mixes can either be applied truck spread via Nolts Spreading, 717-733-8528, or we can also deliver in a small spreader cart.

Looking for your milk bonus?

A farmer wrote to us saying how he lowered his cows SCC and his milk inspector is really pleased. This is what he did:

1. CMT every cow in the barn.
2. Mark all high quarters with a crayon.
3. Use Hornet Udder Tonic on those quarters once a day for 3 days.
4. Cover every quarter with Super Cow Udder Mint twice a day for 7 days.

The money he spent on his cows, he received back from the bonus!

1 bottle is enough for 4 quarters

It was early November, and the woods were just starting to come alive with rut activity. I'd been scouting a funnel between bedding and feeding areas, and the sign was fresh. With the wind in my favor, I decided to try something I'd heard other hunters talking about – Buck Whiff.

I kept it simple. A few drops on a drag rag, and I walked a slow zigzag toward my stand. Passing an existing scrape I put a few squirts of Buck Whiff in it about 20 yards out, right where I expected movement. The scent was fresh—noticeably different from some of the bottled stuff I've tried in the past.

An hour or so after settling in, I caught movement. A decent buck stepped out, nose down, locked in on the trail I'd made. He paused at the scrape, visibly aggravated, and gave me the broadside shot I'd been waiting for.

What struck me was how naturally he reacted—paused, hair bristled, stiff legged walk – you know what I mean. He was ready for a going around with this new buck that had just intruded his territory.

I've learned that when you use a lure like Buck Whiff correctly—fresh, sparingly, and always with the wind in mind—it can tip the odds in your favor. It's not magic. But in the right moment, it's the edge that matters.

Nature's Rite

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs **tonight.**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep— causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.
This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well; I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent disease.

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, restless legs, and nighttime leg cramps with Leg Relaxer™.

No mess. No menthol scent. No harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

Heal Without Surgery

A natural approach to joint and back pain

We can use your own stem cells.

We understand how you pay for care

- Honest prices told to you up front, before any treatment

"Lions Mane Talk"

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

it could be your thyroid!

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.
– Dan Stoltzfus, Pennsylvania

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.
– Leah Miller, Ohio

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!
– Kathyrn Yoder, Missouri

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.
– Sue Albrecht, Michigan

I was put on Armour for an underactive thyroid and was taking it for a year. I was still not feeling well. Come to find out I didn't need to be on any medication to begin with. My hormones are now balanced and I feel better with no medication. It's nice to see and feel the results.
– S. King, Pennsylvania

REAL PATIENT STORIES

"I came to MDC with lower back pain and numbness in my legs. I was barely able to walk, and I wasn't able to function or work. It was Midwest Disc Clinic or surgery.

Now after my care plan, I'm pain free and raring to go. I can put in a full day's work.

My experience was very much appreciated." — **D. Hershberger, Nashville, MI**

"I was having lower back pain and right leg pain when I came to MDC. I was on crutches for two days and in bed for a week, not able to work.

After my DOSAE® treatments, I am back to work and feel 85% to 90% better. Thank you to the doctors and staff at MDC. Everybody is very friendly and helpful!" — **D. Troyer, Randolph, NY**

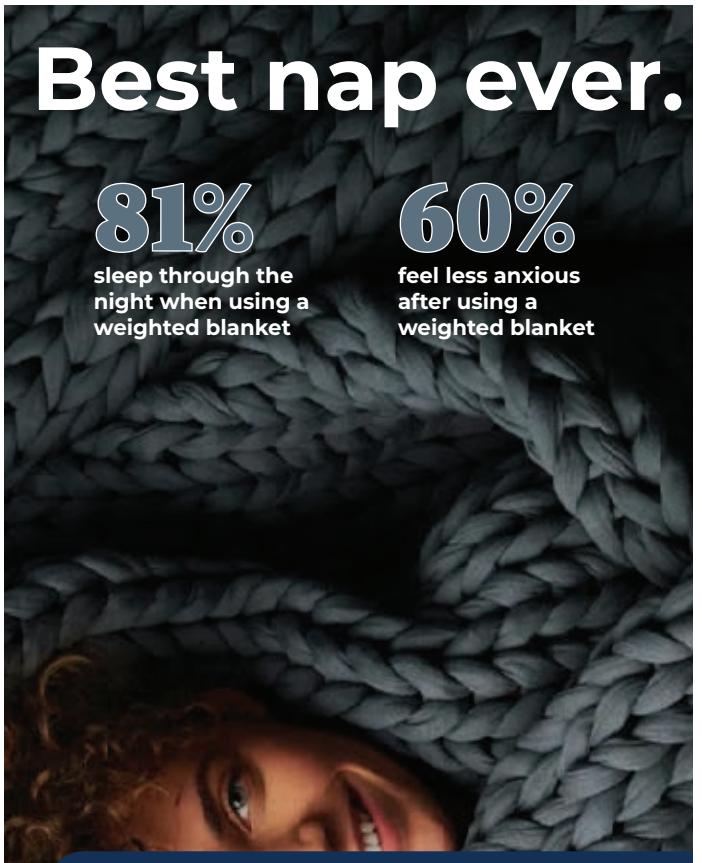
Best nap ever.

81% sleep through the night when using a weighted blanket

60% feel less anxious after using a weighted blanket



Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

ZEROFIT

ONE OF THE WARMEST BASELAYER™

WHAT MAKES IT SO GOOD?

HEATRUB MOVE

MOISTURE WICKING AND COLD SWEAT

One of the biggest problems that athletes suffer from is moisture between the skin and garment, this is fine when one is working out but when you stop activity and are in the cold this moisture (sweat) becomes very unpleasant and cold - the dreaded 'cold sweat' is a major issue for outdoor activity. Due to the unique mix of polyurethane and polypropylene on the underside of the MOVE moisture is removed from the skin and quickly sent to the outside of the garment using a kind of capillary action - its like osmosis for clothing!

OUTER SHELL

The outer shell of the garment is made with hollow polyester so as soon as the moisture is drawn from your skin it quickly evaporates from the shell rather than soaking into the outside of the garment In summary the MOVE baselayer is twice as warm as the market leader as proven by BOKEN Institute, it has a Clo rating of 0.28 (this is the heat retention ratio) as opposed to the leading brand which is 0.14. The MOVE comes into its own as soon as your body temperature heats up as it keeps you cool and removes sweat from against your skin using the unique mix of fibres.

HEATRUB ULTIMATE

DO YOU SWEAT IN IT?

The ULTIMATE has a complete focus on warmth however the polyurethane in the garment does give it some wicking properties but this garment is designed for the really cold days where sweat is the least of your concerns. This heat is created and maintained by the unique knitting process and mix of fibres. Because compression is not the main element in keeping you warm - you get more freedom of movement than with a normal baselayer.

HEATRUB ULTIMATE SOCKS

HeatRub Ultimate Socks are made with the same material and work the same as the Ultimate base layers.

$22.00 Per Pair

S(5-7) - M(8-10) - L(10-13)

FIVE TIMES WARMER THAN A STANDARD BASE LAYER.

Scam Alert: Fake Farm Equipment and Vehicle Sales on Social Media

Scammers are pretending to be farm equipment businesses, selling fake equipment and vehicles. Don't be left stranded and empty-handed.

Here's How the Scam Works:

- Scammers use realistic-looking social media ads and copycat websites to sell tractors, vehicles and other farming equipment that do not exist. They'll send fake purchase agreements, demand thousands of dollars upfront, and schedule a delivery date.
- Unfortunately, the delivery never comes. It was never a legitimate business. The scammer stops answering your messages or makes excuses for why the delivery was delayed.

Stay Vigilant!

- **Before you buy based on an ad, check it out.** Do your research by searching online for the company name plus "scam" or "complaint".
- **The first search results you see might be sponsored ads.** Scammers pretending to be a real business will place paid ads to gain credibility. Scroll past those ads, and make sure to confirm the company website and contact information before engaging in a conversation.
- **Never send money to anyone who says you can only pay a certain way.** Scammers prefer payment via wire transfers, gift card, cryptocurrency, or payment app, because it's almost impossible to get it back.

Your safety is our top priority. Please share this alert with friends and family to help prevent further scams.

Planning a getaway for a large crowd?

Let us provide the space for you.

Our 9-bedroom group lodge is nestled in the rolling hills of scenic Hampshire County, West Virginia. Set on acres of woods and open countryside, our retreat was created for the gatherings that nourish the soul: church retreats, youth group weekends, ministry team getaways, and women's and men's conferences. Here, the loudest sound you'll hear is laughter echoing across the porch, worship drifting from the gathering room, or a crackling fire under a sky full of stars. Just a couple of hours from the Washington DC metro and an easy drive from Maryland, Virginia, and Pennsylvania, Haven of Hope is a convenient retreat destination for churches across the Mid-Atlantic.

New Price!

A great opportunity to own a home-based farming operation on 10.51 acres in a peaceful rural setting in Schuykill County. The property includes a spacious 4-bedroom, 1-bath farmhouse with a large deck, covered patio overlooking a scenic pond, offering both comfort and country charm. The farm features an updated state of the art 40,000 bird layer house, bank barn, 45x75 manure storage facility, 2-car garage, and several additional outbuildings that support agricultural operations. The layer house was totally remodeled in May of 2025, and all the equipment is one year old, including new wiring and electric everywhere with a 400-amp service. The facility has a 50x50 ft cooler room and packing room combined, a Metzler 70 case per hour egg packer with a 100 case per hour stacker, and a mega bot 100 palletizer. There are all new Patz conveyors to handle and distribute manure out of the chicken house into the manure storage. Whether you're looking to expand an existing farming enterprise or start a new venture, this well-equipped property provides the infrastructure and acreage needed for success. Enjoy the benefits of rural living while operating an established agricultural business from your own property.

SMOKELESS FIRE PITS • LIVE-FIRE COOKING • POLY FURNITURE

Remember this: Whoever sows sparingly will also reap sparingly, and whoever sows generously will also reap generously. Each of you should give what you have decided in your heart to give, not reluctantly or under compulsion, for God loves a cheerful giver. And God is able to bless you abundantly, so that in all things at all times, having all that you need, you will abound in every good work.

As it is written: "They have freely scattered their gifts to the poor; their righteousness endures forever." Now he who supplies seed to the sower and bread for food will also supply and increase your store of seed and will enlarge the harvest of your righteousness.

You will be enriched in every way so that you can be generous on every occasion, and through us your generosity will result in thanksgiving to God. This service that you perform is not only supplying the needs of the Lord's people but is also overflowing in many expressions of thanks to God.

HELP FOR THE ELDERLY

"This is a surprise from God"

A channel enabling the church to minister to physical and spiritual needs around the world

Christian Aid MINISTRIES

What would it be like to live in a house with a dirt floor—one that floods whenever it rains? This is reality for Maria, an elderly widow in Nicaragua.

Maria's husband died 30 years ago. Her daughter died five years ago, and her grandson died two months later. She also lost a son in an accident. "I have suffered a lot," Maria said, "but we keep going."

Each month, Maria depends on a friend to pick up her **Help for the Elderly** food parcel. One month when her friend was sick and unable to go, Maria found herself with few options for her monthly food provisions. Not long afterward, a CAM staff member visited Maria and delivered a food parcel. Delighted, she said, "I thank you so much, in the name of the Lord. I wasn't expecting this visit. This is a surprise from God!"

Clara is another widow in Nicaragua who has experienced a life of hardship. Her husband struggled with alcoholism, and 22 years ago a vehicle struck and killed him. When she received a food parcel, she told CAM staff members, "I give thanks to God because without Him we are nothing."

Miguel and his wife also live in Nicaragua. For most of their married life, they worked for a farmer who allowed them to build a small home on his land. Together, they planted, cultivated, and harvested crops, but yielded just enough food and income to survive.

Then the owner sold the farm, leaving Miguel and his wife with no place to call home. As Christians, they chose not to fight the situation. Their daughter was able to provide a simple house for them to live in.

Miguel praised God when he received a food parcel. "All of God's blessings to me are good!" he told a CAM staff member. Amidst poverty, God's love works through His people, bringing hope to desolate hearts in the form of a food parcel. Thank you, supporters, for helping to minister to elderly people in great need.

Maria is overjoyed with the food parcel she received on a surprise visit from a CAM staff member.
