Editor's Note

Greetings!

We have not planted anything in our garden yet. The weather has not been cooperating as it has been raining so much. I guess things happen for a reason as we also had a few overnight frosts. Hoping for some better days ahead.

My mother has had some more health issues and made the tough decision to sell her house and move in with us. Her house is too much for her since my father has been gone.

Our next Busy beaver Booth will be at the Little Valley Farm Auction, June 18-19. Stop by the Busy Beaver booth and say "hi!"

Winners from Lori Ann Miller

Linda Helleman - Conewango Valley, NY

Spring slips softly through open air,

Petals wake from winter's hold;

Lavender drifts on sunlit breeze,

A calming scent, both new and old.

Green shoots rise with citrus light,

Lemon brightens morning skies;

Peppermint hums in waking leaves,

As birds and blossoms both arise.

In warm earth's breath and floral tone,

Each oil hums nature's song;

Spring restores with scented grace,

Where growth and balance both belong.

We've all been there: it's 2:00 PM, the "brain fog" is rolling in, and the siren song of a third espresso or a sugary snack becomes impossible to ignore. For decades, caffeine and refined sugar have been the go-to fuel for the modern worker. But while they offer a quick spark, they usually leave us with a jittery heart and an inevitable "crash" that leaves us more depleted than before. If you're looking for a sustainable way to sharpen your focus without the roller coaster, Midday Focus Greens might just be the upgrade your brain has been waiting for. True mental clarity isn't about forcing your brain to work harder through stimulants; it's about giving it the raw materials it needs to perform at its best. By trading the temporary "buzz" of sugar for the deep, nutritional support of greens, you're not just clearing the fog--you're building a more resilient mind. Midday Focus Greens \$51.87. (Includes tax and shipping.) Buy 2 or more for a 10% discount. Call or write NuLife today to place your order. NuLife Communities 1390 Co Rd 600 Baltic, OH 43804, 330-845-4004

Health Problems? The human body consist of 70 to 100 trillion cells. When cells are healthy, the body is healthy. When cells are unhealthy, disease or dysfunction can accure. What's the cause? Reason science has shown that poor cellor communication is the root cause of unhealthy cells. Damage cells struggle to alert the immune system, allowing the damage to multiply. No matter the problem, we can now Bi-replace cellor communication, for the first time in history. For a free information pack for this powerful technology, contact: John Bash, 619-838-0493

DAVID STOLTZFUS FUND

On Sunday morning, April 19, David Stoltzfus lost his wife and six children (the whole family). David had just arrived at church a ½ mile from his home (wife Sarah stayed home because one of the boys was sick) when suddenly the beautiful Sunday morning was shattered by a loud explosion. Within seconds the whole house was engulfed in flames; the house and everything in it was lost.

MAXIMUM PERFORMANCE HORSE SUPPLEMENT

Give your horse the minerals that are no longer in the your feed!

50 lb Bag Granular \$150, last 5 horses/ 1 month. 50 lb bag pellets \$135 last 50 days/ a

horse Pellets for picky eaters, with ulcers, driving horses, Stallions and mares.

Dave Mast mare was open two years in a row, 30 days on Maximum Performance and she checked in foal with NO Regu-mate.

David Patterson bred for 30 years and always trouble foaling out, weak foals, trouble re-breeding. First season on MP, mare foaled easily, baby running in the stall, plenty of milk, mare cleaned quickly and checked in foal first time bred. Very impressed.

Indiana man had mare running off, cranky, picky eater, put her on pellets, 15 days daughter said, What did you do to the mare? She is so easy to handle, drives great, looks better. MP Pellets. oh my.

Lawrence Schrock, PA said he was one of the few with no OCD's in his yearlings at the sale, thanks Maximum Performance for sound bones, strong muscled yearlings.

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in your feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, reduce muscle soreness, and improve hoof quality and build muscle.

1. If you want to reduce ulcers, acid reflux and build muscle as well.
2. If you want to increase stamina and reduce recovery time, see a difference in 5 days..
3. If you want to calm your mares down, reduce tying up, anxiety and aggression.
4. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Maximum Performance for Breeders

1. If you want to reduce OCD's (soft bone chips in ankles and hocks).
2. If you want to have mares at peak condition checked in foal.
3. If you want to improve development of your foals.
4. Vets explain OCD's are caused by mineral imbalance first 11 months in womb, not enough Calcium and minerals for the mare.
5. Stallions have better sperm count, maintain muscle mass, reduce OCD's and maintain hoof quality. **contact 502-817-1947**

OVB Garden Blend

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

ANOTHER BRUISER FOR THE WALL!!
Congratulations to another happy customer on landing this nice 11 point 142" Buck after feeding OVER-160!!

Never seen anything attract deer like Over-160. This buck was first seen while in the velvet stage and he never left the farm until he was shot on the first day of archery. We always struggled to hold deer on our farm, so obviously we are pretty impressed. Another happy Over-160 customer...

Proven The Hard Way

From the creators of P-One™ and Ocean Minerals™

Built in Wisconsin. Built for a Reason.

Before gut health became a category, before microbiology became a buzzword, before every company claimed to "support the rumen," there was a problem no one had solved.

On a Wisconsin farm, animals were struggling in ways that didn't add up. Rations were balanced. Protocols were followed. And still, performance slipped, consistency broke, and health issues kept showing up.

Most accepted it.

Richard V. Breunig didn't.

The Idea That Wasn't Accepted

When Richard began focusing on the microbial environment inside the animal, it didn't get support. It got pushback.

He was told it wouldn't work. That it would fail. That it could cost him everything. Some said it would ruin his cattle, others said he was crazy.

In an industry built on tradition, that kind of thinking wasn't just questioned, it was rejected.

But the Problem Was Still There

Ignoring it didn't fix it.

Richard wasn't chasing a theory. He was trying to solve something real. So the work continued in the barn, on real animals, under real conditions. Not in a lab, not in controlled environments, and not based on assumptions.

It was built through trial, observation, and results on his Wisconsin dairy.

A Different Way Forward

What started as resistance eventually became results.

When the microbial balance inside the animal improved, intake stabilized, consistency returned, and performance followed. It wasn't magic. It was understanding what was actually driving the system.

And it challenged the way the industry had been thinking and today is reshaping the industry.

Why We Still Build It Here

A lot of companies move production when they grow.

We didn't.

Priority IAC still manufactures in-house in Wisconsin for one reason: when you control the process, you control the outcome and accountability.

No outsourcing, no shortcuts, no guessing what's in the product or how it was made. Just consistency, built the same way every time.

This Was Never About Following the Industry

Long before it was accepted, this work was already being done. Not because it was easy or popular, but because there was a responsibility to the animals and to get it right.

Even when it meant standing alone.

The Same Philosophy Today

The industry talks about gut health now. We've been building around it for decades, and we still operate the same way: close to the animals, close to the process, and focused on what actually works.

Built Here. For a Reason.

Being built in Wisconsin isn't just where we are, it's how we operate.

It means staying connected to the work, staying accountable to the outcome, and building products the way they were meant to be built.

Because when it comes to animal health and performance, where it's made matters.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Try Phix & VerCell!

Why should we take Phix and VeraCell together?

Phix works from the top down, and VeraCell works from the bottom up.

What does Phix do?

It activates the vagus nerve, and is clinically proven to help burn visceral fat from your main organs and helps your body to heal itself. When the vagus nerve is active, you feel calm, focused, and your body starts healing and digesting better. Studies show that new stem cells are made if you take it long enough.

What does VeraCell do?

It helps your natural defenses respond appropriately to everyday stressors. Supports focus, retention, and memory. Supports cell to cell communication, optimizing vital longevity. Feeds beneficial microbes and supports healthy intestinal function. It may also help degenerative disorders of the central nervous system, abnormal growths of unhealthy cells, energy, and much more!

***Take VeraCell at least 30 minutes away from any hot food or liquids, otherwise it will kill the enzymes.**

When your cells thrive, you thrive!!!

TESTIMONIAL

By the time February came, I was tired of fighting my body and tired of being told something was 'wrong' with me. At this point, I got on my knees - fully surrendered - because when your body stops responding, your soul starts speaking. That's when I was introduced to a simple tincture. Not overnight. Not magically. But steadily - inflammation softened, clarity returned, energy came back online. My body finally felt safe enough to heal. I could feel myself again. This is my year, and I'm bringing those with me who are ready for real change. The sky isn't the limit - it's the starting point.

Natural deep sleep

Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind

The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling

Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Did you know, a Bearaby gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

Our handmade **Cotton Napper** is a breathable, knitted weighted blanket to help you fall asleep faster and feel calmer, naturally. Designed for individual use, your Napper should be about 10% of your body weight. Not designed to add warmth. **Made of 100% organic cotton.**

A channel enabling the church to minister to physical and spiritual needs around the world

A front-line opportunity FOR GOD'S WORD

When Kareema* first received a Bible as a young lady, she memorized 500 verses. Now, in her old age her eyesight is failing, and she became unable to read her Bible. When CAM contacts gifted Kareema a large-print Bible, she was overjoyed! Now she again has access to the Word of God she loves so much.

Noor, another Christian, is not able to read the small-print Bible because of an eye surgery she had years ago. Someone gave her a large-print Bible, but after reading it every day for 20 years, it was old and tattered. She took it to the church leader to be fixed, but because of a lack of resources, he was unable to fix it.

The church leader arranged for Noor to meet several CAM contacts. She explained to them, "My Bible became like my soul. Not just a piece of me, but my whole life. If I go out or come in, I want the Bible before me. I want to open it at any time." Noor said sadly, "I have begged the [church leader] for the Bible many times. I insisted and bothered him until he couldn't take it anymore; I tell him, 'The Bible . . . the Bible, please!' "

Our contacts gave Noor a new, large-print Bible. How happy she was! "The joy I feel for this Bible, no one can feel it except me, within myself. There's no way to explain it," she said gratefully.

To show these suffering Christians that other followers of Jesus care about them, CAM is working with contacts and local churches across the Middle East and North Africa** to provide large-print Bibles for the elderly and other individuals unable to see well. These large-print Bibles are in high demand!

The average cost per large-print Bible is \$9. In a land where Bibles and Christian literature are mostly unavailable, it is a precious gift for a person to receive their very own Bible.
