Editor's Note:

Bob and I celebrated 39 years of marriage this week. We are still learning and growing as a couple. Sometimes inspiration comes from unexpected sources. Our 5 yr old granddaughter makes sure to tell everyone she loves them several times a day. In the middle of the day and life getting busy, she makes sure to tell us how much love is in her heart. I realized that we need to slow down and enjoy each others company more and to say I love you more.

Bob and I wish all the newly married and already married a long and productive life together with the many blessing God grants. Be safe and happy travels this wedding season.

Mary Brenner

We were sale prepping a 2 year old gelding and he just wasn't putting on any muscle and didn't have any stamina.

Started him on Lions 6-Way and within a week he was bubbling with energy and started putting on muscle like never before.

Before Lions 6-Way we were doing 2 to 3 miles trips, after Lions 6-Way we had to drive 6 to 7 miles just to wear him down!!!

Fantastic product!!! Would recommend to anyone, especially trainers and sale preppers.

Joseph Graber, Die Kurier.

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

THERE IS A DIFFERENCE!

Activiated charcoal needs to be heated over 1250° to get rid of the impurities. Charcoal produced under 1250° is not the same. Also, the activation process should be done with water, not acid!

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Biochar blends available for various farming needs, call for more information.

HUNTING/SPORTING/GRILLS

It was early November, and the woods were just starting to come alive with rut activity. I'd been scouting a funnel between bedding and feeding areas, and the sign was fresh. With the wind in my favor, I decided to try something I'd heard other hunters talking about – Buck Whiff.

I kept it simple. A few drops on a drag rag, and I walked a slow zigzag toward my stand. Passing an existing scrape I put a few squirts of Buck Whiff in it about 20 yards out, right where I expected movement. The scent was fresh—noticeably different from some of the bottled stuff I've tried in the past.

An hour or so after settling in, I caught movement. A decent buck stepped out, nose down, locked in on the trail I'd made. He paused at the scrape, visibly aggravated, and gave me the broadside shot I'd been waiting for.

What struck me was how naturally he reacted—paused, hair bristled, stiff legged walk – you know what I mean. He was ready for a going around with this new buck that had just intruded his territory.

I've learned that when you use a lure like Buck Whiff correctly—fresh, sparingly, and always with the wind in mind—it can tip the odds in your favor. It's not magic. But in the right moment, it's the edge that matters.

Nature's Rite

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs **tonight.**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep— causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.
This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well for her—and I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent disease.

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, restless legs, and nighttime leg cramps with Leg Relaxer™.

No mess. **No** menthol scent. **No** harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

"Lions Mane Talk"

A Better Morning Begins with the Mushroom Maiden!

Good morning, neighbor! I'm the Mushroom Maiden, and I'd like to share a simple way to add Lion's Mane mushrooms to your daily routine without making life any more complicated.

I start with a good cup of coffee! **Mushroom Maiden Farm's Lion's Mane Coffee** combines rich, dark-roast Arabica coffee with more than **1,700 mg of 100% Lion's Mane fruiting bodies per serving.** That's the mushroom itself, not mycelium grown on grain, and no fillers or mystery mushroom blends. Our generous serving delivers many times more Lion's Mane than some leading brands. Just brew it in your regular coffee maker, French press, or pour-over. You get a satisfying, full-bodied cup with no mushroom taste.

Then, make it a perfect pair with our **Lion's Mane Capsules.** They're an easy, convenient way to add Lion's Mane to your morning routine, whether you're at home, heading to work, or busy with the day's chores.

Why Lion's Mane? This remarkable mushroom supports focus, mental clarity, and overall cognitive wellness. Everyone's different, but I believe in making thoughtful choices about what we put into our bodies.

At Mushroom Maiden Farm, I believe you deserve to know what you're buying. That's why we're transparent about our ingredients, use 100% fruiting bodies in all our products, and test them for safety and quality. No hidden blends. No unnecessary fillers. Just honest mushroom products from our farm.

Ready to make Lion's Mane part of your morning? Try them today and discover the difference for yourself!

Try our rich Lion's Mane Coffee. Add our convenient Capsules. Or enjoy the two together as an easy morning routine.

From my farm to your family, I invite you to give Mushroom Maiden Farm a try. Your morning cup may never be quite the same!

Don't Just Live in Pain

Living with pain day after day can start to feel normal, but it shouldn't. Whether it's an aching back, stiff joints, headaches, numbness, or something that's hard to put a name to, these symptoms are often your body's way of telling you that something deeper is out of balance. God designed your body to heal, and when that healing gets interrupted, we help get it back on track.

At Vero Health Center, our team of doctors looks at your whole body instead of just the spot that hurts. We search for the true source of your discomfort and use gentle, natural care to help your body function the way it was made to, without relying on medication or surgery.

Now with locations in West Des Moines and Bloomfield, IA, relief is closer than ever. We see more than 1,000 people every week, and many have traveled from several states away to see us.

Hear directly from Dr. Josiah about our practice, our process, and our incredible results!

Pressure Point Mat Set

Lay back, breathe deep, and let the tension melt away.

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! – ***WTHN Client***

Science shows that sleeping under weight improves sleep quality, lowers stress, and eases anxiety – and when those things are better, everything's better!

Here's a breakdown of the science that lies underneath our cozy and calming Nappers:

- **Activates the effects of Deep Touch Pressure (DTP)**
  - Increases serotonin (Feel Good Chemical) to make you feel happier and more content
  - Increases melatonin (Sleep Hormone) to lull you into blissful slumber
  - Decreases cortisol (Stress Hormone) to help reduce anxiety and stress

HELP FOR THE ELDERLY

"This is a surprise from God"

A channel enabling the church to minister to physical and spiritual needs around the world

Christian Aid MINISTRIES

What would it be like to live in a house with a dirt floor—one that floods whenever it rains? This is reality for Maria, an elderly widow in Nicaragua.

Maria's husband died 30 years ago. Her daughter died five years ago, and her grandson died two months later. She also lost a son in an accident. "I have suffered a lot," Maria said, "but we keep going."

Each month, Maria depends on a friend to pick up her **Help for the Elderly** food parcel. One month when her friend was sick and unable to go, Maria found herself with few options for her monthly food provisions. Not long afterward, a CAM staff member visited Maria and delivered a food parcel. Delighted, she said, "I thank you so much, in the name of the Lord. I wasn't expecting this visit. This is a surprise from God!"

Clara is another widow in Nicaragua who has experienced a life of hardship. Her husband struggled with alcoholism, and 22 years ago a vehicle struck and killed him. When she received a food parcel, she told CAM staff members, "I give thanks to God because without Him we are nothing."

Miguel and his wife also live in Nicaragua. For most of their married life, they worked for a farmer who allowed them to build a small home on his land. Together, they planted, cultivated, and harvested crops, but yielded just enough food and income to survive.

Then the owner sold the farm, leaving Miguel and his wife with no place to call home. As Christians, they chose not to fight the situation. Their daughter was able to provide a simple house for them to live in.

Miguel praised God when he received a food parcel. "All of God's blessings to me are good!" he told a CAM staff member. Amidst poverty, God's love works through His people, bringing hope to desolate hearts in the form of a food parcel. Thank you, supporters, for helping to minister to elderly people in great need.

Maria is overjoyed with the food parcel she received on a surprise visit from a CAM staff member.

$40

KNITTLINGER
Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger – it goes as fast as any player can play it!

Keys: Low A, Low Bb Low C, Low D, Low E Low F, and G

$100

TRINITY HARP
3 harmonicas in one! Its pushbutton slide gives you 3 major chords across all 3 octaves, delivering notes and chords that once required juggling multiple harmonicas. It also supplies the missing Blow 3 note within a rich chord. Move instantly between chord choices and play fuller rhythm, accompaniment, and melody without changing instruments. No need to learn a new note layout - plays like your other diatonic harmonicas!

Keys: Low F, G, A, Bb, C, and D

$95

THE DELTA FROST COLLECTION
The Delta Frost comes in 3 different comb choices – Original (plastic), Steelie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

ORIGINAL
Keys: Low D, Low E Low F, G, A, Bb, C D, E, and F

$35

STEELIE and **WOODY**

MIDDLEFIELD
An easy playing, 10-hole, double reed, octave harmonica that sounds like an accordion. 40 responsive reeds deliver a rich, full tone. It's laser tuned to be in perfect pitch, and it has silent windsavers that eliminate the buzzing and flapping noise that have plagued double reed harmonicas for generations.
