Editor's Corner

Good day everyone,

Back to work after an extended weekend. The weekend started out a bit rainy and chilly but turned out to be absolutely beautiful! Whatever plans people had for Memorial Day, they had a nice day for it. Whether that was going out on the lake, biking the Pumpkintine Trail, going to a family reunion, or just simply being at home and working outside.

We are enjoying our first garden goodies. Those always taste so good. They taste like summer! Because of the wet spring we had, we had to wait a while before we could get in the garden, so it seems like we're a little behind.

Have a great week everyone!

Rhoda Miller

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Many severe disc pain sufferers don't realize they may have other options first

FREE REPORT:

THE QUESTIONS MANY PEOPLE WISH THEY
ASKED BEFORE BACK SURGERY

Eddie had been suffering with severe back pain for months.

"I had 5 bulged discs, 4 herniated discs, and 3 tears in my back."

It got so bad he **couldn't walk**.

"I had to crawl most of the time... I was off work for 3 months."

But when Eddie came to Midwest Disc Clinic, they put him on a natural care plan — no surgery, no drugs.

Things started to change within weeks.

After completing his care plan, here's how Eddie feels now:

"I can walk again. The pain is finally manageable."

For Eddie, that means back to work. Back to his family. Back to life.

Eddie is now one of our patients who once felt unsure — and now wants to help others decide.

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs tonight.

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.

This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well for her—and I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up." Elva Chupp

30 Capsules ~~\$45.99~~ **\$36.79**

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask.

Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, **restless legs**, and nighttime **leg cramps** with Leg Relaxer™.

No mess. No menthol scent. No harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

HEALTH/HOME

"Jonathan, my husband — we've been married for 28 years — is 50 years old. He has always had irregular breathing. He used to talk during the night, wake up several times, and snore. He never seemed to reach deep sleep. He didn't want to use a CPAP machine, so I saw this article in a farming magazine.

He had a cold the first night he took the pills, and not only did the cold go away that same night, but by the second night he wasn't snoring anymore. He was sleeping so deeply that I had to check if he was okay — it was the first time he had ever slept that deeply.

He's no longer falling asleep in a chair during the day. He feels better and is working better. I'm really surprised at how quickly these pills worked on his sleep problems — starting from the very first night. By the second night, he wasn't even snoring anymore."

for Father's Day

\$138 for the mat.

Studies have shown up to 40% improvement for, stress, muscle soreness, and sleep quality after regular use of the mat for 20-30 minutes before bed. *Journal of Sleep Therapy 2015*

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. The gentle pressure of over 4,000 pressure points works to stimulate circulation, release muscle tension, and support relaxation. Start with 10-15 minutes a day and gradually increase to 20-40 minutes as your body gets used to the sensation. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! - *WTHN Client*

Birds sing songs in morning light,
Kids laugh loud as puppies run,
Chasing tails and having fun.
Butterflies dance on flowers fair,
Bunnies hop without a care,
Ducklings splash in ponds so cool,
While children play tag with other.
Fireflies glow as day grows dim,
Owls hoot softly on a limb,
Dreams of animals

**ROUNDHOUSE**

Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low F, G, A,
Bb, C, D, and E

\$32.99

**KNITTLINGER**

Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger – it goes as fast as any player can play it!

Keys: Low A, Low Bb
Low C, and Low D

\$99.95

**BLUES SHIFTER**

This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb,
C, and D

\$89.99

**THE DELTA FROST COLLECTION**

The workhorses of the Bushman brand. The Delta Frost comes in 3 different comb choices – Original (plastic), Steelie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

ORIGINAL

Keys:
Low D, Low E, Low F,

\$39.99

**DINKY**

Our all new Bushman Dinky has a greater note range and ability to play more songs than any true, 1-1/2" mini harmonica ever made!!! The Dinky plays much better than the typical mini, and it's more comfortable.

Keys:

G (Yellow), A (Navy), and C (Black)

Bible-Based Picture Book

Roll with Humphrey the hump-free camel as he finds the peace that passes understanding and learns contentment. Humphrey is a short, yellow camel with big toes and no hump, unlike the *normal* camels at the zoo.

The first children's book in our character-building series, "Humphrey" is a Bible-based lesson with beautiful illustrations and Scripture memory verses throughout to remind us that God gives us different gifts and He is always listening to our concerns.

Positive Feedback from Ages 1-99! The Character Building Series

Jonah Elijah

A Tribute to Godly Brethren & Fathers

Walk with Jonah Elijah as he uses his compass and fishhooks to help the villagers he loves. When the stripes of life tempt them to say "I go a fishing," help Jonah Elijah encourage them to cast their net on the right side, dig to find the pearl of great price, check their saltiness, and cover their stripes for true healing.

Some businesses own it.**

With captive insurance, your company insures its own risks and keeps the profit instead of sending it to big insurance companies.

That means:

- More protection for your business
- More control
- A new profit center
- Insurance company tax treatment

INTERNATIONAL CRISIS

“Now I have nothing”

As relentless rains pelted Afghanistan through March and April, desperation mounted. Water rose fast, washing away everything in its path. Realizing the danger, Khan* gathered his family and fled to higher ground to escape the rising flood waters.

Khan was shocked when he returned and found his house and village washed away. “Now I have nothing, and we have taken temporary shelter at my friend’s house,” Khan told our contact.

We are working with contacts to provide food, blankets, and other aid to flood victims in Afghanistan. Thank you, supporters, for caring!

If you wish to help people suffering from crises like flooding, wars, famines, and earthquakes in various countries, see **International Crisis** on the enclosed response coupon or sponsorship sheet.

OVB Garden Blend*

If you want better nutrition.... you need to start with better soil

*Biochar blends available

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

HORSE SENSE TIPS

HAY

- Free access to hay 24 hours a day
- Daily intake needed for average weight of a mature horse is approximately 20 pounds daily.
- Hay/Grass/Forage should make up 60 to 100% of the diet
- Most horses need 1½ to 2% of their body weight daily, more in cold weather
- They are grazing animals and do so 60% of the day, grass and quality hay is best
- Eating hay on cold nights helps conserve calories and keep them warm

Tips for Quality Hay

- Open a bale, check for debris
- Best is fine-stemmed, green, leafy hay
- Avoid moldy, dusty, sun-bleached, or over-cured
- Alfalfa should be in early bloom
- Grass hay should not have fully formed seed heads
- Check for insects such as blister beetles
- Very heavy bales may be wet inside-wet is not good

STORAGE

Store hay in a dry, covered area protected from weather and sun. Feed within one year of harvest when possible.

Quality hay is necessary for horse health and performance.

MAXIMUM PERFORMANCE HORSE SUPPLEMENT

Give your horse the minerals that are no longer in the your feed!

50 lb Bag Granular \$150, last 5 horses/ 1 month. 50 lb bag pellets \$135 last 50 days/ a horse Pellets for picky eaters, with ulcers, driving horses, Stallions and mares.

Dave Mast mare was open two years in a row, 30 days on Maximum Performance and she checked in foal with NO Regu-mate.

David Patterson bred for 30 years and always trouble foaling out, weak foals, trouble re-breeding. First season on MP, mare foaled easily, baby running in the stall, plenty of milk, mare cleaned quickly and checked in foal first time bred. Very impressed.

Indiana man had mare running off, cranky, picky eater, put her on pellets, 15 days daughter said, What did you do to the mare? She is so easy to handle, drives great, looks better. MP Pellets. oh my.

Lawrence Schrock, PA said he was one of the few with no OCD's in his yearlings at the sale, thanks Maximum Performance for sound bones, strong muscled yearlings.

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in your feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, reduce muscle soreness, and improve hoof quality and build muscle.

1. If you want to reduce ulcers, acid reflux and build muscle as well.
2. If you want to increase stamina and reduce recovery time, see a difference in 5 days..
3. If you want to calm your mares down, reduce tying up, anxiety and aggression.
4. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Maximum Performance for Breeders

1. If you want to reduce OCD's (soft bone chips in ankles and hocks).
2. If you want to have mares at peak condition checked in foal.
3. If you want to improve development of your foals.
4. Vets explain OCD's are caused by mineral imbalance first 11 months in womb, not enough Calcium and minerals for the mare.
5. Stallions have better sperm count, maintain muscle mass, reduce OCD's and maintain hoof quality. **contact 502-817-1947**

Congratulations to another happy customer on landing this nice 11 point 142" Buck after feeding OVER-160!!

Never seen anything attract deer like Over-160. This buck was first seen while in the velvet stage and he never left the farm until he was shot on the first day of archery. We always struggled to hold deer on our farm, so obviously we are pretty impressed. Another happy Over-160 customer...

Joseph-unjustly confined yet God used his suffering for a higher purpose

Joseph the
Prisoner

Joseph
the Leader

Behind bars, it can feel like your story has already been written—defined by mistakes, accusations, or circumstances you can't change. **But Joseph's life reminds us that God works powerfully in the very places that seem most hopeless.** In a prison cell, falsely accused and forgotten, Joseph wasn't abandoned—he was being prepared. God was shaping his character, strengthening his faith, and positioning him for a purpose far greater than he could see. What looked like the end was actually the beginning of something redemptive.

The same is true today. No life is beyond God's reach, and no prison cell can stop or limit His power to transform. **When an inmate calls on God, their story is not over—it is being rewritten.** Through faith, suffering becomes refinement, and brokenness becomes preparation for service, leadership, and restoration.

Your support helps bring this message of hope behind prison walls, reminding men and women that, like Joseph, God is able to lift them from confinement into a life of purpose.
