Editor's Note:

Thanksgiving is only a couple of weeks away. Time is flying by this year. The weather has turned cooler for those that like that. I am missing the warmer weather already.

I truly hope every one has safe travels the next several weeks. Ariel and Jason should be coming to stay permanently around Thanksgiving. I will truly be a special holiday if they can get everything done and on the road by then.

Just think after Thanksgiving is Christmas. We are preparing for a joyous time celebrating the birth of Jesus.

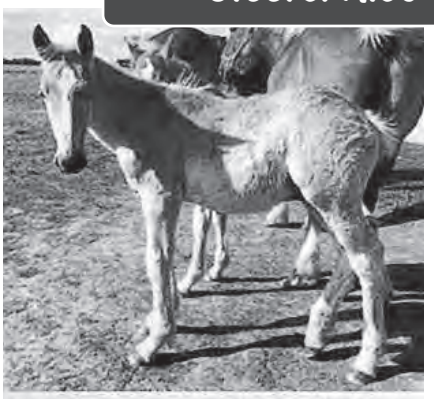
Maximum Performance Horse Supplement

Pellets for Horses that are Picky Eaters or Have Ulcers. Also Great for Driving Horses & Stallions!

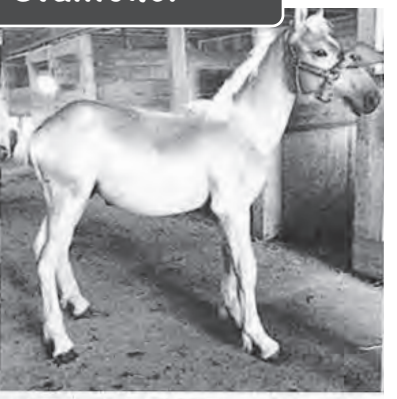


Here is a young colt with two hind Ankle OCD's and really wormy Date 6-9-20

Hay and grains have fewer minerals today. You really need to supplement for peak performance and breeding nutrition.

50 lb bag-granular, $150
lasts five horses—1 month!

50 lb bag-pellets, $135
lasts one horse—50 days!



Here is the colt 57 days later with NO OCD's in either hind leg and a beautiful shiny coat at 7-27-20

Mr Schwartz's mare was running off with his girls, biting them, he knew she had an ulcer, 15 days on the pellets, she is so calm, warms up nicely, goes longer, stronger and cools down faster. Wow, he was so excited, he wants to breed her, instead of giving her away.

Mr Miller says he had never had stronger colts, jump up right out of the bag, run around the stall and jump over the mare, before she got up. His best year breeding, mares strong after foaling, strong babies, plenty of milk. It was a dream foaling season. He will keep his mares on mp while in foal and after.

Mr Yoder had tried to breed his favorite mare for 12 years, after 30 days on MP she checked in foal. He is so excited.

Mr Yoder bought a mare they said was lame, could only be bred. He put her on mp and 15 days, she was bucking coming out of the barn. He hooked her to the cart and off she went straight down the road. He called and wanted to be a dealer. He said," Anyone with a driving horse needs MP. This is the greatest stuff for driving horses!"

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in our feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, cool down faster, and improve hoof quality.

1. **If you want to reduce ulcers.**
2. **If you want to increase stamina and reduce recovery time—may see a difference in 5 days!**
3. **If you want to increase oxygen for better stamina and improve oxygen to the cells for driving and work horses performance.**
4. **If you want to calm your mares down, reduce tying up, and anxiety.**
5. **If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.**

Learn How to Maximize Breeding!

1. **If you want to reduce OCDs, improve fertility.**
2. **If you want to have mares at peak condition ready to be checked in-foal, calm mares down as well.**
3. **If you want to improve development of your foals, strong when born, boost immune system, strong bones.**
4. **Vets explain OCDs are caused by mineral imbalance while mare is in foal.**
5. **First 11 months gestation—not enough calcium and minerals causes bone chips, OCD's.**
6. **Stallions have better sperm count, maintain muscle mass, and maintain hoof quality during breeding season and year round.**

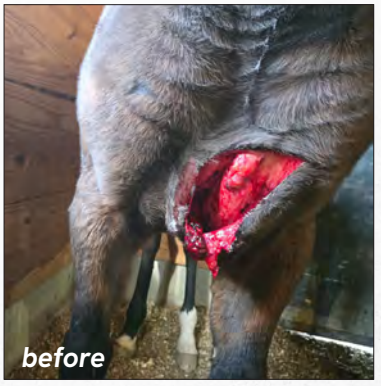
HOGIE'S WOUND SPRAY

AMAZING RESULTS IN JUST A FEW WEEKS!



TESTIMONIES:

· *Tried most wound sprays on the market and the hogie's wound spray tops it all. Easy, awesome results, a must have type of product!*

· *Our yearling colt got hooked on the gate latch ripping a chunk of flesh out and a huge flap of skin hanging. We used hogie's every morning and night and in 2 weeks it was healed shut, 4 weeks the hair had grown back and in 6 weeks there wasn't even a scar. We would not do without hogie in our barn!*

· *Our mare came in out of the pasture with a huge gouge on the top of her head with skin hanging down over her eye. We sprayed it with hogie's and in 4 weeks you couldnt tell anything had happened.*

· *I could not do without hogie's it works faster then anything on the market. usually not leaving a scar! Best part is you never have to wrap the wound.just spray it on.*

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

THERE IS A DIFFERENCE!

Activiated charcoal needs to be heated over 1250° to get rid of the impurities. Charcoal produced under 1250° is not the same. Also, the activation process should be done with water, not acid!

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Biochar blends available for various farming needs, call for more information.

Why Minerals?

Why do we need to feed our animals mineral supplements?

Science has proven that fruits and vegetables have become less nutritious because of depleted soil. Studies show that in 1953, a single bowl of spinach had as many nutrients as 43 bowls of what we'd consume today. In another example, you would need to eat 8 oranges to recieve the same nutrients as you would eating a single orange in 1980. We till this same soil year after year to provide food for our animals. Yes, there are soil amendments and fertilizers that can help, but we're talking decades of deterioration. *This is Why* your animals need additional minerals and supplements. Even on the best diet, animals can be deficient and out of balance leaving them in poor condition, underperforming and susceptable to illness. Want to know more? Give us a call, we'd love to talk minerals with you.

HELP FOR THE ELDERLY

"This is a surprise from God"

A channel enabling the church to minister to physical and spiritual needs around the world

Christian Aid MINISTRIES

What would it be like to live in a house with a dirt floor—one that floods whenever it rains? This is reality for Maria, an elderly widow in Nicaragua.

Maria's husband died 30 years ago. Her daughter died five years ago, and her grandson died two months later. She also lost a son in an accident. "I have suffered a lot," Maria said, "but we keep going."

Each month, Maria depends on a friend to pick up her **Help for the Elderly** food parcel. One month when her friend was sick and unable to go, Maria found herself with few options for her monthly food provisions. Not long afterward, a CAM staff member visited Maria and delivered a food parcel. Delighted, she said, "I thank you so much, in the name of the Lord. I wasn't expecting this visit. This is a surprise from God!"

Clara is another widow in Nicaragua who has experienced a life of hardship. Her husband struggled with alcoholism, and 22 years ago a vehicle struck and killed him. When she received a food parcel, she told CAM staff members, "I give thanks to God because without Him we are nothing."

Miguel and his wife also live in Nicaragua. For most of their married life, they worked for a farmer who allowed them to build a small home on his land. Together, they planted, cultivated, and harvested crops, but yielded just enough food and income to survive.

Then the owner sold the farm, leaving Miguel and his wife with no place to call home. As Christians, they chose not to fight the situation. Their daughter was able to provide a simple house for them to live in.

Miguel praised God when he received a food parcel. "All of God's blessings to me are good!" he told a CAM staff member. Amidst poverty, God's love works through His people, bringing hope to desolate hearts in the form of a food parcel. Thank you, supporters, for helping to minister to elderly people in great need.

Maria is overjoyed with the food parcel she received on a surprise visit from a CAM staff member.

HUNTING/SPORTING/GRILLS

It was early November, and the woods were just starting to come alive with rut activity. I'd been scouting a funnel between bedding and feeding areas, and the sign was fresh. With the wind in my favor, I decided to try something I'd heard other hunters talking about – Buck Whiff.

I kept it simple. A few drops on a drag rag, and I walked a slow zigzag toward my stand. Passing an existing scrape I put a few squirts of Buck Whiff in it about 20 yards out, right where I expected movement. The scent was fresh—noticeably different from some of the bottled stuff I've tried in the past.

An hour or so after settling in, I caught movement. A decent buck stepped out, nose down, locked in on the trail I'd made. He paused at the scrape, visibly aggravated, and gave me the broadside shot I'd been waiting for.

What struck me was how naturally he reacted—paused, hair bristled, stiff legged walk – you know what I mean. He was ready for a going around with this new buck that had just intruded his territory.

I've learned that when you use a lure like Buck Whiff correctly—fresh, sparingly, and always with the wind in mind—it can tip the odds in your favor. It's not magic. But in the right moment, it's the edge that matters.

"Lions Mane Talk"

A Better Morning Begins in the Mountains!

Good mornings begin with good choices! At Mushroom Maiden Farm, we bring you two wonderful ways to make Lion's Mane mushrooms part of your daily routine: our rich, delicious Lion's Mane coffee and our convenient Lion's Mane capsules. Together, they make a simple morning combination you can feel good about!

Our mushrooms are grown in a remarkable half-mile-long tunnel high atop the Appalachian Mountains, surrounded by exceptionally clean mountain air. We use 100% fruiting bodies. This is the actual mushroom, not grain-filled mycelium or fillers. Why does that matter? The fruiting body contains naturally occurring compounds that make Lion's Mane such a special mushroom. We believe you deserve the real thing!

Our coffee starts with premium Arabica beans, blended with Lion's Mane for a wonderfully rich, full-bodied coffee taste. And here's something special: every 28-serving bag contains more than **48,000 mg of Appalachian-grown Lion's Mane—that's well over 1,600 mg in every cup!** It's real ground coffee, not an instant substitute, with a smooth finish and no bitter aftertaste. Add our capsules to your morning routine for an easy way to enjoy Lion's Mane throughout your day.

As a multi-generational, woman-owned family business, we're proud to stand behind everything we grow and make.

Ready to make your mornings better? Discover the difference. Try our coffee, add our capsules, and bring a little Appalachian goodness to your morning!

How do weighted blankets work?

Science shows that sleeping under weight improves sleep quality, lowers stress, and eases anxiety – and when those things are better, everything's better!

Here's a breakdown of the science that lies underneath our cozy and calming Nappers:

- **Activates the effects of Deep Touch Pressure (DTP)**
  - Increases serotonin (Feel Good Chemical) to make you feel happier and more content
  - Increases melatonin (Sleep Hormone) to lull you into blissful slumber
  - Decreases cortisol (Stress Hormone) to help reduce anxiety and stress
- **Mimics the effects of 'grounding' or 'earthing'**
- **Mimics the sensation of a warm hug**
