Editor's Note

Hello everyone!

We had a few nice rain showers in the past few days. The moisture was well received by the crops in the field. Somehow the weeds grew on the lawn, even in the dry weather. The boys just got done mowing, so I expect the weeds will be taken care of for a while.

Our aunt passed away just recently at the age of 77 years. Her health had been failing for the last few months. She was a single lady all her life and will be remembered by many. She lived in the hills of Perry County with her sister, who was single as well. Us cousins spent many a time playing in the woods beside her log cabin.

She impacted many lives as she spent most of her life teaching school. She taught in Lancaster and Perry County, as well as quite a few years in Mexico for the Russian Mennonites. Being adventurous, she spent a lot of time traveling from coast to coast, both for sightseeing and teaching.

Thanks for advertising in the Busy Beaver! We appreciate your business!

-John Zook

Might it be time to stop asking "What can I take for better health and instead say "What can I change?" With Sisel we realize the need to come in with the good. (nutrition). But we also see the need to go out with the bad. (toxic chemicals). A large percent of personal care items have toxic ingredients in that are making our families sick. Turn your bottles, read the ingredients and know what you are putting on your skin. Sisel offers a wide range of soaps, cleaners and personal care items. Most people spend their lives working tirelessly to build someone else's dream, someone else's company, and someone else's wealth. Real estate offers a different path. It gives you the chance to own your future rather than just be an employee for someone else. Whether your goal is greater freedom, additional income, financial security, or generational wealth, real estate investing can help you build assets that work for you, rather than trading time for money forever. From fix-and-flips and long-term rentals to vacation properties and short-term rentals, there are countless ways to generate cash flow, build equity, and create lasting wealth. You do not need to be an expert to begin. You simply need the courage to take the first step and the willingness to learn along the way. Every successful investor started where you are now, wondering if they could do it. The difference is that they decided to act. The life you want, the freedom you desire, and the future you envision will not build themselves. Start building something that belongs to you. Call today and learn how to get started in real estate investing. John MacDonald, Core Partners Realty, 717-495-2443

Idaho Whole-Apple Cider Vinegar

GREAT APPLE CIDER VINGAR HAS A "ONE-TWO" PUNCH…

1) Looking for less disease and fewer internal/external parasites this year? THIS ACV has an alkaline forming response in any mammal's body, which is your shield against those issues.

2) The ENERGY and ENZYMES from the Whole-Apples contained in this vinegar are ALL still intact to help boost your livestock's digestion of any feed. The minerals in your feed are 90% bio-available .

The drier your feed, the better this ACV works!

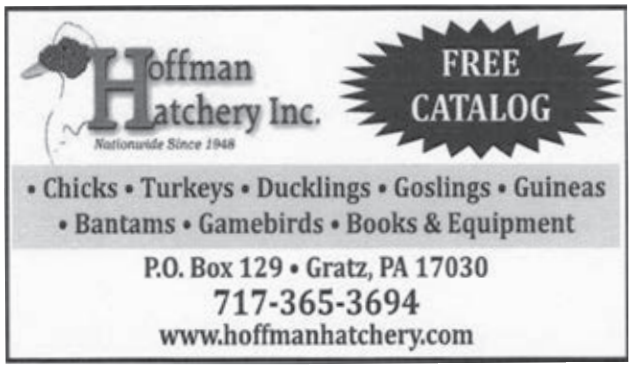

How would you like a summer where your calves gain more and have less pink-eye?

Looking for your milk bonus?

A farmer wrote to us saying how he lowered his cows SCC and his milk inspector is really pleased. This is what he did:

1. CMT every cow in the barn.
2. Mark all high quarters with a crayon.
3. Use Hornet Udder Tonic on those quarters once a day for 3 days.
4. Cover every quarter with Super Cow Udder Mint twice a day for 7 days.

The money he spent on his cows, he received back from the bonus!

1 bottle is enough for 4 quarters

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

Aquamonics
Digital Water System
WATER WITH A PURPOSE
Are you concerned about your water
CHANGE YOUR WATER, THE WAY IT IS MEANT TO BE.
Aquamonics Digital Water System, improving your water for animals, plants and humans.
• Units that treat the water for your entire home or farm
• A whole house water system
• Agricultural water System
• Commercial water System
When the body is hydrated properly, it has the ability to eliminate toxins more thoroughly, it is able to perform to a higher level and functions in a more perfect way.
Aquamonics water assists the body to detoxify
Aquamonics water more thoroughly hydrates the body
Aquamonics water does not fix anything. Your body heals itself when allowed through the presence of the right hydration
It has an Anti-Scaling unit, here is how it works
We are using the combination of the Aquamonics water treatment with the addition of electrons to the water to create a condition where the minerals that traditionally create the problems of hard water and scaling are changed. Their chemical structure is reduced by the addition of these electrons. This creates desirable new conditions without the use of salt or chemicals and without the wasted water associated with reverse osmosis or ion exchange systems. Although the minerals are NOT removed from the water, the problems associated with their presence disappear.
Testimonial
I have installed an upgrade Aquamonics Digital unit (as it was time to refurbish our Talya unit). I had a rash on both of my feet, on either side of my feet and within 3 weeks the rash is almost gone on both feet. We had a problem with worming the pups, and they had loose stool or scours. We don't need to use as much antibiotics anymore and now it doesn't take as much wormer either, it isn't a battle like it was before. So now we have overall better puppy and human health. We would not want to be without it, I would recommend it to anybody and everybody. We had the same problem in 2014, before we got the unit. When we initially put the unit in everything cleared up. Thanks again Enos for an upgraded Digital Unit. Start with good water for good health.

RELIEVION®

Relief you can feel. Life you can enjoy

Vistalife's Relievion is formulated with carefully selected ingredients designed to help support the body's natural response to discomfort and promote overall wellness. When used as part of a comprehensive health plan, Relievion may help individuals maintain comfort, mobility, and a better quality of life, allowing them to focus on the activities they enjoy most.

Why These Ingredients Work Together
Relievion combines five scientifically researched ingredients that address pain and inflammation from multiple angles. Curcumin C3 Complex® and Bospure® help support a healthy inflammatory response. Collavant® n2 focuses on joint structure and cartilage support. AstaReal® helps combat oxidative stress that can contribute to discomfort and tissue damage. ParActin® provides additional inflammatory and immune support. Together, these ingredients create a comprehensive wellness formula designed to support comfort, flexibility, mobility, recovery, and overall quality of life. Rather than relying on a single mechanism, Relievion provides broad-spectrum support for individuals seeking a natural approach to managing everyday pain and inflammation while maintaining an active lifestyle.

Curcumin C3 Complex® and Bospure® are well-known botanical ingredients that may help promote a healthy inflammatory response. Curcumin, derived from turmeric, has been widely valued for helping soothe occasional joint and muscle discomfort, while Boswellia may support flexibility and ease stiffness. Together, they may be especially helpful for people who want daily support for knees, back, shoulders, and other areas affected by inflammation.

Andrographis, known as andrographolides, have been extensively studied for their ability to help support the body's normal inflammatory response and promote overall resilience.

ParActin® may be particularly beneficial for individuals experiencing joint discomfort, stiffness, or physical stress associated with daily activities. Clinical studies have demonstrated its ability to support joint comfort, mobility, and physical function while helping maintain healthy inflammatory pathways. In addition to its role in pain and inflammation support, Andrographis has been recognized for supporting immune system function and overall wellness. Its inclusion in Relievion helps create a more comprehensive formula that addresses multiple factors contributing to discomfort and reduced mobility.

TESTIMONIALS:

WHY DOES DISC PAIN KEEP COMING BACK?

Free Recorded Message For People Whose Back Pain, Sciatica, Or Disc Problems Keep Coming Back

Many people feel better for a little while.

Then weeks or months later, the pain comes back. Some are told pills, injections, or surgery may be their next step.

But what many people are never told is why the injured disc may not have had the opportunity to repair.

In this free recorded message, Dr. Jeff explains what may be causing the pain to keep returning — and what many disc sufferers should know before taking the next step.

- ✓ Why back pain and sciatica often come back after short-term relief
- ✓ What may keep an injured disc from having the opportunity to repair
- ✓ Why pills, shots, or adjustments may not address the real disc problem
- ✓ Why some people are told surgery is their only option
- ✓ What to know before agreeing to injections or surgery

And God said, "Let there be light."
Genesis 1:3

What if that first light is still woven into your design, and your body knows how to use it for natural daily support?

The founder of Lifewave®, a man of Christian faith, spent decades studying God's creation of light and its connection to the different systems of the human body.

He developed light reflecting patches that signal the daily production of key amino acids and peptides inside the body (similar to how **sunlight signals the production of Vitamin D** through our skin each day).

A mixture of salts, sugars, and amino acids are slowly dried to a precise size and spacing - allowing the patch to trap incoming body heat and adjust the reflected wavelengths back to the body (different wavelengths for different patches)

Wear for **12 hours at a time**, use daily for 6 months for best results

Many report more energy, sharper focus, and better sleep

*We believe everyone has been **fearfully and wonderfully made by God**, and we give personal time, care, and attention for every single person!*

OLD ORDER AMISH HOSPITAL AID (OOAHA)

What is Old Order Amish Hospital Aid (OOAHA)?

What Is OOAHA? This is not something new. This started in 1969 by a group of bishops and laymen concerned about the rising hospital costs. It is a Health Share Plan where a group of members agrees to help pay for each other's medical bills. There are approx. 11,454 members on the plan at this time. The IRS does not legally classify health sharing arrangements as traditional medical insurance.

How It Works:

Each member pays a monthly due to the committee man in your church district. The committee man sends one check to the office for all the monthly dues he collects from his members. The monthly dues go into a fund that is used to help pay member's high medical bills.

Why would we want to be a part of this plan?

1. We are concerned about the rising hospital costs
2. If we are 4029 exempt it is important that we avoid outside insurance or government plans
3. If we have a medical condition, this plan will help pay for a portion of the bills
4. This is a brother-helping-brother plan and we want to be a part of it.

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.
– Dan Stoltzfus, Pennsylvania

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.
– Leah Miller, Ohio

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!
– Kathyrn Yoder, Missouri

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.
– Sue Albrecht, Michigan

I've been dealing with Hashimoto's for years, I've been on strict diets, changed my medications many times, tried every supplement I was told to take, never felt completely well. Your products and approach has helped me the most. This is the best I've felt for years. Amazing. I've already told many people to call you.

Nature's Rite

"Jonathan, my husband — we've been married for 28 years — is 50 years old. He has always had irregular breathing. He used to talk during the night, wake up several times, and snore. He never seemed to reach deep sleep. He didn't want to use a CPAP machine, so I saw this article in a farming magazine.

He had a cold the first night he took the pills, and not only did the cold go away that same night, but by the second night he wasn't snoring anymore. He was sleeping so deeply that I had to check if he was okay — it was the first time he had ever slept that deeply.

He's no longer falling asleep in a chair during the day. He feels better and is working better. I'm really surprised at how quickly these pills worked on his sleep problems — starting from the very first night. By the second night, he wasn't even snoring anymore."

Natural Wellness Through Colloidal Silver: A Time-Honored Approach to Family Health

"Our family has used these products for years and we have had great success using them for any accidental wounds in our wood shop. We soak the wound with Digestive & Urinary Support and then apply the wound relief after. We also use the DUS for any flu's or viruses"
Laura Yoder

Your head is pounding, your brow is sweating, and the stabbing discomfort in your gut is the only thing that distracts you from the nausea. You run for the bathroom... you want to run to the hospital, but what can they do for you? It's the middle of the night and you had some bad food. Was it the fruit salad that cousin Mary brought or the macaroni salad that Aunt Anne made? Maybe the turkey wasn't done enough?... Just thinking about it makes it worse. Then... it gets worse. Your kids come rushing into your room holding their bellies. They ate it too. Now what are you going to do?

According to the CDC, millions of people experience digestive distress each year related to something they've eaten. Most of these cases are not linked to major outbreaks and many happen around holiday time when food sits out for too long.

But it's not always just a single meal. Many people deal with ongoing digestive discomfort from time to time, and urinary discomfort is also a common concern, especially for women. These issues can come and go, often without warning, and can disrupt daily life in frustrating ways.

Using antibiotics to rid yourself of a urinary infection often leads to a yeast infection. They can kill off so many good-cultures all over your body that the candida takes over.

The world is not sterile. The concern comes when the numbers of unwanted microbes get so high that your body's natural defenses are overwhelmed. Microbial populations can multiply rapidly under the right conditions.

Don't get lost in the numbers, don't get consumed by worry. There is a way to get those children feeling better and back to sleep in an hour. There is a way to do this safely and without antibiotics or hospital emergency rooms. There is a way to help restore your digestive and urinary tract.

By now you must be screaming, "What is it already!!??" The answer is an **enhanced aqueous colloid of silver.** Years of laboratory research on microorganisms have explored how properly prepared silver colloids interact with a wide range of environmental microbes.

Not just any silver colloid is created the same. Some preparations are too weak (less than 20 parts per million), while others are pushed to extremely high concentrations like 250 or 500 parts per million (ppm) by adding sugars, citrates, or proteins. These variations can significantly change how the silver behaves.

As it turns out, a properly prepared **colloid in the range of 40 to 60** ppm creates a more stable and effective formulation. **This balance is what makes the difference.**

If you want to know
whether they will work for you,
then **you have to try them.**

Silver Colloid as a Household Essential

When your body starts sending those early signals that something isn't right, having the right support on hand can make all the difference. Acting early and supporting your body's natural processes is often the key to staying ahead of discomfort and getting back to feeling like yourself.

Whether it's something you ate, seasonal challenges, or everyday environmental exposures, having trusted options at home and even on the go can bring peace of mind when you need it most. Once it becomes part of your routine, it's something you'll never want to be without.

Nature's Rite

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs **tonight.**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep— causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.
This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well for her—and I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask.
Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, restless legs, and nighttime leg cramps with Leg Relaxer™.

No mess. **No** menthol scent. **No** harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

MICRO DAILY GUMMIES

Micro Daily Gummies – Kids Formulation is designed to support growing bodies and developing brains with essential micronutrients that are often missing from modern children's diets. Today's kids face nutrient depletion from processed foods, environmental exposure, and increased oxidative stress at a young age. This formula delivers foundational vitamins, minerals, and antioxidant support in a form kids will actually take—without relying on excessive dosing. Using Dr. Prasad's CQF approach, the gummies prioritize proper combinations, age-appropriate quantities, and bioavailable forms to support healthy development, immune balance, and cellular resilience.

MICRO DAILY GUMMIES BENEFITS

- **Foundational Nutrition** (vitamins, minerals, developmental support)
- **Brain Development** (neuronal growth, cellular signaling, energy metabolism)
- **Immune Resilience** (antioxidant protection, micronutrient sufficiency, balance)
- **Cellular Protection** (oxidative defense, detox support, mitochondrial health)
- **Kid-Friendly Delivery** (easy dosing, compliance, taste acceptance)

MICRO DAILY DIFFERENCE

Essential Vitamins for Growth & Development: Fat- and water-soluble vitamins support normal growth, energy metabolism, nervous system development, and immune function during key developmental years. Bioavailable forms help ensure children can actually absorb and use these nutrients.

Mineral Support for Cellular & Immune Balance: Essential trace minerals support enzyme function, immune signaling, antioxidant systems, and healthy growth. These minerals are increasingly lacking in children's diets due to soil depletion and food processing.

Antioxidant & Cellular Defense Support: Children are exposed to oxidative stress from environmental toxins, processed foods, and technology. Antioxidant compounds help protect developing cells and support healthy mitochondrial function.

Detox & Mitochondrial Support: Supporting natural detox and cellular energy pathways helps the body process everyday chemical and metabolic stress. These nutrients support antioxidant recycling and cellular resilience without overstimulation.

CQF – Combination, Quantity, Form (Kid Specific): Children do not need adult-level megadoses—they need nutrients that work together in the right forms and amounts. Dr. Prasad's CQF method ensures ingredients are paired thoughtfully, dosed appropriately for age, and delivered in forms that support balance, absorption, and

"Lions Mane Talk"

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

The History...The Present...The Future Goal...

BRIGHTER DAWN

Private Membership Association RETREAT

151 Riegles Church Road | Millersburg, PA

Call 717-447-2910

HISTORY: The Retreat was established in 2015, supported by the communities, along with a clinic that was the size of our one-room schoolhouses. In 2018, an addition was added to the Retreat; used for counseling offices, a caregiver station, a resident workshop, and a caregiver dorm area. In 2023, construction started on a subdivided lot for a large 2-story building to provide wellness therapies, medical and functional services, supplement shipping, and a health food store. The new building was intended to support those departments, while the original Brighter Dawn Retreat continued to offer care for the physical and emotional needs of its residents from the conservative communities.

PRESENT: Brighter Dawn Retreat, the original house and property, is still in operation and offering a lot of the same services that were in the original clinic, including supplement sales and health consulting. The new building is presently closed, however, there is community interest in a new business model and financing for the new building, staying with the community wellness vision, but separate from Brighter Dawn Retreat. Meanwhile, at the Retreat, we are here to serve you! For scheduling, call 717-447-2910, Monday through Friday.

FUTURE GOAL: To serve our neighbors, far and near. To continue building a healthy lifestyle. To offer medical alternatives at affordable costs. To serve our Almighty God, in respect and awe... Caring for the weak. 1 Thess. 5:14

Our annual Open House/Supper is scheduled for July 14th, 3-6 PM with financial reports, talks, and a pottery presentation.

Mon - Fri 8am - 6pm ET

All Keys are listed from Lowest to Highest.

ROUNDHOUSE
Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low D, Low E, Low F, G, A, Bb, C, D, and E | **$39.99**

KNITTLINGER
Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger – it goes as fast as any player can play it!

Keys: Low A, Low Bb Low C, and Low D | **$99.95**

BLUES SHIFTER
This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb, C, and D | **$89.99**

THE DELTA FROST COLLECTION
The workhorses of the Bushman brand. The Delta Frost comes in 3 different comb choices – Original (plastic), Steelie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

ORIGINAL
Keys: Low D, Low E, Low F, G, A, Bb, C, D, and E
$34.99

STEELIE or WOODY
Keys: Low F, G, A, Bb, C, D, and E
$49.99

HARMONICA INSTRUCTION KIT

Learn to play popular songs in minutes even if you don't know how to read music! 34 page book comes with our best-selling Roundhouse harmonica.

Choose the **Key** of Bb or C
$45.00

DINKY
Our all new Bushman Dinky has a greater note range and ability to play more songs than any true, 1-1/2" mini harmonica ever made!!! The Dinky plays much better than the typical mini, and it's more comfortable.

Keys:
G (Yellow), A (Navy), and C (Black)

TOO BUSY IN YOUR BUSINESS TO WORK ON IT?

Between the orders, the deliveries, and keeping the ledgers up by hand, there's rarely a quiet moment left to step back and ask the bigger questions: Which jobs are actually making money? Where is the cash really going? What should next season look like?

That's the part we help with.

HOW IT WORKS

- Hand off your ledgers, receipts, and order books — paper is just fine.
- We organize everything into clear, easy-to-read reports.
- We'll take your paper sheets and build spreadsheets for bonus and commission structures, and any other custom spreadsheets you need.
- No computer, email, or software needed on your end.
- You get straight numbers to make better decisions for the business.

SPREADSHEETS & REPORTS WE BUILD

- Bonus and commission structures for your crew
- Job costing and pricing worksheets
- Inventory and order tracking sheets
- Cash flow and budgeting summaries
- Payroll and hours summaries
- Custom spreadsheets for whatever paperwork you hand us

You work IN the business. We help you see it.

Gnawing hunger IN CUBA

A Cuban father arrives home after a long day of hard work. He counts the coins while his children ask what they will have to eat. His heart breaks as he looks into their pleading eyes.

In another Cuban home, a Christian man feels the stress of his family's gnawing hunger. He knows the strain of caring for his wife as she battles cancer. He knows the agony of needing to decide between a piece of fruit for his ailing wife or the taxi fare to travel home from the hospital.

A woman looks up at her leaking roof. But her leaking roof is the least of her worries. She processes the sorrow of a drinking husband. She thinks about her pantry, which is nearly always empty. Her stomach aches since she hasn't eaten in days. Sadness seems to always lurk at her door.

These are the stories of recent recipients of nutritious canned chicken from CAM's cannery in Ephrata, Pennsylvania, and other food aid made possible through your generous support.

Workers in Cuba share the responses of those who receive desperately needed food.

- **They praise God for His provision.**
- **They weep openly.**
- **Their hands tremble as they clasp the precious gift of food.**
- **A father smiles a vibrant smile—knowing that at least for tomorrow he will have food for his children.**

A CAM staff member who visited Cuba in December wrote: *I must admit, I was and am shocked and troubled by the fact that on the back doorstep of the United States is a country with such need! People vacationing on the beaches of Cuba would be shocked to know that mere miles away children are going to bed with almost nothing to eat, and the struggle for survival is similar to what you might expect in Africa or Haiti.*

In addition to providing canned chicken and other food, we are excited for the opportunity to supply spiritual food for Cuba in the form of much-needed Bibles and Christian family magazines. The dearth of Christian literature is as severe as the dearth of food.
