Editor's Corner

Hello Friends,

When your soul feels heavy and your mind feels drained, remember- God is your peace.He will restore your strength and guide you through every difficult season. Psalms 46:1

Another beautiful morning with the sun shining, it is getting pretty cold making it seem like fall is over and winter is on its way. The season comes and go and there is nothing we can do to stop it. Live one day at a time, you never know if it's going to be your last.

I should head back to my work, I still have a bunch of stuff to do. Hope everyone has a blessed day.

Julie Miller

VISION BEYOND BORDERS

Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

We are printing and distributing Bibles to:

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

Will you help send Bibles today?

$4 prints one Bible
$100 provides 25 Bibles
$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

"Lions Mane Talk"

A Better Morning Begins in the Mountains!

Good mornings begin with good choices! At Mushroom Maiden Farm, we bring you two wonderful ways to make Lion's Mane mushrooms part of your daily routine: our rich, delicious Lion's Mane coffee and our convenient Lion's Mane capsules. Together, they make a simple morning combination you can feel good about!

Our mushrooms are grown in a remarkable half-mile-long tunnel high atop the Appalachian Mountains, surrounded by exceptionally clean mountain air. We use 100% fruiting bodies. This is the actual mushroom, not grain-filled mycelium or fillers. Why does that matter? The fruiting body contains naturally occurring compounds that make Lion's Mane such a special mushroom. We believe you deserve the real thing!

Our coffee starts with premium Arabica beans, blended with Lion's Mane for a wonderfully rich, full-bodied coffee taste. And here's something special: every 28-serving bag contains more than **48,000 mg of Appalachian-grown Lion's Mane—that's well over 1,600 mg in every cup!** It's real ground coffee, not an instant substitute, with a smooth finish and no bitter aftertaste. Add our capsules to your morning routine for an easy way to enjoy Lion's Mane throughout your day.

As a multi-generational, woman-owned family business, we're proud to stand behind everything we grow and make.

Ready to make your mornings better? Discover the difference. Try our coffee, add our capsules, and bring a little Appalachian goodness to your morning!

HEALTH/HOME

Nature's Rite

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs **tonight.**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep— causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.
This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well; I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent disease.

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, restless legs, and nighttime leg cramps with Leg Relaxer™.

No mess. No menthol scent. No harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

If you want to know **whether they will work for you,** then you **have to try them.**

How do weighted blankets work?

Science shows that sleeping under weight improves sleep quality, lowers stress, and eases anxiety – and when those things are better, everything's better!

Here's a breakdown of the science that lies underneath our cozy and calming Nappers:

- **Activates the effects of Deep Touch Pressure (DTP)**
  - Increases serotonin (Feel Good Chemical) to make you feel happier and more content
  - Increases melatonin (Sleep Hormone) to lull you into blissful slumber
  - Decreases cortisol (Stress Hormone) to help reduce anxiety and stress
- **Mimics the effects of 'grounding' or 'earthing'**
- **Mimics the sensation of a warm hug**

The PraiseBird Story

A lifelong love of music and dreams as big as the sky...

My journey with harmonicas began when I was nine years old. I made a deal with my parents that if I went an entire year without eating candy, they would buy me a harmonica. That arrangement continued for several years, allowing me to own a few $80 Auto Valves—harmonicas I could otherwise only have dreamed of buying. Those instruments sparked a lifelong interest in harmonicas and music.

In 2020, I began a small side business, Chords of Praise Music, selling guitars, keyboards, and harmonicas. What started as a hobby gradually became something more. My parents allowed me to build a 10-by-14-foot room inside our carriage garage, and that tiny space served as my store for the next five years. Little by little, I added inventory and built a loyal customer base. Eventually, it seemed as though there were more instruments outside the store than inside and in 2025, I purchased a large shed, finished the interior myself and officially opened the new store in December of that year.

From the beginning, my approach has always been to help each customer get the best instrument possible for their money. Rather than automatically recommending the most familiar name, I have always enjoyed searching for overlooked gems—brands and instruments that deliver exceptional quality without the premium price. I often look at it this way: if someone has $90 to spend on a harmonica, which instrument will give that person the best possible playing experience for $90? "You get what you pay for" is generally true, but not always. A higher price or more recognizable name does not necessarily guarantee a better instrument. Over the years, I discovered that some lesser-known harmonicas could match—or even surpass—the playability, sound, and workmanship of considerably more expensive models.

That discovery eventually led to Praisebird Harmonicas.

After years of experience with instruments produced by a trusted manufacturing partner, I contacted the manufacturer directly in 2026. Together, we began developing Praisebird harmonicas using my own ideas, specifications, and design improvements, supported by their manufacturing experience. Working directly with the manufacturer gives me greater control over the details that matter, from design and playability to quality and pricing. The goal is not simply to make a new brand of harmonicas. It is to create a brand that gives harmonica players a nicer harmonica, better value, and the best possible customer experience.

Praisebird is based in Lancaster County, Pennsylvania, but at this time, my best option was to have them manufactured overseas in China. I don't know if it will ever happen but my long-term dream is to grow to the point that it would be possible to assemble or manufacture Praisebird harmonicas right here in Lancaster County. But for today I want to focus on building Praisebird into a brand that is closely connected to the people who play our instruments.

PraiseBird was founded on a lifelong love of harmonicas and music. My dream is to build a brand that truly is built by harmonica players, for harmonica players.

When you purchase a PraiseBird Founder's Edition harmonica, you help that dream grow. When you share your experience and honest feedback, you help shape what comes next. Together, we can build something special—and give your music wings.

Thank you for loving music!

About Me

My name is Samuel Beiler, and my wife, Linda and I live on a farm in Lancaster, just five miles south of Intercourse. A few things we love are: singing, teaching music, growing our own food, and caring for our animals. What began with a horse, five sheep, and a milk cow has grown to include four cows, a donkey, thirty sheep, pigs, chickens, and ducks.

My sheep are the ones that get the most love, and it isn't unusual for me to ask someone visiting my store if they'd like to meet the newborn lambs. Yes, my sheep know my voice—and also the sound of my harmonica. One of my favorite ways to relax is to sit among them, sharing some music and a few cuddles.

Music has always been a passion of mine, and one of my greatest joys is sharing that gift with the world around me. So whether you're singing around the table with your family, playing harmonica with your friends, or sitting in a quiet little pasture with the sheep, may there be a song of praise on your lips and that peace that passes all understanding in your heart.

ROUNDHOUSE
Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low D, Low E, Low F, G, A, Bb, C, D, and E | **$39.99**

KNITTLINGER
Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger – it goes as fast as any player can play it!

Keys: Low A, Low Bb Low C, and Low D | **$99.95**

BLUES SHIFTER
This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb, C, and D | **$89.99**

THE DELTA FROST COLLECTION
The workhorses of the Bushman brand. The Delta Frost comes in 3 different comb choices – Original (plastic), Steelie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

ORIGINAL
Keys: Low D, Low E, Low F, G, A, Bb, C, D, and E
$34.99

STEELIE or WOODY
Keys: Low F, G, A, Bb, C, D, and E

Froman Hill
BOYS RANCH

Restoring Hope through Discipleship

Froman Hill Boys Ranch is a residence for minor boys from the horse and buggy churches. To act as a refuge while dealing with emotional, moral and spiritual needs.

LOOKING TO SERVE?

We are in need of Big Brothers and Houseparents!

If interested call 330-343-8055.

We enjoy being house parents at Froman Hill Boys Ranch. It is very rewarding to see the young resident boys improving as they do their term here. Also, a blessing to see how the big brothers put in time and effort to help the young boys progress. We recieve so much more here then what we give. God's Blessings!
-Eli & Mary

Serving as big brother gave me lots of interesting opportunites and challenges, and trying to be a good example as Jesus left behind. It was very fulfilling and rewarding to follow rules and keep up with schedules when working with these struggling, talented young boys. To me it was a blessing, thanks to God.
-Former Big Brother, Jake

We are in need of work. Looking for simple manual piece work. If you feel led to share, call 330-343-8055 and ask for James.

My time as a Big Brother at Froman Hill Boys Ranch was worthwhile, meaningful, and inspiring. I'm glad I stepped out of my comfort zone to be a part of something special. The friendships and memories made were worth the time invested. I can honestly say I feel I received more than I gave. To God be the glory and honor!
-Big Brother, Michael

I would like to thank God for the opportunity to serve at Froman Hill Boys Ranch. If you have a desire to do something like this, do it! It truly is an enjoyable and fulfilling experience.
-Former Big Brother, Jared Hershberger

About our weeks we have spent with the Froman Hill Boys as houseparents and cooking for them- we have found it very rewarding and interesting. Would encourage anyone to give it a try. You will be richly blessed!
-The Troyers

Froman Hill Boys Ranch operates as Integrated Auxiliary of the Ohio Amish Church.

BANK OF Bird-in-Hand
a full service community bank

Phony Phone Calls and Overpayment Scams

Currently, the Bank's Fraud Department is seeing two types of fraud tactics: unsolicited phone calls impersonating someone of authority, and overpayment scams.

Unsolicited Phone Calls:

These calls will always seem urgent and possibly trick you into giving out personally identifying information over the phone. Those with a landline tend to be a prime target for this type of scam.

Please note that...

- The IRS and any law enforcement officers will never call you on the phone and ask you to send money for an outstanding debt.
- A bank's fraud center will never ask you to withdraw any money from your accounts in order to refund a charge. Be aware of any call that acts like they are transferring you to your bank. Your bank will never ask for account numbers, PIN numbers, one-time passcodes or online banking information over the phone.
- The Social Security Administration won't charge any escrow amounts for changing your social security number.
- If an unsolicited call that states a bank employee is committing fraud on your account, hang up and contact a known bank employee, no matter what the caller states.
- Any unsolicited call that asks you to click a link they are sending you, please hang up and contact your bank.
- Any instructions given on an unsolicited call that require any of your funds to be deposited into a Bitcoin ATM, no matter how convincing they seem, hang up and call a known bank employee.
- There are no reputable banks that will ask for that information over the phone. In the case of Bank of Bird-in-Hand, any employee can speak with the fraud team in order to provide input and guidance. Electronic Banking can verify if a valid fraud alert was sent to the customer.

Overpayment Scams:

One additional scam is the overpayment scam. This scam targets small businesses selling products. The "buyer" sends too much money asking you to send funds back. They will send what looks like a valid check (but it's not). It is recommended to not send merchandise or any money back for at least 5 business days. Your bank's fraud department can also try to verify the item in question for you.

"This is a surprise from God"

A channel enabling the church to minister to physical and spiritual needs around the world

Christian Aid MINISTRIES

What would it be like to live in a house with a dirt floor—one that floods whenever it rains? This is reality for Maria, an elderly widow in Nicaragua.

Maria's husband died 30 years ago. Her daughter died five years ago, and her grandson died two months later. She also lost a son in an accident. "I have suffered a lot," Maria said, "but we keep going."

Each month, Maria depends on a friend to pick up her **Help for the Elderly** food parcel. One month when her friend was sick and unable to go, Maria found herself with few options for her monthly food provisions. Not long afterward, a CAM staff member visited Maria and delivered a food parcel. Delighted, she said, "I thank you so much, in the name of the Lord. I wasn't expecting this visit. This is a surprise from God!"

Clara is another widow in Nicaragua who has experienced a life of hardship. Her husband struggled with alcoholism, and 22 years ago a vehicle struck and killed him. When she received a food parcel, she told CAM staff members, "I give thanks to God because without Him we are nothing."

Miguel and his wife also live in Nicaragua. For most of their married life, they worked for a farmer who allowed them to build a small home on his land. Together, they planted, cultivated, and harvested crops, but yielded just enough food and income to survive.

Then the owner sold the farm, leaving Miguel and his wife with no place to call home. As Christians, they chose not to fight the situation. Their daughter was able to provide a simple house for them to live in.

Miguel praised God when he received a food parcel. "All of God's blessings to me are good!" he told a CAM staff member. Amidst poverty, God's love works through His people, bringing hope to desolate hearts in the form of a food parcel. Thank you, supporters, for helping to minister to elderly people in great need.

Maria is overjoyed with the food parcel she received on a surprise visit from a CAM staff member.

What good is a wheelbarrow without a wheel?

Like a wheelbarrow without a wheel,
non-ionic minerals can be difficult for an animal's body to absorb.
Natural Way Minerals uses clay based, highly absorbable ionic minerals,
allowing for direct and efficient delivery and absorbtion within the body.
Like a functioning wheelbarrow that rolls along, dumping powerful nutrients
right where they are needed most. Resulting in greater feed efficiency
and better overall health. Want to know more? Give us a call,
we'd love to talk minerals with you.

It's time to THINK SPRING

OVB
OHIO VALLEY BIOCHAR
There is a Better Way

Now is the time to apply Ohio Valley BioChar to your fields and gardens!

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

THERE IS A DIFFERENCE!

Activiated charcoal needs to be heated over 1250° to get rid of the impurities. Charcoal produced under 1250° is not the same. Also, the activation process should be done with water, not acid!

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Biochar blends available for various farming needs, call for more information.

HORSE SENSE TIPS

HAY

- Free access to hay 24 hours a day
- Daily intake needed for average weight of a mature horse is approximately 20 pounds daily.
- Hay/Grass/Forage should make up 60 to 100% of the diet
- Most horses need 1½ to 2% of their body weight daily, more in cold weather
- They are grazing animals and do so 60% of the day, grass and quality hay is best
- Eating hay on cold nights helps conserve calories and keep them warm

Tips for Quality Hay

- Open a bale, check for debris
- Best is fine-stemmed, green, leafy hay
- Avoid moldy, dusty, sun-bleached, or over-cured
- Alfalfa should be in early bloom
- Grass hay should not have fully formed seed heads
- Check for insects such as blister beetles
- Very heavy bales may be wet inside-wet is not good

STORAGE

Store hay in a dry, covered area protected from weather and sun. Feed within one year of harvest when possible. Quality hay is necessary for horse health and performance.

DURABLE. VERSATILE. TIMELESS.

HOGIE'S WOUND SPRAY

AMAZING RESULTS IN JUST A FEW WEEKS!

TESTIMONIES:

· *Tried most wound sprays on the market and the hogie's wound spray tops it all. Easy, awesome results, a must have type of product!*

· *Our yearling colt got hooked on the gate latch ripping a chunk of flesh out and a huge flap of skin hanging. We used hogie's every morning and night and in 2 weeks it was healed shut, 4 weeks the hair had grown back and in 6 weeks there wasn't even a scar. We would not do without hogie in our barn!*

· *Our mare came in out of the pasture with a huge gouge on the top of her head with skin hanging down over her eye. We sprayed it with hogie's and in 4 weeks you couldnt tell anything had happened.*

· *I could not do without hogie's it works faster then anything on the market. usually not leaving a scar! Best part is you never have to wrap the wound.just spray it on.*

Maximum Performance Horse Supplement

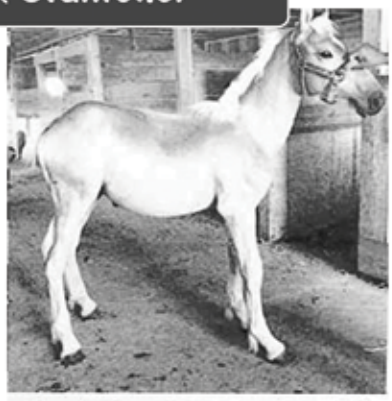
Pellets for Horses that are Picky Eaters or Have Ulcers. Also Great for Driving Horses & Stallions!

Here is a young colt with two hind Ankle OCD's and really wormy Date 6-9-20

Hay and grains have fewer minerals today. You really need to supplement for peak performance and breeding nutrition.

50 lb bag-granular, $150
lasts five horses—1 month!

50 lb bag-pellets, $135
lasts one horse—50 days!



Here is the colt 57 days later with NO OCD's in either hind leg and a beautiful shiny coat at 7-27-20

Mr Schwartz's mare was running off with his girls, biting them, he knew she had an ulcer, 15 days on the pellets, she is so calm, warms up nicely, goes longer, stronger and cools down faster. Wow, he was so excited, he wants to breed her, instead of giving her away.

Mr Miller says he had never had stronger colts, jump up right out of the bag, run around the stall and jump over the mare, before she got up. His best year breeding, mares strong after foaling, strong babies, plenty of milk. It was a dream foaling season. He will keep his mares on mp while in foal and after.

Mr Yoder had tried to breed his favorite mare for 12 years, after 30 days on MP she checked in foal. He is so excited.

Mr Yoder bought a mare they said was lame, could only be bred. He put her on mp and 15 days, she was bucking coming out of the barn. He hooked her to the cart and off she went straight down the road. He called and wanted to be a dealer. He said," Anyone with a driving horse needs MP. This is the greatest stuff for driving horses!"

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in our feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, cool down faster, and improve hoof quality.

1. **If you want to reduce ulcers.**
2. **If you want to increase stamina and reduce recovery time—may see a difference in 5 days!**
3. **If you want to increase oxygen for better stamina and improve oxygen to the cells for driving and work horses performance.**
4. **If you want to calm your mares down, reduce tying up, and anxiety.**
5. **If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.**

Learn How to Maximize Breeding!

1. **If you want to reduce OCDs, improve fertility.**
2. **If you want to have mares at peak condition ready to be checked in-foal, calm mares down as well.**
3. **If you want to improve development of your foals, strong when born, boost immune system, strong bones.**
4. **Vets explain OCDs are caused by mineral imbalance while mare is in foal.**
5. **First 11 months gestation—not enough calcium and minerals causes bone chips, OCD's.**
6. **Stallions have better sperm count, maintain muscle mass, and maintain hoof quality during breeding season and year round.**

DISCOVERY™

Bowhunter's Soap & Spray

-Discovery Results-

Results from field tests clearly indicate that hunters carry less detectable scent, observe more natural activity and tag big bucks more consistently when using Discovery™ as directed.

"This 180+" Whitetail came in, scent checked the scrape, then came on in (Bow kill 5 yds)."
–IY, Barnesville, OH

"This 200" buck and 2 does came in downwind of me, none of them had a clue until my arrow struck home @ 25 yds."
–BY, Winesburg, OH

This product is formulated to gently clean and moisturize the porous human skin, and is mildly scented with a proprietary blend of extracts and ingredients from substances found naturally within the world's finest white-tail habitat.

It was early November, and the woods were just starting to come alive with rut activity. I'd been scouting a funnel between bedding and feeding areas, and the sign was fresh. With the wind in my favor, I decided to try something I'd heard other hunters talking about – Buck Whiff.

I kept it simple. A few drops on a drag rag, and I walked a slow zigzag toward my stand. Passing an existing scrape I put a few squirts of Buck Whiff in it about 20 yards out, right where I expected movement. The scent was fresh—noticeably different from some of the bottled stuff I've tried in the past.

An hour or so after settling in, I caught movement. A decent buck stepped out, nose down, locked in on the trail I'd made. He paused at the scrape, visibly aggravated, and gave me the broadside shot I'd been waiting for.

What struck me was how naturally he reacted—paused, hair bristled, stiff legged walk – you know what I mean. He was ready for a going around with this new buck that had just intruded his territory.

I've learned that when you use a lure like Buck Whiff correctly—fresh, sparingly, and always with the wind in mind—it can tip the odds in your favor. It's not magic. But in the right moment, it's the edge that matters.

The Lure Guy, James Fresh Frozen Deer Urine shipped to your door.

Manasseh...

...was one of the most wicked Kings in Israel

Manasseh had worn a crown. He had commanded a nation. And he had spent years defying the God who gave him both. Then came the chains.

Stripped of his power and carried away as a prisoner, the wicked king who would not listen finally found himself with nowhere else to turn but to the God he defied. And there, in captivity, Manasseh did something almost unimaginable: he humbled himself and prayed. (2 Chronicles 33:10–13)

Prison has a way of silencing the noise. The locked door, the long hours, the consequences that can no longer be escaped – these can become the setting for questions a person has avoided for years. What have I done? Who have I become? Is there any way back?

Prison ministry enters that moment with an answer from Scripture: Turn to God. Seek Him. He is calling you.

Your gift brings God's Word to people behind prison bars, perhaps when they are finally ready to hear. Help us reach someone who has nowhere else to turn.
