Editor's Note

Greetings to all!

This fall weather is just beautiful, nice and sunny. The shorter days and cooler nights show that fall is here. In 10 short weeks, the days will start getting longer again.

The local presence of the measles cases continues, but the trend keeps changing. Some of the latest results are getting paralyzed from the waist down. The doctor explained it in a way my little mind could not grasp but from what I gathered, the cases that came in lately aren't the most pleasant experience. We spent some time with my dear sister at a health care facility. After being paralyzed for a few days, she is back to walking with a walker and improving fast. She will be in therapy for a bit yet.

Our neighbor provided food for his cows for the winter by chopping the privacy fence to pieces that was across the road from us the past few months.

Thanks for advertising in the Busy Beaver!

-John Zook

We need to plan a timeline for each pity party that we have for ourselves because the days that are the most wasted are the ones that go by without any laughter. -E.E. Cummings

DID YOU HEAR THAT?

Hearing loss often progresses slowly, making early signs easy to overlook.

Early detection allows healthcare professionals to identify reversible causes, recommend appropriate interventions, and help preserve long-term hearing health. Hearing loss occurs when part of the auditory system—outer ear, middle ear, inner ear, or the auditory nerve—no longer functions as it should. It can develop gradually or appear suddenly, and while aging is a common factor, it is far from the only one. Many causes are preventable or treatable when identified early.

FREE hearing tests!

Build Your Calf Barn From the Foundation Up

Smartbacteria™ is a foundation you can build on.
STARTUP GEL | CALF GOLD | GOLD SPIKE

Most calf programs focus on inputs. Milk, starter, protocols. But long before any of that matters, the foundation is already being set. A calf's microbiome develops early and when it's off, you don't just see it today, you pay for it later.
Inconsistent growth. Health challenges. Poor efficiency.
Not because the ration was wrong.
Because the foundation was.

STARTUP™ GEL

Get the gut started

A concentrated gel, providing Smart*bacteria* to start up gut function at birth

CALF GOLD™ 3E

Builds The Rumen at Birth

Proprietary Smart*bacteria* strains that work to lay the health foundation in the rumen. Helping establish a highly functioning rumen for a smooth transition at weaning.

GOLD SPIKE®

Backs The Immune System

Smart*bacteria* that help support a healthy GI tract and immune system.

Your antibiotoic alternative.

A SMART*BACTERIA*™ ALTERNATIVE FOR BARNS LOOKING TO RELY LESS ON ANTIBIOTICS

Antibiotics don't pick sides. Heavy use can cost a calf the same gut bacteria that drive digestion and immunity. Gold Spike® takes the opposite approach: it works with the calf's biology to help support a healthy GI tract and immune response, so your barn can work toward reaching for antibiotics less often.

PUT YOUR CALF BARN ON THE FOUNDATION

HOMESTEADER Milk Pail System

Featuring a Milk Pail, Butter Churn, and hassle-free Cream Separator.

- Use the same **Stainless Steel Pail** for all three functions. Available in 3 or 5-gallon size. Includes a stainless steel filter.
- The **Butter Churn** features a clear lid, so you can see when your butter is done. Churns 1-3 gallons of cream in less than 5 minutes.
- The **Cream Separator** attachment allows you to separate the cream from the skim milk by natural separation. Fill the pail with milk, attach the separator, flip it, and set it in the cooler for 6-12 hours. Then take it to the edge of a table or sink and drain off the skim. It is simple to use, and easy to clean.

Stainless Steel Pails

- Includes fine-micron stainless steel filter that sits in neck of pail.
- Square design takes less space in cooler and works great for butter making.

- Includes clear lid and stainless steel paddle. Powered by your drill. Pail sold separately.

Fits 3-gallon...3913.....$72
Fits 5-gallon...3915.....$75

Cream Separator Attachment

- Includes gasket, valve, hose.
- Fits 3 and 5 gallon Homesteader Pail
- Pail sold separately

This is not a mechanical separator; it separates by gravity. Natural separation is not a new idea ... The Homesteader is just a new simple way to do it correctly and undisturbed. It works so well that we get no cream when running the skim milk from a Homesteader through a mechanical separator.

It's time to THINK SPRING

If you want better nutrition.... you need to start with better soil

OVB
OHIO VALLEY BIOCHAR
There is a Better Way

Now is the time to apply Ohio Valley BioChar to your fields and gardens!

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Biochar blends available for various farming needs, call for more information.

ANOTHER BRUISER FOR THE WALL!!

Congratulations to another happy customer on landing this nice 11 point 142" Buck after feeding OVER-160!!

Never seen anything attract deer like Over-160. This buck was first seen while in the velvet stage and he never left the farm until he was shot on the first day of archery. We always struggled to hold deer on our farm, so obviously we are pretty impressed. Another happy Over-160 customer....

Over 160 ORIGINAL Deer Mineral

7 Reasons To Consider Feeding Over 160 Minerals

- **Powerful Toxin Binder That Works Immediately to Flush Out Toxins & Parasites.**
- **Sea-90 Trace Mineral Salt Containing Over 90 Sea Minerals for Maximum Health.**
- **Humic Acids, Check Out The Research On How It Effects CWD.**
  Bio Available Humic Acid Ingredient affects CWD. National library of medicine *https://www.ncbi.nlm.nih.gov/*
- **Not Just Salt, Highest Concentration of Vitamins & Minerals on the Market.**
- **Expect Increased Antler Growth Through Nutritional Genetic Expression.**

- **Over 160 Daylight Contains a Proprietary Deer Activating Blend of Ingredients Formulated to Keep Bucks More Active During Daylight Hours.**
- **Bottom Line is.... Stronger, Healthier, and More Robust Bucks, Does, and Fawns!!**

Disclaimer: Always check federal, state , and local hunting regulations before using this product. Laws and regulations vary by state regarding feeding or baiting of deer.

FASTER RECOVERY | BETTER DECISIONS | MORE TIME HUNTING

It was early November, and the woods were just starting to come alive with rut activity. I'd been scouting a funnel between bedding and feeding areas, and the sign was fresh. With the wind in my favor, I decided to try something I'd heard other hunters talking about – Buck Whiff.

I kept it simple. A few drops on a drag rag, and I walked a slow zigzag toward my stand. Passing an existing scrape I put a few squirts of Buck Whiff in it about 20 yards out, right where I expected movement. The scent was fresh—noticeably different from some of the bottled stuff I've tried in the past.

An hour or so after settling in, I caught movement. A decent buck stepped out, nose down, locked in on the trail I'd made. He paused at the scrape, visibly aggravated, and gave me the broadside shot I'd been waiting for.

What struck me was how naturally he reacted—paused, hair bristled, stiff legged walk – you know what I mean. He was ready for a going around with this new buck that had just intruded his territory.

I've learned that when you use a lure like Buck Whiff correctly—fresh, sparingly, and always with the wind in mind—it can tip the odds in your favor. It's not magic. But in the right moment, it's the edge that matters.

FAMILY & HEALTH

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

REAL PATIENT STORIES

"I came to MDC with lower back pain and numbness in my legs. I was barely able to walk, and I wasn't able to function or work. It was Midwest Disc Clinic or surgery.

Now after my care plan, I'm pain free and raring to go. I can put in a full day's work.

My experience was very much appreciated." — **D. Hershberger, Nashville, MI**

"I was having lower back pain and right leg pain when I came to MDC. I was on crutches for two days and in bed for a week, not able to work.

After my DOSAE® treatments, I am back to work and feel 85% to 90% better. Thank you to the doctors and staff at MDC. Everybody is very friendly and helpful!" — **D. Troyer, Randolph, NY**

PATIENT SUCCESS STORY

"After getting kicked in the head by a horse, I was left dealing with a traumatic brain injury that changed everything. I struggled with memory issues, brain fog, constant headaches, dizziness, low energy, and even trouble reading. I tried cranial sacral therapy and many other approaches, but nothing gave me the relief I needed.

Now, I truly feel like I have my life back. My mind feels clearer, my energy is returning, the headaches and dizziness have improved, and I'm finally starting to feel like my normal self again. I'm incredibly grateful to have found something that made such a meaningful difference when I had begun to wonder if I would ever feel better."

it could be your thyroid!

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.
– Dan Stoltzfus, Pennsylvania

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.
– Leah Miller, Ohio

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!
– Kathyrn Yoder, Missouri

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.
– Sue Albrecht, Michigan

I was put on Armour for an underactive thyroid and was taking it for a year. I was still not feeling well. Come to find out I didn't need to be on any medication to begin with. My hormones are now balanced and I feel better with no medication. It's nice to see and feel the results.
– S. King, Pennsylvania

THE HEALTH CORE BUNDLE

The only WHOLE FOOD, plant-based complete nutrition system on the market for total, lasting gut repair. Tranont products are made with real ingredients from nature, derived from real living plants, and do not contain artificial or synthetically manufactured ingredients like other brands. Because when it comes to healing and restoring the gut lining (and maintaining it) we have absolutely no room for anything fake or hard to utilize. It will only work against us. A poorly functioning gut cannot process synthetics and it only causes further stress on the already overloaded liver.
Try the powerful Health Core....

IT HAS CHANGED THE LIVES OF THOUSANDS!

The purpose of the Health Core :

ENRICH: powerful enzymes, probiotics and prebiotics for optimal digestion and to maintain a healthy gut. All you need to ease digestion of all five major food groups and help you get the most nutrients from what you eat. Say good-bye to bloating, gas, & stomach discomfort.

BALANCE: A unique blend of over 40 plant based vitamins, chelated minerals, and antioxidants to help fill in the gaps where your diet may be lacking. Super hormone, liver and adrenal support. Truly a one-of-a-kind multi you won't find elsewhere! Great for ALL AGES....

FOCUS: Brain food. Fermented B vitamins and minerals for natural, healthy energy, along with Tranont's special mental/clarity blend to support better brain function, focus, memory and concentration. A #1 seller for struggling students! Every busy on-the-go person will love the benefits of FOCUS.

OPTIMIZE: Cleans unwanted bacteria and bad protein cells from the bloodstream. Promotes deep, restful sleep while it helps your body to heal, repair and recover. A must-have after any type of surgery. This is your inflammation buster! Digestive issues are often linked to lots of intestinal inflammation. Optimize is a huge immune booster if taken regularly.

Horse memory played same as game below now only $14.50

Wholesale pricing available to retail stores

This memory game can be played with or without teams. When playing with teams, always sit beside an opposing teammate; teammates never sit beside each other. Teammates can all help each other when picking up cards. Each player picks up two cards when his turn comes around, *unless* the player is picking up sets. When picking up sets, player can go on until he has the whole set, *or until* he picks a card that is not in that set. The team or player that has the most points when the cards have all been picked *has won the game.*

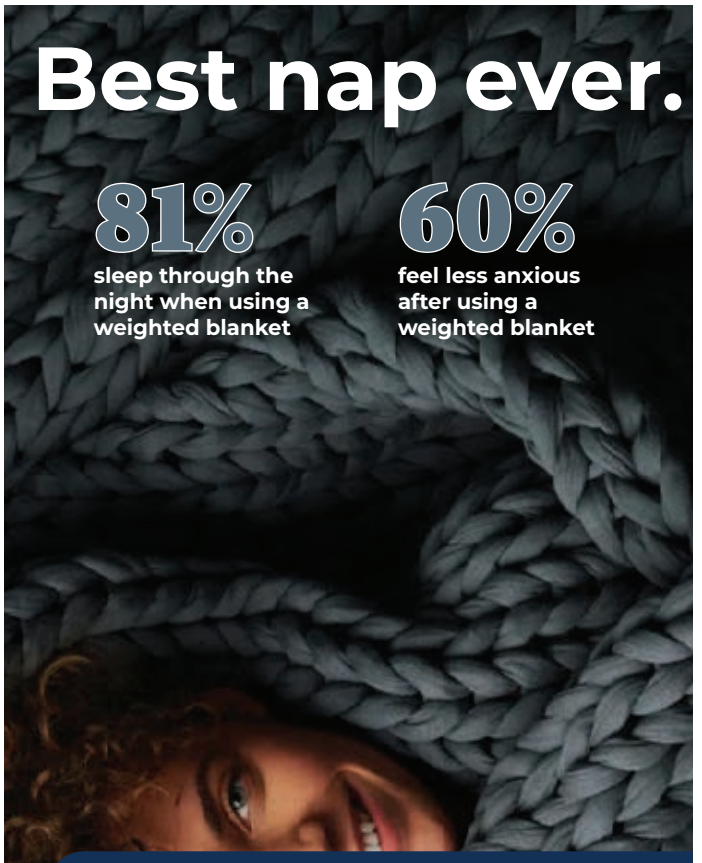
Best nap ever.

81% sleep through the night when using a weighted blanket

60% feel less anxious after using a weighted blanket



Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

SEEDTIME ACRES
PLANT AWARENESS GROW HOPE

Seedtime Acres | A Poverty Awareness Experience

Is It Possible to Understand Poverty and Make a Difference?

A conversation with Travis Hess, chairman of Seedtime Acres, explaining the Poverty Awareness Experience Project

1. WHAT IS THE POVERTY AWARENESS EXPERIENCE?

Here's the thing about poverty — it's easy to talk about in numbers and never really feel it. At Seedtime Acres, we want to change that. We take you down into the lives of people actually living in these conditions, and introduce you to the organizations already teaching them simple solutions to current problems and helping them better their situation.

You'll walk through ten zones — housing, food and water, education, healthcare, labor — each one built around real stories, not statistics. Along the way, you meet the people and organizations already doing this work on the ground. This is housed inside a new 14,000-square-foot exhibit building we're finishing up now, with an outdoor village planned as a future expansion. The awareness journey is an extension of the greater Seedtime Acres campus, which already includes an event center, guest services, and overnight lodging.

2. HOW IT STARTED?

It all started with one successful farmer who came home from Haiti and couldn't shake what he'd seen. He wasn't living extravagantly — he just realized he had much more than he needed.

He came under conviction that the life he was living wasn't doing much for those who'd never had his opportunities so he sold off a lot of unnecessary items he owned, and donated his property, including the home he'd lived in for fifty years, so it could be used to raise awareness of global poverty. In April 2024, the property moved from Christian Aid Foundation over to the newly formed Sowing Hope Foundation, which carries that vision forward today.

3. WHY AWARENESS — NOT JUST RELIEF?

It's a fair question. Why spend money on an exhibit instead of just sending it straight to the poor?

Here's how we think about it. We're not a relief organization — we raise awareness of the need and point people toward ministries who are already meeting those needs well. Think of it the way you'd think about a field. You don't eat the seed you plant - you put it in the ground first and trust the harvest that follows. Awareness works the same way. It's the planting, not the harvest, but it's what makes the harvest possible. One law of the harvest is sow sparingly, reap sparingly - sow bountifully, reap bountifully and we believe it applies to awareness. God's people have the answers to the world's problems and awareness helps them know where to direct their efforts.

4. HOW CAN YOU BE INVOLVED?

The structure is nearly complete and focus is turning towards the exhibits. ***You can DONATE time and funds.***

We're aiming to have the exhibit finished by the end of this year. Those who have volunteered and put resources into this project will get the first opportunity to walk through it as we put on the finishing touches. Current a grand opening to the public is proposed for March 2027. An outdoor village will follow as a future expansion. Over $1.3 million has already been donated to get us this far and on top of that we've had countless volunteer hours and donated materials, We still need around $700,000 to finish the exhibits. You can give funds, help with materials or skilled labor, or just tell someone else about it who might want to help.

Your support will help us create a place that helps make a difference for those trapped in cycles of extreme poverty.

Thanks for your interest in this project,
Travis Hess, Chairman

"This is a surprise from God"

A channel enabling the church to minister to physical and spiritual needs around the world

Christian Aid MINISTRIES

What would it be like to live in a house with a dirt floor—one that floods whenever it rains? This is reality for Maria, an elderly widow in Nicaragua.

Maria's husband died 30 years ago. Her daughter died five years ago, and her grandson died two months later. She also lost a son in an accident. "I have suffered a lot," Maria said, "but we keep going."

Each month, Maria depends on a friend to pick up her **Help for the Elderly** food parcel. One month when her friend was sick and unable to go, Maria found herself with few options for her monthly food provisions. Not long afterward, a CAM staff member visited Maria and delivered a food parcel. Delighted, she said, "I thank you so much, in the name of the Lord. I wasn't expecting this visit. This is a surprise from God!"

Clara is another widow in Nicaragua who has experienced a life of hardship. Her husband struggled with alcoholism, and 22 years ago a vehicle struck and killed him. When she received a food parcel, she told CAM staff members, "I give thanks to God because without Him we are nothing."

Miguel and his wife also live in Nicaragua. For most of their married life, they worked for a farmer who allowed them to build a small home on his land. Together, they planted, cultivated, and harvested crops, but yielded just enough food and income to survive.

Then the owner sold the farm, leaving Miguel and his wife with no place to call home. As Christians, they chose not to fight the situation. Their daughter was able to provide a simple house for them to live in.

Miguel praised God when he received a food parcel. "All of God's blessings to me are good!" he told a CAM staff member. Amidst poverty, God's love works through His people, bringing hope to desolate hearts in the form of a food parcel. Thank you, supporters, for helping to minister to elderly people in great need.

Maria is overjoyed with the food parcel she received on a surprise visit from a CAM staff member.

Scam Alert: Fake Farm Equipment and Vehicle Sales on Social Media

Scammers are pretending to be farm equipment businesses, selling fake equipment and vehicles. Don't be left stranded and empty-handed.

Here's How the Scam Works:

- Scammers use realistic-looking social media ads and copycat websites to sell tractors, vehicles and other farming equipment that do not exist. They'll send fake purchase agreements, demand thousands of dollars upfront, and schedule a delivery date.
- Unfortunately, the delivery never comes. It was never a legitimate business. The scammer stops answering your messages or makes excuses for why the delivery was delayed.

Stay Vigilant!

- **Before you buy based on an ad, check it out.** Do your research by searching online for the company name plus "scam" or "complaint".
- **The first search results you see might be sponsored ads.** Scammers pretending to be a real business will place paid ads to gain credibility. Scroll past those ads, and make sure to confirm the company website and contact information before engaging in a conversation.
- **Never send money to anyone who says you can only pay a certain way.** Scammers prefer payment via wire transfers, gift card, cryptocurrency, or payment app, because it's almost impossible to get it back.

Your safety is our top priority. Please share this alert with friends and family to help prevent further scams.

AUCTIONEER REMARKS - *If your ideal weekend involves a fishing rod, a tree stand, or a kayak, this one puts it all within walking distance. A few honest notes: the steep driveway with water breaks is best handled with a 4x4, and the cabin floor is uneven — it's been that way since the current owner bought it 10 years ago, and the stick-built structure could use additional supports to level it. Whether you're after a hunting camp, a weekend getaway, or a quiet place to unwind between adventures, this property puts the outdoors right at your doorstep. Convenient down payment and bridge loan options.*

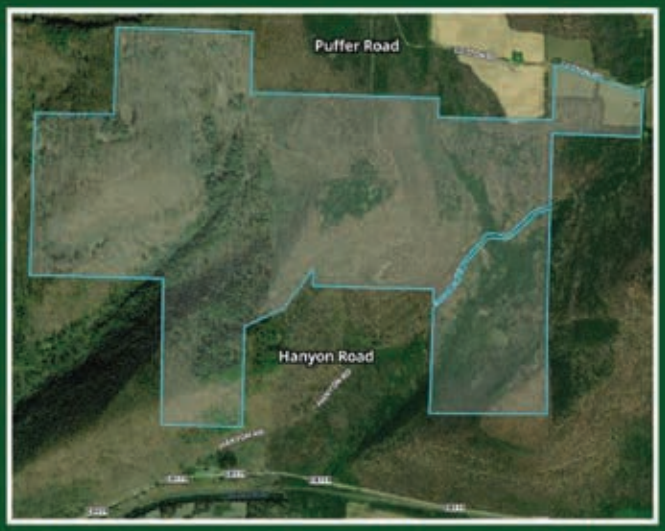
FEATURED PROPERTIES

#1

This property located in the town of Canisteo offers miles of trails and roads throughout the property great for recreational pursuits. Two streams flow through the property offering aesthetic stands of Hemlock. The forest is comprised of Red Oak, White Oak, Chestnut Oak, White Pine, and Hickory, making a great timber investment with the last timber harvest being conducted in 2010. Hunting is top level, with quality deer management being conducted on the property since the 1970s and many of the neighboring property owners subscribing to the same philosophy. Turkey and bear are common on the property as well. The property can be accessed off of CR 119 and Hanyon Rd in the summer, during the winter the upper access off of Puffer Rd is better. There is a great location with scenic views for building a cabin or lodge in the fields off of Puffer Rd, with electric running along the road. Many old food plots are available that haven't been maintained in recent years, scattered throughout the property totaling over 10 acres. Thousands of acres of state land are also available in the area for additional hunting opportunities. Hornell is 20 minutes away offering any amenities needed. Oil, Gas, and Mineral Rights are negotiable.



Steuben County - 551 Acres - Asking Price $985,000
