Editor's Corner

Hello everyone,

May your cup overflow with blessings today. My cup overflowed on Wednesday, when Dad, Mom, my sisters and a few nieces came to my house for the day. It ended up being a belated birthday surprise. Everyone coming with some food, baked goods and goodies that almost filled my freezer to the brim. Charm pizza was on the menu for lunch! Was a great day! "Blessings are everywhere. Take time to notice and enjoy them."

P.S. If you were looking for Frisky and last week's spotlight, don't worry—you'll find them in this edition. Frisky was feeling a little mischievous and hid the spotlight.

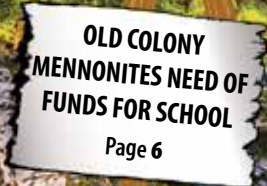

Thank You for supporting the Busy Beaver.

Have a blessed day!
Ruby Yoder

In March, let your courage bloom like the flowers.

Idaho Whole-Apple Cider Vinegar

GREAT APPLE CIDER VINEGAR HAS A "ONE-TWO" PUNCH...

1) "Mother" (aceto bacter) is required to convert alcohol into ACETIC ACID.

Acetic acid, NOT MOTHER, is alkaline forming in the body, which helps prevent disease and internal/external parasites.

2) Fresh raw apples have DIGESTIVE ENZYMES, a feature of this vinegar we call the "second punch". Unlike ACV from the other plants, our entire fermentation process is designed to keep intact all of the original enzymatic power.

So my fellow livestock producers, "Ask not if this ACV has the mother - do ask if this ACV still has all of the enzymes of the Whole-Apple?"

- ✓ EVERYBODY!

Experience True Natural Energy & Clarity
All day. Everyday.

Unlike most other brands of B vitamins, Focus is made with clean ingredients from real living plants. not synthetically manufactured ingredients from the drug factory; like Thiamin Hydrochloride (HCl), Pyridoxine hydrochloride (HCl), Folic acid, and cyanocobalamin. Those are the names for synthetic B1, B6, B9 and B12. The cheapest and most commonly used. Tranont uses real B vitamins from nature and cultures them on yeast, creating a powerful, bio-available product your body can easily recognize and successfully use. At Tranont we know that **BETTER CHOICES** bring **BETTER RESULTS**. This product has helped alot of struggling students with better focus and concentration!

Unfortunately, a lot of synthetic B vitamins end up in the toilet. Become educated and aware of what you are buying.

ARE YOU DREADING
Allergy season??

DON'T SUFFER FOR 19 YEARS LIKE I DID!!

For years I struggled with severe seasonal allergies (Spring & Fall) along with food sensitivities, headaches, chronic hives, chronic fatigue.... All this was part of my miserable everyday life. Thousands of dollars were spent as we searched for help to fix my "leaky gut". Every health practitioner was able to tell me my problem but not one of them was able to help me fix it. It was very depressing. Seven years ago we were introduced to WHOLE FOOD NUTRITION from Tranont and what a life changer! These 7 years have been the best years of my life. All honor and glory to God, our true healer.

Change Life **TRANONT**

IF YOU ARE SERIOUS about improving your health and getting ahead of your issues.... It's time to get **SERIOUS** about ingredients!! Did you know that over 95% of supplements today contain synthetic (manufactured) ingredients?? Our bodies were not created to recognize and use these foreign substances! These are NOT what our body needs to heal.

DISCOVER the benefits of REAL WHOLE FOOD NUTRITION!

MAXIMUM PERFORMANCE HORSE SUPPLEMENT

Give your horse the minerals that are no longer in the your feed!

50 lb Bag Granular \$150, last 5 horses/ 1 month. 50 lb bag pellets \$135 last 50 days/ a horse Pellets for picky eaters, with ulcers, driving horses, Stallions and mares.

Dave Mast mare was open two years in a row, 30 days on Maximum Performance and she checked in foal with NO Regu-mate.

David Patterson bred for 30 years and always trouble foaling out, weak foals, trouble re-breeding. First season on MP, mare foaled easily, baby running in the stall, plenty of milk, mare cleaned quickly and checked in foal first time bred. Very impressed.

Indiana man had mare running off, cranky, picky eater, put her on pellets, 15 days daughter said, What did you do to the mare? She is so easy to handle, drives great, looks better. MP Pellets. oh my.

Lawrence Schrock, PA said he was one of the few with no OCD's in his yearlings at the sale, thanks Maximum Performance for sound bones, strong muscled yearlings.

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in your feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, reduce muscle soreness, and improve hoof quality and build muscle.

1. If you want to reduce ulcers, acid reflux and build muscle as well.
2. If you want to increase stamina and reduce recovery time, see a difference in 5 days..
3. If you want to calm your mares down, reduce tying up, anxiety and aggression.
4. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Maximum Performance for Breeders

1. If you want to reduce OCD's (soft bone chips in ankles and hocks).
2. If you want to have mares at peak condition checked in foal.
3. If you want to improve development of your foals.
4. Vets explain OCD's are caused by mineral imbalance first 11 months in womb, not enough Calcium and minerals for the mare.
5. Stallions have better sperm count, maintain muscle mass, reduce OCD's and maintain hoof quality. contact 502-817-1947

Great for hardware, lawn

It's time to start applying OVB to your fields and gardens.

Actual results after 2 applications of BioChar.

Prevent your fruit trees from **FREEZING** in temperatures as low as 16° Use FXI (Fire Extinguisher), Biome Food & Harmonizer

If you want better nutrition.... you need to start with better soil

Biochar blends available for various farming needs, call for more information.

WHAT IS BIOCHAR?

- Our Biochar is steam activated carbon that is beneficial for our soils and animals
- Biochar creates a biology in your soil that saves money on fertilizer inputs.
 - Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
 - Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
 - Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

How Do

A-M GUTTER

GUARDS Work?

Our unique bubbled filtration system allows rainwater to pass through our patent pending design while leaving debris to dry and blow away. Our maintenance-free design not only keeps debris from sticking; it promotes airflow from top and bottom allowing debris to dry and blow away in winds as low as 5 mph.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion’s Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Temperature Forecast... Arrows beside the temperature indicate the direction temperature and humidity are trending. Increasing, stable, or decreasing.

5-Day Weather Forecast Station

#4035 | \$59.95

Crucial for planning daily activities and making informed decisions in various sectors. Builds forecast from outdoor sensor, no tower involved. Current day plus 4 more days forecast. Temp. display in C or F. Forecast only with clear icons, no rain or wind gauge.

- 2 AAA + 2 AAA for outdoor sensor
- USB power cord included for back light
- Press Snooze for back light with batteries
- 2 different alarms
- Temperature trending forecast with arrows
- Indoor/Outdoor Temperature, Humidity, Moon Phase, Air Pressure, Date & Time
- 6.5" x 5.75" x 1.5"

How reliable is the weather forecast? This is gathering data from the outdoor sensor based on the barometric pressure and temperature and will not be as accurate as an online forecast but it will still give an idea of whats coming. It can take up to 14 days for the forecast to register the weather conditions.

Having trouble connecting the outdoor sensor to the station? Press and hold the channel button on the station for 3-5 seconds on the channels beginning at 1, then 2, and 3. Allow up to 15 minutes per channel for it to connect.

Changing from C to F in temperature display... Press and hold the Max / Min button on the station for 3-5 seconds to toggle to preferred setting.

Will this work in any area? Yes, this unit is not connected to any tower for data. The clock needs to be set manually and all the information is gathered from the outdoor sensor. Sensor needs to be within 95' from station.

March Is Here!

March is here with windy days,
 Blowing hats and kites away.
 Clouds race fast across the sky,
 While birds return and sing "Hi-hi!"
 Raindrops tap on windowpanes,
 Splash in puddles, down the lanes.
 Green buds peek from sleepy trees,
 Dancing lightly in the breeze.
 Winter coats are put away,
 Flowers bloom in bright array.
 Hello spring, we laugh and play—
 Happy, blustery month of March!

Own Your Insurance Company. Keep More Money. Protect Your Legacy.

**Most businesses buy insurance.
Some businesses own it.**

With captive insurance, your company insures its own risks and keeps the profit instead of sending it to big insurance companies.

That means:

- More protection for your business
- More control
- A new profit center
- Insurance company tax treatment

And a way to help keep your business strong for generations.

CIC Services has helped hundreds of small and mid-size businesses accomplish this since 2005.

THE GIFT OF MOBILITY

Kenya

At age fifty-eight, Omar*, a Syrian father, was left disabled, without a job, and in despair. Due to a foot disease, which led to severe tissue decay in his leg, doctors were forced to amputate it. But the infection kept spreading and soon his other leg had to be removed. When Omar found himself disabled, he fell into deep depression. Because he could no longer work, Omar's wife started cleaning houses to provide an income for the family.

When Omar received a wheelchair from CAM contacts, he cried and exclaimed, "I was living in darkness. I thought many times about ending my life. I questioned God and asked, 'Why did You do this to me? Why did You make me a disabled and broken man in front of my wife and my daughters?'"

The gift of a wheelchair gave Omar hope. He began going outside and rented a small kiosk where he sells chocolate and biscuits to supplement his wife's income. "When you gave me this wheelchair, I felt strength again," Omar told CAM contacts. "I felt that I could do something to change my situation and provide for my family. I can work and talk to people. I began to think that life is possible again. God is good!"

VISION BEYOND BORDERS

Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

We are printing and distributing Bibles to:

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

Will you help send Bibles today?

- \$4 prints one Bible
- \$100 provides 25 Bibles
- \$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

Address:
 PO Box 2635
 Casper, WY 82602

The View from Here By Aaron Miller
Timelines and why they matter!

Here's a typical phone call on a Monday afternoon, hello there Aaron, my name is Typical Landowner, I have been thinking about selling my land and was wondering if you could give me an estimate on what it would sell for. Well, Mr. Landowner, there are a lot of things that would determine that so the first thing I need is your address and a LOT more information. Now all that information can be covered in another segment, so let's just talk about timelines. What a lot of sellers don't realize is the amount of time needed to plan, survey, get photography done, submit to the county, pull title work, plan, prepare, and the list goes on and on. In a typical auction scenario, (we will cover listing scenarios later) we like to have at least 45-60 days between when your contract is signed to when the property goes live as an auction on our website. All that to say that when your land or home sells in multiple parcels we typically have 70-90 days until it is ready to close. Now all things are approximate, and sometimes special circumstances will dictate early or late closings. However, it is always our goal to close the property as soon as possible because we realtor/auctioneers do not see any financial gain until the last paper has been signed and the property is closed and recorded at the county. So if you need your money by midsummer and you want an auction, call your favorite Kaufman Realtor/ Auctioneer today and let's start the conversation! Springtime is here!

That's the view from here. Until next time.
