Editor's Note:

I can't believe how fast the end of the year is approaching. However, the cooler weather keeps reminding me of that fact every morning. 50 in the morning and 80 in the afternoon. Welcome to Fall.

I have already started to get my Christmas list together. I've also bought several gifts through the Busy Beaver advertisements. Boys from about age 10 to 15 are so hard to buy for. They are not little kids but they are not grown up either. I'm thinking new fishing poles, lures and new boots.

I need a good bonfire this weekend. Maybe I can talk Bob into getting one started and having Smores and hot cocoa. Sounds like a great relaxing evening with the family.

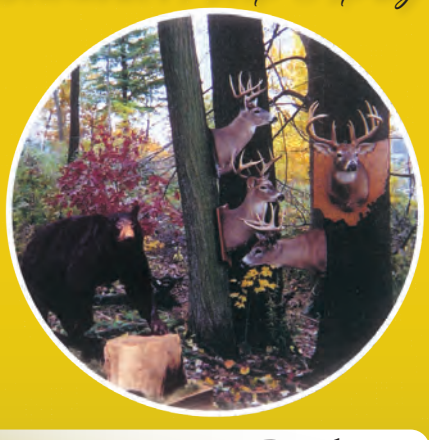
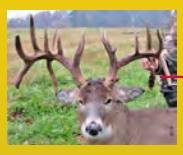
Bowhunter's Soap & Spray

-Discovery Results-

Results from field tests clearly indicate that hunters carry less detectable scent, observe more natural activity and tag big bucks more consistently when using Discovery™ as directed.





"This 200" buck and 2 does came in downwind of me, none of them had a clue until my arrow struck home @ 25 yds."

OVB
OHIO VALLEY BIOCHAR
There is a Better Way

Now is the time to apply Ohio Valley BioChar to your fields and gardens!

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Biochar blends available for various farming needs, call for more information.

They don't make them like they used to.

Science has proven that fruits and vegetables
have become less nutritious because of the depleted soil they're
grown in. So much so that today you would need to eat 8 oranges
to recieve the same nutrients as you would eating an single orange
in 1980. This is the same soil that provides food for your animals.
And this is why your animals need additional natural, clay based, highly
available, and highly absorbable, essential vitamins and minerals.

CONSULTATION RADIUS

"I started working with Derek a few years ago. He did the work to implement my plans on numerous properties in the Midwest region. I was impressed with Derek's attention to detail, willingness to ask questions to get things done right, and his integrity. Over time it seemed that he knew how I would lay out most properties before I told him."

- DON HIGGINS - *Owner of Real World Wildlife Products and Higgins Outdoors & Host of the Chasing Giants Podcast*

STEPS:

1. **Contact** Derek and share your goals, along with an aerial map.
2. **If we feel we can help,** we will quote your property map and plan.
3. **Upon your approval,** we will schedule an onsite vist.
4. **We meet on your property** to devise a long-term map and plan.
5. **Upon completion** of your written consulting plan and detailed map, it will be send to Don Higgins for review.
6. **Once Don Higgins approves** of the plan, he will stamp it and mail it to you
7. **As you implement the plan,** please know that we are on your team and willing to help coach you along the way.
8. **You will receive** a lifetime 10% discount code for RealWorld Wildlife Products.

"Call me at (574) 248-0322 to discuss your goals and situation to evaluate a possible consultation on your property. I always have a list of questions to begin the conversation to help me better understand your situation."

HUNTING/SPORTING/GRILLS

It was early November, and the woods were just starting to come alive with rut activity. I'd been scouting a funnel between bedding and feeding areas, and the sign was fresh. With the wind in my favor, I decided to try something I'd heard other hunters talking about – Buck Whiff.

I kept it simple. A few drops on a drag rag, and I walked a slow zigzag toward my stand. Passing an existing scrape I put a few squirts of Buck Whiff in it about 20 yards out, right where I expected movement. The scent was fresh—noticeably different from some of the bottled stuff I've tried in the past.

An hour or so after settling in, I caught movement. A decent buck stepped out, nose down, locked in on the trail I'd made. He paused at the scrape, visibly aggravated, and gave me the broadside shot I'd been waiting for.

What struck me was how naturally he reacted—paused, hair bristled, stiff legged walk – you know what I mean. He was ready for a going around with this new buck that had just intruded his territory.

I've learned that when you use a lure like Buck Whiff correctly—fresh, sparingly, and always with the wind in mind—it can tip the odds in your favor. It's not magic. But in the right moment, it's the edge that matters.

"Lions Mane Talk"

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

ECHINACEA PURPUREA

Each year a new patch of echinacea is established. Roots are harvested on a 3-year rotation allowing the roots to be mature and potent. Flowering tops and mature seed heads are also used, both of which are hand harvested in their respective timeframes during the season. After extraction, the three parts of the echinacea are combined and used in all our echinacea formulas and the singe extract of echinacea compound.

HELP FOR THE ELDERLY

Article space donated to CAM

"This is a surprise from God"

A channel enabling the church to minister to physical and spiritual needs around the world

Christian Aid MINISTRIES

What would it be like to live in a house with a dirt floor—one that floods whenever it rains? This is reality for Maria, an elderly widow in Nicaragua.

Maria's husband died 30 years ago. Her daughter died five years ago, and her grandson died two months later. She also lost a son in an accident. "I have suffered a lot," Maria said, "but we keep going."

Each month, Maria depends on a friend to pick up her **Help for the Elderly** food parcel. One month when her friend was sick and unable to go, Maria found herself with few options for her monthly food provisions. Not long afterward, a CAM staff member visited Maria and delivered a food parcel. Delighted, she said, "I thank you so much, in the name of the Lord. I wasn't expecting this visit. This is a surprise from God!"

Clara is another widow in Nicaragua who has experienced a life of hardship. Her husband struggled with alcoholism, and 22 years ago a vehicle struck and killed him. When she received a food parcel, she told CAM staff members, "I give thanks to God because without Him we are nothing."

Miguel and his wife also live in Nicaragua. For most of their married life, they worked for a farmer who allowed them to build a small home on his land. Together, they planted, cultivated, and harvested crops, but yielded just enough food and income to survive.

Then the owner sold the farm, leaving Miguel and his wife with no place to call home. As Christians, they chose not to fight the situation. Their daughter was able to provide a simple house for them to live in.

Miguel praised God when he received a food parcel. "All of God's blessings to me are good!" he told a CAM staff member. Amidst poverty, God's love works through His people, bringing hope to desolate hearts in the form of a food parcel. Thank you, supporters, for helping to minister to elderly people in great need.

Maria is overjoyed with the food parcel she received on a surprise visit from a CAM staff member.

COMMUNITY & LAW

The Truth About Insurance

By Rick Hessig, Attorney at Law

The plain community has long believed that when harm comes, the right response is to bear it with yieldedness — humility, and trust in God. This is not weakness. It is a testimony to the world of a different way of living. And nothing written here would ask any family to set that aside.

But yieldedness is not the same as silence when a neighbor is in need. And the church's alms fund was never meant to pay the debts of a careless stranger.

When an outside driver's negligence kills a child or breaks a family, he has created an obligation. The money his insurance holds exists for one reason: to meet that obligation. Receiving it is not a lawsuit. It is not an act of aggression. It does not require a courtroom or an adversary. It simply means allowing the one who caused the harm to do what justice already requires of him — the same way a neighbor who knocked down a fence is expected to come and repair it.

The question of whether to pursue this, and how, rightly belongs with the family and with their bishop. An attorney can do nothing without their blessing. What an attorney can do is handle the outside paperwork quietly, without conflict, and put any recovery entirely in the hands of the family to use as they and their church see fit — for the children, for the widow, for the alms fund, for whatever need the community decides.

No one is asked to quarrel. No one is asked to go before a judge. No one is asked to abandon forgiveness — indeed, forgiveness and restitution have always been able to stand side by side. A family can release the driver from their hearts entirely and still allow his obligation to be met.

The decision is yours. I only ask that you know the door is open.
