Editor's Note

Greetings!

We had to turn our clocks back last week. It's nice to get an extra hour of sleep, but that feeling is short-lived as it does take me about a week to adjust to the new time. The sun will be setting at 5pm!

I miss my garden! Luckily we do have an abundance of spaghetti squash to go through, as well as other items i did can and freeze. I'll have to check on my potatoes soon! Hopefully they did well this year.

Notice: We will have an early deadline at the end of the month for Thanksgiving week. See the calendar in the back for dates.

Have a nice week!

We were sale prepping a 2 year old gelding and he just wasn't putting on any muscle and didn't have any stamina.

Started him on Lions 6-Way and within a week he was bubbling with energy and started putting on muscle like never before.

Before Lions 6-Way we were doing 2 to 3 miles trips, after Lions 6-Way we had to drive 6 to 7 miles just to wear him down!!!

Fantastic product!!! Would recommend to anyone, especially trainers and sale preppers.

It's time to THINK SPRING

If you want better nutrition.... you need to start with better soil

OVB
OHIO VALLEY BIOCHAR
There is a Better Way

THERE IS A DIFFERENCE!
Activiated charcoal needs to be heated over 1250° to get rid of the impurities. Charcoal produced under 1250° is not the same. Also, the activation process should be done with water, not acid!

Now is the time to apply Ohio Valley BioChar to your fields and gardens!

WHAT IS BIOCHAR?
Our Biochar is steam activated carbon that is beneficial for our soils and animals
- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?
- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Biochar blends available for various farming needs, call for more information.

Build Your Calf Barn From the Foundation Up

Smartbacteria™ is a foundation you can build on.
STARTUP GEL | CALF GOLD | GOLD SPIKE

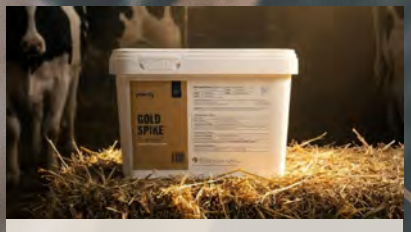
Most calf programs focus on inputs. Milk, starter, protocols. But long before any of that matters, the foundation is already being set. A calf's microbiome develops early and when it's off, you don't just see it today, you pay for it later. Inconsistent growth. Health challenges. Poor efficiency. Calf loss.
Not because the ration was wrong.
Because the foundation was.

STARTUP™ GEL
Get the gut started

A concentrated gel, providing Smart*bacteria* to start up gut function at birth and at times of stress.

CALF GOLD™ 3E
Builds The Rumen at Birth

Proprietary Smart*bacteria* strains that work to lay the health foundation in the rumen. Helping establish a highly functioning rumen for a smooth transition at weaning.



GOLD SPIKE®
Backs The Immune System

Smart*bacteria* that help support a healthy GI tract and immune system.

Your antibiotic alternative.

A SMARTBACTERIA™ ALTERNATIVE FOR BARNS LOOKING TO RELY LESS ON ANTIBIOTICS

Antibiotics don't pick sides. Heavy use can cost a calf the same gut bacteria that drive digestion and immunity. Gold Spike® takes the opposite approach: it works with the calf's biology to help support a healthy GI tract and immune response, so your barn can work toward reaching for antibiotics less often.

PUT YOUR CALF BARN ON THE FOUNDATION

Ask your Priority IAC Distributor how Smart*bacteria* can help power your farm.

They don't make them like they used to.

Science has proven that fruits and vegetables
have become less nutritious because of the depleted soil they're
grown in. So much so that today you would need to eat 8 oranges
to recieve the same nutrients as you would eating an single orange
in 1980. This is the same soil that provides food for your animals.
And this is why your animals need additional natural, clay based, highly
available, and highly absorbable, essential vitamins and minerals.

CHIMTEK Masonry Chimney Systems

THE CHIMTEK SYSTEM:

Chimtek combines quality materials and advanced technology to create America's safest and most efficient liner for masonry chimneys. The double lining concept is an important part of Chimtek's Outstanding performance.

The ***Chimtek Inner Liner*** is made of a special blend of volcanic pumice aggregates and refractory cements to withstand extremely high temperatures and resist corrosive acids, which are present in solid-fuel gases. The innermost part of the liner becomes hot almost instantly when a fire is started, and remains warm during periods of slow burn. This improves the efficiency of the heating appliance and reduces creosote formation.

The ***Chimtek Secondary Liner*** consists of a very special grade of expanded clay aggregates called leca. The leca is mixed with a small amount of cement and poured in place between the InnerLiner and the outer structure of the chimney.

CHIMTEK BLOCK

- 116 lbs. per course for lightweight
- 20 courses of block per pallet
- For 6" Chimtek liner — 49 ft. per bag of Leca
- For 8" Chimtek liner — 7 ft. per bag of Leca
- Water Sealant included in block

Note: These special Chimtek Blocks are not the only option. 4" solid block is also suitable if there is 2" of insulation between block and liner.

It was early November, and the woods were just starting to come alive with rut activity. I'd been scouting a funnel between bedding and feeding areas, and the sign was fresh. With the wind in my favor, I decided to try something I'd heard other hunters talking about – Buck Whiff.

I kept it simple. A few drops on a drag rag, and I walked a slow zigzag toward my stand. Passing an existing scrape I put a few squirts of Buck Whiff in it about 20 yards out, right where I expected movement. The scent was fresh—noticeably different from some of the bottled stuff I've tried in the past.

An hour or so after settling in, I caught movement. A decent buck stepped out, nose down, locked in on the trail I'd made. He paused at the scrape, visibly aggravated, and gave me the broadside shot I'd been waiting for.

What struck me was how naturally he reacted—paused, hair bristled, stiff legged walk – you know what I mean. He was ready for a going around with this new buck that had just intruded his territory.

I've learned that when you use a lure like Buck Whiff correctly—fresh, sparingly, and always with the wind in mind—it can tip the odds in your favor. It's not magic. But in the right moment, it's the edge that matters.

"Lions Mane Talk"

A Better Morning Begins with the Mushroom Maiden!

Good morning, neighbor! I'm the Mushroom Maiden, and I'd like to share a simple way to add Lion's Mane mushrooms to your daily routine without making life any more complicated.

I start with a good cup of coffee! **Mushroom Maiden Farm's Lion's Mane Coffee** combines rich, dark-roast Arabica coffee with more than **1,700 mg of 100% Lion's Mane fruiting bodies per serving.** That's the mushroom itself, not mycelium grown on grain, and no fillers or mystery mushroom blends. Our generous serving delivers many times more Lion's Mane than some leading brands. Just brew it in your regular coffee maker, French press, or pour-over. You get a satisfying, full-bodied cup with no mushroom taste.

Then, make it a perfect pair with our **Lion's Mane Capsules.** They're an easy, convenient way to add Lion's Mane to your morning routine, whether you're at home, heading to work, or busy with the day's chores.

Why Lion's Mane? This remarkable mushroom supports focus, mental clarity, and overall cognitive wellness. Everyone's different, but I believe in making thoughtful choices about what we put into our bodies.

At Mushroom Maiden Farm, I believe you deserve to know what you're buying. That's why we're transparent about our ingredients, use 100% fruiting bodies in all our products, and test them for safety and quality. No hidden blends. No unnecessary fillers. Just honest mushroom products from our farm.

Ready to make Lion's Mane part of your morning? Try them today and discover the difference for yourself!

Try our rich Lion's Mane Coffee. Add our convenient Capsules. Or enjoy the two together as an easy morning routine.

From my farm to your family, I invite you to give Mushroom Maiden Farm a try. Your morning cup may never be quite the same!

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs **tonight.**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep— causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.
This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well; I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, restless legs, and nighttime leg cramps with Leg Relaxer™.

No mess. **No** menthol scent. **No** harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.

– Kathyrn Yoder, Missouri

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.
– Sue Albrecht, Michigan

I was put on Armour for an underactive thyroid and was taking it for a year. I was still not feeling well. Come to find out I didn't need to be on any medication to begin with. My hormones are now balanced and I feel better with no medication. It's nice to see and feel the results.
– S. King, Pennsylvania

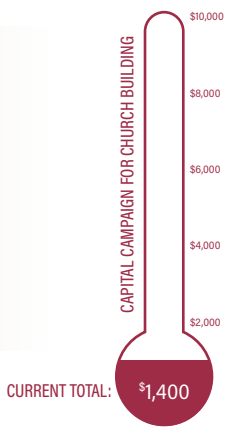
MINISTERING TO CHRISTIANS IN PAKISTAN

At **Yeshua Is The Way** Ministries, we have partnered with local Christians in Pakistan - where there is a great need for spiritual and financial support from the global church body. In a country where Christians face discrimination, poverty and persecution, there is still a hunger for God. Men, women and children are responding to the Gospel! People are being healed from pain and disease! Families are being freed from bonded debt that traps generations in manual labor.

We welcome your financial support for our current and upcoming projects. Our heart is to continue blessing and ministering to these believers - and their neighbors - by hosting Prayer Festivals, providing Food Kits, financing medical care, and more!

Current Fundraising Needs Include:

- Family Food Kits - *rice, lentils, flour, oil, etc*
- Medical Care Support - *medications, doctor visits, surgeries & transportation*
- School Scholarships for Primary and Secondary Students
- Capital Campaign to purchase a Church Building
- Salary for Pastoral Staff in Pakistan
- General Ministry Expenses - *travel, administration, website*



Yeshua is the Way is a 501c3 non-profit organization based in Central Pennsylvania.

Our mission is to support persecuted Christians throughout the nations as a partner with local believers, and to share the Gospel with people worldwide.

How do weighted blankets work?

Science shows that sleeping under weight improves sleep quality, lowers stress, and eases anxiety – and when those things are better, everything's better!

Here's a breakdown of the science that lies underneath our cozy and calming Nappers:

- **Activates the effects of Deep Touch Pressure (DTP)**
  - Increases serotonin (Feel Good Chemical) to make you feel happier and more content
  - Increases melatonin (Sleep Hormone) to lull you into blissful slumber
  - Decreases cortisol (Stress Hormone) to help reduce anxiety and stress
- **Mimics the effects of 'grounding' or 'earthing'**
- **Mimics the sensation of a warm hug**

HELP FOR THE ELDERLY

Article space donated to CAM

"This is a surprise from God"

A channel enabling the church to minister to physical and spiritual needs around the world

Christian Aid MINISTRIES

What would it be like to live in a house with a dirt floor—one that floods whenever it rains? This is reality for Maria, an elderly widow in Nicaragua.

Maria's husband died 30 years ago. Her daughter died five years ago, and her grandson died two months later. She also lost a son in an accident. "I have suffered a lot," Maria said, "but we keep going."

Each month, Maria depends on a friend to pick up her **Help for the Elderly** food parcel. One month when her friend was sick and unable to go, Maria found herself with few options for her monthly food provisions. Not long afterward, a CAM staff member visited Maria and delivered a food parcel. Delighted, she said, "I thank you so much, in the name of the Lord. I wasn't expecting this visit. This is a surprise from God!"

Clara is another widow in Nicaragua who has experienced a life of hardship. Her husband struggled with alcoholism, and 22 years ago a vehicle struck and killed him. When she received a food parcel, she told CAM staff members, "I give thanks to God because without Him we are nothing."

Miguel and his wife also live in Nicaragua. For most of their married life, they worked for a farmer who allowed them to build a small home on his land. Together, they planted, cultivated, and harvested crops, but yielded just enough food and income to survive.

Then the owner sold the farm, leaving Miguel and his wife with no place to call home. As Christians, they chose not to fight the situation. Their daughter was able to provide a simple house for them to live in.

Miguel praised God when he received a food parcel. "All of God's blessings to me are good!" he told a CAM staff member. Amidst poverty, God's love works through His people, bringing hope to desolate hearts in the form of a food parcel. Thank you, supporters, for helping to minister to elderly people in great need.

Maria is overjoyed with the food parcel she received on a surprise visit from a CAM staff member.
