Wheelchairs

THE GIFT OF MOBILITY

Kenya

At age fifty-eight, Omar*, a Syrian father, was left disabled, without a job, and in despair. Due to a foot disease, which led to severe tissue decay in his leg, doctors were forced to amputate it. But the infection kept spreading and soon his other leg had to be removed. When Omar found himself disabled, he fell into deep depression. Because he could no longer work, Omar's wife started cleaning houses to provide an income for the family.

When Omar received a wheelchair from CAM contacts, he cried and exclaimed, "I was living in darkness. I thought many times about ending my life. I questioned God and asked, 'Why did You do this to me? Why did You make me a disabled and broken man in front of my wife and my daughters?'"

The gift of a wheelchair gave Omar hope. He began going outside and rented a small kiosk where he sells chocolate and biscuits to supplement his wife's income. "When you gave me this wheelchair, I felt strength again," Omar told CAM contacts. "I felt that I could do something to change my situation and provide for my family. I can work and talk to people. I began to think that life is possible again. God is good!"

ARE YOU DREADING

Allergy season??

DON'T SUFFER FOR 19 YEARS LIKE I DID!!

For years I struggled with severe seasonal allergies (Spring & Fall) along with food sensitivities, headaches, chronic hives, chronic fatigue.... All this was part of my miserable everyday life. Thousands of dollars were spent as we searched for help to fix my "leaky gut". Every health practitioner was able to tell me my problem but not one of them was able to help me fix it. It was very depressing. Seven years ago we were introduced to WHOLE FOOD NUTRITION from Tranont and what a life changer! These 7 years have been the best years of my life. All honor and glory to God, our true healer.

Change
Life

IF YOU ARE SERIOUS about improving your health and getting ahead of your issues.... It's time to get SERIOUS about ingredients!! Did you know that over 95% of supplements today contain synthetic (manufactured) ingredients?? Our bodies were not created to recognize and use these foreign substances! These are NOT what our body needs to heal.

MAXIMUM PERFORMANCE HORSE SUPPLEMENT

Give your horse the minerals that are no longer in the your feed!

50 lb Bag Granular \$150, last 5 horses/ 1 month. 50 lb bag pellets \$135 last 50 days/ a horse Pellets for picky eaters, with ulcers, driving horses, Stallions and mares.

Dave Mast mare was open two years in a row, 30 days on Maximum Performance and she checked in foal with NO Regu-mate.

David Patterson bred for 30 years and always trouble foaling out, weak foals, trouble re-breeding. First season on MP, mare foaled easily, baby running in the stall, plenty of milk, mare cleaned quickly and checked in foal first time bred. Very impressed.

Indiana man had mare running off, cranky, picky eater, put her on pellets, 15 days daughter said, What did you do to the mare? She is so easy to handle, drives great, looks better. MP Pellets. oh my.

Lawrence Schrock, PA said he was one of the few with no OCD's in his yearlings at the sale, thanks Maximum Performance for sound bones, strong muscled yearlings.

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in your feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, reduce muscle soreness, and improve hoof quality and build muscle.

1. If you want to reduce ulcers, acid reflux and build muscle as well.
2. If you want to increase stamina and reduce recovery time, see a difference in 5 days..
3. If you want to calm your mares down, reduce tying up, anxiety and aggression.
4. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Maximum Performance for Breeders

1. If you want to reduce OCD's (soft bone chips in ankles and hocks).
2. If you want to have mares at peak condition checked in foal.
3. If you want to improve development of your foals.
4. Vets explain OCD's are caused by mineral imbalance first 11 months in womb, not enough Calcium and minerals for the mare.
5. Stallions have better sperm count, maintain muscle mass, reduce OCD's and maintain hoof quality. contact 502-817-1947

**Struggling? Frustrated?
Not getting mares in foal?**

Tests have shown significant increases in conception rates, including on foal heat, and with difficult mares.

NWM's New Broodmare Mineral was developed to address a common frustration among farmers and breeders, struggling to get their mares in foal. The success in testing speaks for itself. Ask your local dealer for more information on this exciting new product, and to see testimonials from breeders in the trial.

sQWash® *Selectively and Effectively* Kills *E. coli, Salmonella, and Clostridia!*

Ask calf growers or your veterinarian about sQWash®. Clean your facilities, then spray as a final rinse: kills E. coli, Salmonella, and Clostridia where they hide! Safe for livestock, humans, “friendly bacteria,” and pets. Developed through research by USDA, Penn State University and Nouriche Nutrition LLC.

Actual results after 2 applications of BioChar.

If you want better nutrition.... you need to start with better soil

Biochar blends available for various farming needs, call for more information.

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

ANOTHER BRUISER FOR THE WALL!!
Congratulations to another happy customer on landing this nice 11 point 142" Buck after feeding OVER-160!!

Never seen anything attract deer like Over-160. This buck was first seen while in the velvet stage and he never left the farm until he was shot on the first day of archery. We always struggled to hold deer on our farm, so obviously we are pretty impressed. Another happy Over-160 customer....

DAY

\$138 for the mat.
Add **\$12** for shipping.

Studies have shown up to 40% improvement for, stress, muscle soreness, and sleep quality after regular use of the mat for 20-30 minutes before bed. *Journal of Sleep Therapy 2015*

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. The gentle pressure of over 4,000 pressure points works to stimulate circulation, release muscle tension, and support relaxation. Start with 10-15 minutes a day and gradually increase to 20-40 minutes as your body gets used to the sensation. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! - WTHN Client

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion’s Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

HERBAL SOLUTIONS FOR EXPECTING AND NURSING MOMS!

MASTITIS RX

Herbal Capsules

HERBAL ANTIBIOTIC ALTERNATIVE FOR BREAST INFECTION :: An invaluable aid to the mom suffering from plugged ducts or mastitis. It impressively drains plugged ducts, clears infections and aids the lymph system in the breast to clear out the bacteria and swelling. **Keep this remedy on hand while nursing and use at the first sign** of breast infection or when dealing with hot, painful plugged ducts. **DO NOT WAIT UNTIL YOU HAVE A BREAST INFECTION TO ORDER!** Breast inflammation and infection are best dealt with at the first sign. I recommend using this remedy along with our Mastitis RX Salve.

APPRECIATION

One evening I felt a breast infection coming on really fast. Took 4 Mastitis RX Capsules before I went to bed and again during the night. Was gone by morning. What a blessing! Thanks for your products.

Hello to everyone in Busy Beaver land!

Have you heard about the newest handbag company called Nina LaVon? Nina LaVon started in November of 2024 and has been a huge success! I've been enjoying being a consultant and want to share with you. Nina LaVon works in the same sense as the "Thirty One" company used to. You can host shows at your house or you can do catalog shows. As a hostess you will earn FREE products, as well as half-priced products and hostess-exclusives just for you! The bigger your show obviously the more you earn. I send out FREE catalogs when requested, if you're interested in checking it out. Maybe you're interested in just 1 or 2 products? Well, guess what?! You're in luck as you can place an individual order at anytime without hosting a party. We always have several sales going on with huge discounts!

Being a consultant has its perks as well. I'd be more than happy to assist you if that's something you would be interested in. I'm looking forward to hearing from you!

Winners will receive a \$50 gift certificate

CONGRATULATIONS

The flowers bloom in colors bright,
 And birds sing loudly with delight.
 Spring breezes dance through every tree—
 A happy sign for you and me!

Our classroom fills with sunny cheer,
 As days grow warm and summer nears.
 We open windows, laugh, and play,
 Enjoying each long, golden day.

The final bells will ring so soon,
 But till they do, we hum a tune.
 With friends we learn, we smile, we play—
 Spring makes magic every day!

VISION BEYOND BORDERS

Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

We are printing and distributing Bibles to:

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

Will you help send Bibles today?

\$4 prints one Bible

\$100 provides 25 Bibles

\$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

The View from Here *By Aaron Miller*
Why isn't my property selling

That's a loaded question if there ever was one! Today we're going to tackle why some properties sit on the market for more than 90 days without generating the kind of offers that actually get them sold. This mostly applies to traditional listings, but if you use your imagination, some of the same principles apply to auctions as well.

Now before we go any further, let me be clear: this is my opinion. Others in the real estate world might have their own theories. But after nine years as a realtor and more than twenty years dealing with land and property in one way or another, I've formed a few thoughts. Shocking that I would have an opinion, I know.

Most people assume the problem must be the pictures, the marketing, the advertising, or maybe even the agent. In reality, most of the time it comes down to two things: price and location.

There are always exceptions to every rule in real estate, but here's what I've seen time and time again. When a property hits the market, people who might be interested will almost always find out about it. Between the internet, social media, neighbors talking, and someone's cousin's brother-in-law driving by, word tends to get around pretty quickly.

But if the price is too high, buyers simply won't make an offer. They might look at it online. They might even drive by. Some may schedule a showing. But when it comes time to write an offer, they disappear faster than a free donut in a real estate office.

When that happens, the property becomes what we call "stuck" on the market. After a while, sellers naturally start wondering what's wrong. They may question the marketing, the photos, or what the agent is doing. To be fair, it's not a bad thing for sellers to stay engaged and ask questions. Good communication is part of the process.

The challenge comes when the market has already given us the answer and nobody wants to hear it. If showings happen but offers don't, the market is usually trying to say something about the price.

Location can play a role too, but that might be a topic for another column.

At the end of the day, when you hire a realtor, we work for you and we will follow your direction. We're happy to do so. Just remember that when the market speaks and we don't listen, it can lead to frustration—and sometimes a property that stays on the market longer than anyone planned.

That's the view from here. Until next time.
