Who We Are

For the past six years, **The Teachers' Workshop** has hosted an annual two-day event in Holmes County designed to equip, encourage, and connect teachers locally and from surrounding communities. The workshop brings together new and experienced teachers to share ideas, discuss challenges, and find fresh motivation for the classroom. Through interactive breakout sessions on subjects like slow

learners, time management, classroom behavior, and even recess strategies, teachers leave encouraged and better prepared for the school term ahead.

Beyond the classes, the event fosters mentorship between experienced and beginning teachers and offers access to valuable classroom resources—all aimed at making a meaningful impact on the thousands of students these teachers serve throughout the year.

Expanding Our Impact

Our mission to equip teachers goes beyond the annual event. We're currently funding the Helping with English curriculum revision—an eight-book series used in many local schools. This major update will provide a more accurate and engaging curriculum for both teachers and students.

How You Can Help

The Teachers' Workshop is fully donation-supported and organized by a volunteer committee. Your financial support helps us continue hosting this valuable event and fund related projects. We are an IRS registered 501(c)3 organization and your donations are tax deductible. Together, we can make a difference!

Editor's Corner

Hello everyone,

We are almost ready to say goodbye to March, and hello to April. "A time for Growth, Renewal, and New Beginnings. Let the rains wash away the past, and the sunshine bring fresh possibilities." Oh everything looks so nice and green, tulips and Easter lilies are showing their beauty. The women are getting excited to get those first peas, radishes, lettuce, and seeds in the garden. Take time to enjoy the simple things in life.

A special "Thank you" to all advertisers and anyone who takes an interest in the Busy Beaver! We appreciate you!

May God Bless You,
Ruby Yoder

Never give up. You never know who you are inspiring.

ARE YOU DREADING
Allergy season??

DON'T SUFFER FOR 19 YEARS LIKE I DID!!
For years I struggled with severe seasonal allergies (Spring & Fall) along with food sensitivities, headaches, chronic hives, chronic fatigue.... All this was part of my miserable everyday life. Thousands of dollars were spent as we searched for help to fix my "leaky gut". Every health practitioner was able to tell me my problem but not one of them was able to help me fix it. It was very depressing. Seven years ago we were introduced to WHOLE FOOD NUTRITION from Tranont and what a life changer! These 7 years have been the best years of my life. All honor and glory to God, our true healer.

Change Life **TRANONT**

IF YOU ARE SERIOUS about improving your health and getting ahead of your issues.... It's time to get SERIOUS about ingredients!! Did you know that over 95% of supplements today contain synthetic (manufactured) ingredients?? Our bodies were not created to recognize and use these foreign substances! These are NOT what our body needs to heal.

DISCOVER the benefits of REAL WHOLE FOOD NUTRITION!

**Experience True Natural Energy & Clarity
All day. Everyday.**

Unlike most other brands of B vitamins, Focus is made with clean ingredients from real living plants. not synthetically manufactured ingredients from the drug factory; like Thiamin Hydrochloride (HCl), Pyridoxine hydrochloride (HCl), Folic acid, and cyanocobalamin. Those are the names for synthetic B1, B6, B9 and B12. The cheapest and most commonly used. Tranont uses real B vitamins from nature and cultures them on yeast, creating a powerful, bio-available product your body can easily recognize and successfully use. At Tranont we know that **BETTER CHOICES** bring **BETTER RESULTS**. This product has helped alot of struggling students with better focus and concentration!

Unfortunately, a lot of synthetic B vitamins end up in the toilet. Become educated and aware of what you are buying.

If you want better nutrition.... you need to start with better soil

Biochar blends available for various farming needs, call for more information.

WHAT IS BIOCHAR?

- Our Biochar is steam activated carbon that is beneficial for our soils and animals
- Biochar creates a biology in your soil that saves money on fertilizer inputs.
 - Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
 - Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
 - Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.

How Do A-M GUTTER GUARDS Work?

Our unique bubbled filtration system allows rainwater to pass through our patent pending design while leaving debris to dry and blow away. Our maintenance-free design not only keeps debris from sticking; it promotes airflow from top and bottom allowing debris to dry and blow away in winds as low as 5 mph.

RATED #1 BY GOOD HOUSEKEEPING!

"We do realize it's often we read about positive testimonies and we wonder- is this really the answer or as good as it sounds? But that's what it is with our story- After starting your recommendations and products (and only 3 at that!) we had total improvement in only one week! We have tried various remedies before- none which seemed to help enough, once we did a blood test we realized sometimes one of the most important things are first knowing what your body needs. Although, we do first owe thanks to God for his healing and answered prayers. We also want to take the time to thank Dr Sladic for your time and help." - **NZ, Pennsylvania**

"I had a serious thyroid issue. Suddenly, we saw Dr Sladic's ad in the budget. Is this something we want to try? Knowing we had to do something we called Tom and followed his directions. We have no regrets!! I stopped all of my other products and started Sladic's program My health climbed upward right along. To this day I thank God for his leading and healing." - **L Yutzy, Iowa.**

"Our family doctor put me on a thyroid prescription and increased my dosage three times over the next couple of years. But, it didn't seem to make me feel better. My health issues continued to get worse. After a thorough test Dr Sladic Started me on his program. It was clear other issues were contributing factors. Now after six months, I am not taking as many products and feel stronger and healthier than I have in years. If you're struggling with health issues I would definitely recommend you give this a try." - **D.S. New York**

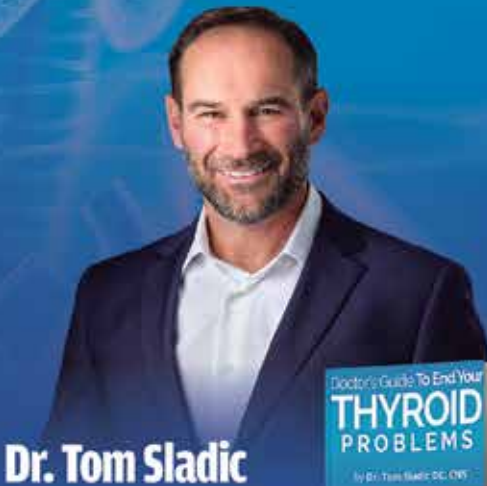

"I had multiple miscarriages and some digestive issues. I felt wonderful on your program with the diet I was following, no digestive issues at all! It helped to know what I should take to help my body heal. Right at the end of your program I became pregnant again, which was much sooner than I usually was able to." - **K Wengert, Ohio**

"I felt tired most of the time. I also had thyroid nodules. After doing your program I feel more alert and have more energy and less sick. I can do most of a days work, without needing to rest. I would recommend this program to anyone that wants to do it naturally. All people involved are very understanding and helpful. I am thankful to god for this option." - **A Yoder, Ohio**

"I found that I had a sensitivity to vitamin B12 supplements. I am always fatigued, I am very sensitive to fillers which explains my cupboard full of supplements that I can't take. After a blood test I found I had anemia, high cholesterol, and thyroid issues. After your program, my fatigue is 75% better. My second blood test showed my cholesterol lower, my anemia improved and my thyroid antibodies are gone. Thanks for your time and patience, you got a wonderful thing going. I appreciate that you didn't put me on twenty plus pills. I am only on five different supplements from you. May God bless you." - **M.H. Montana**

"I was struggling with postpartum depression, psoriasis and low energy. After your program, I can think more clearly and positively. The work doesn't overwhelm me like before. The psoriasis is slowly still improving and my energy is much better. Dr Sladic taught me how to eat better which has been a big help to our family. Thank you for your help during my journey to better health. To God be the glory." - **K. Yoder Ohio**

Gott segne Dich!

Dear Friend,

100% Folklore. Zero Science.

If you have a health problem -- and **can't** get well, there could be a very good reason. Worms and parasites!

It sounds hard to believe. I agree. But if you're alive and breathing -- **you're at risk**. You may not see these tiny creatures. But believe me -- they're there! While you sleep, they eat. **Your food! Your nutrients!**

Pet owners often have red worms.

Many eat the best natural foods and take the best supplements -- and never get well. Why is that? One reason is the worms and parasites take the best nutrients. **YOU** get the scraps -- the leftovers!

Which worm or parasite do **You** have?

- Roundworm in Skin. → Eczema
- Ascaris Worm in Lung. → Asthma
- Fluke in Pancreas. → Diabetes
- Thread Worm. → Migraines

Worms are often invisible to the Human Eye.

Severe Bloat, gone!

A man had severe bloat & constipation. He was always hungry, no matter how much he ate.

His stool sample tested positive for parasites. The **Speicher Worm Pills** ended most of the problems.

Itchy back-end.

'My back end was itchy. After only 4 days, that vanished.'

Skin now Rosy.

'My skin is now a healthy pink. It glows. The worms are gone.'

EYES. When the worms go, the eyes start to sparkle.

Did you know that microscopic parasites can cause arthritis?

Sensitive issue stopped.

A young daughter was constantly scratching her butt. Her mother found tiny, white worms in that area. They crawled out at night. **Creepy!** She took the **Speicher Worm Pills**. The itching stopped.

Four ways you can get Worms & Parasites.

- #1. Unwashed fruits and vegetables.
- #2. Unwashed watercraft from streams.
- #3. Raw-undercooked fish.
- #4. **Pork.** Try to cook all pork products at the highest possible temperature.

The Colon & Parasites.

A lot of worms & parasites flourish in the colon. That's why, keeping the colon clean is critical. Ask for **Speicher's Colon Pills**.

BEFORE YOU LET ANYONE TREAT YOUR BACK OR NECK PAIN... READ THIS.

The wrong treatment can make a disc injury worse— and surgery is rarely the first answer.

My wife suffered with low back pain for several decades. She visited maybe 10 different doctors who helped her for a while but never got to the root of the problem. Her legs hurt, she was restless at night, unable to do garden work, lawn work, or keep up the housework. One year after beginning treatment at MDC she is able to do all those things in a normal way again. We thank God for his Healing, grace and blessing the doctors with wisdom, knowledge, and the willingness to serve.

~M. Metzger- Manchester, IN

If your pain is:

- Stopping you from working your land or trade
- Keeping you from lifting or caring for your children
- Making household work difficult or impossible
- Causing leg pain, numbness, or weakness
- Waking you through the night
- Limiting your ability to serve your family and community

Your situation may be more serious than you have been told. You deserve a real answer before making any permanent decision.

Every Month, Families tell us they were told:

- “You just need injections.”
- “You’ll have to live with it.”
- “Surgery may be your only option.”

But no one explained:

Was the disc properly evaluated before treatment began? Muscle pain and disc injuries are not the same thing. The wrong treatment does not fix the real problem.

We focus only on spinal discs.

Not knees. Not shoulders. Not general aches.

Spinal discs only.

We evaluate before we treat — with a clear 2-day Discovery Process..

Within two days, you will have straight answers to four questions:

- ✓ What is the problem?
- ✓ Can we help you?
- ✓ How long will it take?
- ✓ What will it cost?

Some cases qualify. Some do not.

We will tell you honestly if your case is not a fit for our program. Everyone deserves to know exactly what they are dealing with before making a permanent decision. We are not here to waste your time or money.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion’s Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Sleep better. Every season of the year.

Bearaby

Bearaby weighted blankets are rated at **4.8 out of 5 Stars** from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

Natural deep sleep

Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind

The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling

Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Our handmade **Cotton Napper** is a breathable, knitted weighted blanket to help you fall asleep faster and feel calmer, naturally. Designed for individual use, your Napper should be about 10% of your body weight. Not designed to add warmth. **Made of 100% organic cotton.**

VISION BEYOND BORDERS

Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

We are printing and distributing Bibles to:

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

Will you help send Bibles today?

\$4 prints one Bible

\$100 provides 25 Bibles

\$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

PO Box 2635

A channel enabling the church to minister to physical and spiritual needs around the world

WORLD HUNGER FUND

Food, hope, and fellowship in Venezuela

Article space donated to CAM

CAM contacts in Venezuela work tirelessly to supply nutritious food for the most vulnerable—children, the elderly, and families facing economic hardship. Their mission is to restore dignity, nourish bodies, and build hope, one meal at a time.

Volunteer coordinators oversee a network of church-run food kitchens that provide food for the hungry. When people come to get their hot meals, they also receive spiritual encouragement and Christian literature. As the church works among its own people, they endeavor to create an environment of care, hope, and fellowship that points to the Father God.

A recipient named Doriannys shares, "In my house there's nothing to eat, my dad is in prison, the money my mom earns cleaning doesn't stretch. . . ."

Thank God for our Bible class and the teachers, who bring food and the Word of God, no matter what happens."

Please pray for the people of Venezuela as they face significant uncertainties. Your support provides help and hope amid trying times. Thank you!

The View from Here By Aaron Miller
Why isn't my property selling

That's a loaded question if there ever was one! Today we're going to tackle why some properties sit on the market for more than 90 days without generating the kind of offers that actually get them sold. This mostly applies to traditional listings, but if you use your imagination, some of the same principles apply to auctions as well.

Now before we go any further, let me be clear: this is my opinion. Others in the real estate world might have their own theories. But after nine years as a realtor and more than twenty years dealing with land and property in one way or another, I've formed a few thoughts. Shocking that I would have an opinion, I know.

Most people assume the problem must be the pictures, the marketing, the advertising, or maybe even the agent. In reality, most of the time it comes down to two things: price and location.

There are always exceptions to every rule in real estate, but here's what I've seen time and time again. When a property hits the market, people who might be interested will almost always find out about it. Between the internet, social media, neighbors talking, and someone's cousin's brother-in-law driving by, word tends to get around pretty quickly.

But if the price is too high, buyers simply won't make an offer. They might look at it online. They might even drive by. Some may schedule a showing. But when it comes time to write an offer, they disappear faster than a free donut in a real estate office.

When that happens, the property becomes what we call "stuck" on the market. After a while, sellers naturally start wondering what's wrong. They may question the marketing, the photos, or what the agent is doing. To be fair, it's not a bad thing for sellers to stay engaged and ask questions. Good communication is part of the process.

The challenge comes when the market has already given us the answer and nobody wants to hear it. If showings happen but offers don't, the market is usually trying to say something about the price.

Location can play a role too, but that might be a topic for another column.

At the end of the day, when you hire a realtor, we work for you and we will follow your direction. We're happy to do so. Just remember that when the market speaks and we don't listen, it can lead to frustration—and sometimes a property that stays on the market longer than anyone planned.

That's the view from here. Until next time.
