### Editor's Note:

Zach is finished with school until the fall. He graduated elementary school and is now officially a middle school tween. Matthew and Evelyn have one more week to go before they are out of school. They are looking forward to swimming and camping.

The boys are signed up to go on two camp outs this summer. Evelyn is wanting to go so bad. We have decided to go on a family camp out over one weekend this summer. If everything goes smoothly we will probably do it more.

I'm looking for a good watermelon. I think it might be too soon in the year for a good one. The stores are carrying them, but I hate to spend the money and it not taste good.

# Hope in the form of chicks

Tsira was only 30 years old when her husband passed away unexpectedly. She lives in the country of Georgia which is located in southeastern Europe. Life was difficult for Tsira and her two young children. “We were left without means of support. I raised my children in great poverty,” Tsira reminisced.

Time went on and Tsira’s children got married and started their own families. Life was a little easier for Tsira, now that she had only herself to support. But recently, Tsira suffered yet another loss when her son passed away suddenly. “The loss of my son was a double blow for me. Now I live with my daughter-in-law and we are raising three fatherless children. We live in great need,” Tsira told our contacts.

“Many nights I woke up thinking about what I would feed the children in the morning,” she shared. “With tears I prayed to God for help because it was painful to see my hungry grandchildren. We were going through very difficult times.”

Once again Tsira’s life changed, this time by the gift of chicks. “God’s people brought us chicks,” she rejoiced. “What surprised us even more was that

Tsira and her three grandchildren are excited to receive chicks from CAM.

along with the chicks they also brought good quality feed!” How glad Tsira and her family were for these chicks!

“Words cannot describe the joy of seeing my grandchildren smile again,” Tsira told our contacts. “Your help showed us there are still kind and caring people in the world. Now we look to the future with hope and believe that together many things can change.”

**We've all been there: it's 2:00 PM,** the "brain fog" is rolling in, and the siren song of a third espresso or a sugary snack becomes impossible to ignore. For decades, caffeine and refined sugar have been the go-to fuel for the modern worker. But while they offer a quick spark, they usually leave us with a jittery heart and an inevitable "crash" that leaves us more depleted than before. If you're looking for a sustainable way to sharpen your focus without the roller coaster, Midday Focus Greens might just be the upgrade your brain has been waiting for. True mental clarity isn't about forcing your brain to work harder through stimulants; it's about giving it the raw materials it needs to perform at its best. By trading the temporary "buzz" of sugar for the deep, nutritional support

of greens, you're not just clearing the fog--you're building a more resilient mind. Midday Focus Greens \$51.87. (Includes tax and shipping.) Buy 2 or more for a 10% discount. Call or write NuLife today to place your order. NuLife Communities 1390 Co Rd 600 Baltic, OH 43804, 330-845-4004

## CONGRATULATIONS

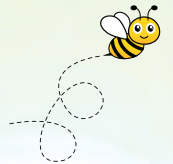

Winners from Sadie Zook

Henry Schwartz - Seymour, MO

Spring arrives in whispered light,  
Soft petals waking from winter's night,  
The air hums sweet with budding trees,  
And earth exhales in gentle breeze.

In garden rows, new life takes hold,  
Green tendrils push through patient soil,  
Hands in dirt, a quiet art,  
Each seed a promise from the heart.

Colors bloom in bright array,  
Bees drift slowly on their way,  
And in change of sun and rain,  
The world feels young and whole again.

# Take your growing experience to the next level!

Add **Humus Compost** into your fertility program.

**Humus Compost** is an all-natural, organic compost that will increase your plant's access to mineral in the soil. It will loosen your soil making the environment better for plant roots and soil biology. It is also both a biological stimulant and a biological inoculant.

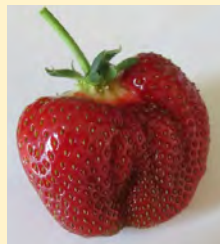

**Humus Supreme** is an easy-to-use soil amendment and fertility product that can be layered on top of planted seed to help with germination, emergence, and moisture control. **If applied in the fall with the cover crop, it will help to increase soil pore space for a healthier growing environment.**

**Terra Preta Garden Blend** is a wide spectrum Humus Compost and minerals blend ready to add to your soil. With Humus Compost, Bio-Char, Gypsum, Rock Phosphate, Basalt, Aragonite, Potassium Sulfate, and Sea-90, it will super-charge your soil for increased capacity to grow plants. Additionally, it will expand soil biology, improve water management, and improve fertilizer availability.

**Raised-Bed Soil** is a blend of composted wood products, Humus Compost, and minerals to create a soil that is not only ready to plant into, but also has potential to produce a crop for years.

**Liquid Humus Extract** is a great addition to other fertilizer programs. By adding Liquid Humus Extract to other liquid products, a grower will increase the effectiveness of foliar and injected fertilizers. Use as a stand-alone foliar supplement also boosts photosynthesis and adds to the plants growth.

If you want better nutrition.... you need to start with better soil

Biochar blends available for various farming needs, call for more information.

**WHAT IS BIOCHAR?**

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

**WHAT IS THE BENEFIT TO YOU?**

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

## “Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion’s Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

# Sleep better. Every season of the year.

# Bearaby

Bearaby weighted blankets are rated at **4.8 out of 5 Stars** from dozens of verified "Busy Beaver" Bearaby users.

**Did you know**, a Bearaby gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

## Natural deep sleep

Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

## Peace of mind

The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

## Joyful feeling

Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Our handmade **Cotton Napper** is a breathable, knitted weighted blanket to help you fall asleep faster and feel calmer, naturally. Designed for individual use, your Napper should be about 10% of your body weight. Not designed to add warmth. **Made of 100% organic cotton.**
