Editor's Corner

Goodbye, August.

Hello, September! "When all the trees change color, the days get very clear- with a little smoke on the horizon from burning leaves. The smell of warm cider, pumpkins everywhere, and the crisp breeze." I like all four seasons, but Autumn is my favorite! May this month bring you joy, love, peace, good health & happiness.

Have a wonderful day,
Ruby Yoder

WORLDWIDE REFUGEE CRISIS

NO PLACE TO CALL HOME

Refugee children in Ethiopia

Dani* from Syria once owned several businesses and was known to be a hardworking man. The once-peaceful area he lived in spiraled into chaos. Gunfire rang through the streets and kidnappings became common. In a short time, Dani lost everything he had spent years building.

"Every day felt heavier than the one before, and fear slowly replaced everything we once knew," he shared. "I watched my life collapse piece by piece." Faced with imminent danger, he made the most painful decision of his life—to flee the country in order to save himself and his family.

Dani and his family arrived in Lebanon without knowing anyone and without any clear future, carrying nothing but loss, trauma, and a fragile hope for safety. CAM contacts in Lebanon met them and began to support them with food, mattresses, blankets, and other aid.

Dani expressed deep gratitude for this support. "We had reached a point where even the smallest help meant everything," he says. "Receiving these things was a sign that someone cared . . . I thank the Lord for sending people to stand beside us when we had no one."

"We are still struggling," he admits, "but we are no longer alone. And that makes all the difference." Through loss, displacement, and fear, Dani reflects, "Suffering is not the end, God's love always finds a way to reach us."

If you wish to join us in reaching out to the world's refugees and displaced people, your support will be a blessing! In the words of a 65-year-old refugee in Ethiopia: "We continue to live in uncertainty and hardship, hoping for the day we can finally return home. **Please pray for us.**"

Idaho Whole-Apple Cider Vinegar

GREAT APPLE CIDER VINGAR HAS A "ONE-TWO" PUNCH...

1) Looking for less **disease** and **fewer internal/external parasites** this year? THIS ACV has an alkaline forming response in any mammal's body, which is your shield against those issues.

2) Wanting to stretch your hay and pasture by 20%? The **ENERGY** and **ENZYMES** from the Whole-Apples contained in this vinegar are ALL still intact to help boost your livestock's digestion of any feed. Minerals in the feed are 90% bio-available versus the 20% in most mineral mixes.

The drier your feed, the better this ACV works!!!

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

LATE-SEASON SUCCESS

WHD Late Season Blend

Reliable forage when deer need it most.

As temperatures drop and food sources become limited, **WHD Late Season Blend** produces quality forage that keeps deer returning. Its mix of winter rye, winter wheat, and winter barley is designed to thrive during the later months.

With excellent cold tolerance, high browse resistance, and the ability to perform in a variety of soil — even lower PH conditions — this blend helps maintain attraction throughout hunting season.

This blend is also an excellent cover crop and pairs well when top-seeded into WHD Early Season Blend.

Ask your local WHD dealer how Late Season Blend can help your property!

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs tonight.

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.

This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well for her—and I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up." Elva Chupp

30 Capsules ~~\$45.99~~ **\$36.79**

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, **restless legs**, and nighttime **leg cramps** with Leg Relaxer™.

No mess. No menthol scent. No harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.

– **Dan Stoltzfus, Pennsylvania**

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.

– **Leah Miller, Ohio**

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!

– **Kathryn Yoder, Missouri**

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.

– **Sue Albrecht, Michigan**

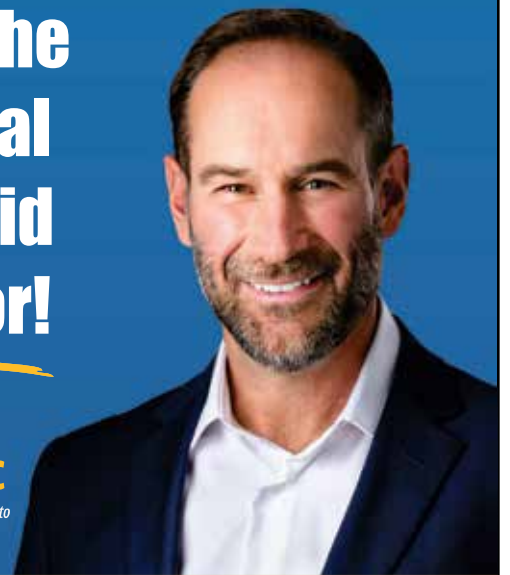

I've been dealing with Hashimoto's for years, I've been on strict diets, changed my medications many times, tried every supplement I was told to take, never felt completely well. Your products and approach has helped me the most. This is the best I've felt for years. Amazing, I've already told many people to call you.

ASK DR. NELSON: "CAN VITAMINS OR SUPPLEMENTS HELP WITH MY VARICOSE VEINS?"

The short answer is: some supplements may help with symptoms, but no vitamin or supplement can repair the faulty valves that cause varicose veins.

Why Doesn't a Vitamin Fix Varicose Veins?

Healthy leg veins have small valves that act like one-way doors, helping blood travel back toward the heart. When these valves stop working properly, blood flows backward and pools in the legs. This is called venous reflux.

Over time, venous reflux can cause enlarged veins, aching, heaviness, swelling, skin discoloration, and eventually skin damage or ulcers.

Unfortunately, a vitamin cannot make a damaged vein valve start working properly again.

What About Natural Supplements?

Some supplements have been studied for chronic venous disease. Horse chestnut extract, for example, may help reduce symptoms such as swelling and leg discomfort in some people. Other plant-based products have also been studied.

However, these supplements do not correct the mechanical problem causing the varicose veins, and the evidence for many products is limited. It is also important to remember that "natural" does not always mean safe. Some supplements can interact with medications or may not be appropriate for everyone.

If you are considering a supplement, talk with your doctor first.

What Can I Do at Home?

There are several things that can help manage symptoms:

- Walk regularly. Your calf muscles help pump blood back toward your heart.
- Elevate your legs when they are swollen or tired.
- Wear properly fitted compression stockings if the pulses in your feet are strong.
- Maintain a healthy weight.
- Have your veins evaluated if you see varicose veins of any size or skin changes, including darkening or redness.

The Bottom Line

I am not against vitamins or supplements. They can be helpful when your body needs them. But when it comes to varicose veins, there is an important difference between helping a symptom and treating the cause.

A supplement may mask your pain and help your legs feel better, but it cannot repair a vein valve that is no longer working.

If you have aching, swelling, heaviness, bulging veins, or skin changes around your ankles, a vein evaluation and ultrasound can determine whether venous reflux is causing the problem and whether treatment could help.

The good news is that modern vein treatments are minimally invasive, performed in the office, and usually require little to no downtime. You don't have to simply live with uncomfortable or unhealthy veins.

POWER YOUR HEALTH WITH FREQUENCY THERAPY

What if giving your body the right kind of support could help it function at its best?

GROUNDING:

Besides toxins & mineral depleted foods, stray voltage is a real stressor on the body. When cells lose their charge & are bombarded with unnatural frequencies, vitality is lost, micro-circulation slows or stops as blood cells clump together & inflammation runs rampant. Similar to walking barefoot in the dirt or grass, grounding replenishes electrons & removes interfering frequencies. As this is being accomplished, the devices release a gentle flood of healing frequencies.

SUPERFAST WOUND HEALING:

When cells are highly energized & circulation enhanced, tissues knit together & pain is removed in a fraction of normal healing time. Athletes use it for that purpose. A friend had a grade 3 Ankle sprain—expected recovery of 3–6 months. After using these devices, swelling was down in 6 days, discoloration was gone, and he was back to work in 3 weeks. (Can be used on horses too).

WHAT DOES ENERGY, STRAY VOLTAGE, AND PHYSICAL HEALTH HAVE IN COMMON?

Unlike electro-pollution, the right frequencies (electrical impulses) fire up your cells and triggers the entire body into healing mode. Physical health is all about cell health and function. All living organisms vibrate at certain natural frequencies. When the body is flooded with optimized frequencies, the cells are immediately energized and organized to correct imbalances, kick-starting the healing and detox cycle.

WHAT TECHNOLOGIES ARE INSIDE THESE DEVICES?

PEMF (Pulsed Electro Magnetic Field) To energize Cells

Delivers powerful electromagnetic pulses that energetically charge cells, support microcirculation, and promote overall cellular function.

Terahertz Cell & DNA Communication, Water Restructuring

Terahertz waves interact with water and support natural cellular communication, helping the body function at its optimal frequency.

Red Light

Supports cellular energy by promoting healthy mitochondrial function and natural recovery.

EMS (Electrical Muscle Stimulation)

Helps muscles contract and relax, improving tone, recovery, and overall performance.

TENS (Transcutaneous Electrical Nerve Stimulation)

Helps support natural pain relief by sending gentle electrical impulses to nerves, promoting comfort and relaxation.

RF (Radio Frequency)

Generates controlled heat deep within tissues to support circulation, collagen production, and cellular renewal.

Heat

Soothing warmth helps increase circulation, reduce stiffness, and promote relaxation.

Vibration

Enhances circulation and lymphatic flow while promoting relaxation and cellular activity.

Beyond merely providing multiple frequencies, the combination of PEMF for cell energy and Terahertz for DNA and cellular communication produces a much greater effect than one or the other applied alone.

A BREAKTHROUGH IN AFFORDABILITY AND PRICED FOR THE MASSES.

Similar to therapies folks used to travel thousands of miles to access, these can now be in every home. No clinic your schedule, on your budget. One time purchase for a lifetime of use.

LIFESTYLE

We believe the root cause of all dis-ease in the body comes from toxicity and deficiency. We believe the foundation of the body are cells, and our protocols focus on providing the body building blocks it can use to restore every cell in the body.

The most foundational component of every organ system and every part of your body is the cell and the structures within it. Your body is made up of over 30 trillion cells. Focusing on restoring your cells will move your body from a place of dis-ease to rest-oration. We do not focus on detoxing because we understand when the energy and structure is restored to the cells, your body will detox on its own at a pace that your system can handle.

Each Protocol will provide information and guidance on optimizing:

Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

Bobby Eaton is a Christian author, speaker, entrepreneur, and lifelong builder with more than five decades of experience in business and leadership. Beginning his career in masonry at the age of 10, he went on to build successful companies while remaining committed to faith, family, and serving others.

Married to his wife, Sharla, for more than 45 years, Bobby is the proud father of eight children and grandfather of fifteen. His writing and speaking draw from a lifetime of real-world experience, offering practical wisdom and biblical truth to encourage people to build lives of purpose, integrity, and lasting legacy.

Whether writing, mentoring, or speaking, Bobby's passion is simple: helping people build their faith, strengthen their families, and leave a legacy that honors God.

Randy Sadler – Principal, CIC Services, LLC

Randy has been a Principal with CIC Services since 2012. He has been a Marketing and Communications professional since 2007 when he joined Procter & Gamble's Brand Management Group. His career transitions have taken him from P&G to Pfizer Pharmaceuticals to the Ellison Group to Jewelry Television. He now leads Marketing and Client Empowerment for CIC Services, LLC. He has personally worked with over 100 business owners to help them form their own captive insurance company and keep more of their hard-earned profits.

Randy has an entrepreneurial bent and is active in investment real estate. He is an owner and principal in Woodlands Management, LLC. His partnerships manage over 400 residential properties. Randy received his Bachelor of Science degree from the United States Military Academy in 1992.

Randy resides in Knoxville, TN with his lovely bride of 33 years, Shannon. They have five children. Randy and Shannon helped found a Classical Christian School in Knoxville that is entering its 23rd year with over 250 students. Randy still serves as school board president.

Heath Walters – strategic tax planning specialist

Heath Walters is a strategic tax planning specialist who trains and partners with financial advisors to recommend and deliver specialized tax, investment, and legal/estate strategies for their high-net-worth clients. With over 10 years of experience as a CPA and Certified Tax Coach, Heath helps financial planning firms set themselves apart to their ideal clients through coaching and specialized services to complement traditional financial planning. Heath's proven process for client acquisition has led to many advisors doubling their book of business in as little as 24 months. Additionally, Heath has both a Bachelor degree in Accounting and Master of Science in Accounting from Appalachian State University.

Heath is the founder and President of The Walters Way, LLC. Heath was certified as a North Carolina CPA in 2000. He is a Certified Tax Coach as well as an instructor with The American Institute of Certified Tax Planners. Heath also conducts training seminars for financial and wealth advisors, Continuing Professional Education for CPA's, and is a mentor for other CPA's working toward converting their practice to an Advanced Tax Planning firm.

Weston Liebee – President & Co-Owner, Liberty Sheds

Weston is passionate about using business as a means to advance the Kingdom of God. As President and co-owner of Liberty Sheds, a manufacturing and retail company in North Carolina with over 90 employees, he leads in strategic planning, organizational development, and company culture. Weston Liebee is passionate about demonstrating that business can be a powerful tool for advancing the Kingdom of God. He serves as President and co-owner of Liberty Sheds, a growing manufacturing and retail company employing more than 90 people across North Carolina. Weston leads the company's strategic planning, organizational development, and culture, believing that healthy businesses create opportunities to bless employees, strengthen communities, generate wealth, and fuel missions.

Before entering the business world, Weston and his wife, Charity, spent more than a decade living among the Komba people of northern Ghana. There they helped catalyze a disciple-making movement that resulted in multiple generations of church planting while also leading community development initiatives in education, agriculture, and microfinance. Weston also managed the translation and production of the first Jesus Film in the Komba language and has trained ministry leaders in oral communication strategies for non-literate cultures.

Today, Weston and Charity continue to invest in global missions by serving as trained missionary debriefers, helping cross-cultural workers navigate crisis and life transitions. They live in Winston-Salem, North Carolina, with their three sons, and remain committed to helping people discover how business, leadership, generosity, and the Gospel can work together to transform lives.

Stay Local and Yet Reach Far

Jesus said, "...you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth." (Acts 1:8)

How is that possible? Well, you can start here and now! Most of us live and work near home and only get into surrounding areas where people can see our light.

But to the ends of the earth? Let Global Disciples do the work.

Global Disciples trains Christians in Africa and Asia who know the local language and culture to share the Good News of Jesus with the people there who never before heard the Gospel. Last year 76,239 people came to Christ and joined one of 4,246 new churches that started.

People come to Jesus only as the Holy Spirit leads. But for every \$102 given, we see someone come to faith in Jesus and get involved in a church. Most who trust in Christ and are baptized were once unreached people. Every bit helps!

I am giving to help more people from 'the ends of the earth' come to faith in Jesus Christ!
