Editor's Note

Greetings!

May seems to be quickly speeding by! I am trying to do a lot outside to enjoy the springtime before it jumps to summer.

The trees around this area are in full bloom and are absolutely beautiful! They are full of fluffy blossoms of pinks, mauves and whites. It's almost sad to know they won't last much longer. Enjoy the weather!

Reminder: Our next Busy beaver Booth will be at the Little Valley Farm Auction, June 18-19. Stop by the Busy Beaver booth and say "hi!"

Health Problems? The human body consist of 70 to 100 trillion cells. When cells are healthy, the body is healthy. When cells are unhealthy, disease or dysfunction can accrue. What's the cause? Reason science has shown that poor cellular communication is the root cause of unhealthy cells. Damaged cells struggle to alert the immune system, allowing the damage to multiply. No matter the problem, we can now Bi-replace cellular communication for the first time in history. For a free information pack for this powerful technology, contact: John Bash, 619-838-0493

Proven The Hard Way

From the creators of P-One™ and Ocean Minerals™

Built in Wisconsin. Built for a Reason.

Before gut health became a category, before microbiology became a buzzword, before every company claimed to "support the rumen," there was a problem no one had solved.

On a Wisconsin farm, animals were struggling in ways that didn't add up. Rations were balanced. Protocols were followed. And still, performance slipped, consistency broke, and health issues kept showing up.

Most accepted it.

Richard V. Breunig didn't.

The Idea That Wasn't Accepted

When Richard began focusing on the microbial environment inside the animal, it didn't get support. It got pushback.

He was told it wouldn't work. That it would fail. That it could cost him everything. Some said it would ruin his cattle, others said he was crazy.

In an industry built on tradition, that kind of thinking wasn't just questioned, it was rejected.

But the Problem Was Still There

Ignoring it didn't fix it.

Richard wasn't chasing a theory. He was trying to solve something real. So the work continued in the barn, on real animals, under real conditions. Not in a lab, not in controlled environments, and not based on assumptions.

It was built through trial, observation, and results on his Wisconsin dairy.

A Different Way Forward

What started as resistance eventually became results.

When the microbial balance inside the animal improved, intake stabilized, consistency returned, and performance followed. It wasn't magic. It was understanding what was actually driving the system.

And it challenged the way the industry had been thinking and today is reshaping the industry.

Why We Still Build It Here

A lot of companies move production when they grow.

We didn't.

Priority IAC still manufactures in-house in Wisconsin for one reason: when you control the process, you control the outcome and accountability.

No outsourcing, no shortcuts, no guessing what's in the product or how it was made. Just consistency, built the same way every time.

This Was Never About Following the Industry

Long before it was accepted, this work was already being done. Not because it was easy or popular, but because there was a responsibility to the animals and to get it right.

Even when it meant standing alone.

The Same Philosophy Today

The industry talks about gut health now. We've been building around it for decades, and we still operate the same way: close to the animals, close to the process, and focused on what actually works.

Built Here. For a Reason.

Being built in Wisconsin isn't just where we are, it's how we operate.

It means staying connected to the work, staying accountable to the outcome, and building products the way they were meant to be built.

Because when it comes to animal health and performance, where it's made matters.

Why do cows love Mayo Mats?

Mayo Mats cradle all the bony parts of the cow perfectly and help eliminate bed sores. Mayo Mats are so effective at this that even a raw egg dropped from 7 feet will not break on a Mayo Mat. Yet they are tough enough to last 10 years (guaranteed), gentle enough to cause no abrasion, firm enough to promote calm and confidence while standing, and are absolutely non slip. Mayo Mats are also guaranteed to be non-absorbent and to not belly out under a cow or cause places for liquids to pool.

Congratulations to another happy customer on landing this nice 11 point 142" Buck after feeding OVER-160!!

Never seen anything attract deer like Over-160. This buck was first seen while in the velvet stage and he never left the farm until he was shot on the first day of archery. We always struggled to hold deer on our farm, so obviously we are pretty impressed. Another happy Over-160 customer....

If you want better nutrition....
you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

Considering Disc Replacement Surgery?

Hear a Real Patient's Story Before You Make a Life-Changing Decision

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Pressure Point Mat Set

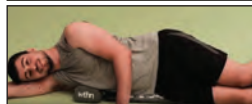

Lay back, breathe deep, and let the tension melt away.

Great Gift!
for Father's Day

\$138 for the mat.
Add **\$12** for shipping.

Studies have shown up to 40% improvement for, stress, muscle soreness, and sleep quality after regular use of the mat for 20–30 minutes before bed. *Journal of Sleep Therapy 2015*

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. The gentle pressure of over 4,000 pressure points works to stimulate circulation, release muscle tension, and support relaxation. Start with 10–15 minutes a day and gradually increase to 20–40 minutes as your body gets used to the sensation. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! – *WTHN Client*

I have experienced deeper and more restful sleep with my Bearaby. I love the coolness and weight of it. I wouldn't want to sleep without it!

R. Hershberger

Did you know, a Bearaby gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

Froman Hill

BOYS RANCH

Restoring Hope through Discipleship

Froman Hill Boys Ranch is a residence for minor boys from the horse and buggy churches. To act as a refuge while dealing with emotional, moral and spiritual needs.

LOOKING TO SERVE?

We are in need of Big Brothers and Houseparents!
If interested call 330-343-8055.

We enjoy being house parents at Froman Hill Boys Ranch. It is very rewarding to see the young resident boys improving as they do their term here. Also, a blessing to see how the big brothers put in time and effort to help the young boys progress. We receive so much more here than what we give. God's Blessings!

-Eli & Mary

Serving as big brother gave me lots of interesting opportunities and challenges, and trying to be a good example as Jesus left behind. It was very fulfilling and rewarding to follow rules and keep up with schedules when working with these struggling, talented young boys. To me it was a blessing, thanks to God.

-Former Big Brother, Jake

We are in need of work. Looking for simple manual piece work. If you feel led to share, call 330-343-8055 and ask for James.

My time as a Big Brother at Froman Hill Boys Ranch was worthwhile, meaningful, and inspiring. I'm glad I stepped out of my comfort zone to be a part of something special. The friendships and memories made were worth the time invested. I can honestly say I feel I received more than I gave. To God be the glory and honor!

-Big Brother, Michael

I would like to thank God for the opportunity to serve at Froman Hill Boys Ranch. If you have a desire to do something like this, do it! It truly is an enjoyable and fulfilling experience.

-Former Big Brother, Jared Hershberger

About our weeks we have spent with the Froman Hill Boys as houseparents and cooking for them- we have found it very rewarding and interesting. Would encourage anyone to give it a try. You will be richly blessed!

-The Troyers

Froman Hill Boys Ranch operates as Integrated Auxiliary of the Ohio Amish Church.

FARM ANIMALS

Hope in the form of chicks

Tsira was only 30 years old when her husband passed away unexpectedly. She lives in the country of Georgia which is located in southeastern Europe. Life was difficult for Tsira and her two young children. "We were left without means of support. I raised my children in great poverty," Tsira reminisced.

Time went on and Tsira's children got married and started their own families. Life was a little easier for Tsira, now that she had only herself to support. But recently, Tsira suffered yet another loss when her son passed away suddenly. "The loss of my son was a double blow for me. Now I live with my daughter-in-law and we are raising three fatherless children. We live in great need," Tsira told our contacts.

"Many nights I woke up thinking about what I would feed the children in the morning," she shared. "With tears I prayed to God for help because it was painful to see my hungry grandchildren. We were going through very difficult times."

Once again Tsira's life changed, this time by the gift of chicks. "God's people brought us chicks," she rejoiced. "What surprised us even more was that

Tsira and her three grandchildren are excited to receive chicks from CAM.

along with the chicks they also brought good quality feed!" How glad Tsira and her family were for these chicks!

"Words cannot describe the joy of seeing my grandchildren smile again," Tsira told our contacts. "Your help showed us there are still kind and caring people in the world. Now we look to the future with hope and believe that together many things can change."
