Editor's Note

Greetings to all!

We got through a storm this afternoon again, giving us some wind and a half inch of rain. Overnight we had the same amount of rain and a storm as well.

The late garden plants are doing quite well with all the moisture. But with the storms we are having, some places were not so fortunate. They had hail and the tobacco crop got shredded. From checking the corn in the field, I thought harvest might not be far away. I thought it seems like the ear will be ripe before the stalk this year, but don't go by

the Busy Beaver to determine when to fill silo.

Today I went to see the dentist so that he could check my teeth. The results will not all fit on this sheet, but I want to leave you with this. I had to think of a guy who sent his horse to have his teeth floated. He sent a note with the trucker, "Please float teeth, horse has trouble eating", that night when the horse came back the note read: "No treatment necessary, horse has no teeth,"

-John Zook

Understanding is a wellspring of life unto him that hath it. - Proverbs 16:22

Our recent collaboration with Beltone Audiology allows us to offer **Comprehensive Hearing Care**—including free hearing screenings, personalized fittings, and hearing aid servicing—all right here in our clinic.

Regenerative Joint Therapy targets painful joints by using stem-cell transplantation and/or protein rich plasma (PRP). These procedures are completed here in the clinic with minimal recovery time.

We're thrilled to announce our **Home Care Visits** program. If traveling to a medical facility is difficult for you or someone you love, we're here to help. At EWSC, we believe everyone deserves quality health care that's both accessible and affordable.

Our **Biological Dentistry** focuses on identifying and treating the underlying causes of dental issues rather than addressing symptoms alone. Care that supports a healthier smile and a healthier body.

We've also expanded our wellness offerings in the IV therapy room. We offer a wide variety of **IV therapies** including immune support, sinus support, replenish and recovery, and more.

with people worldwide.

At Yeshua Is The Way Ministries, we have partnered with local Christians in Pakistan - where there is a great need for spiritual and financial support from the global church body. In a country where Christians face discrimination, poverty and persecution, there is still a hunger for God. Men, women and children are responding to the Gospel! People are being healed from pain and disease! Families are being freed from bonded debt that traps generations in manual labor.

We welcome your financial support for our current and upcoming projects. Our heart is to continue blessing and ministering to these believers and their neighbors by hosting Prayer Festivals, providing Food Kits, financing medical care, and more!

Current Fundraising Needs Include:

- Food Kits and Medical Care Support
- Capital Campaign to purchase a Church Building
- Salary for Pastoral Staff in Pakistan
- General Ministry Expenses (*travel, administration, maintain website*)

Maximum Performance Horse Supplement

Pellets for Horses that are Picky Eaters or Have Ulcers. Also Great for Driving Horses & Stallions!

Here is a young colt with two hind Ankle OCD's and really wormy
Date 6-9-20

Hay and grains have fewer minerals today. You really need to supplement for peak performance and breeding nutrition.

**50 lb bag-granular, \$150
lasts five horses—1 month!**

**50 lb bag-pellets, \$135
lasts one horse—50 days!**

Here is the colt 57 days later with NO OCD's in either hind leg and a beautiful shiny coat at 7-27-20

Mr Schwartz's mare was running off with his girls, biting them, he knew she had an ulcer, 15 days on the pellets, she is so calm, warms up nicely, goes longer, stronger and cools down faster. Wow, he was so excited, he wants to breed her, instead of giving her away.

Mr Miller says he had never had stronger colts, jump up right out of the bag, run around the stall and jump over the mare, before she got up. His best year breeding, mares strong after foaling, strong babies, plenty of milk. It was a dream foaling season. He will keep his mares on mp while in foal and after.

Mr Yoder had tried to breed his favorite mare for 12 years, after 30 days on MP she checked in foal. He is so excited.

Mr Yoder bought a mare they said was lame, could only be bred. He put her on mp and 15 days, she was bucking coming out of the barn. He hooked her to the cart and off she went straight down the road. He called and wanted to be a dealer. He said, "Anyone with a driving horse needs MP. This is the greatest stuff for driving horses!"

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in our feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, cool down faster, and improve hoof quality.

1. If you want to reduce ulcers.
2. If you want to increase stamina and reduce recovery time—may see a difference in 5 days!
3. If you want to increase oxygen for better stamina and improve oxygen to the cells for driving and work horses performance.
4. If you want to calm your mares down, reduce tying up, and anxiety.
5. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Learn How to Maximize Breeding!

1. If you want to reduce OCDs, improve fertility.
2. If you want to have mares at peak condition ready to be checked in-foal, calm mares down as well.
3. If you want to improve development of your foals, strong when born, boost immune system, strong bones.
4. Vets explain OCDs are caused by mineral imbalance while mare is in foal.
5. First 11 months gestation—not enough calcium and minerals causes bone chips, OCD's.
6. Stallions have better sperm count, maintain muscle mass, and maintain hoof quality during breeding season and year round.

Our fur buddy is one of the most important aspects of our lives. I can tell a difference when we run out of Pharm Aloe Pet Crumbles and I take too long to replace it.

- Timothy V.

I really love this Aloe. It has helped my gelding recover from joint and hoof issues. I can tell the anti inflammatory properties and the detoxification.

Idaho Whole-Apple Cider Vinegar

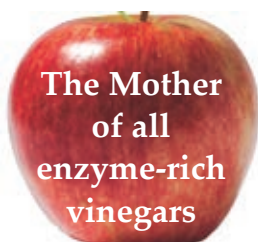

GREAT APPLE CIDER VINGAR
HAS A "ONE-TWO" PUNCH...

1) Looking for less disease and fewer internal/external parasites this year? THIS ACV has an alkaline forming response in any mammal's body, which is your shield against those issues.

2) The ENERGY and ENZYMES from the Whole-Apples contained in this vinegar are ALL still intact to help boost your livestock's digestion of any feed. The minerals in your feed are 90% bio-available.

The drier your feed, the better this ACV works!

How would you like a summer where your calves gain more and have less pink-eye?

POWERFUL, SAFE, EFFECTIVE!

**If you want better nutrition....
you need to start with better soil**

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

Looking for your milk bonus?

A farmer wrote to us saying how he lowered his cows SCC and his milk inspector is really pleased. This is what he did:

1. CMT every cow in the barn.
2. Mark all high quarters with a crayon.
3. Use Hornet Udder Tonic on those quarters once a day for 3 days.
4. Cover every quarter with Super Cow Udder Mint twice a day for 7 days.

The money he spent on his cows,
he received back from the bonus!

1 bottle is enough for 4 quarters

Stainless-Steel Spoon

Forged from a single blank of 13-gauge 304 stainless steel, this 9-3/4" long commercial-grade spoon features a heavy-duty handle and a sleek, work-hardened 16-gauge bowl. Sculpted and compressed through mechanical shaping, the thinned bowl packs immense structural strength into a lightweight profile that refuses to bend or warp.

Lawn Rake

Designed for everyday yard care, this 23-inch lawn rake features 21 flexible tines to easily clear leaves, grass clippings, and light debris without tearing up your lawn. Its lightweight, manageable design offers a perfect balance of wide surface coverage and easy maneuverability around delicate garden beds.

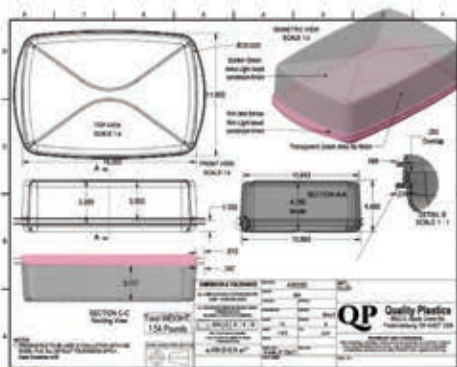

Kitchen Queen

This food-safe storage container features a 14" x 9" x 2.75" clarified plastic base for clear visibility and a vibrant, colored lid with a 2" raised dome. The high-clearance lid expands the total interior height to 4.5 inches, providing ample room for stacked baked goods or bulk meal prep without crushing them.

Helping You Develop An Alternate Solution

ANOTHER BRUISER FOR THE WALL!!
Congratulations to another happy customer on landing this nice 11 point 142" Buck after feeding OVER-160!!

Never seen anything attract deer like Over-160. This buck was first seen while in the velvet stage and he never left the farm until he was shot on the first day of archery. We always struggled to hold deer on our farm, so obviously we are pretty impressed. Another happy Over-160 customer....

Pressure Point Mat Set

Lay back, breathe deep, and let the tension melt away.

Studies have shown up to 40% improvement for, stress, muscle soreness, and sleep quality after regular use of the mat for 20-30 minutes before bed. Journal of Sleep Therapy 2015

\$138 for the mat.
Add **\$12** for shipping.

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. The gentle pressure of over 4,000 pressure points works to stimulate circulation, release muscle tension, and support relaxation. Start with 10-15 minutes a day and gradually increase to 20-40 minutes as your body gets used to the sensation. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! - WTHN Client

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.

– **Dan Stoltzfus, Pennsylvania**

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.

– **Leah Miller, Ohio**

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!

– **Kathryn Yoder, Missouri**

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.

– **Sue Albrecht, Michigan**

I was put on Armour for an underactive thyroid and was taking it for a year. I was still not feeling well. Come to find out I didn't need to be on any medication to begin with. My hormones are now balanced and I feel better with no medication. It's nice to see and feel the results.

WHY DOES DISC PAIN KEEP COMING BACK?

*What Thousands of Patients With Disc Problems Have Taught Us
About Why Some People Improve Temporarily While Others
Continue to Struggle*

Many People Are Told Their Only Options Are More Treatment, More Injections, or Surgery

If you are one of the millions of people suffering with back, neck, or sciatica pain, you are not alone. Disc problems are one of the leading causes of long-term pain and disability in our country. And if you have been dealing with this pain for any length of time, you may already know how frustrating and discouraging it can be.

Many men and women tell us the same story. They started with mild discomfort. Over time, it got worse. They saw a doctor, had tests, and tried physical therapy, chiropractic care, medications, or injections. Sometimes these treatments helped for a while. But the pain came back.

Eventually, they were told their only choices were more treatment, more injections, or even surgery.

This leaves many people feeling hopeless and unsure of what to do next. That is why we created this recorded health report.

After helping thousands of patients with disc problems, we have seen a common pattern. Some people improve temporarily, while others continue to struggle. The difference is not always what you might think.

The good news is that understanding why disc pain keeps coming back can help you ask better questions and make more informed decisions about your care.

IN THIS RECORDED REPORT YOU'LL DISCOVER:

- ✓ Why disc pain keeps coming back
- ✓ What may block disc repair
- ✓ Why relief often doesn't last
- ✓ What many patients are never told
- ✓ What may be behind sciatica symptoms
- ✓ Questions to ask before injections or surgery

REAL PATIENT STORIES

"I came to MDC with lower back pain and numbness in my legs. I was barely able to walk, and I wasn't able to function or work. It was Midwest Disc Clinic or surgery.

Now after my care plan, I'm pain free and raring to go. I can put in a full day's work.

My experience was very much appreciated." — D. Hershberger, Nashville, MI

"I was having lower back pain and right leg pain when I came to MDC. I was on crutches for two days and in bed for a week, not able to work.

After my DOSAE treatments, I am back to work and feel 85% to 90% better. Thank you to the doctors and staff at MDC. Everybody is very friendly and helpful!" — D. Troyer, Randolph, NY

Relief you can feel. Life you can enjoy

Vistalife's Relievious is formulated with carefully selected ingredients designed to help support the body's natural response to discomfort and promote overall wellness. When used as part of a comprehensive health plan, Relievious may help individuals maintain comfort, mobility, and a better quality of life, allowing them to focus on the activities they enjoy most.

Why These Ingredients Work Together

Relievious combines five scientifically researched ingredients that address pain and inflammation from multiple angles. Curcumin C3 Complex® and Bospure® help support a healthy inflammatory response. Collavant® n2 focuses on joint structure and cartilage support. AstaReal® helps combat oxidative stress that can contribute to discomfort and tissue damage. ParActin® provides additional inflammatory and immune support. Together, these ingredients create a comprehensive wellness formula designed to support comfort, flexibility, mobility, recovery, and overall quality of life. Curcumin C3 Complex® and Bospure® are well-known botanical ingredients that may help promote a healthy inflammatory response. Curcumin, derived from turmeric, has been widely valued for helping soothe occasional joint and muscle discomfort, while Boswellia may support flexibility and ease stiffness. Together, they may be especially helpful for people who want daily support for knees, back, shoulders, and other areas affected by inflammation.

Andrographis, known as andrographolides, have been extensively studied for their ability to help support the body's normal inflammatory response and promote overall resilience.

ParActin® may be particularly beneficial for individuals experiencing joint discomfort, stiffness, or physical stress associated with daily activities. Clinical studies have demonstrated its ability to support joint comfort, mobility, and physical function while helping maintain healthy inflammatory pathways. In addition to its role in pain and inflammation support, Andrographis has been recognized for supporting immune system function and overall wellness. Its inclusion in Relievious helps create a more comprehensive formula that addresses multiple factors contributing to discomfort and reduced mobility.

"Lions Mane Talk"

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Best nap ever.

Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

TOO BUSY IN YOUR BUSINESS TO WORK ON IT?

Between the orders, the deliveries, and keeping the ledgers up by hand, there's rarely a quiet moment left to step back and ask the bigger questions: Which jobs are actually making money? Where is the cash really going? What should next season look like?

That's the part we help with.

HOW IT WORKS

- Hand off your ledgers, receipts, and order books — paper is just fine.
 - We organize everything into clear, easy-to-read reports.
 - We'll take your paper sheets and build spreadsheets for bonus and commission structures, and any other custom spreadsheets you need.
 - No computer, email, or software needed on your end.
 - You get straight numbers to make better decisions for the business.
-

SPREADSHEETS & REPORTS WE BUILD

- Bonus and commission structures for your crew
 - Job costing and pricing worksheets
 - Inventory and order tracking sheets
 - Cash flow and budgeting summaries
 - Payroll and hours summaries
 - Custom spreadsheets for whatever paperwork you hand us
-

You work IN the business. We help you see it.

SMARTPAY

Stop. Think. Verify.

Before making any sudden money transfers or withdrawals, ask yourself the following questions:

- Am I on the phone with someone walking me through this transaction?
- Was I told not to tell anyone why I'm sending this money?
- Is this going to someone I've never met in person or haven't talked to in years?
- Was I told to buy gift cards?
- Did a "government official" or "bank" threaten arrest, fines, prosecution, or deportation?
- Did I get a deposit from a stranger who now wants me to send some of it back?
- Did I get an urgent call saying a family member is hurt, in danger, or in trouble?
- Was I told to deposit cash into a Bitcoin/cryptocurrency ATM?
- Am I doing this because I feel threatened or afraid of what happens if I don't?

Stay Vigilant!

- Your bank will never call you to ask for your password, PIN, or force you to make an immediate transfer.
- If something "feels off", hang up and call your financial institution directly.

Treasured encouragement and teaching for

Christians in Restricted Countries

Kamran* was on a deep search for Truth. As he looked at the people around him—even those claiming religion—he saw arguments, hatred, and slander. None of them offered what he was looking for: a peaceful and loving relationship with God.

One day, during a lunch break on the farm where Kamran worked, he talked to a co-worker. The conversation turned to God. This young co-worker shared some information that was surprising to Kamran—he and his family were Christians. As they talked, Kamran shared about his struggle to read the only Bible he had. The Bible was in a language he could hardly understand, and he struggled to comprehend the little he was able to read.

A few days later, Kamran met this Christian man again. The man brought him several Christian magazines. Kamran recalled this pivotal moment: "He told me I could borrow them but should be careful not to let anyone damage them, as his family enjoyed reading them and wanted to have them back eventually."

"Those magazines fascinated me," Kamran shared. "I asked him if he could lend me more, and we began meeting more often. I visited his family, and his father gave me a copy

of the New Testament in [a language I could read]. Then a few months later, his father gave me your contact information, saying that you could send me magazines."

Kamran knew the risk of receiving Christian literature. He started a post office box so his relatives and neighbors would not easily find out. He then began to regularly receive Christian family magazines. Sound teaching from conservative Anabaptist writers became a consistent source of Bible teaching.

Like Kamran, thousands and thousands of Christians in closed and restricted countries long for fellowship with other Christians, but have limited options. They long for encouragement and Bible-based teaching, but have almost no source.

CAM supporters' funds supply Christian family magazines, reminding these believers they are not forgotten. The material encourages them toward faithfulness to Christ as they face the challenges of living under oppressive regimes. The sound articles point them to a life of faithful obedience to the Word of God.

If you wish to help us supply these magazines to those who anxiously await their arrival, your support will be greatly appreciated!

HAVE YOU SEEN OUR LIBRARY?

WOULD YOU BE WILLING TO HELP US REACH MORE FAMILIES IN OUR LOCAL COMMUNITY?

Good books can have a lasting influence on individuals, families, and communities. Since 2015, Stoltzfus Christian Library has sought to provide wholesome, upbuilding reading material that encourages strong Christian values and strengthens the home. We are open to the general public, yet unlike most public libraries, we receive no tax dollars. As an official 501(c)(3) organization, we depend entirely on the generosity of friends and supporters who believe in the importance of making good reading material available to our community. We are a family-friendly library. We carefully screen our books and strive to maintain a high moral standard in the materials we offer. Along with our physical library location, our bookmobile brings these resources directly into the community, making regular stops at various locations. Please see the response coupon below to request a schedule of bookmobile stops.

WILL YOU HELP US KEEP THIS WORK GOING?

We are currently seeking financial support to help keep our library and bookmobile programs operating through the rest of this year. Your gift, whether large or small, can help us continue placing wholesome books into the hands of children, young people, parents, and families throughout our community. If you would like to help us meet this need, please see the response coupon below. Your support can make a real difference in helping us continue this work and reach more people with good, wholesome reading material. As a thank-you for your support—and in celebration of more than 500 years of our Anabaptist heritage—we would be pleased to send you a free copy of the book *If Anyone Would Follow Me* by John Coblentz, upon request.

Stoltzfus Family Fund:

Funds Needed,

Crist Stoltzfus (30) Fell 30 feet from a roof on July 2nd 2025 which caused a bunch of broken bones and Serious Head Injuries. Crist has a wife and three children, ages 2 year to 5 years old. As serious and life threatening as his injuries were, Crist and family have been very blessed with the recovery he has made so far. There is a need to ask for more funds as they are in Ohio for Doctoring etc.. At this time and or since the accident a year ago they had very little income coming in to support themselves, or to pay the Doctor bills etc.

If you feel led to help don't hesitate..

All Contributions are greatly appreciated to help the family in time of need. Thank You, and God Bless!...

Agricultural Health Hazards & Immune Stressors: Corn dust, silo gases & your immune system...

- Primary Hazards & Pathophysiological Mechanisms — Corn Dust & Particulates** — Inhaling organic dust containing molds, fungi, and endotoxins triggers acute and chronic pulmonary responses:
Organic Dust Toxic Syndrome (ODTS): Non-infectious, flu-like febrile illness (fever, chills, myalgia) appearing 4 to 12 hours post-exposure due to heavy endotoxin and mold inhalation.
Farmer's Lung Disease: Immune-mediated hypersensitivity pneumonitis caused by repeated exposure to thermophilic actinomycetes, leading to granulomatous alveolar inflammation and fibrosis.
- Core Prevention and Safety Standards — Silo Gases (Fermentation By-products)** — Peak within 24 to 72 hours post-filling of green forage:

Silo Gases: Avoid entering tower silos or working near active silage for at least 3 weeks post-filling.

Ventilation & PPE / Forced Air & Respirators: Run continuous blowers before entry. Use NIOSH-approved particulate respirators (N95+) for dust; toxic gases require SCBA (Self-Contained Breathing Apparatus).

Site Protocols / Access Control & Buddy System: Lock silo doors, post bilingual warning signs, and enforce a strict three-person rule (never enter a bin or silo alone).
