Editor's Corner

Hello Everyone,

Even though I walk through the valley of the shadow of death, I will fear no evil, for you are with me, your rod and staff they comfort me.
Psalms 23:4

Another beautiful morning, a little chilly to remind us that fall is on the way. Before we know it, the snow will be flying.

You do not realize how fast time is going until you look back and see how much has happened, so just enjoy each new day you are given. You never know when it will be the last.

I got a bunch of stuff to catch up on, and I should give our office a cleaning. It's been awhile since I did that. Hope everyone has a great week.

Christmas Behind Bars - - Proclaiming Liberty to Prison Inmates -

Metal bars cannot keep us from sharing the Gospel with prison inmates!

Every prison visit we make is an opportunity to put faith into action. Whether we are praying with an inmate, sharing the promises of the Bible, or placing a simple care package into waiting hands, each act says something powerful:

You have not been forgotten!

These moments open doors to conversations about faith, forgiveness, redemption, and the new life that is possible through Jesus Christ.

Your generosity helps carry this hope behind bars. Your gift provides the resources needed to continue reaching inmates with Scripture, prayer, encouragement, and practical expressions of love. When you give, you become part of every visit, every prayer, and every life touched by this ministry.

Please give today, and help us bring the hope found in Christ to those who need to know that they have not been forgotten.

VISION BEYOND BORDERS

Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

We are printing and distributing Bibles to:

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

Will you help send Bibles today?

\$4 prints one Bible

\$100 provides 25 Bibles

\$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

Products built for the EPM BATTLE

ReBalance Bb targets the immune and inflammatory side. It is a 32 oz liquid built on a proprietary extract blend of Pau d'Arco, maitake, echinacea purpurea root, and goldenseal root, plus aloe vera concentrate along with prebiotics from yeast extract and dried chicory root to support a hindgut that illness, stress, and long medication courses tend to disrupt. If immune competence is what separates the horses who clear the parasite from those who don't, immune support isn't peripheral during recovery. **Rebound CNS** targets nerve, muscle, and connective tissue. Alongside its herbal blend, the

top-dress delivers vitamin E and selenium yeast, plus acetyl L-carnitine for neural and mitochondrial support, choline and inositol as building blocks of nerve cell membranes and myelin, flaxseed for omega-3s, and vitamin C for antioxidant support and collagen formation. It is labeled to pair with **ReBalance Bb** for EPM horses, may help restore nerve weakness or damage, and may improve healing time on muscle, ligament, and tendon damage.

That last point matters: a horse that has been compensating asymmetrically for weeks has usually accumulated soft-tissue strain well beyond the neurological deficit itself. These two products have been in our top sellers in our line for many years.

A good experience with Lions 6-way was when we decided to put a couple of draft colts on a diet of 2-3 LB. of Lions 6-way per day with about 3 1/2 LB. of oats per day. Never before did we have 2 yr. olds or even

3 yr. olds filled out like these were.

The hay was 2nd or 3rd cutting alfalfa-grass mix, free choice.

It wasn't always the best quality hay.

A very satisfied customer. (Illinois)

Froman Hill

BOYS RANCH

Restoring Hope through Discipleship

Froman Hill Boys Ranch is a residence for minor boys from the horse and buggy churches. To act as a refuge while dealing with emotional, moral and spiritual needs.

LOOKING TO SERVE?

We are in need of Big Brothers and Houseparents!
If interested call 330-343-8055.

We enjoy being house parents at Froman Hill Boys Ranch. It is very rewarding to see the young resident boys improving as they do their term here. Also, a blessing to see how the big brothers put in time and effort to help the young boys progress. We receive so much more here than what we give. God's Blessings!

-Eli & Mary

Serving as big brother gave me lots of interesting opportunities and challenges, and trying to be a good example as Jesus left behind. It was very fulfilling and rewarding to follow rules and keep up with schedules when working with these struggling, talented young boys. To me it was a blessing, thanks to God.

-Former Big Brother, Jake

We are in need of work. Looking for simple manual piece work. If you feel led to share, call 330-343-8055 and ask for James.

My time as a Big Brother at Froman Hill Boys Ranch was worthwhile, meaningful, and inspiring. I'm glad I stepped out of my comfort zone to be a part of something special. The friendships and memories made were worth the time invested. I can honestly say I feel I received more than I gave. To God be the glory and honor!

-Big Brother, Michael

I would like to thank God for the opportunity to serve at Froman Hill Boys Ranch. If you have a desire to do something like this, do it! It truly is an enjoyable and fulfilling experience.

-Former Big Brother, Jared Hershberger

About our weeks we have spent with the Froman Hill Boys as houseparents and cooking for them- we have found it very rewarding and interesting. Would encourage anyone to give it a try. You will be richly blessed!

-The Troys

Froman Hill Boys Ranch operates as Integrated Auxiliary of the Ohio Amish Church.

The Power behind Young Living's Inner Boost & Balance

Key Ingredients:

BLOOD ORANGE EXTRACT

Supports skin health and helps counteract hyperpigmentation. Obtained from the juice of three pigmented varieties of Sicilian blood oranges-Moro, Tarocco, and Sanguinello-grown exclusively in a particular area surrounding Europe's most active volcano, Mount Etna. The boosting powers:

- May reduce oxidative stress • Help reduce skin sensitivity • Support healthy glutathione levels • Counteract skin hyperpigmentation (melanin production and sun damage)

NATURAL B COMPLEX

Maintains healthy energy levels and cognitive function. Derived from dried quinoa sprouts, this vitamin B complex includes (B1), (B2), (B3), (B5), (B6), (B7), (B9), (B12). The boosting powers help:

- Support healthy cognitive aging • Support a healthy nervous system • Contribute to normal physiological function

PREBIOTIC FIBER

(organic agave inulin and soluble tapioca fiber): Supports healthy digestion. Agave inulin is extracted from the Agave tequilana plant, which is indigenous to Mexico. It belongs to the family of fibers known as fructans, which have prebiotic benefits.

Soluble tapioca fiber is derived from tapioca starch, which comes from the edible roots of the cassava plant.

The boosting powers help:

- Support a healthy immune system • Support healthy digestion.

MARINE MAGNESIUM

Provides 70+ trace minerals

Magnesium is a multitasking nutrient that helps with many processes in the body. Pairing magnesium with fruits, vegetables, and whole grains is a powerful combination.

The magnesium in Inner Boost and Balance is a highly bioavailable source of magnesium, meaning it is more easily absorbed by the body. It is harvested from the clear waters of the Irish Sea and contains more than 70 trace minerals.

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs tonight.

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.

This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well; I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up." Elva Chupp

30 Capsules ~~\$45.99~~ **\$36.79**

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, **restless legs**, and nighttime **leg cramps** with Leg Relaxer™.

No mess. No menthol scent. No harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

I used to have a lot of trouble sleeping. I was about to go for a sleep testing. My husband and I were both sleeping very poorly. He said that I was breathing very loudly, and I would wake up with apnea episodes, gasping, which made it difficult for both of us to sleep. Then I would try changing positions, but it kept happening over and over again. We could never get a good night's rest, and we were feeling very tired on the next day.

Just when I was about to decide to get a sleep test done (which I really didn't want to do), my husband brought me this article that he found at The Busy Beaver, and I'm so happy with the results. From the very first night, I didn't wake up even once. My husband and I were finally able to sleep through the entire night. I stopped waking up because of my breathing problems, and sleep completely changed for both of us. This product truly was life-changing for me.

Introducing

Soothe the ache.

Support the day.

RELIEVION®

Relief you can feel. Life you can enjoy.

Vitalife's Relievision is formulated with carefully selected ingredients designed to help support the body's natural response to discomfort and promote overall wellness. When used as part of a comprehensive health plan, Relievision may help individuals maintain comfort, mobility, and a better quality of life, allowing them to focus on the activities they enjoy most.

Why These Ingredients Work Together

Relievision combines five scientifically researched ingredients that address pain and inflammation from multiple angles. Curcumin C3 Complex® and Bospure® help support a healthy inflammatory response. Collavant® n2 focuses on joint structure and cartilage support. AstaReal® helps combat oxidative stress that can contribute to discomfort and tissue damage. ParActin® provides additional inflammatory and immune support. Together, these ingredients create a comprehensive wellness formula designed to support comfort, flexibility, mobility, recovery, and overall quality of life. Rather than relying on a single mechanism, Relievision provides broad-spectrum support for individuals seeking a natural approach to managing everyday pain and inflammation while maintaining an active lifestyle.

S. Zimmerman

Foot problems can occur for many reasons ... getting older, improper shoes, lack of exercise or just by spending long hours on your feet.

When this happens, you might first notice painful corns, calluses, burning skin, tender blisters, and toe cramps. Even worse, bunions, hammertoes, fallen arches, and heel spurs can develop. Even ankle, leg, knee, hip and lower back can start in your feet. **Sadly, when your feet hurt, you hurt all over!**

There is an easy and long-lasting solution called: **Featherspring®** Foot Supports. They help restore the natural support and balance of your feet. Pills, powders, salts, lotions and soaking can only give temporary relief.

Enjoy **Featherspring®** Foot Supports for amazing, all-day comfort! Premium stainless steel flexes with your foot for both comfort and support. Plus because they're so thin, they'll fit in almost all shoes. Switch one pair between all your shoes for long-lasting comfort.

With Feathersprings you can stand all day, walk, dance, jog or even run in total comfort. **Your feet, ankles, legs, knees, hips – even your back – can find relief.** You see, **Feathersprings** actually support your feet and thereby your entire body. And they do so while absorbing shock and relieving pain.

So, if you're bothered by aches and pains in your feet, legs or lower back, please know that **Feathersprings will bring you relief. It's that simple!**

Try them for a full year. If you're not 100% satisfied, return them for a full refund. Money-Back Guarantee!

WHY DOES DISC PAIN KEEP COMING BACK?

Special Health Report

*What Thousands of Patients With Disc Problems Have Taught Us
About Why Some People Improve Temporarily While Others*

Continue to Struggle

By Midwest Disc Clinic

FREE RECORDED HEALTH REPORT

Available 24 Hours a Day by Phone

- ✓ Available Anytime
- ✓ Private and Confidential

Many People Are Told Their Only Options Are More Treatment, More Injections, or Surgery

If you are one of the millions of people suffering with back, neck, or sciatica pain, you are not alone. Disc problems are one of the leading causes of long-term pain and disability in our country. And if you have been dealing with this pain for any length of time, you may already know how frustrating and discouraging it can be.

Many men and women tell us the same story. They started with mild discomfort. Over time, it got worse. They saw a doctor, had tests, and tried physical therapy, chiropractic care, medications, or injections. Sometimes these treatments helped for a while. But the pain came back.

Eventually, they were told their only choices were more treatment, more injections, or even surgery.

This leaves many people feeling hopeless and unsure of what to do next. That is why we created this recorded health report.

After helping thousands of patients with disc problems, we have seen a common pattern. Some people improve temporarily, while others continue to struggle. The difference is not always what you might think.

The good news is that understanding why disc pain keeps coming back can help you ask better questions and make more informed decisions about your care.

IN THIS RECORDED REPORT YOU'LL DISCOVER:

- ✓ Why disc pain keeps coming back
- ✓ What may block disc repair
- ✓ Why relief often doesn't last
- ✓ What many patients are never told
- ✓ What may be behind sciatica symptoms
- ✓ Questions to ask before injections or surgery

REAL PATIENT STORIES

"I came to MDC with lower back pain and numbness in my legs. I was barely able to walk, and I wasn't able to function or work. It was Midwest Disc Clinic or surgery.

Now after my care plan, I'm pain free and raring to go. I can put in a full day's work.

My experience was very much appreciated." — D. Hershberger, Nashville, MI

"I was having lower back pain and right leg pain when I came to MDC. I was on crutches for two days and in bed for a week, not able to work.

After my DOSAE treatments, I am back to work and feel 85% to 90% better. Thank you to the doctors and staff at MDC. Everybody is very friendly and helpful!" — D. Troyer, Randolph, NY

If Your Body Is Worn Down, This Is the Nutrition It's Missing

Hard work demands strong health.

When the body is under-nourished, everything suffers — energy, strength, focus, and endurance.

Comprehensive Core is a complete liquid nutrition formula designed to replace what modern food no longer provides.

One daily serving supplies essential vitamins, minerals, and plant nutrients the body needs to stay strong, clear-minded, and resilient.

This is not a pill.

This is real nutrition the body can absorb.

What Comprehensive Core Does

- Helps restore steady energy for long workdays
- Supports mental clarity and focus
- Strengthens immune system response
- Supports heart and circulation health
- Supports healthy blood sugar and metabolism
- Supports digestion and nutrient absorption

Used daily for strength, endurance, and recovery.

Why Liquid Nutrition Matters

Tablets and capsules must be broken down before the body can use them.

Many never fully absorb.

Liquid nutrition absorbs faster and more completely, delivering nutrients where they're needed — without strain on digestion.

Made the Right Way

- 100% natural ingredients
- Organically sourced nutrients
- No artificial colors or chemicals
- Easy to take once daily

This is foundational nutrition — not a stimulant.

One Supply Lasts 4 Months

This single order provides four months of daily nutrition for one person.

That comes to \$66.75 per month
Less than the cost of poor health.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

Bearaby

Bearaby weighted blankets are rated at
4.8 out of 5 Stars
from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby Weighted Blanket gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

BREAKING NEWS: Reports are in that people who have already been sleeping better with a Cotton Napper, are taking it up a notch more with the revolutionary Tencel Cooling Tree Napper. The eucalyptus fibers contained in this fiber blend have moisture wicking properties giving you the effect of the cool side of your pillow... all night long. Yes, even on these hot summer nights. We will keep you updated as this story develops.

In other news, the Cotton Nappers are available in 3 new colors, as reported below.

Natural deep sleep

Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind

The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling

Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Phony Phone Calls and Overpayment Scams

Currently, the Bank's Fraud Department is seeing two types of fraud tactics: unsolicited phone calls impersonating someone of authority, and overpayment scams.

Unsolicited Phone Calls:

These calls will always seem urgent and possibly trick you into giving out personally identifying information over the phone. Those with a landline tend to be a prime target for this type of scam.

Please note that...

- The IRS and any law enforcement officers will never call you on the phone and ask you to send money for an outstanding debt.
- A bank's fraud center will never ask you to withdraw any money from your accounts in order to refund a charge. Be aware of any call that acts like they are transferring you to your bank. Your bank will never ask for account numbers, PIN numbers, one-time passcodes or online banking information over the phone.
- The Social Security Administration won't charge any escrow amounts for changing your social security number.
- If an unsolicited call that states a bank employee is committing fraud on your account, hang up and contact a known bank employee, no matter what the caller states.
- Any unsolicited call that asks you to click a link they are sending you, please hang up and contact your bank.
- Any instructions given on an unsolicited call that require any of your funds to be deposited into a Bitcoin ATM, no matter how convincing they seem, hang up and call a known bank employee.
- There are no reputable banks that will ask for that information over the phone. In the case of Bank of Bird-in-Hand, any employee can speak with the fraud team in order to provide input and guidance. Electronic Banking can verify if a valid fraud alert was sent to the customer.

Overpayment Scams:

One additional scam is the overpayment scam. This scam targets small businesses selling products. The "buyer" sends too much money asking you to send funds back. They will send what looks like a valid check (but it's not). It is recommended to not send merchandise or any money back for at least 5 business days. Your bank's fraud department can also try to verify the item in question for you.

organization based in
Central Pennsylvania.

Our mission is to support
persecuted Christians
throughout the nations as a
partner with local believers,
and to share the Gospel
with people worldwide.

At **Yeshua Is The Way** Ministries, we have partnered with local Christians in Pakistan - where there is a great need for spiritual and financial support from the global church body. In a country where Christians face discrimination, poverty and persecution, there is still a hunger for God. Men, women and children are responding to the Gospel! People are being healed from pain and disease! Families are being freed from bonded debt that traps generations in manual labor.

We welcome your financial support for our current and upcoming projects. Our heart is to continue blessing and ministering to these believers and their neighbors by hosting Prayer Festivals, providing Food Kits, financing medical care, and more!

Current Fundraising Needs Include:

- Food Kits and Medical Care Support
- Capital Campaign to purchase a Church Building
- Salary for Pastoral Staff in Pakistan

**ROUNDHOUSE**

Bushman's most
comfortable harmonica.

An unbeatable price/quality
combination. Great for beginners
due to comfort, great for pros due to
price, durability, and responsiveness!
The Roundhouse whips harmonicas
from other brands that cost more
than twice as much!!! Comes packed
in a black, padded, leather-like,
zipper case.

Keys:

Low D, Low E, Low F,
G, A, Bb, C, D, and E

\$39.99

**KNITTLINGER**

Accordion-like

sound of the old Auto

Valve only better feeling and
much easier to play. Loud and
lively, quick and nimble! Features
a slick, go-fast mouthpiece. Good
players were able to play faster
than all previous double reed
harmonicas could respond, but you
can't outpace a Knittlinger – it goes
as fast as any player can play it!

Keys: Low A, Low Bb
Low C, and Low D

\$99.95

**BLUES
SHIFTER**

This is a diatonic

harmonica - not a chromatic
- that can play the missing note on
Blow 3. Try playing "Amazing Grace"
or "What a Friend We Have in Jesus"
on a regular harmonica in the lower
register - you can't, because there's
a missing note on Blow 3. Many
songs require that missing note,
so they can't be played on a normal
harmonica. With the Blues Shifter,
when you need that note, just push in
the slide button and you have it!

Keys: Low F, G, A, Bb,
C, and D

\$89.99

**THE DELTA
FROST COLLECTION**

The workhorses of the Bushman
brand. The Delta Frost comes in 3
different comb choices – Original
(plastic), Steelie (aluminum), or the
Woody (wood). Delta Frosts are the
preferred gig harmonica for many
professional musicians.

Traditional, old school design.

ORIGINAL**Keys:**

Low D, Low E, Low F,
G, A, Bb, C, D, and E

\$34.99

**STEELIE
or WOODY****Keys:**

Low F, G, A, Bb,

**HARMONICA

INSTRUCTION
KIT**

Learn to play popular songs in minutes
even if you don't know how to read
music! 34 page book comes with our
best-selling Roundhouse harmonica.

Choose the
Key of Bb or C

\$45.00

**DINKY**

Our all new Bushman Dinky has a
greater note range and ability to
play more songs than any true,
1-1/2" mini harmonica ever made!!!
The Dinky plays much better than
the typical mini, and it's
more comfortable.

Keys:

G (Yellow), A (Navy), and C (Black)

Phase 3 - Building Construction

This is the west end of the building where the MCC Meat Canning was done in 2026 - It seems like everyone enjoyed the new space and we appreciate all who came to help!

"We can do all things through Christ"

- WHRC is officially moved into the new building as of 2-3-26
- We are turning down the home stretch and if you feel led to help pull it across the finish line, your help would be very much appreciated !

Own Your Insurance Company. Keep More Money. Protect Your Legacy.

**Most businesses buy insurance.
Some businesses own it.**

With captive insurance, your company insures its own risks and keeps the profit instead of sending it to big insurance companies.

That means:

- More protection for your business
- More control
- A new profit center
- Insurance company tax treatment

And a way to help keep your business strong for generations.

CIC Services has helped hundreds of small and mid-size businesses accomplish this since 2005.

Treasured encouragement and teaching for

Christians in Restricted Countries

Kamran* was on a deep search for Truth. As he looked at the people around him—even those claiming religion—he saw arguments, hatred, and slander. None of them offered what he was looking for: a peaceful and loving relationship with God.

One day, during a lunch break on the farm where Kamran worked, he talked to a co-worker. The conversation turned to God. This young co-worker shared some information that was surprising to Kamran—he and his family were Christians. As they talked, Kamran shared about his struggle to read the only Bible he had. The Bible was in a language he could hardly understand, and he struggled to comprehend the little he was able to read.

A few days later, Kamran met this Christian man again. The man brought him several Christian magazines. Kamran recalled this pivotal moment: “He told me I could borrow them but should be careful not to let anyone damage them, as his family enjoyed reading them and wanted to have them back eventually.”

“Those magazines fascinated me,” Kamran shared. “I asked him if he could lend me more, and we began meeting more often. I visited his family, and his father gave me a copy

of the New Testament in [a language I could read]. Then a few months later, his father gave me your contact information, saying that you could send me magazines.”

Kamran knew the risk of receiving Christian literature. He started a post office box so his relatives and neighbors would not easily find out. He then began to regularly receive Christian family magazines. Sound teaching from conservative Anabaptist writers became a consistent source of Bible teaching.

Like Kamran, thousands and thousands of Christians in closed and restricted countries long for fellowship with other Christians, but have limited options. They long for encouragement and Bible-based teaching, but have almost no source.

CAM supporters' funds supply Christian family magazines, reminding these believers they are not forgotten. The material encourages them toward faithfulness to Christ as they face the challenges of living under oppressive regimes. The sound articles point them to a life of faithful obedience to the Word of God.

If you wish to help us supply these magazines to those who anxiously await their arrival, your support will be greatly appreciated!

More than a story!

Bible-Based Picture Book Humphrey

Roll with Humphrey the hump-free camel as he finds the peace that passes understanding and learns contentment. Humphrey is a short, yellow camel with big toes and no hump, unlike the *normal* camels at the zoo.

The first children's book in our character-building series, "Humphrey" is a Bible-based lesson with beautiful illustrations and Scripture memory verses throughout to remind us that God gives us different gifts and He is always listening to our concerns.

Positive Feedback from Ages 1-99! The Character Building Series

Jonah Elijah

A Tribute to Godly Brethren & Fathers

Walk with Jonah Elijah as he uses his compass and fishhooks to help the villagers he loves. When the stripes of life tempt them to say "I go a fishing," help Jonah Elijah encourage them to cast their net on the right side, dig to find the pearl of great price, check their saltiness, and cover their stripes for true healing.

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

There is a Better Way

Do you want BIGGER bucks on your food plot?

~TESTIMONIAL~

"We are a family operation milking 65 hd of Holstein cows. After some discussion with the Nutra-Glo rep concerning the dairy product, it sounded worth a try. We started feeding it to both our cows and calves. The results on the calves were almost immediate, and the cows also showed improvements in the weeks that followed. As the months turned to years we continued to see more and more improvements, including better somatic cell count, butterfat numbers, and also a lot less vet bills. Nutra-Glo has been a part of our program for over 14 yrs now." —MH, Walnut Lane Farm

HORSE SENSE TIPS

HAY

- Free access to hay 24 hours a day
- Daily intake needed for average weight of a mature horse is approximately 20 pounds daily.
- Hay/Grass/Forage should make up 60 to 100% of the diet
- Most horses need 1½ to 2% of their body weight daily, more in cold weather
- They are grazing animals and do so 60% of the day, grass and quality hay is best
- Eating hay on cold nights helps conserve calories and keep them warm

Tips for Quality Hay

- Open a bale, check for debris
- Best is fine-stemmed, green, leafy hay
- Avoid moldy, dusty, sun-bleached, or over-cured
- Alfalfa should be in early bloom
- Grass hay should not have fully formed seed heads
- Check for insects such as blister beetles
- Very heavy bales may be wet inside-wet is not good

STORAGE

Store hay in a dry, covered area protected from weather and sun. Feed within one year of harvest when possible.

Quality hay is necessary for horse health and performance.

Maximum Performance Horse Supplement

Pellets for Horses that are Picky Eaters or Have Ulcers. Also Great for Driving Horses & Stallions!

Here is a young colt with two hind Ankle OCD's and really wormy Date 6-9-20

Hay and grains have fewer minerals today. You really need to supplement for peak performance and breeding nutrition.

50 lb bag-granular, \$150 lasts five horses—1 month!

50 lb bag-pellets, \$135 lasts one horse—50 days!

Here is the colt 57 days later with NO OCD's in either hind leg and a beautiful shiny coat at 7-27-20

Mr Schwartz's mare was running off with his girls, biting them, he knew she had an ulcer, 15 days on the pellets, she is so calm, warms up nicely, goes longer, stronger and cools down faster. Wow, he was so excited, he wants to breed her, instead of giving her away.

Mr Miller says he had never had stronger colts, jump up right out of the bag, run around the stall and jump over the mare, before she got up. His best year breeding, mares strong after foaling, strong babies, plenty of milk. It was a dream foaling season. He will keep his mares on mp while in foal and after.

Mr Yoder had tried to breed his favorite mare for 12 years, after 30 days on MP she checked in foal. He is so excited.

Mr Yoder bought a mare they said was lame, could only be bred. He put her on mp and 15 days, she was bucking coming out of the barn. He hooked her to the cart and off she went straight down the road. He called and wanted to be a dealer. He said, "Anyone with a driving horse needs MP. This is the greatest stuff for driving horses!"

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in our feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, cool down faster, and improve hoof quality.

1. If you want to reduce ulcers.
2. If you want to increase stamina and reduce recovery time—may see a difference in 5 days!
3. If you want to increase oxygen for better stamina and improve oxygen to the cells for driving and work horses performance.
4. If you want to calm your mares down, reduce tying up, and anxiety.
5. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Learn How to Maximize Breeding!

1. If you want to reduce OCDs, improve fertility.
2. If you want to have mares at peak condition ready to be checked in-foal, calm mares down as well.
3. If you want to improve development of your foals, strong when born, boost immune system, strong bones.
4. Vets explain OCDs are caused by mineral imbalance while mare is in foal.
5. First 11 months gestation—not enough calcium and minerals causes bone chips, OCD's.
6. Stallions have better sperm count, maintain muscle mass, and maintain hoof quality during breeding season and year round.

ANOTHER BRUISER FOR THE WALL!!
Congratulations to another happy customer on landing this nice 11 point 142" Buck after feeding OVER-160!!

Never seen anything attract deer like Over-160. This buck was first seen while in the velvet stage and he never left the farm until he was shot on the first day of archery. We always struggled to hold deer on our farm, so obviously we are pretty impressed. Another happy Over-160 customer....

Deer Mineral

7 Reasons To Consider Feeding Over 160 Minerals

Bowhunter's Soap & Spray

**-Discovery
Results-**

"This 180+ Whitetail came in, scent checked the scrape, then came on in (Bow kill 5 yds)."

—TY, Barnesville, OH

"This 200" buck and 2 does came in downwind of me, none of them had a clue until my arrow struck home @ 25 yds."

—BY, Wineburg, OH

Results from field tests clearly indicate that hunters carry less detectable scent, observe more natural activity and tag big bucks more consistently when using Discovery™ as directed.
