Editor's Corner

Hi everyone!

He is risen! Death could not hold Him. Rejoice in the resurrection of Jesus Christ!

Yes, it's that time of the year again. We stop and take a moment to think about what Jesus really did for us. Are we truly thankful to Him for making a way for us and giving us a living hope of everlasting life? Do we show Him that we're thankful? The love of Jesus is so wonderful!

The teachers and scholars are counting down the days to the end of the school term. The idea of having the summer ahead of them with no schoolwork to do is so exciting for them! But then, it always seems like in the fall, they are eager to go back to school, back to routine, and back to having fun with their friends.

Have a good week everyone!

Rhoda Miller

Let this Easter remind you that miracles exist, love conquers all, and every ending is just the beginning of something beautiful.

You can stop sleep breathing disruptions tonight.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up."
Elva Chupp

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long. This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.
Sweet Dreams.

Replace your restless nights with Sleep Breathing Support™

Sleep Breathing Support™ by Nature's Rite is a natural way to reduce sleep breathing disruptions and achieve a restful night.

30 Capsules ~~-\$45.99~~ **\$36.79**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation. Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

The Cause

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

If you want to know whether it will work for you, then you have to try it.

CRAFTED IN THE USA AND BACKED BY OUR 30-DAY MONEY-BACK GUARANTEE.

**Applies to the first bottle of any product.*

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

The Solution

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

 Gott segne Dich!

Dear Friend,

100% Folklore. Zero Science.

If you have a health problem -- and
can't get well, there could be a very
good reason. Worms and parasites!

It sounds hard to believe, I agree. But if
you're alive and breathing -- you're at risk.
You may not see these tiny creatures. But
believe me -- they're there! While you
sleep, they eat. Your food! Your nutrients!

Pet owners often have red worms. →

Many eat the best natural foods and take
the best supplements -- and never get well.
Why is that? One reason is the worms
and parasites take the best nutrients.
YOU get the scraps -- the leftovers!

It's TIME to Clean House! Get rid of unwanted guests!

It's time to kick these suckers
OUT -- once and for all. Out
out. OUT! No more Free Lunch!

One Woman's Secret. She is 101.

A woman in New Mexico
is 101 years old. Her mind
is razor sharp. Her memory
is great. She works eight
hours a day. Her secret?
She keeps her body free
of parasites & worms.

Did you know that microscopic
parasites can cause arthritis?

Sensitive issue stopped.

A young daughter was
constantly scratching her
butt. Her mother found
tiny, white worms in
that area. They crawled
out at night. Creepy!
She took the Speicher
Worm Pills. The itching
stopped.

Four ways you can get
Worms & Parasites.

1. Unwashed fruits and vegetables.
2. Unwashed watercress from streams.
3. Raw-undercooked fish.
4. Pork. Try to cook all pork products at the highest possible temperature.

The Colon & Parasites.

A lot of worms & parasites flourish
in the colon. That's
why, keeping the
colon clean is critical.

BEFORE YOU LET ANYONE TREAT YOUR BACK OR NECK PAIN... READ THIS.

The wrong treatment can make a disc injury worse— and
surgery is rarely the first answer.

My wife suffered with low back pain for several decades. She visited maybe 10 different doctors who helped her for a while but never got to the root of the problem. Her legs hurt, she was restless at night, unable to do garden work, lawn work, or keep up the housework. One year after beginning treatment at MDC she is able to do all those things in a normal way again. We thank God for his Healing, grace and blessing the doctors with wisdom, knowledge, and the willingness to serve.

~M. Metzger- Manchester, IN

If your pain is:

- Stopping you from working your land or trade
- Keeping you from lifting or caring for your children
- Making household work difficult or impossible
- Causing leg pain, numbness, or weakness
- Waking you through the night
- Limiting your ability to serve your family and community

Your situation may be more serious than you have been told. You deserve a real answer before making any permanent decision.

Every Month, Families tell us they were told:

- “You just need injections.”
- “You’ll have to live with it.”
- “Surgery may be your only option.”

But no one explained:

Was the disc properly evaluated before treatment began? Muscle pain and disc injuries are not the same thing. The wrong treatment does not fix the real problem.

We focus only on spinal discs.

Not knees. Not shoulders. Not general aches.

Spinal discs only.

We evaluate before we treat — with a clear 2-day Discovery Process..

Within two days, you will have straight answers to four questions:

- | | |
|--------------------------|----------------------|
| ✓ What is the problem? | ✓ Can we help you? |
| ✓ How long will it take? | ✓ What will it cost? |

Some cases qualify. Some do not.

We will tell you honestly if your case is not a fit for our program. Everyone deserves to know exactly what they are dealing with before making a permanent decision. We are not here to waste your time or money.

I worked very hard yesterday evening, bending and twisting and worked up a huge pain in my lower back. I took a shower and went to bed, but couldn't get comfortable. My wife said that there's some Signature Blend in the cabinet, so I got up and put some on my lower back pain and went to bed with relief. The next morning, she asked me if I was still hurting. My back didn't hurt where the oil was put on, but around the spot was a little achy still, where the Signature Blend had not been applied.

- OH

Our six-year-old daughter was complaining with knee and leg pain, so we put on "Signature Blend". Soon afterward, her pain went away and she went to school. Worked great!

- PA

I always have a sore back, shoulder, and neck muscles, and this takes all the pain in less than 15 minutes of putting it on. Thank you so much!

How pHix's Mature Hops Extract Can Help Stabilize Blood Sugar & Support Diabetes Management

If you or someone you love struggles with blood sugar swings or diabetes, you know how frustrating it can be to find natural solutions that actually work. What if a powerful, science-backed ingredient—derived from something as simple as hops—could help? That's where pHix comes in.

The Blood Sugar & Diabetes Connection

Unstable blood sugar isn't just about sugar cravings or energy crashes—it's a major factor in metabolic health, weight management, and even long-term complications like diabetes. Traditional approaches often rely on medications with side effects, but what if nature already had a better answer?

How pHix's Mature Hops Extract Works

- ✓ Improve Insulin Sensitivity – Helps your body use insulin
- ✓ Slow Glucose Absorption – Supports balanced blood sugar stability
- ✓ Reduce Inflammation – Chronic inflammation

Why Science Behind It

Research has shown that certain compounds in hops (like alpha and beta acids) can:

- Activate AMPK (an enzyme that helps regulate metabolism, similar to how exercise does)
- Minimize adverse effects of diabetes drugs—naturally
- Help reduce oxidative stress, a key driver of diabetic complications

Rediabetes™ – Help prevent progression to full diabetes

Type 2 Diabetes – Support healthier blood sugar levels—naturally

The Bottom Line: Blood sugar issues don't have to control your life.

With pHix's unique hops extract, you're not just masking symptoms.

HERE'S A BREAKDOWN OF WHY FULVIC IS SO VALUABLE:

TOXINS ARE EVERYWHERE

We're exposed daily to heavy metals, pesticides, plastics and pollutants. Fulvic acid supports the body's own detoxification pathways, helping to eliminate routine environmental contaminants.

NUTRIENT DEFICIENCY IS COMMON

Modern farming can leave foods short on minerals. Fulvic acid supports nutrient transport and supplies those minerals often missing from today's diet.

CELLULAR ENERGY

Fulvic acid supports healthy mitochondrial activity, promoting efficient cellular energy production and enzyme performance.

GUT HEALTH SUPPORT

Fulvic acts as a probiotic, nourishing beneficial gut bacteria and helps maintain normal gut lining integrity—both important for digestive comfort and immune health.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

**ROUNDHOUSE**

Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low F, G, A, Bb, C, D, and E

\$32.99

**KNITTLINGER**

Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger – it goes as fast as any player can play it!

Keys: Low A, Low Bb, Low C, and Low D

\$99.95

**BLUES SHIFTER**

This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb, C, and D

\$89.99

**THE DELTA FROST COLLECTION**

The workhorses of the Bushman brand. The Delta Frost comes in 3 different comb choices - Original (plastic), Steelie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

Sleep better. Every season of the year.

Bearaby

Bearaby weighted blankets are rated at
4.8 out of 5 Stars
from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

HEALTH/HOME

Natural deep sleep

Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind

The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling

Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Our handmade **Cotton Napper** is a breathable, knitted weighted blanket to help you fall asleep faster and feel calmer, naturally. Designed for individual use, your Napper should be about 10% of your body weight. Not designed to add warmth. **Made of 100% organic cotton.**

Your Brand, In Their Hands, On Their Desk.

> Physicality Matters

People remember what they touch. A physical catalog creates a sensory connection that digital ads lack, making your brand much harder to forget when the customer is ready to buy.

> The Discovery Effect

Catalogs encourage "browsing" rather than just "searching." This leads customers to discover products they didn't know they needed, consistently resulting in larger orders than web-only shopping.

> Direct Access

Your catalog doesn't have to compete with an overflowing inbox or social media algorithms. It goes straight to the customer's home, giving you 100% of their attention without any distractions.

**Most businesses buy insurance.
Some businesses own it.**

With captive insurance, your company insures its own risks and keeps the profit instead of sending it to big insurance companies.

That means:

- More protection for your business
- More control
- A new profit center
- Insurance company tax treatment

And a way to help keep your business strong for generations.

CIC Services has helped hundreds of small and mid-size businesses accomplish this since 2005.

Bible-Based Picture Book

Roll with Humphrey the hump-free camel as he finds the peace that passes understanding and learns contentment. Humphrey is a short, yellow camel with big toes and no hump, unlike the *normal* camels at the zoo.

The first children's book in our character-building series, "Humphrey" is a Bible-based lesson with beautiful illustrations and Scripture memory verses throughout to remind us that God gives us different gifts and He is always listening to our concerns.

Positive Feedback from Ages 1-99! The Character Building Series

Maria holds several
copies of the Antorcha.

CHRISTIAN FAMILY MAGAZINES

“A vacuum in my heart for the things of God”

Maria* is an 85-year-old lady from Cuba. When an evangelical pastor and his wife moved in beside her, Maria noticed how different they were from the rest of the community. One day the pastor gave her an Antorcha (a Spanish Christian family magazine). She read it and was amazed at what she read.

Maria always enthusiastically waited for the next issue. Every time this pastor came by, she asked for another Antorcha. She testified, “It created a vacuum in my heart for the things of God.” One day she decided to renounce all that was displeasing to God, as well as her religion of the past. “Three years ago, my life has changed because of reading the Antorcha, and I am now baptized as a believer.”

The *Antorcha de la Verdad* (Torch of Truth) Christian family magazine has grown from a first run of 1,800 copies in 1987 to approximately 650,000 copies, which are printed in various locations and languages today.

*Not her real name.

MOTHER EARTH NEWS

At Dr. JimZ®, our main goal is to help people eat more nutritious food and be more successful in the garden. Our nutrients are designed to stimulate life in the soil and provide a plethora of nutrients at a biological level. **The microbes in the soil must consume the nutrients before they are 100% bioavailable to the plant.** Our products feed the microbes so your plants can then decide what nutrients they need and when they need them ... this will maximize the genetic potential of the plant and result in higher-quality fruits and veggies.

Time To Feed Your Trees!

Spring is one of the best times to feed your trees (this is when they pull in nutrition for the spring and summer months)

Tree Secret®

- All non fruit-bearing trees, evergreens and bushes.

Chicken Soup for the Soil®

- All fruit trees, flowering perennials, and flowering bushes.

Before

After

Tree Secret® liquid tree fertilizer (formerly known as Save-A-Tree®) is a biologically correct (non-synthetic) tree fertilizer that has been created specifically for enhanced tree success. Our small-batch, extra-potent blend of readily available nutrients is exactly what your trees, plants, and bushes need to revitalize and look great for years to come. The competition does not come close!

- Nitrogen found in most chemical lawn fertilizer is largely responsible for the unnatural rapid growth that weakens trees by thinning their protective cell walls, opening the door for disease, wind damage and bug infestations.
- Plants and bushes need the same nutrition as slow-growing trees. Give your yard a serving of this ultra-potent undiluted, carbon-based fertilizer and watch in amazement as your trees thrive and your landscape transforms into a lush paradise.
- Excellent results on all trees and bushes, including evergreens!

Happy trees have fewer problems. This stuff works!

APPLICATION INSTRUCTIONS

The amount needed for best results depends on the diameter width of the tree trunk 4' up from the base of the tree.

- Use 1 cup per caliper inch of tree trunk (trunk diameter)
- Mix with water and evenly apply from the base of the tree to the drip line.
- Water into the root zone.

To SAVE a dying or stressed tree, apply in spring and fall.

To MAINTAIN good tree health, use one time per year in spring or fall.

Biochar blends available
for various farming needs,
call for more information.

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

MAXIMUM PERFORMANCE HORSE SUPPLEMENT

Give your horse the minerals that are no longer in the your feed!

50 lb Bag Granular \$150, last 5 horses/ 1 month. 50 lb bag pellets \$135 last 50 days/ a

horse Pellets for picky eaters, with ulcers, driving horses, Stallions and mares.

Dave Mast mare was open two years in a row, 30 days on Maximum Performance and she checked in foal with NO Regu-mate.

David Patterson bred for 30 years and always trouble foaling out, weak foals, trouble re-breeding. First season on MP, mare foaled easily, baby running in the stall, plenty of milk, mare cleaned quickly and checked in foal first time bred. Very impressed.

Indiana man had mare running off, cranky, picky eater, put her on pellets, 15 days daughter said, What did you do to the mare? She is so easy to handle, drives great, looks better. MP Pellets. oh my.

Lawrence Schrock, PA said he was one of the few with no OCD's in his yearlings at the sale, thanks Maximum Performance for sound bones, strong muscled yearlings.

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in your feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, reduce muscle soreness, and improve hoof quality and build muscle.

1. If you want to reduce ulcers, acid reflux and build muscle as well.
2. If you want to increase stamina and reduce recovery time, see a difference in 5 days..
3. If you want to calm your mares down, reduce tying up, anxiety and aggression.
4. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Maximum Performance for Breeders

1. If you want to reduce OCD's (soft bone chips in ankles and hocks).
2. If you want to have mares at peak condition checked in foal.
3. If you want to improve development of your foals.
4. Vets explain OCD's are caused by mineral imbalance first 11 months in womb, not enough Calcium and minerals for the mare.
5. Stallions have better sperm count, maintain muscle mass, reduce OCD's and maintain hoof quality. **contact 502-817-1947**

NUTRA-GLOTM

NUTRITIONAL FEED SUPPLEMENT FOR ALL POULTRY

~TESTIMONIAL~

"When we started feeding Nutra-Glo for Poultry Dry to our flock of 6,000 layers we were at approx 21 dozen small eggs, 10 days later we were at 6 1/2 dozen small eggs, and very soon after that we quit sorting them out completely. Soon we noticed our feed was lasting longer, 9 ton lasted approx 9 days (ton a day). After feeding Nutra-Glo for 60 days, 9 ton of feed now lasts 11 1/2 days. After doing some figures we figured out [after] the cost of Nutra-Glo we save approx \$6.25 a day just on feed conversion. We also noticed we didn't add any extra calcium up to this point (56 weeks). We see much better consistency in laying percentage and not as many dips. If we have dips they are not nearly as drastic. We also gain approx \$167.00 a month for every 1% daily increase. We recommend this Product!"

THE NEXT GENERATION: OFFSPRING PHOTO SESSIONS

As we have moved to our new location and have made some changes to our brand, we want to offer something for our community.

Every foal represents something you've worked hard to create. In today's world, how that is seen matters.

It's a competitive market... but you never know what one great photo of an offspring might do.

The right image can catch attention, spark interest, and open unexpected doors.

Call now and mention this ad to receive 10% off your foal session.

To use this promo, call and schedule your shoot from now until the end of April. Photoshoots dates can be anytime in 2026.

Congratulations to another happy customer on landing this nice 11 point 142" Buck after feeding OVER-160!!

Never seen anything attract deer like Over-160. This buck was first seen while in the velvet stage and he never left the farm until he was shot on the first day of archery. We always struggled to hold deer on our farm, so obviously we are pretty impressed. Another happy Over-160 customer...

The Thief on the Cross...

Unconditional forgiveness
and complete acceptance

And he said unto Jesus, "Lord, remember me when thou comest into thy kingdom." And Jesus said unto him, "Verily I say unto thee, Today shalt thou be with me in paradise."
Luke 23:42-43

Even in his final moments, a condemned man found hope.

As he hung beside Jesus Christ, the repentant thief, who had lived a life of wrongdoing, turned in simple faith and said, "Remember me." In that instant, everything changed. No time to make amends or rewrite his story. Yet the grace of God met him there, and Jesus promised him paradise.

This powerful moment reminds us that no life is too far gone, no heart too hardened, and no past too broken to be redeemed.

Every day, men and women behind bars are standing at that same crossroads—longing for hope, searching for forgiveness, and wondering if their lives can still matter. Christmas Behind Bars delivers care packages and Bibles, along with the life-changing message of Christ directly to them, offering the same grace that transformed the thief on the cross.

Your support helps provide these care packages and Bibles, along with personal outreach to inmates who are ready for a new beginning.

Partner with us today—because one moment of faith can change an eternity, and your generosity can help make that moment possible...
