Editor's Corner

Hello,

Spring is on the way; is anyone ready for spring? Or summer? I always enjoy summer more; there is so much more stuff you can do in the summer than winter.

The last couple of weeks have been a little slow around here, but it's starting to pick up and get busier. Rhoda decided it was time to head to Florida, so I should keep going.

Thank you to all those who advertise in *The Busy Beaver*.

Julie Miller

*No matter how long the winter,
spring is sure to follow.*

GOD'S LOVE FOR THE MARGINALIZED

Throughout Scripture, God shows a special concern for those pushed to the margins—people others avoided, judged, or forgot...

Whether it was the leper no one dared touch, the woman suffering alone, or the tax collector hated by his community, their stories all point to the same truth: no one is beyond God's reach. Time and again, Jesus stepped toward the outcasts when everyone else stepped away.

These accounts remind us that the Lord sees every person, even in their lowest and loneliest moments. Hagar in the wilderness, Leah in her heartache, the Samaritan woman with a painful past, and even the prodigal son who wandered by choice—each discovered that the Lord meets people right where they are and restores what others have dismissed. Their lives changed not because they were perfect, but because God's grace was greater than their circumstances.

That same hope belongs to the men and women behind bars today.

Prison walls do not hide anyone from God's eyes or love. Through prison ministry, we have the privilege of bringing this message of grace, dignity, and new beginnings to those who desperately need to hear it.

Join us in reaching the forgotten in prison, reminding them that their story is not over and that God still welcomes outcasts—because He came to restore us all.

HEALTH PROBLEMS? Your body is made up of 70-100 trillion cells, when your cells are healthy you're healthy! When your cells are unhealthy, disease and disfunction occur, and when untreated can lead to death. Science has shown that when your cells are unhealthy it is because of poor cellular communication. Damaged cells cannot alert the immune system, and the damage continues to multiply. For the first time in history you can bio-replace cellular communication. Learn how thousands of people are already experiencing medically improved health. Free information package. John Bash, 619-838-0493. 9AM-5PM

My 2-Month Journey — God is So Good

I can hardly believe it's only been two months since I started this journey... and wow, what a transformation! When I began, I told my wife and so many others — this isn't about how I look, it's about my health. But what's blown me away is how this lifestyle change has impacted both.

For 34 years, I lived with lower back pain from a car accident. That pain is now gone. A few years ago, I had carpal tunnel surgery and lost strength in my hands — constant pain and weakness were my "normal." Now? Pain-free, and my strength is returning.

The mental clarity, the focus, the steady energy — it's not a quick caffeine rush, it's real, sustained life flowing through me. I feel better, I'm looking better, and I'm walking in renewed purpose.

I'm beyond grateful I said yes to Make Wellness. No more anti-inflammatories, no more muscle relaxers, no more pain meds. God truly led me to something that's helping me heal from the inside out.

BEFORE **AFTER**

I Love my Make Wellness products! They have changed my life and my health! I have lost 52 lbs and 29 inches. I am off my diabetic and blood pressure medications. My blood work is normal after 16 years of being abnormal! I was sleeping 3 hours and now I am sleeping 8 and getting more deep and REM sleep! This is all in 7 months! These Pep.Lides are different than any other supplement you have seen! The best part is I feel fantastic, 20 years younger and I am aging backwards! ❤️

HEALTH/HOME

“How I Healed The Herniated Disc In My Back, Re-Gained ALL My Strength... and More!”

Find Out What A Natural Doctor Did To Fix His OWN Disc Problem

From the Desk of Dr. Russ Schroder, DC, DACNB, FACFN, Board Certified Chiropractic Neurologist.

Three years ago I injured my lower back when I herniated a disc lifting heavy weights.

It was a terrifying experience that I had never been through before.

In an instant, my back gave out with almost 200 lbs. on my shoulders, and I heard a very loud SNAP.

The shock was immediate- like being stabbed by a knife!

I was able to get an MRI the next day and found out I had injured the lowest disc (cushion) in my back.

The CTX Method

Fortunately, the MRI showed the exact type of problems we have helped with our CTX Methotechnologies since 2006. The torn disc had herniated/ protruded out of its normal shape, bulging out into the nerve space.

I could barely stand upright the first week, but I pushed through our Avoid Back Surgery Program for a month. I got out of pain and then continued healing by taking it easy during exercise for just a few extra weeks.

So, after getting the disc healed and taking those weeks to slowly start working out again, I gradually built up my strength again and have gone on to lift MORE than I used to 20 years ago!

Many Still Suffer Unnecessarily

Many of you reading this are living with that severe pain in your lower back (and maybe in the nerves down your legs). Others have disc problems in the neck that can affect the nerves in your arms.

For some, it is so bad you aren't sure what the next step is.

It can be very scary... especially when it's a pain that isn't going away.

Maybe you tried chiropractic or massage. Maybe you've popped some pain pills or herbs.

For many, this low back pain (especially disc pain) can mean a lifetime of bouncing from chiropractor to doctor to physical therapist to surgeon after surgeon. It can mean a lifetime of shots, pain pills and more suffering.

Maybe you've tried an inversion table, traction or "decompression" (the kind where you sit on the table and then lay down to get stretched).

But the thousands who have come to us for our CTX Method (from all-across America and Canada) have *already tried* some of these and failed to get relief.

We've even helped other *doctors* with our CTX therapies including chiropractors, medical surgeons, osteopaths, psychologists and podiatrists who have avoided surgery and referred in numerous others.

This Month's Offer

It's winter, and our Avoid Back (and Neck) Surgery Program starts to fill up fast at our 4 offices. But if you call this month, we are offering a FREE exam (A \$250 Value) and a FREE Trial of our CTX Method for those who have disc injuries like bulged, herniated or protruding discs OR spinal degeneration/ spinal arthritis.

So please call one of our offices to see if you qualify for a consultation before spaces run out and you get put on a waiting list and pay full price.

Or to receive our AVOID Back & Neck Surgery Report, call an office and our staff will mail you out a free copy. (A \$29 value) Supplies are limited.

Dear Friend.

If you have a health problem -- and can't get well, there could be a very good reason. Worms and parasites!

It sounds hard to believe, I agree. But if you're alive and breathing -- you're at risk. You may not see these tiny creatures. But believe me -- they're there! While you sleep, they eat. *Your food! Your nutrients!*

Pet owners often have red worms.

Many eat the best natural foods and take the best supplements -- and never get well. Why is that? One reason is the worms and parasites take the best nutrients. **YOU** get the scraps -- the leftovers!

It's TIME to Clean House! Get rid of unwanted guests!

It's time to kick these suckers OUT -- once and for all. Out out. OUT! No more Free Lunch!

One Woman's Secret. She is 101. A woman in New Mexico is 101 years old. Her mind is razor sharp. Her memory is great. She works eight hours a day. Her secret? She keeps her body free of parasites & worms.

Did you know that microscopic parasites can cause arthritis?

Sensitive issue stopped.

A young daughter was constantly scratching her butt. Her mother found tiny, white worms in that area. They crawled out at night. *Creepy!* She took the **Speicher Worm Pills**. The itching stopped.

Four ways you can get Worms & Parasites.

- #1. Unwashed fruits and vegetables.
- #2. Unwashed watercress from streams.
- #3. Raw-undercooked fish.
- #4. **Pork.** Try to cook all pork products at the highest possible temperature.

The Colon & Parasites.

A lot of worms & parasites flourish in the colon. That's why, keeping the colon clean is critical. Ask for **Speicher's Colon Pills**.

You can **stop** sleep breathing disruptions tonight.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up."
Elva Chupp

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long. This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.
Sweet Dreams.

Replace your restless nights with Sleep Breathing Support™

Sleep Breathing Support™ by Nature's Rite is a natural way to reduce sleep breathing disruptions and achieve a restful night.

30 Capsules ~~-\$45.99~~ **-\$36.79**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation. Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

The Cause

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

If you want to know whether it will work for you, then you have to try it.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

The Solution

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

The cookbook also includes an apothecary section with natural remedies to help keep your family healthy.

This book isn't just about the recipes. It's also about slowing down, cooking from scratch, and enjoying the simple blessings of life.

We hope it inspires you to try new things in the kitchen, connect with your food, and savor every bite.

Above all, it's a reminder to be intentional and grateful for the gifts God has provided through the land we care for.

Ice cream drips down a waffle cone,
 Cold and sweet—my favorite tone!
 Vanilla, chocolate, strawberry swirls,
 Melting smiles on all the boys and girls.

Gummies wiggle, jiggle, bounce, and gleam,
 Bears and worms in a chewy dream.
 Red and green and lemony too,
 They stick to fingers—oops!—achoo!

Graham crackers crunch, potato chips crack,
 Salty and sweet make a perfect snack.
 Munch and crunch, then giggle and grin,
 Snack-time fun from start to end!

ROUNDHOUSE

Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low F, G, A, Bb, C, D, and E* | **\$29.99**

KNITTLINGER

Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger - it goes as fast as any player can play it!

Keys: Low A, Low Bb, Low C, and Low D* | **\$99.95**

BLUES SHIFTER

This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb, C, and D* | **\$89.99**

THE DELTA FROST COLLECTION

- The workhorses of the Bushman brand The Delta Frost comes in 3 different comb choices - Original (plastic), or you can get the Steeie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

Original Keys: Low D, Low E, Low F, G, A, Bb, C, D, and E* | Steeie and Woody Keys: Low F, G, A, Bb, C, D, and E*

\$29.99 | **\$44.99**

Quickly learn to play popular songs even if you don't know how to read music! This popular harmonica instruction book teaches the basics like how to hold the harmonica, and how to play single notes, and then it teaches more advanced skills like how to tongue block in order to Double Two Rattle, how to bend notes, and how to harmonize with others! It ends with the very important, rarely known topic, Harmonica Care & Maintenance Guide. That one section will save you many times the cost of the book!

\$9.95

DINKY

Our all new Bushman Dinky has a greater note range and ability to play more songs than any true, 1-1/2" mini harmonica ever made!!! The Dinky plays much better than the typical mini, and it's more comfortable. Here you get all 3 Keys for one low price! G (Yellow), A (Navy), and C (Black)

3 Pack: **\$14.99**

* All Keys on this page are listed from Lowest to Highest.

Froman Hill

BOYS RANCH

Restoring Hope through Discipleship

Froman Hill Boys Ranch is a residence for minor boys from the home and buggy churches. To act as a refuge while dealing with emotional, moral and spiritual needs.

LOOKING TO SERVE?

We are in need of Big Brothers and Houseparents!

If interested call 330-343-8055.

We enjoy being house parents at Froman Hill Boys Ranch. It is very rewarding to see the young resident boys improving as they do their term here. Also, a blessing to see how the big brothers put in time and effort to help the young boys progress. We receive so much more here than what we give. God's Blessings!

-Eli & Mary

Serving as big brother gave me lots of interesting opportunities and challenges, and trying to be a good example as Jesus left behind. It was very fulfilling and rewarding to follow rules and keep up with schedules when working with these struggling, talented young boys. To me it was a blessing, thanks to God.

-Former Big Brother, Jake

We are in need of work. Looking for simple manual piece work. If you feel led to share, call 330-343-8055 and ask for James.

My time as a Big Brother at Froman Hill Boys Ranch was worthwhile, meaningful, and inspiring. I'm glad I stepped out of my comfort zone to be a part of something special. The friendships and memories made were worth the time invested. I can honestly say I feel I received more than I gave. To God be the glory and honor!

-Big Brother, Michael

I would like to thank God for the opportunity to serve at Froman Hill Boys Ranch. If you have a desire to do something like this, do it! It truly is an enjoyable and fulfilling experience.

-Former Big Brother, Jared Hershberger

About our weeks we have spent with the Froman Hill Boys as houseparents and cooking for them- we have found it very rewarding and interesting. Would encourage anyone to give it a try. You will be richly blessed!

-The Troyers

Froman Hill Boys Ranch operates as Integrated Auxiliary of the Ohio Amish Church.

Soften your water Natures Way!

EXPANDABLE SYSTEM, USES NO ELECTRICITY, 120 DAY MONEY BACK GUARANTEE

Physically, as water passes over, around and through the helix formations inside the NU-FORCE Water Revitalizer, the actions churn the water similar to the action of water rolling and tumbling over rocks and crevices down a mountain stream. Enjoy all the benefits of revitalized water for cooking, drinking, showers or baths, laundry, gardening, pets and so much more.

A channel enabling the church to minister to physical and spiritual needs around the world

Civil war has left many Yemeni families struggling to survive. With tears, one recipient shared, "I thank [CAM contacts] for helping people in need like us."

FOOD FOR WAR-TORN YEMEN

Parcels of love

In our country where war is a distant thought, it is difficult to imagine the suffering of people in Yemen or other countries where the horror of war is reality, pain is felt, poverty abounds, and hunger claims lives.

Kamal* is a Yemeni father who had to leave his home and job because of heavy shelling.

Huda is a mother of five whose husband died, leaving her with the full responsibility of raising her children alone.

Rania and her family of seven live in a house with a collapsing roof, allowing water to pour in every time it rains.

Your kindness enables CAM to show Jesus' love and care through the gift of food parcels to suffering people in Yemen. Thank you!

Great for hardware, lawn
and garden, or farm stores!

It's time to start applying OVB to your fields and gardens.

Actual results after 2 applications of BioChar.

Also available in 1.2 cubic foot bag

If you want better nutrition... you need to start with better soil

Biochar blends available for various farming needs, call for more information.

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Time To Feed Your Trees!

Right now in the fall is the best time to feed your trees (this is when they pull in nutrition for the winter and spring months)

Tree Secret®

- All non fruit-bearing trees, evergreens and bushes.

Chicken Soup for the Soil®

- All fruit trees, flowering perennials, and flowering bushes.

Before

After

Tree Secret® liquid tree fertilizer (formerly known as Save-A-Tree®) is a biologically correct (non-synthetic) tree fertilizer that has been created specifically for enhanced tree success. Our small-batch, extra-potent blend of readily available nutrients is exactly what your trees, plants, and bushes need to revitalize and look great for years to come. The competition does not come close!

- Nitrogen found in most chemical lawn fertilizer is largely responsible for the unnatural rapid growth that weakens trees by thinning their protective cell walls, opening the door for disease, wind damage and bug infestations.
- Plants and bushes need the same nutrition as slow-growing trees. Give your yard a serving of this ultra-potent undiluted, carbon-based fertilizer and watch in amazement as your trees thrive and your landscape transforms into a lush paradise.
- Excellent results on all trees and bushes, including evergreens!

Happy trees have fewer problems. This stuff works!

APPLICATION INSTRUCTIONS

The amount needed for best results depends on the diameter width of the tree trunk 4' up from the base of the tree.

- Use 1 cup per caliper inch of tree trunk (trunk diameter)
- Mix with water and evenly apply from the base of the tree to the drip line.
- Water into the root zone.

To SAVE a dying or stressed tree, apply in spring and fall.

To MAINTAIN good tree health, use one time per year in spring or fall.

At Dr. JimZ®, our main goal is to help people eat more nutritious food and be more successful in the garden. Our nutrients are designed to stimulate life in the soil and provide a plethora of nutrients at a biological level. **The microbes in the soil must consume the nutrients before they are 100% bioavailable to the plant.** Our products feed the microbes so your plants can then decide what nutrients they need and when they need them ... this will maximize the genetic potential of the plant and result in higher-quality fruits and veggies.

Wildlife Paradise Seminar

Learn how to build your own!

Bucks shown are 2 of 20+ bucks shot on Reuben Jess properties.

Tony LaPratt and Reuben Jess team up for a special, 2-day event! Ultimate Whitetail hunting & fishing bootcamp on 187 acres with a river, pond and woods showing all examples.

Seminar dates Mar. 20-21 AND April 17-18 2026

Bucks shot on Reuben Jess properties.

Were You Disappointed In Your Hunting Season?

1. Why would you spend a dime on another new bow or hunting blind, when it makes no difference in your hunting time?
3. Why would you buy more land when you have no plan, on how to have more deer on your land?
5. How about letting me show you how, to have so many deer you say, "oh my!WoW!"
6. Let's set up your land to be its best, so your hunting and fishing can be blessed.
7. All these small things can happen on as little as ten acres.
