# Hope in the form of chicks

Tsira was only 30 years old when her husband passed away unexpectedly. She lives in the country of Georgia which is located in southeastern Europe. Life was difficult for Tsira and her two young children. “We were left without means of support. I raised my children in great poverty,” Tsira reminisced.

Time went on and Tsira’s children got married and started their own families. Life was a little easier for Tsira, now that she had only herself to support. But recently, Tsira suffered yet another loss when her son passed away suddenly. “The loss of my son was a double blow for me. Now I live with my daughter-in-law and we are raising three fatherless children. We live in great need,” Tsira told our contacts.

“Many nights I woke up thinking about what I would feed the children in the morning,” she shared. “With tears I prayed to God for help because it was painful to see my hungry grandchildren. We were going through very difficult times.”

Once again Tsira’s life changed, this time by the gift of chicks. “God’s people brought us chicks,” she rejoiced. “What surprised us even more was that

Tsira and her three grandchildren are excited to receive chicks from CAM.

along with the chicks they also brought good quality feed!” How glad Tsira and her family were for these chicks!

“Words cannot describe the joy of seeing my grandchildren smile again,” Tsira told our contacts. “Your help showed us there are still kind and caring people in the world. Now we look to the future with hope and believe that together many things can change.”

**Katelyn Marie Hershberger AUCTION**

# BENEFIT AUCTION

(3 year old burn patient)

## Wednesday, May 20th at 4:30 pm

Dinner starts at 3:30 pm at

Buster Miller Farm  
17717 Newcomb Rd  
Middlefield, OH 44062

**Dinner menu:**

Chicken sandwiches,  
burgers, fries, pie and  
ice cream

**Auction proceeds:**

To benefit Katelyn Marie Hershberger (Melvin & Elvesta) from West Andover, OH. Katelyn, 3 years old, was hospitalized just under 3 months when the garage she was playing in caught fire trapping her inside. The upper half of her body needed extensive grafting. This happened in September of 2025. She is currently recovering at home, doing well.

The costs from Akron's Hospital stay are staggering. We humbly ask for donations for this massive bill. Anything is appreciated. *Thank you in advance!*

## Genuine Haarlem Oil

The Detox Tool For Horses

**Is Your Horse Struggling  
With One Of The Following??**

- ⌘ Under Weight / Hard Feeder??
- ⌘ Parasites / Bad Hair Coat??
- ⌘ Tying Up / Kidney Shot??
- ⌘ Kidney / Liver Problems??

**Consider Doing a  
Haarlem Oil & or  
Agri-Cleanse Detox!!**

Our Genuine Haarlem Oil is the original Mr. Tilli formula dating back to 1696. The power of this Haarlem Oil comes from the sulphuric amino acid content. This is a form of bio available sulfur that is immediately utilized. The higher the percentage of sulfur, the more effective it will be. Our Haarlem oil is 16% Sulfur, the highest percentage you will find on the market!!

## ULTIMATE SUPERFOOD

Jamey & Rachel Warner  
7412 Paulin Rd., Bradford, OH 45308  
937-547-2161 x1

**Polysaccharides.** The Ningxia wolfberry ranks high in a protein-sugar complex known as a polysaccharide, which has been documented as cardio-protective, anticancerous, and immune-stimulating. Polysaccharides support natural killer cell function, which helps fight cancer. These low-glycemic, long-chain molecules could be responsible for many of the wolfberry's strong immune-boosting, anticancer, and cardiovascular-protective benefits. Lycium barbarum polysaccharide is a very large sugar-protein complex that occurs only in wolfberries and contains a high concentration of Lycium barbarum polysaccharide, which promote the growth of beneficial bacteria in the gastrointestinal system.

**The Sweetness of Wolfberry.** The dried wolfberries have been shown to have a very low glycemic index, which is a measure of the impact a food has on blood sugar levels two hours after ingestion. The lower the rise in blood sugar levels, the lower the glycemic index, which demands less work for the pancreas to process the sugar.

**Synergy of Ningxia Wolfberry Ingredients.** The synergy of all of the wolfberry nutrients may be responsible for the Ningxia wolfberry's ability to support so many different functions of the body. The synergistic effects of phytochemicals in fruits and vegetables determine their potent antioxidant and anticancer activities, which may explain why no single antioxidant can replace the combination of natural phytochemicals in fruits and vegetables in achieving the health benefits.

**Protecting Cells from Oxidation.** Each of the 3 trillion cells of the human body has a cell membrane composed primarily of fats that is susceptible to oxidative damage. The cell's energy is produced in the mitochondria, where oxygen and carbohydrates are combined. This reaction may create free radical damage to the fats (lipids) that form the outer structure of both the mitochondria and the cell itself. When these fats become oxidized or "rancid," they become brittle and dysfunctional and eventually self-destruct. Oxidative stress to the body has been linked to diseases ranging from cancer to heart disease. The simplest way to maximize antioxidant levels is with a diet high in antioxidant foods.

**Health Problems? The human body** consists of 70 to 100 trillion cells. When cells are healthy, the body is healthy. When cells are unhealthy, disease or dysfunction can accrue. What's the cause? Reason science has shown that poor cellular communication is the root cause of unhealthy cells. Damaged cells struggle to alert the immune system, allowing the damage to multiply. No matter the problem, we can now Bi-replace cellular communication for the first time in history. For a free information

## DAVID STOLTZFUS FUND

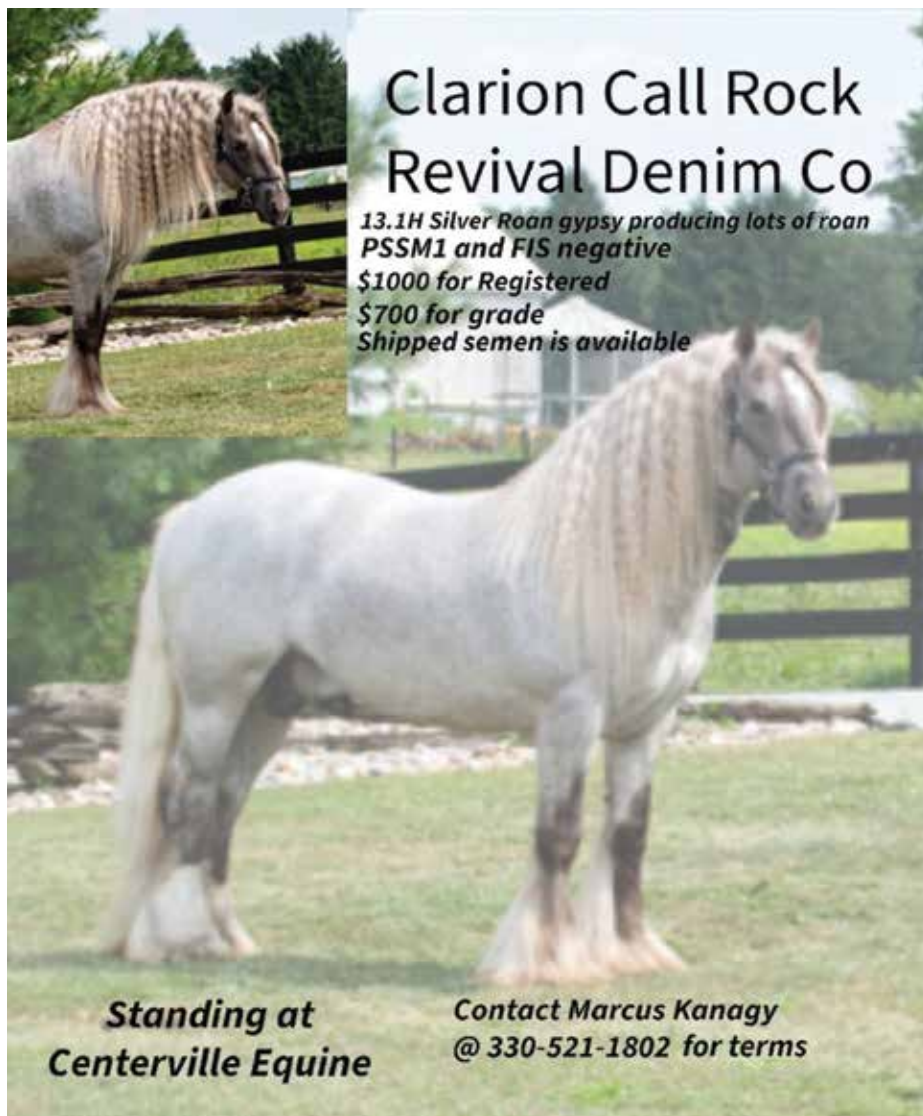

On Sunday morning, April 19, David Stoltzfus lost his wife and six children (the whole family). David had just arrived at church a ½ mile from his home (wife Sarah stayed home because one of the boys was sick) when suddenly the beautiful Sunday morning was shattered by a loud explosion. Within seconds the whole house was engulfed in flames; the house and everything in it was lost.

**If you want better nutrition.... you need to start with better soil**

Biochar blends available for various farming needs, call for more information.

**WHAT IS BIOCHAR?**

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

**WHAT IS THE BENEFIT TO YOU?**

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

## Proven The Hard Way

From the creators of P-One™ and Ocean Minerals™

### Built in Wisconsin. Built for a Reason.

Before gut health became a category, before microbiology became a buzzword, before every company claimed to "support the rumen," there was a problem no one had solved.

On a Wisconsin farm, animals were struggling in ways that didn't add up. Rations were balanced. Protocols were followed. And still, performance slipped, consistency broke, and health issues kept showing up.

Most accepted it.

Richard V. Breunig didn't.

### The Idea That Wasn't Accepted

When Richard began focusing on the microbial environment inside the animal, it didn't get support. It got pushback.

He was told it wouldn't work. That it would fail. That it could cost him everything. Some said it would ruin his cattle, others said he was crazy.

In an industry built on tradition, that kind of thinking wasn't just questioned, it was rejected.

### But the Problem Was Still There

Ignoring it didn't fix it.

Richard wasn't chasing a theory. He was trying to solve something real. So the work continued in the barn, on real animals, under real conditions. Not in a lab, not in controlled environments, and not based on assumptions.

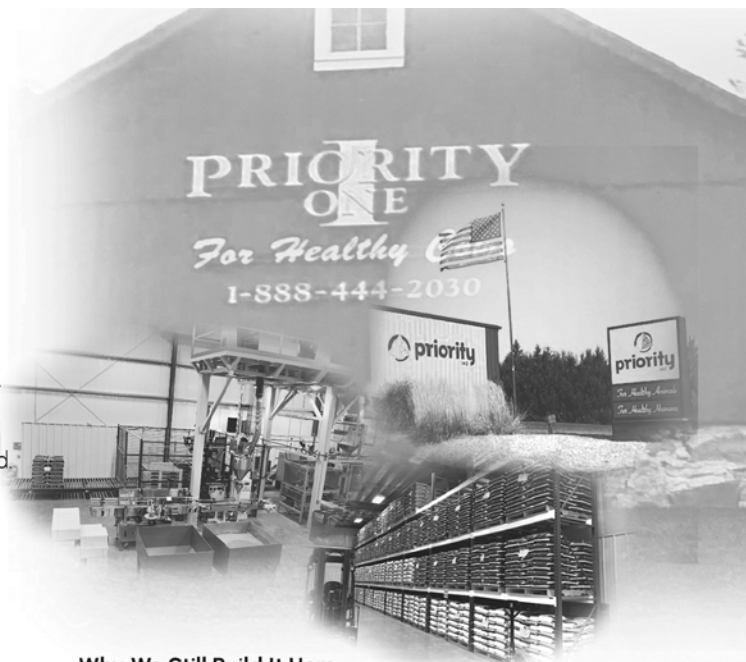

It was built through trial, observation, and results on his Wisconsin dairy.

### A Different Way Forward

What started as resistance eventually became results.

When the microbial balance inside the animal improved, intake stabilized, consistency returned, and performance followed. It wasn't magic. It was understanding what was actually driving the system.

And it challenged the way the industry had been thinking and today is reshaping the industry.

### Why We Still Build It Here

A lot of companies move production when they grow.

We didn't.

Priority IAC still manufactures in-house in Wisconsin for one reason: when you control the process, you control the outcome and accountability.

No outsourcing, no shortcuts, no guessing what's in the product or how it was made. Just consistency, built the same way every time.

### This Was Never About Following the Industry

Long before it was accepted, this work was already being done. Not because it was easy or popular, but because there was a responsibility to the animals and to get it right.

Even when it meant standing alone.

### The Same Philosophy Today

The industry talks about gut health now. We've been building around it for decades, and we still operate the same way: close to the animals, close to the process, and focused on what actually works.

### Built Here. For a Reason.

Being built in Wisconsin isn't just where we are, it's how we operate.

It means staying connected to the work, staying accountable to the outcome, and building products the way they were meant to be built.

Because when it comes to animal health and performance, where it's made matters.

BLUESTONE POLY

## CUSTOM POLY INTERIOR CABINETRY

DURABLE • LUXURY BUILT • DESIGNED TO LAST

Transform moisture-prone and high-use spaces into beautiful permanent living areas with Bluestone Poly Custom Interior Cabinetry.

Unlike ordinary wood or particleboard cabinets, Bluestone Poly is manufactured from advanced waterproof polymer materials that resist humidity, swelling, peeling, staining, and long-term wear. Every project is custom built for your exact layout and finished with sleek modern styling, premium hardware, and low-maintenance surfaces homeowners love.

Perfect for basement kitchens, laundry rooms, mudrooms, utility areas, serving stations, and complete interior renovations where durability matters as much as appearance.

## GRID POWER + BUILT-IN BACKUP

### SOLAR WITH BATTERY BACKUP FOR STEADY POWER

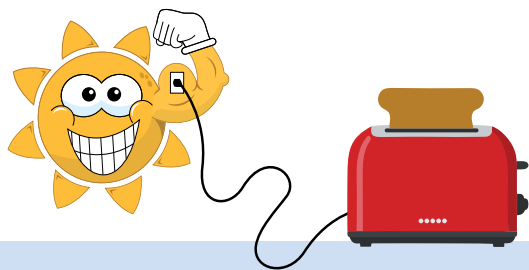

#### WHY HYBRID SOLAR?

- Combines the benefits of grid-tied and off-grid systems
- Backup power for critical loads during outages
- Substantially reduced electric bills
- Greater energy independence and self-sufficiency
- Store energy for use during outages

#### RELIABLE, SMART POWER WHEN YOU NEED IT

Hybrid systems automatically provide backup power during outages, keeping critical circuits and essential equipment running without interruption.

Use solar power first, store excess energy for later use, and send additional power to the grid when available. Your system manages the balance between solar, battery, and grid power for efficient, dependable performance – including during peak energy use.

## TURN YOUR PLOT INTO A DEER MAGNET

Top-Tier Corn and Soybeans Options  
for High-Impact Food Plots

### ENERGY STAR CORN (NON-GMO)

Energy Star Corn (Non-GMO) is highly digestible and high-energy, separating this unique white corn from any other corn. This helps to provide more energy and health for the deer herd through the rigors of winter.

### BUCKHEAD CORN (NON-GMO)

This corn is a high-nutrition, glyphosate-tolerant corn developed for wildlife food plots. It produces grain with higher oil, protein, and calorie levels than standard field corn, making it valuable during late season and winter. Deer show strong preference for this variety.

### REAL WORLD GEN 2 SOYBEANS

A blend of four soybean varieties designed specifically for wildlife food plots. They produce both heavy forage and grain that remain available throughout the hunting season, even after frost.

# ARE YOU DEFICIENT IN FATS?

If you have four or more of the listed questions answered with a yes, you are very likely deficient in essential fats.

## Kräftig Fischöl

(POWERFUL FISH OIL)

Norwegian Salmon Oil

Recommended by John Keim

120 caps.....\$38.00

16 oz unflavored liquid

.....\$58.00

- Do you have difficulty learning or concentrating?
- Do you have a poor memory?
- Do you have brittle, easily frayed, or soft nails?
- Do you have excessive thirst and or frequent urination?
- Do you suffer from PMS or breast tenderness?
- Do you suffer from dry, watery, or itchy eyes?
- Do you have inflammatory health problems such as arthritis?
- Do you have high blood pressure?
- Do you have slow/poor wound healing?
- Do you have obsessive or compulsive behavior?
- Do you have extreme fear or night terrors?
- Do you suffer from anxiety or depression?
- Do you suffer from travel or motion sickness?
- Do you experience fits or convulsions?

There are blood tests available to check your fat status. The bottom line is fats are a necessary part of a healthy body. As well as improving your mental health, the essential fats reduce the risk of cancer, heart disease, allergies, arthritis, eczema, and infections. The brain and nervous system are totally dependent on a family of fats. In the past we have had good success with fish oils for dry skin, dandruff, skin rashes, joint pains, memory loss, depression, etc. In the latter 10 years, our results have gradually decreased. I was already aware it did not pay to buy the cheaper brands. By seriously researching the last couple years, we discovered the processing methods used by the well known, expensive brands. We decided the refining process of fish oils is worse than the refining of white, wheat flour. In the beginning the large trawlers spend weeks at sea harvesting the fish. The catch should ideally be quickly transported to a rendering plant. In less ideal situations, the harvest is stored aboard the ship for long periods, degrading in quality. The collection is now heated or cold pressed to extract the oil. The imagineering thought this product is raw and cold pressed, or gently processed, is a marketing ploy. The refinement process involves four major stages: degumming, neutralizing, bleaching, and deodorization. There are up to six processes using heat. In the deodorization, the oil is heated up to 374°F or higher as live steam passes through it at low pressure. The temperature for molecular distillation can reach 395°F. These heating processes cause a significant loss of vitamins A and D and creates harmful trans fats due to high heat. Since almost all of the natural vitamin A and D are removed most producers add synthetic ingredients to be able to show a higher ratio of A&D, EPA, and DHA on the ingredient list on the label. Once the oil is cooled and antioxidants are added to protect the oil from oxidation. Natural antioxidants like ascorbic acid, isolated vitamin E tocopherols from soy, citric acid from GMO corn and common synthetic antioxidants including BHA, BHT, TBHQ and propylgallate are added. They use up to 18 processes before the oil is bottled. Some producers use synthetic citrus and fruit flavorings derived from proprietary chemicals. Some companies also add alcohol (which causes inflammations) to prolong shelf life, defeating the anti-inflammatory effect of the omega 3 naturally occurring in the oil. What we have discovered in our research was a company established in 2019 promoting an unrefined salmon oil with no artificial ingredients added. The oil is capsuled and liquid bottled within one hour after the fish is killed. The heat is never raised above 180°F in the process. It has all the natural ingredients in the oil the fish had originally including 28 omegas which have been destroyed in many other brands of fish oil through the refining and processing procedures. It is probably the only salmon oil with the natural golden color after bottling, available. While we were experimenting with these oils two ladies that had been bothered with the cracked finger tips at the corners healed within one weeks time. Both ladies had been using a very popular, expensive brand of fish oil for 3 months prior to our trial. The name of this oil is Kraftig Fischol (powerful fish oil). It does not supply only EPA and DHA like most other fish oils on the market, but has DPA included. DPA is absorbed into the blood stream and red blood cell lipids 22% better than EPA and DHA. DPA helps to rebalance the ratio of omega-3's to omega-6's which lowers inflammation in the body. This fatty oil can aid in long term memory retention, which in turn boosts brain function. Numerous studies have reported that DPA has a high anti-cancer potential, particularly when it comes to reducing tumor growth in breast, colon, and prostate cancer. Due to its highly anti-inflammatory effects taking DPA may reduce pain caused by rheumatoid arthritis. It can improve mental health issues like depression, anxiety, and schizophrenia. DPA can decrease the risk of heart disease, prevent arterial blockage, and strokes by as much as 40%. India has one of the largest vegetarian populations and also one of the highest rates of blindness which is associated with deficiency in omega-3's. Both eye and brain are built out of DHA. According to research studies, fish oil excels in increasing the omega oils in blood compared to plant sources. Research shows that adding EPA and DHA to the diet of pregnant women positively effects the baby's visual and cognitive (brain) development. Omega-3's also benefit pregnancy by preventing pre-term labor, lowering the risk of preeclampsia. Omega-3 deficiency increases the mother's risk of depression, which may worsen postpartum mood disorders with each subsequent pregnancy.

# Pressure Point Mat Set

Lay back, breathe deep, and let the tension melt away.

*Great Gift!*  
for **Father's Day**

**\$138** for the mat.  
Add **\$12** for shipping.

Studies have shown up to 40% improvement for, stress, muscle soreness, and sleep quality after regular use of the mat for 20–30 minutes before bed. *Journal of Sleep Therapy 2015*

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. The gentle pressure of over 4,000 pressure points works to stimulate circulation, release muscle tension, and support relaxation. Start with 10–15 minutes a day and gradually increase to 20–40 minutes as your body gets used to the sensation. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! - *WTHN Client*

**What's Included:**

- High-quality coconut fiber and linen WTHN Pressure Point Mat
- Luxe memory foam and linen WTHN Pressure Point Pillow for ultimate comfort
- On-the-go linen carrying case for WTHN Pressure Point Pillow and Mat
- Detailed how-to guide with step-by-step instructions and Pressure Points for healing at home and on to go.

# Considering Disc Replacement Surgery?

## 🎧 Hear a Real Patient's Story Before You Make a Life-Changing Decision

**Esther avoided surgery, metal implants, and a long recovery—and got her life back**

If you're facing surgery—or afraid that pain is becoming your "new normal"—Esther's story may be exactly what you need to hear *right now*.

Esther lived with pain for decades. When even overseas surgeons said she was too high-risk for disc replacement, she nearly gave up hope.

But then she found Midwest Disc Clinic—and started a non-surgical program that changed everything.

Now, in this private podcast interview, Esther shares:

- ✓ How she avoided spine surgery—after being told it was unavoidable
- ✓ The moment she realized daily pain didn't have to be her future
- ✓ What non-surgical care was really like (no hype, no pressure)
- ✓ How faith, family, and the right plan helped her reclaim her life

Before you make a permanent decision, hear the story most patients never get to hear.

## “Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion’s Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Spring arrives in whispered light,  
Soft petals waking from winter's night,  
The air hums sweet with budding trees,  
And earth exhales in gentle breeze.

In garden rows, new life takes hold,  
Green tendrils push through patient soil,  
Hands in dirt, a quiet art,  
Each seed a promise from the heart.

Colors bloom in bright array,  
Bees drift slowly on their way,  
And in change of sun and rain,  
The world feels young and whole again.

## Dr. Karen's Special Needs & Family Wellness Consultations

Helping Parents Understand What Their Child Cannot Always Explain

Does your child struggle with:

-  Emotional outbursts
-  Anxiety or fear
-  Focus and attention
-  Sleep challenges
-  Sensory overload
-  Mood swings or discouragement
-  Behavioral struggles
-  Communication difficulties

At NuLife, Dr. Karen takes a whole-body approach to understanding the nervous system, emotional stress, nutritional imbalances, and hidden stressors that may affect your child's health and behavior.

Advanced ZYTO Scan Guidance

The ZYTO scan can help uncover stress patterns within the body and provide insight into:

-  Emotional stress responses
-  Nervous system imbalance
-  Nutritional deficiencies
-  Stress overload patterns
-  Areas needing support and regulation

 For many parents of special needs children, this can provide valuable insight when emotions and needs are difficult for a child to communicate clearly.

FAMILY & HEALTH

All of the customized Stationery you need for a beautiful wedding!

In Our Parents,  
A wedding is a joyful time  
As two young lives unite,  
Yet it's time to think about  
The years that have gone by.  
Thank you, parents, for all you've done.  
You've been such a big part of our lives,  
Spending time with us and loving us,  
And teaching us of God and His Son.  
Our memories are special gifts,  
Their worth cannot be measured.  
The loving home you made for us,  
Our hearts will always treasure.  
And though we're very happy  
As we make this brand-new start,  
The love we feel for each of you  
Is forever in our hearts.  
With love,

# PARTNERSHIP THAT LASTS

WE DON'T BUILD YOUR SYSTEM AND DISAPPEAR.

A lot of businesses get a system set up and then never hear from that company again. When something changes in your operation, like a new hire, a new product line, or a better way of doing things, your tools should be able to change with you. Leap Integrations builds custom Excel systems for small manufacturers and contractors, and we stay involved to make sure they keep working well. If something needs updating, we're a phone call away.

# Stay Local and Yet Reach Far

Jesus said, "...you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth." (Acts 1:8)

**How is that possible? Well, you can start here and now!** Most of us live and work near home and only get into surrounding areas where people can see our light.

**But to the ends of the earth? Let Global Disciples do the work.**

Global Disciples trains Christians in Africa and Asia who know the local language and culture to share the Good News of Jesus with the people there who never before heard the Gospel. Last year 76,239 people came to Christ and joined one of 4,246 new churches that started.

People come to Jesus only as the Holy Spirit leads. But for every \$102 given, we see someone come to faith in Jesus and get involved in a church. Most who trust in Christ and are baptized were once unreached people. Every bit helps!

**I am giving to help more people from 'the ends of the earth' come to faith in Jesus Christ!**

- \$102 to help 1 person come to Christ
- \$204 to help 2 people come to Christ
- \$306 to help 3 people come to Christ
- \$408 to help 4 people come to Christ
- \$510 to help 5 people come to Christ
- \$\_\_\_\_\_ to bring people to Jesus Christ

VISION BEYOND BORDERS

## Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

### We are printing and distributing Bibles to:

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

### Will you help send Bibles today?

\$4 prints one Bible

\$100 provides 25 Bibles

\$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

### Address:

PO Box 2635  
Casper, WY 82602

**The View from Here** By Aaron Miller  
**SPRINGTIME!**

Spring is here and with it comes a plethora of opportunities to buy and sell real estate, If you are an investor or are looking for real estate in any way shape or form. Get prequalified at bank, start planning what you want to do, and put a plan in motion. Right now, we have a healthy number of auctions and listings coming up and it is a great time to get in the game and purchase (or sell) a property. We always tell people don't try to time the market perfectly, there will always be something that isn't perfect in this very imperfect world, Covid, high interest rates, wars and rumors of wars, stock markets, digital currency, these are all things that keep or inspire people to buy or sell real estate. 95% of the people I work with are glad they bought when they did and the other 5% may have possibly paid a tick too much but will be fine if they wait for a bit to let the markets rise. Something to keep in mind. "When you own property and it goes up its appreciation" and when you see property going up from the sidelines? Yea that's inflation! It's all in the eyes of the beholder. Let's keep on keeping on! Happy springtime everyone! God bless and have a great week.

*That's the view from here. Until next time.*

# Coshocton County 111 Acre Farmstead (SW Coshocton County)

**Tuesday, May 26th @ 6:00 PM**

111 ACRES | 3 PARCELS | MOSTLY WOODED | 3 BR FARMHOUSE & OUTBLDGS | MILTON TOWNSHIP | COSHOCTON CO. | RIVER VIEW LSD

**Location:** 16555 TR 389, Frazeytsburg, OH 43822. **Directions:** From Frazeytsburg, follow Hamby Hill Rd North for 5 miles and turn on to Church Rd. Head North on Church Rd for 3 miles and turn onto Toboggan Slide Rd. Head East for ½ a mile and arrive at property. Signs Posted. **GPS Coordinates:** 40.20035, -82.17755.

**Summary:** Nestled in the SW corner of Coshocton County sits this 111-acre getaway. Located on a secluded township rd. Opportunity at affordable recreational land with a lot of possibilities of turning it into a great getaway property. Food plot potential and several excellent locations for an elevated hunting blinds.

**Parcel 1** (22.33 Acres w/house + outbuildings): 283' Frontage. Older 3-bedroom, 2-bath farmhouse with a metal roof and mostly replacement windows. It needs some TLC but has "plenty of life left" as a weekend getaway or fixer-upper project. Includes 3 additional older barns/sheds for storage, workshops, or animals. **Parcel 2** (33.37 acres): 603' Frontage. Shared 80' Access. Blend of woods and open land, plus a dried-up 1-acre pond. Features a 36x54 pole building with 2 overhead doors — great for equipment and hunting storage. Terrain is easily accessible. **Parcel 3** (56 acres): All wooded with a young tree growth, rolling terrain, and good deer sign. 120' road frontage with easy access right from the road. Pure recreational setup, ideal for hunting, or future timber management. Sells to the highest bidder.

**Legal:** Parcels 03200-000-271-01, and 03200-000-271-00 of Pike Township, Coshocton County with River View local schools. Taxes are subject to CAUV (recoupment responsibility of buyer) and are \$450 per year. **Real Estate Terms:** NO BUYERS PREMIUM. 10% non-refundable down payment day of sale with the balance due at closing. The sale is not contingent upon buyer securing financing or any other contingencies; properties sell "AS IS" and sell subject to seller confirmation. Any required inspections must be completed prior to bidding. Property sells subject to all articles of record. All seller owned mineral rights transfer. Acreage & frontage amounts are approximate and subject to the final survey. Buyers to pay \$1,500 per surveyed parcel. Any CAUV recoupment is the buyer's responsibility. The auction will be offered in various amalgamations, including as individual parcels or lots, or combinations of parcels or lots. Immediate farming rights with downpayment.

## Absolute HILLSDALE 56.8-ACRE HOMESTEAD & FARM AUCTION

TILLABLE - WOODED - PASTURE - HOME - OUTBUILDINGS - FREE GAS - ALLIS CHALMERS TRACTORS  
EQUIPMENT - TOOLS - FIREARMS AND AMMO - SAFES - TOY TRACTORS - COLLECTABLES

**SATURDAY, MAY 23<sup>RD</sup> PERSONAL PROPERTY 10 AM | REAL ESTATE 12 NOON**

**Location:** Auction will be held onsite at 1842 Bell Road, Wooster Ohio. On US Rte 30 at the Ashland/Wayne County line, take Co. Rd. 15 (Bell Road) north to the farm. Watch for RES signs.

**Real Estate:** Selling to the highest bidder, this 56.8-acre property offers a great opportunity to own a highly desirable Hillsdale farm with a great location. The farm is made up predominantly of open acreage ideal for pasture, hay, and row crops, with a good characteristic farmstead. The farm has approximately 5 acres of woods providing wildlife habitat and recreational appeal for hunting and outdoor enjoyment. A pond on the property adds to its charm and completes the rural Hilldale lifestyle with the ability to spend evenings casting a line and disconnecting from the busy grind.

The two-story farmhouse welcomes you with a spacious foyer and flows into a kitchen and dining room combination, highlighted by an updated kitchen with abundant cupboard space and beautiful views overlooking the countryside. A separate dining room provides additional space for gatherings, while the first-floor laundry offers convenience and includes a door leading to the outside allowing for a great mudroom. The main level also features a newly remodeled full bath with an attached walk-in closet. An office on the main level could easily be converted to a 3rd bedroom. Upstairs, you'll find two bedrooms and a second full bath. You will appreciate the character and cozyness this home offers.

Key updates to the home include a furnace installed in 2017, a water heater in 2020, and a new roof in 2023, offering peace of mind for years to come. The property is further enhanced by free natural gas from an on-site well, an exceptional and valuable cost-saving benefit.

The outbuildings on the property include a 24x48 shop, a 32x60 barn with a large lean-to addition, and (2) three-sided buildings. Regardless of your desires, the building provide ample space for equipment, livestock, workshops, or additional storage needs.

With gently rolling terrain and awesome scenic views throughout, the property presents an attractive opportunity for those looking to build, expand, or simply enjoy wide-open space in a peaceful country setting. Hillsdale farms with the location and character that this farm offers are extremely rare. Don't miss this once in a lifetime opportunity.

**Open House:** The home and outbuildings will be open for inspection Thursday, May 7th 4:30-6:00 PM. Pick up a brochure and walk the land at your leisure. Private showings available through Andy White, 419-651-2152 or Kaleb Badger, 330-641-1240.

**Taxes/Legal:** Ashland County Parcel # H23-011-0-0010-00 is located in Mohican Township and Hillsdale Local School District. The current annual taxes based on CAUV are \$3,450.68 and will be prorated to the date of closing. Farming rights will be given to the new purchaser with their down payment.

**Terms:** The successful purchaser will be required to make a non-refundable down payment of 10% at the conclusion of the auction with the balance due at closing within 45 days. A 10% buyer's premium will be added to the final bid to determine the purchase price. All inspections need to be completed prior to bidding. Farming rights given with down payment.

**Auction Note:** Jeff was a collector, auction regular, farmer, and had the great ability to see projects as opportunities. His collection highlights all of the above. Join us for a good day on May 23rd where we will sell in 2 rings most of the morning. One crew will sell farm toys, collectables, and tools starting at 10. Second crew will be selling farm misc., tractor and equipment parts starting at 10:20. Firearms, ammo, reloading will sell at 11:30. Real Estate at noon, and equipment immediately following real estate. A full listing is available at [www.RES.bid](http://www.RES.bid).

# FARM FOR SALE: NEW LONDON

**47.5 ACRES, 2 HOMES, 3 OUTBUILDINGS, 4 GREENHOUSE STRUCTURES, 1 HORSE BARN**

**141 ST RT 60, NEW LONDON OHIO 44851  
OFFERED AT: \$1,000,000**

What photos cannot capture: 47.5 acres, 2 Homes, 3 Outbuildings, 4 Greenhouse structures, 1 Horse Barn and a property built over 160 years ago -- request the full packet. This one earns its own category. The Red Home (4,104 sqft) was originally an 1890 barn, converted to the primary residence in 2011. Soaring vaulted ceilings, massive crossed structural timber beams, and dramatic handlaid stone & slate features catch the natural light at every turn. A mezzanine loft with master suite looks over an open galley kitchen, anchored by character grade hickory cabinetry, Baltic brown granite, and a dining area beneath the loft. The stone fish pond entry sets the tone from the moment you arrive. Second-level deck overlooking the horse pasture and private lower paver patio complete the picture. 3 BD | 2 BA | opportunity to add bedrooms | multiple lower level flex spaces | 1-car garage. The White Home (1,808 sq ft, c.1860) is a classic farmhouse divided into two self-contained levels - each with its own living room, kitchen, bath and bedroom. Upper level updated and functional. Lower level features original wood floors and newer drywall with a kitchen and bath ready for finishing touches. Multi-generational or income-producing potential. Outbuildings: 2008 pole barn (60'—80', 4,800 sqft) concrete floor, 16' sidewalls, office and shop heater; 1960 horse barn (48'x58', 2,784 sqft) with stalls, tack room, hay loft, round pen and two fenced grazing areas; utility shed, poultry house and carport. Three greenhouse structures totaling ~5,375 sqft. Agricultural well, 50+ raised beds, spruce trees, elderberries, and beehives. Soil: 74.0 NCCPI -- Bennington silt loam. Of the 47.5 acres, ~36 are actively farmed. A 1.1 acre stocked pond and all structures sit within the remaining 11. Productive land meets fully built-out homestead. Over 1,000 ft of road frontage.
