Editor's Note

NUMBER 62 • JULY 10, 2026

Greetings!

Did you know that fireflies only live a couple weeks? Fireflies have the same life stages as butterflies: eggs, larva (worms), pupa, adults. Firefly eggs glow and when they hatch out, the larva glows as well. The blinking lights of the adult fireflies have more than one purpose. They attract mates and warn predators away. The average lifespan of an adult firefly is 1-3 weeks.

Be sure to check out the ECONOMY PAGES, starting on page 35. They are just one more option to place a display ad. Give us a call or send an email if you need more information. You can use the form on page 7 if you want to mail your order.

It's time to submit your ads for the August 7, 2026, issue; the deadline for that issue is July 21. See page 6 of this issue for information about placing a **CLASSIFIED AD** in Busy Beaver Extreme. Be sure to send your payment along with your ad information. Page 7 has the form and information to place a **DISPLAY AD**. A **DISPLAY AD** will give you a complimentary listing in our **BUSINESS DIRECTORY**. Thanks for sending your ads on time.

Please allow plenty of time for ads sent in the mail. Sometimes the mail does not move as fast as we wish it would.

Are you reading your friend's Busy Beaver Extreme? Are you moving soon? Use the form on this page and mail it to the address below. If you get more than one copy of this magazine, please let us know. It is helpful to include the mailing label if you want a name removed or have an address change.

What is Young Living NingXia Red?

As they say, we either pay for our health now or later. We get to choose...so, what do you feel is best for you? A question was asked, on where people were living the longest in the world. Ningxia, China is in a blue zone, meaning where people are living well past 100 years of age, and the common thing they have is the wolfberry in their daily food regimen.

This anti-inflammatory antioxidant drink has become a FAVORITE to many, as they find their immune systems thriving, energy increasing, and cellular health improved, which in turn gives them the key nutrients for OPTIMAL health. FREE booklet included! Average serving size: Adults: 2-4 oz./day; children 12 and under: 1-2 oz./day.

" Young Living's Ningxia Red has become my new go-to for maintaining a lean belly and boosting my immune system. The blend of organic red fruits and vegetables in this vital reds supplement is not only beneficial for my body but also tastes amazing. Plus, knowing that it is infused with whole Ningxia wolfberry puree makes me feel even better about incorporating it into my healthy lifestyle. ~ Emily

" My kids did not know who their doctor was when asked to fill out a form for school. We had not had to go in 10 years for things we used to have to go for! The difference? We started taking Ningxia Red on a daily basis as a family. It's a great feeling. ~ Angie

" I was tired all the time, had aches & pains, and did not feel my usual self. I had so much to get done, but just didn't even feel like I could do it. Everything felt like a chore, even things I once enjoyed. I was told to try Ningxia Red. I did the Ningxia Red Reset that came with 51 packets and was a 14 day protocol. I thought it was worth a try, and I'm sure glad I did. I not only feel better, but I lost 10 lbs in 6 weeks. It's been a game changer for me. ~ Lance

Healthy Home & CHEMICAL-FREE LIVING

Petrochemical Weight Loss

There are two parts to this protocol. You have to use the Citrus Fresh/Ledum mixture to break up the fat. Then you need to take Grapefruit by the capsule to digest what the Citrus Fresh /Ledum broke up.

Weight Loss Bundle - 2 Month Supply

Includes 2 Grapefruit, 2 Citrus Fresh, 1 Ledium, Cel-lite Massage Oil & Capsules. (2-month supply, see order form for other ordering options). Instructions & Recipe Booklet included.

$179

Testimony (Sarah S.) – I listened to Gary Young in Dallas in 2003 and received the recipe for Petrochemical weight loss. After doing this: My skin firmed up nice and tight. My jaw line firmed up where I put the Citrus Fresh. The Grapefruit balanced out my hormones, and I began to have a regular menstrual cycle without pain or discomfort. I kept my complexion clean with Lemon oil. I only use Young Living brand essential oils because of their unadulterated purity. He said that saturation was the key to weight loss. He described how the body stores environmental toxins in our fat cells to save them from being deposited in our organs and wreaking havoc. This continues a vicious cycle where we grow larger fat cells which can store more toxins. Essential oils work with your body in activating enzymes that help the body break down fat. ***The Citrus Fresh with Ledum breaks up the fat, and the Grapefruit by capsule digests the fat. Grapefruit essential oil is an excellent diuretic and lymphatic stimulant. Please keep in mind that cellulite is literally toxins being stored in the fat cells.***

Equi-lete® Premium Equine Nutrition

Pivot™

A Blend of Ingredients Including Methylsulfonylmethane (MSM), Glucosamine, Chondroitin, and Hyaluronic Acid to Provide Nutritional Support for Joints and Connective Tissues in a Palatable Pellet

- **Inhibits Breakdown of Cartilage**
- **Supports Production of Cartilage**
- **Designed to Nutritionally Support Joint Function and Connective Tissues**
- **May Help Prevent Inflammation**

"Thanks to Pivot™, our 18-year-old mare can still perform and bring home the ribbons!"

WHY IS JOINT HEALTH IMPORTANT?

Your horse gives you their all - every ride or drive, every single day. But constant movement and performance puts ongoing stress on their joints. Over time, that wear and tear can lead to stiffness, discomfort, and a noticeable slowdown. Help them stay strong, flexible and ready to perform. Equi-lete® Pivot™ is specially formulated to support joint health before problems start. Don't wait until your horse begins to struggle. Support their joints today so that they can continue doing what they love tomorrow.

ACTIVE INGREDIENTS

1 METHYLSULFONYLMETHANE (MSM)
MSM has been shown to suppress inflammatory processes involved in joint degeneration. Research indicates it can help reduce inflammation and may have both a preventative effect on the development of arthritis, as well as a therapeutic effect on existing joint inflammation

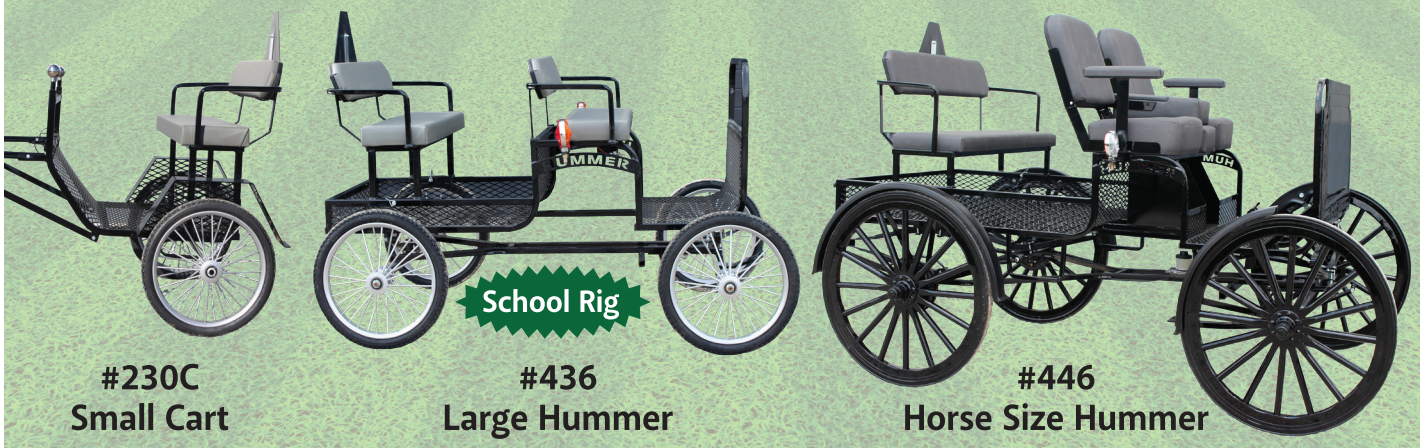

2 GLUCOSAMINE HCL
A bio-available compound that aids in preventing joint and tissue damage, while promoting the growth of new cartilage and production of synovial fluid.

3 HYALURONIC ACID
A compound that is naturally found in cartilage and is a fast acting ingredient that helps to calm inflamed, hot and painful joints.

4 CHONDROITIN SULFATE
A complex chain of sugars that is naturally found in cartilage, bones, tendons and ligaments. A powerhouse when combined with glucosamine HCl and can reduce the symptoms of joint disease.

5 ASCORBIC ACID
Also known as vitamin C, ascorbic acid enhances the body's ability to absorb MSM and can help reduce inflammation and oxidative stress.

Froman Hill BOYS RANCH

Restoring Hope through Discipleship

Froman Hill Boys Ranch is a residence for minor boys from the horse and buggy churches. To act as a refuge while dealing with emotional, moral and spiritual needs.

LOOKING TO SERVE?

We are in need of Big Brothers and Houseparents!

If interested call 330-343-8055.

We enjoy being house parents at Froman Hill Boys Ranch. It is very rewarding to see the young resident boys improving as they do their term here. Also, a blessing to see how the big brothers put in time and effort to help the young boys progress. We recieve so much more here then what we give. God's Blessings!
-Eli & Mary

Serving as big brother gave me lots of interesting opportunites and challenges, and trying to be a good example as Jesus left behind. It was very fulfilling and rewarding to follow rules and keep up with schedules when working with these struggling, talented young boys. To me it was a blessing, thanks to God.
-Former Big Brother, Jake

We are in need of work. Looking for simple manual piece work. If you feel led to share, call 330-343-8055 and ask for James.

My time as a Big Brother at Froman Hill Boys Ranch was worthwhile, meaningful, and inspiring. I'm glad I stepped out of my comfort zone to be a part of something special. The friendships and memories made were worth the time invested. I can honestly say I feel I received more than I gave. To God be the glory and honor!
-Big Brother, Michael

I would like to thank God for the opportunity to serve at Froman Hill Boys Ranch. If you have a desire to do something like this, do it! It truly is an enjoyable and fulfilling experience.
-Former Big Brother, Jared Hershberger

About our weeks we have spent with the Froman Hill Boys as houseparents and cooking for them- we have found it very rewarding and interesting. Would encourage anyone to give it a try. You will be richly blessed!
-The Troyers

Froman Hill Boys Ranch operates as Integrated Auxiliary of the Ohio Amish Church.

July 27th & 28th Three Leather Workshops in Mt Hope, Ohio

SWIVEL KNIFE FINESSE

The most challenging tool for most leather workers to master is the swivel knife. This workshop hits all of the important points of making a swivel knife work at its best. Included will be exercises for improving skill, free hand scroll decorations, as well as designs to challenge the experienced.
Once all of the good habits of swivel knife use are discussed and some of the bad habits are corrected, Jim Linnell will have participants create a design with their swivel knife alone similar to the one pictured above.

When: This class will run from 9:00 to 12:00 on the morning of July 27th

Fee: $85

SETTING STONES IN LEATHER

Want to learn how to inlay real stones into leather? Think of the applications like belts, bags, tack, jewelry and more. Gnawing hunger IN CUBA

A Cuban father arrives home after a long day of hard work. He counts the coins while his children ask what they will have to eat. His heart breaks as he looks into their pleading eyes.

In another Cuban home, a Christian man feels the stress of his family's gnawing hunger. He knows the strain of caring for his wife as she battles cancer. He knows the agony of needing to decide between a piece of fruit for his ailing wife or the taxi fare to travel home from the hospital.

A woman looks up at her leaking roof. But her leaking roof is the least of her worries. She processes the sorrow of a drinking husband. She thinks about her pantry, which is nearly always empty. Her stomach aches since she hasn't eaten in days. Sadness seems to always lurk at her door.

These are the stories of recent recipients of nutritious canned chicken from CAM's cannery in Ephrata, Pennsylvania, and other food aid made possible through your generous support.

Workers in Cuba share the responses of those who receive desperately needed food.

- **They praise God for His provision.**
- **They weep openly.**
- **Their hands tremble as they clasp the precious gift of food.**
- **A father smiles a vibrant smile—knowing that at least for tomorrow he will have food for his children.**

A CAM staff member who visited Cuba in December wrote: *I must admit, I was and am shocked and troubled by the fact that on the back doorstep of the United States is a country with such need! People vacationing on the beaches of Cuba would be shocked to know that mere miles away children are going to bed with almost nothing to eat, and the struggle for survival is similar to what you might expect in Africa or Haiti.*

In addition to providing canned chicken and other food, we are excited for the opportunity to supply spiritual food for Cuba in the form of much-needed Bibles and Christian family magazines. The dearth of Christian literature is as severe as the dearth of food.

BOOST FLOCK HEALTH AND PRODUCTION

Since the 1950s, thousands of customers and millions of animals have used the Redmond program and never looked back. Switching to Redmond is a small shift that makes a huge difference.

IT ALL STARTS IN THE GUT

The gut isn't just for digestion, it's a key part in overall body function and production in chickens, especially immunity. A healthy gut leads directly to:

- Better feed conversion
- Stronger immunity (Did you know?...70% of a chicken's immune cells are found in the gastrointestinal tract)
- More nutrient absorption
- Consistent egg laying (and stronger shells)
- Overall resilience (to disease and stress)
- Fewer death losses

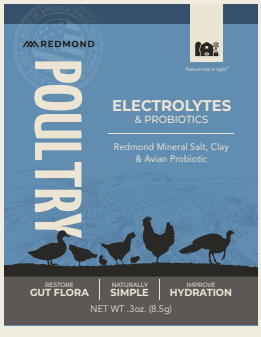

EVERY DAY SUPPORT > QUICK FIXES

Because poultry excrete solid and liquid waste at the same time, it can be very difficult to spot, diagnose, and treat gut issues before they have a serious effect on your flock's health.

It is much more effective and economical to maintain daily gut support rather than trying to react with quick fixes. Poultry farmers have found that simply adding Redmond volcanic conditioner to their chicken's feed helps their flock and their production levels thrive.

This rich sodium bentonite clay is an all-natural:

- pH buffer
- toxin binder
- digestion booster...and more!

COMING SOON FROM REDMOND!

Redmond Poultry: Electrolytes and Probiotics

The power of Redmond sea minerals, Redmond volcanic clay and essential probiotics. Protect your flock from dehydration and gut stress with this easy-to-use mix.

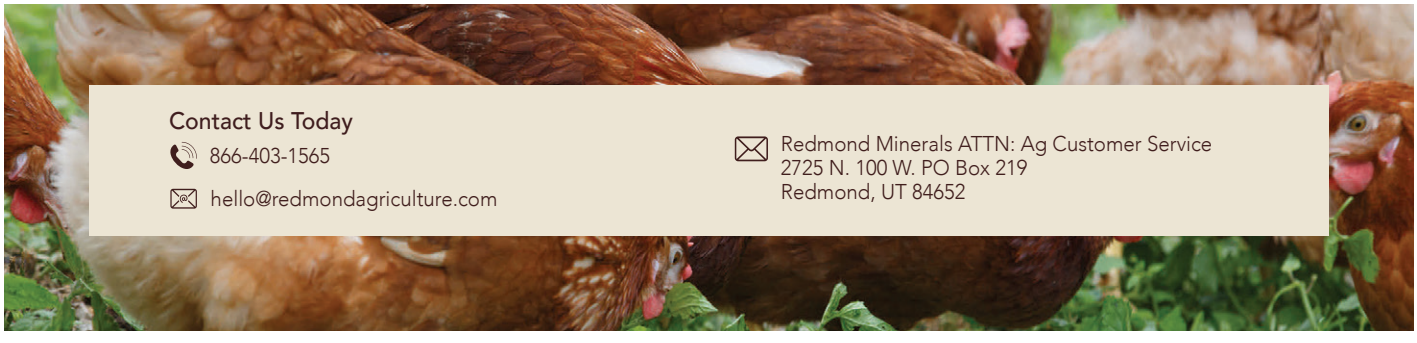

FARM TESTED AND PROVEN

See what happened when Masterfeeds Poultry gave Redmond Conditioner to 36,000 of their broiler chickens!

Give Redmond a call today to see how we can help your farm thrive and get you back to doing what you love!

Idaho Whole-Apple Cider Vinegar

GREAT APPLE CIDER VINGAR HAS A "ONE-TWO" PUNCH…

1) Looking for less disease and fewer internal/external parasites this year? THIS ACV has an alkaline forming response in any mammal's body, which is your shield against those issues.

2) Wanting to stretch your hay and pasture by 20%? The ENERGY and ENZYMES from the Whole-Apples contained in this vinegar are ALL still intact to help boost your livestock's digestion of any feed. Minerals in the feed are 90% bio-available versus the 20% in most mineral mixes.

The drier your feed, the better this ACV works!!!

How would you like a summer where your calves gain more and have less pink-eye?

The Mother of all Enzyme-rich vinegars

At Dr. JimZ®, our main goal is to help people eat more nutritious food and be more successful in the garden. Our nutrients are designed to stimulate life in the soil and provide a plethora of nutrients at a biological level. **The microbes in the soil must consume the nutrients before they are 100% bioavailable to the plant.** Our products feed the microbes so your plants can then decide what nutrients they need and when they need them ... this will maximize the genetic potential of the plant and result in higher-quality fruits and veggies.

POULTRY BOOSTER

** Happy, Hearty, Healthy Chickens **

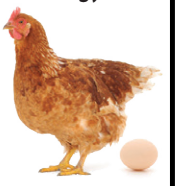

100% NATURAL

Testimony - *In the fall of 2020 my hens were not laying well and they kept getting sick and dying. So when I saw your advertisement in the Poultry Booster, we decided to give it a try. We sent for a quart and they did get better and kept laying very good, even through the warmest part of the summer. We got baby chicks in June 2021 and started them in with the Poultry Booster and this is the first time I didn't lose any. They are 4 months old and look hearty and healthy. I give credit to the Poultry Booster. I'm sending for more as I don't think I want to be without. Please rush me another gallon, Thanks.* **E.S., Kentucky**

CHICKENS: Increased egg production, with deep yellow yolks * Eggshell development * A greater percent of hatchings * Increased energy and production during stress.

BROILERS: Faster weight gain * Assists with stronger bones

CHICKS: Gives them a head start with less loss.

Prices: pt - $19.00 qt - $30.50 1 gal - $88.00 4 or more gal - $87.00 Ohio Residents: Add 6.75% tax

LIVESTOCK CONCENTRATE

A water soluble fulvic acid to help promote healthy animals

HORSES - COWS - VEAL CALVES - HOGS - GOATS - SHEEP

LIVESTOCK CONCENTRATE HAS BEEN SPECIALLY FORMULATED

100% NATURAL

1. To aid the animal in mobilizing its own natural defense system in its fight against hostile viruses and bacteria.

2. To aid the animal's digestive system, resulting in a better feed conversion.

How it is used: By mixing with feedstuffs, drinking water, or as a feed top dressing or mix with mix and fine salt for free choice minerals. Deer love this too!

Testimony - *We have been using Livestock Concentrate for calves. I had a beef calf that got really sick before I noticed it. It had the scours really bad and probably a touch of pneumonia. I gave it 5-6 cc of Livestock Concentrate. This calf was really sick. I had to pick it up so it could stand. I kept giving it Livestock Concentrate until it was feeling so good it was hard to catch. I have used Livestock Concentrate ever since on any problems I've had. I have started to give my baby calves 2 cc per day as soon as their born for a couple days or as think necessary. I am a firm believer in Livestock Concentrate.* **L.W.M., Missouri**

Prices: pt - $19.00 qt - $30.50 1 gal - $88.00 4 or more gal - $87.00 Ohio Residents: Add 6.75% tax

DUTCH SOIL CONCENTRATE

100% NATURAL

Increase your yields - sweeter veggies and berries, stronger root system!

A Plant and Soil Amendment Design for Soil, Seed and Plants.

Time to feed your strawberries. They set their fruit buds in the fall for next year's production.

Farm Use: Works great for grass fed farmers. Noticeable difference in hay growth and increased milk production. Field corn growth height 6" to 8" difference with a better yield.

Testimony - *Concerning the Dutch Soil Concentrate we've been using. We used it on our strawberries as a fertilizer in August and September and the next crop was the biggest we've had for a long time. We had like 100 plants and froze 200 qt. berries plus others get too. And it was the third year for the patch so we gave the Dutch Soil the credit. We just thought it unusual for the third year to be the best crop.* **H.B. Salem, IN**

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs **tonight.**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep— causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.
This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well for her—and I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask.
Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, restless legs, and nighttime leg cramps with Leg Relaxer™.

No mess. **No** menthol scent. **No** harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

If you want to know **whether they will work for you,** then you **have to try them.**

Nature's Rite

"Jonathan, my husband — we've been married for 28 years — is 50 years old. He has always had irregular breathing. He used to talk during the night, wake up several times, and snore. He never seemed to reach deep sleep. He didn't want to use a CPAP machine, so I saw this article in a farming magazine.

He had a cold the first night he took the pills, and not only did the cold go away that same night, but by the second night he wasn't snoring anymore. He was sleeping so deeply that I had to check if he was okay — it was the first time he had ever slept that deeply.

He's no longer falling asleep in a chair during the day. He feels better and is working better. I'm really surprised at how quickly these pills worked on his sleep problems — starting from the very first night. By the second night, he wasn't even snoring anymore."

Beth's Testimony

"For years, Lyme disease left me bedridden and unable to truly live. I felt trapped in my own body, unable to walk, engage with life, or connect with those I loved. In desperation, I scheduled an appointment for the BioVibe Miracle Detox Bath. During the session, I could feel my body releasing toxins that had been holding me captive.What happened next was nothing short of a miracle. After the bath, I was able to get up, walk again, and reengage with life and the people around me. The BioVibe Bath gave me back my health, my freedom, and my hope. I am forever grateful for the healing I experienced."

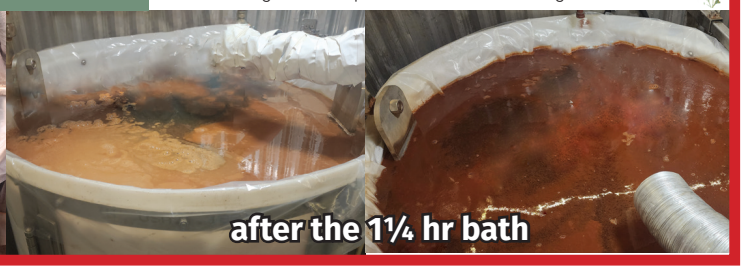

Wayne's Testimony

"For 15 years, I was trapped in the grip of hard drug addiction. No matter how hard I tried, I couldn't break free. Then I scheduled a series of four BioVibe Miracle Detox Baths, one each day. To my amazement, the baths completely flushed the drugs and toxins out of my system. I experienced no withdrawal symptoms, no cravings,and no desire to go back. Today, I've been clean for almost a year, and I have absolutely no taste for drugs. I'm living a quality lifestyle again, free and restored. It truly changed my life."

Lillie's Testimony

"My life growing up was very hard, and eventually I ended up being trafficked. The trauma left deep wounds on my body and in my emotion. I struggled daily with brain fog and irritable bowel syndrome, carrying pain and heaviness for years. When I scheduled my first two BioVibe Miracle Detox Baths, something changed. After the second bath, my mind became clear, the pain in my stomach lifted, and for the first time in years I felt real relief. I'm still on my healing journey, but the baths have given me hope for a future I never thought I could have."

Pressure Point Mat Set

Lay back, breathe deep, and let the tension melt away.

Studies have shown up to 40% improvement for, stress, muscle soreness, and sleep quality after regular use of the mat for 20–30 minutes before bed. Journal of Sleep Therapy 2015

$138 for the mat.
Add $12 for shipping.

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. The gentle pressure of over 4,000 pressure points works to stimulate circulation, release muscle tension, and support relaxation. Start with 10–15 minutes a day and gradually increase to 20–40 minutes as your body gets used to the sensation. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! – ***WTHN Client***

Just a Drop of Ningxia Red

STUDY DETAILS

As one of the nation's leading clinical research sites for natural-product evaluation, researchers at The Franklin Health Research Center conducted a randomized clinical trial in the United States at the end of 2020 to evaluate the effects of NingXia Red on multiple health outcomes.

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

COOLING EFFECTIVENESS:

Fire Pro fire extinguishers are powered by a world famous firefighting suppressant called Cold Fire. And it's just that; it makes fires cold! Cold Fire is 10 times wetter than water, which allows it to instantly impale the fuel source & attack the heat on contact, quickly cooling down the searing surface.

Cold Fire acts like a magnet to pull heat out of the source. H2O alone cannot act nearly as effectively, as it bounces back & turns to steam. Cold Fire is a magnet when reducing hydrocarbons in smoke. Cold Fire attracts and draws in the smoke; thereby encapsulating it & breaking down the hydrocarbon molecules resulting in better visibility & a safer environment.

Don't risk it... Choose Better Protection!

The Caffeinated Corner

Tips, Trends, and Trivia From The World Of Coffee

Tips for Keeping Your Coffee Fresh

Want your coffee to stay fresh and flavorful as long as possible? The key is protecting the natural oils that carry much of its unique flavor and aroma from coffee's four biggest enemies: air, light, heat, and moisture

Once coffee is roasted, its natural oils begin reacting with oxygen. Over time, that oxidation can leave your coffee tasting flat or dull, even if it started out delicious. Here are a few ways to slow down that process:

- Store it in an airtight container.
- Keep it in a cool, dark place (avoid the refrigerator and freezer)
- Buy amounts that you'll use within a month or two.
- Buy whole beans when possible. Grinding increases surface area and speeds up oxidation.

MSM is organic sulfur -the kind your body can absorb and use. Sulfur is the fourth most plentiful mineral in the body, and it is found in every cell of every animal and plant. One of the most significant applications of organic sulfur is its ability to alleviate pain associated with systemic inflammatory disorders, such as arthritis. People with arthritis report substantial and long-lasting relief while supplementing MSM in their diet in daily amounts ranging from 100 to 5,000mg. Use for muscle soreness and cramps. Use of MSM has been shown to restore flexibility to the protein layer of cell walls, allowing fluids to pass through the tissue more easily. MSM strengthens hair and nails, and aids in wound healing.

Sleep better. Every season of the year.

Bearaby

Bearaby weighted blankets are rated at
4.8 out of 5 Stars
from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby Weighted Blanket gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

BREAKING NEWS: Reports are in that people who have already been sleeping better with a Cotton Napper, are taking it up a notch more with the revolutionary Tencel Cooling Tree Napper. The eucalyptus fibers contained in this fiber blend have moisture wicking properties giving you the effect of the cool side of your pillow... all night long. Yes, even on these hot summer nights. We will keep you updated as this story develops.

In other news, the Cotton Nappers are available in 3 new colors, as reported below.

Natural deep sleep
Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind
The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling
Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Feed OVER-160… More Robust Does & Fawns
Which Will Be Your Future Target Buck!!

Another Bruiser For The Wall!!

Congratulations to another happy customer on landing this nice 11 point 142" Buck after feeding OVER-160!!

Never seen anything attract deer like Over-160. This buck was first seen while in the velvet stage and he never left the farm until he was shot on the first day of archery. We always struggled to hold deer on our farm, so obviously we are pretty impressed. Another happy Over-160 customer….

Over 160 ORIGINAL Deer Mineral

7 Reasons To Consider Feeding Over 160 Minerals

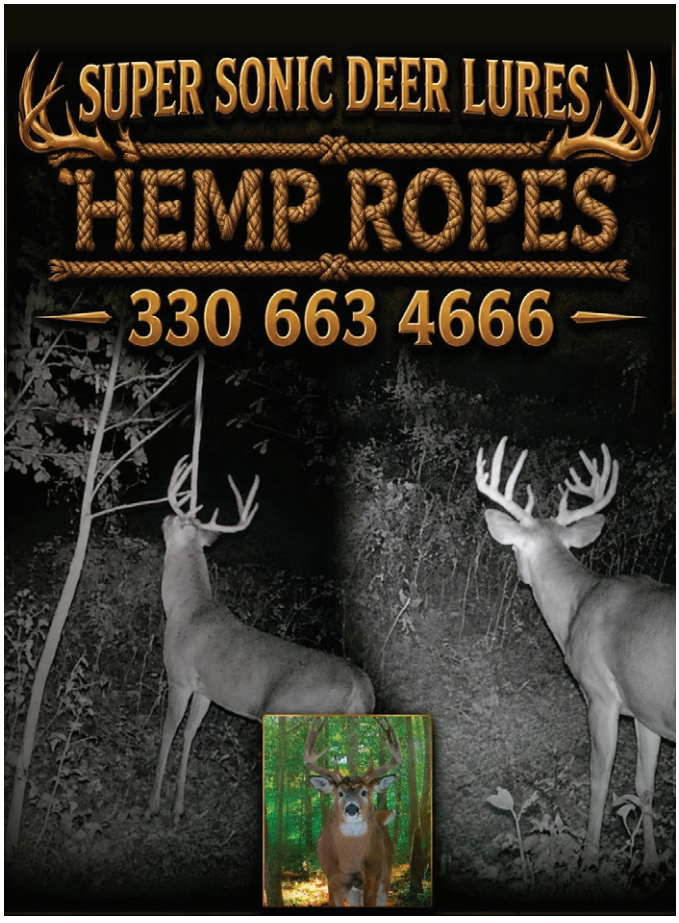

- Powerful Toxin Binder That Works Immediately to Flush Out Toxins & Parasites.
- Sea-90 Trace Mineral Salt Containing Over 90 Sea Minerals for Maximum Health.
- Humic Acids, Check Out The Research On How It Effects CWD.
  Bio Available Humic Acid Ingredient affects CWD. National library of medicine *https://www.ncbi.nlm.nih.gov/*
- Not Just Salt, Highest Concentration of Vitamins & Minerals on the Market.
- Expect Increased Antler Growth Through Nutritional Genetic Expression.
  https://extension.msstate.edu/publications/the-role-genetics-and-nutrtion-deer-management
- Over 160 Daylight Contains a Proprietary Deer Activating Blend of Ingredients Formulated to Keep Bucks More Active During Daylight Hours.
- Bottom Line is…. Stronger, Healthier, and More Robust Bucks, Does, and Fawns!!

Disclaimer: Always check federal, state , and local hunting regulations before using this product. Laws and regulations vary by state regarding feeding or baiting of deer.

Do you want BIGGER bucks on your food plot?

If you want better nutrition.. You need to start with better soil.

OVB
OHIO VALLEY BIOCHAR
There is a Better Way

Now is the time to apply Ohio Valley BioChar to your food plots!

Actual results after application of OVB Food Plot Blend.

What is biochar?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and waterways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

What is the benefit to you?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

STOP LOSING CAPACITY

Passive Balancing is Costing You

Most batteries use passive balancing.
Rubix uses **Impactiv Balancing.**
There is a difference.

The Problem:

Passive Balancing

Burns off excess charge from only the highest cell, leaving the lowest alone.

- × Nuisance battery shutoffs
- × Inability to charge to manufacturer specs
- × Extra wear and tear on cells
- × Reduced cycle life
- × Slower charging performance
- × Higher overall cost from earlier replacement

The Rubix Solution:

Impactiv Balancing

Actively transfers current from the highest cell to the lowest, no energy wasted.

- ✓ Smooth charging and discharging
- ✓ Faster charging performance
- ✓ Less stress on battery cells
- ✓ Longer cycle life
- ✓ More usable energy capacity
- ✓ Lower overall cost from longterm usability
