Editor's Note

Greetings!

I am concerned about my garden. Things are not growing as fast, or as well as they usually do. Usually I cannot stop tomatoes from growing. Last month, we planted seeds, they did not sprout. We went to the nursery and bought some which were already sprouted and quite large. They have yet to grow any bigger!

My neighbor and I were talking the other day and he mentioned that everything seems late this year. Maybe that is it. Also, it's not been as warm as it usually is this time of year. Hopefully that will change soon and the garden will grow!

Enjoy your week!

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

The Original WATER REVITALIZER

STAINLESS
STEEL

Water passes over, around and through the helix formations inside the NU-FORCE Water Revitalizer. This action churns the water similar to that of water rolling and tumbling over rocks and crevices in a mountain stream. Now you can enjoy all the benefits of revitalized water for cooking, drinking, showers or baths, laundry, gardening, pets and so much more.

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. Natural Wellness Through Colloidal Silver: A Time-Honored Approach to Family Health

Your head is pounding, your brow is sweating, and the stabbing discomfort in your gut is the only thing that distracts you from the nausea. You run for the bathroom... you want to run to the hospital, but what can they do for you? It's the middle of the night and you had some bad food. Was it the fruit salad that cousin Mary brought or the macaroni salad that Aunt Anne made? Maybe the turkey wasn't done enough?... Just thinking about it makes it worse. Then... it gets worse. Your kids come rushing into your room holding their bellies. They ate it too. Now what are you going to do?

According to the CDC, millions of people experience digestive distress each year related to something they've eaten. Most of these cases are not linked to major outbreaks and many happen around holiday time when food sits out for too long.

But it's not always just a single meal. Many people deal with ongoing digestive discomfort from time to time, and urinary discomfort is also a common concern, especially for women. These issues can come and go, often without warning, and can disrupt daily life in frustrating ways.

Steven Frank was the founder and innovative herbalist behind Nature's Rite for many years. His formulations have helped thousands achieve more comfortable, healthier lives.

Today, Nature's Rite offers over 20 different products and features a whole variety of colloidal silver.

I have been using Nature's Rite products my entire life, for over 30 years. They are the health and wellness practices I was raised on, what I know, and most importantly, what I trust. In my experience, they have proven to be safe, reliable, and well-suited for families.

Nature's Rite products, especially the colloids, are always in my medicine cabinet—on hand and ready.

— Colin Frank

"Our family has used these products for years and we have had great success using them for any accidental wounds in our wood shop. We soak the wound with Digestive & Urinary Support and then apply the wound relief after. We also use the DUS for any flu's or viruses"

Laura Yoder

Using antibiotics to rid yourself of a urinary infection often leads to a yeast infection. They can kill off so many good-cultures all over your body that the candida takes over.

The world is not sterile. The concern comes when the numbers of unwanted microbes get so high that your body's natural defenses are overwhelmed. Microbial populations can multiply rapidly under the right conditions.

Don't get lost in the numbers, don't get consumed by worry. There is a way to get those children feeling better and back to sleep in an hour. There is a way to do this safely and without antibiotics or hospital emergency rooms. There is a way to help restore your digestive and urinary tract.

By now you must be screaming, "What is it already!?" The answer is an **enhanced aqueous colloid of silver**. Years of laboratory research on microorganisms have explored how properly prepared silver colloids interact with a wide range of environmental microbes.

Not just any silver colloid is created the same. Some preparations are too weak (less than 20 parts per million), while others are pushed to extremely high concentrations like 250 or 500 parts per million (ppm) by adding sugars, citrates, or proteins. These variations can significantly change how the silver behaves.

As it turns out, a properly prepared **colloid in the range of 40 to 60 ppm** creates a more stable and effective formulation. **This balance is what makes the difference.**

**If you want to know
whether they will work for you,
then you have to try them.**

What Happens to Your Spine During

Whiplash?

⚡ C1/C2 vertebrae can shift out of place

⚡ Muscles tighten to protect the injury

⚡ Nerve signals get disrupted, causing chronic symptoms, Headaches, neck pain, Brain fog, dizziness, sinus pressure

A whiplash injury doesn't end when the soreness fades. Many people live with long-term symptoms because the top of their spine—the actual control center—was never realigned.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

WHY DOES DISC PAIN KEEP COMING BACK?

Free Recorded Message For People Whose Back Pain,
Sciatica, Or Disc Problems Keep Coming Back

Many people feel better for a little while.

Then weeks or months later, the pain comes back. Some are told pills, injections, or surgery may be their next step.

But what many people are never told is why the injured disc may not have had the opportunity to repair.

In this free recorded message, Dr. Jeff explains what may be causing the pain to keep returning — and what many disc sufferers should know before taking the next step.

- ✓ Why back pain and sciatica often come back after short-term relief
- ✓ What may keep an injured disc from having the opportunity to repair
- ✓ Why pills, shots, or adjustments may not address the real disc problem
- ✓ Why some people are told surgery is their only option
- ✓ What to know before agreeing to injections or surgery

Gnawing hunger

IN CUBA

A Cuban father arrives home after a long day of hard work. He counts the coins while his children ask what they will have to eat. His heart breaks as he looks into their pleading eyes.

In another Cuban home, a Christian man feels the stress of his family's gnawing hunger. He knows the strain of caring for his wife as she battles cancer. He knows the agony of needing to decide between a piece of fruit for his ailing wife or the taxi fare to travel home from the hospital.

A woman looks up at her leaking roof. But her leaking roof is the least of her worries. She processes the sorrow of a drinking husband. She thinks about her pantry, which is nearly always empty. Her stomach aches since she hasn't

eaten in days. Sadness seems to always lurk at her door.

These are the stories of recent recipients of nutritious canned chicken from CAM's cannery in Ephrata, Pennsylvania, and other food aid made possible through your generous support.

Workers in Cuba share the responses of those who receive desperately needed food.

- They praise God for His provision.
- They weep openly.
- Their hands tremble as they clasp the precious gift of food.
- A father smiles a vibrant smile—knowing that at least for tomorrow he will have food for his children.

A CAM staff member who visited Cuba in December wrote: *I must admit, I was and am shocked and troubled by the fact that on the back doorstep of the United States is a country with such need! People vacationing on the beaches of Cuba would be shocked to know that mere miles away children are going to bed with almost nothing to eat, and the struggle for survival is similar to what you might expect in Africa or Haiti.*

In addition to providing canned chicken and other food, we are excited for the opportunity to supply spiritual food for Cuba in the form of much-needed Bibles and Christian family magazines. The dearth of Christian literature is as severe as the dearth of food.

Froman Hill

BOYS RANCH

Restoring Hope through Discipleship

Froman Hill Boys Ranch is a residence for minor boys from the horse and buggy churches. To act as a refuge while dealing with emotional, moral and spiritual needs.

LOOKING TO SERVE?

We are in need of Big Brothers and Houseparents!
If interested call 330-343-8055.

We enjoy being house parents at Froman Hill Boys Ranch. It is very rewarding to see the young resident boys improving as they do their term here. Also, a blessing to see how the big brothers put in time and effort to help the young boys progress. We receive so much more here than what we give. God's Blessings!

-Eli & Mary

Serving as big brother gave me lots of interesting opportunities and challenges, and trying to be a good example as Jesus left behind. It was very fulfilling and rewarding to follow rules and keep up with schedules when working with these struggling, talented young boys. To me it was a blessing, thanks to God.

-Former Big Brother, Jake

We are in need of work. Looking for simple manual piece work. If you feel led to share, call 330-343-8055 and ask for James.

My time as a Big Brother at Froman Hill Boys Ranch was worthwhile, meaningful, and inspiring. I'm glad I stepped out of my comfort zone to be a part of something special. The friendships and memories made were worth the time invested. I can honestly say I feel I received more than I gave. To God be the glory and honor!

-Big Brother, Michael

I would like to thank God for the opportunity to serve at Froman Hill Boys Ranch. If you have a desire to do something like this, do it! It truly is an enjoyable and fulfilling experience.

-Former Big Brother, Jared Hershberger

About our weeks we have spent with the Froman Hill Boys as houseparents and cooking for them- we have found it very rewarding and interesting. Would encourage anyone to give it a try. You will be richly blessed!

-The Troyers

Froman Hill Boys Ranch operates as Integrated Auxiliary of the Ohio Amish Church.
