Editor's Note:

Tomorrow is read like a Pirate Day at school. The kids get to dress up like pirates and read to each other in class. This will be Zach's last year doing this, but it is Matthew and Evelyn's first time. They are not sure what to expect but are ready for the fun.

We are planning a trip to Florida in October so Zach can meet his biological grandmother. He has been asking questions and wants to know where he came from. Many of you may not know but Zach came to live with us when he was 2 and we formally adopted him at 4. I'm not sure if he is more excited about meeting her or swimming in the ocean. I want him to know how many people love him and want whats best for him as there can never be enough love in a child's life.

Struggling? Frustrated? Not getting mares in foal?

NWM's New Broodmare Mineral was developed to address a common frustration among farmers and breeders, struggling to get their mares in foal. The success in testing speaks for itself. Ask your local dealer for more information on this exciting new product, and to see testimonials from breeders in the trial.

Tests have shown significant increases in conception rates, including on foal heat, and with difficult mares.

Contact us to find a dealer near you.

It's time to THINK SPRING

Now is the time to apply Ohio Valley BioChar to your fields and gardens!

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

*Biochar blends

farming needs, call for

Your Health. Your Future.
LET'S BUILD IT TOGETHER!

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. The gentle pressure of over 4,000 pressure points works to stimulate circulation, release muscle tension, and support relaxation. Start with 10-15 minutes a day and gradually increase to 20-40 minutes as your body gets used to the sensation. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! - *WTHN Client*

WHY DOES DISC PAIN KEEP COMING BACK?

Special Health Report

What Thousands of Patients With Disc Problems Have Taught Us About Why Some People Improve Temporarily While Others Continue to Struggle

By Midwest Disc Clinic

FREE RECORDED HEALTH REPORT

- ✓ Available Anytime
- ✓ Private and Confidential

Many People Are Told Their Only Options Are More Treatment, More Injections, or Surgery

If you are one of the millions of people suffering with back, neck, or sciatica pain, you are not alone. Disc problems are one of the leading causes of long-term pain and disability in our country. And if you have been dealing with this pain for any length of time, you may already know how frustrating and discouraging it can be.

Many men and women tell us the same story. They started with mild discomfort. Over time, it got worse. They saw a doctor, had tests, and tried physical therapy, chiropractic care, medications, or injections. Sometimes these treatments helped for a while. But the pain came back.

Eventually, they were told their only choices were more treatment, more injections, or even surgery.

This leaves many people feeling hopeless and unsure of what to do next. That is why we created this recorded health report.

After helping thousands of patients with disc problems, we have seen a common pattern. Some people improve temporarily, while others continue to struggle. The difference is not always what you might think.

The good news is that understanding why disc pain keeps coming back can help you ask better questions and make more informed decisions about your care.

IN THIS RECORDED REPORT YOU'LL DISCOVER:

- ✓ Why disc pain keeps coming back
- ✓ What may block disc repair
- ✓ Why relief often doesn't last
- ✓ What many patients are never told
- ✓ What may be behind sciatica symptoms
- ✓ Questions to ask before injections or surgery

REAL PATIENT STORIES

"I came to MDC with lower back pain and numbness in my legs. I was barely able to walk, and I wasn't able to function or work. It was Midwest Disc Clinic or surgery.

Now after my care plan, I'm pain free and raring to go. I can put in a full day's work.

My experience was very much appreciated." — **D. Hershberger, Nashville, MI**

"I was having lower back pain and right leg pain when I came to MDC. I was on crutches for two days and in bed for a week, not able to work.

After my DOSAE treatments, I am back to work and feel 85% to 90% better. Thank you to the doctors and staff at MDC. Everybody is very friendly and helpful!" — **D. Troyer, Randolph, NY**

Peppermint brings a cooling treat.
Lemon sparkles, fresh and clear,
Frankincense draws stillness near.

Thieves fills the room with spice and glow,
While eucalyptus breezes flow.
A fragrant drop, a gentle breeze,
Brings nature's beauty home with ease.
From leaf and blossom, branch and tree,
Each scent inspires tranquility.

Sleep better. Every season of the year.

Bearaby

Bearaby weighted blankets are rated at
4.8 out of 5 Stars
from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby Weighted Blanket gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

BREAKING NEWS: Reports are in that people who have already been sleeping better with a Cotton Napper, are taking it up a notch more with the revolutionary Tencel Cooling Tree Napper. The eucalyptus fibers contained in this fiber blend have moisture wicking properties giving you the effect of the cool side of your pillow... all night long. Yes, even on these hot summer nights. We will keep you updated as this story develops.

In other news, the Cotton Nappers are available in 3 new colors, as reported below.

Natural deep sleep

Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind

The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling

Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

THE COLD AND WEARY

A channel enabling the church to minister to physical and spiritual needs around the world

Winter is coming. For most of us, that means pulling a warm coat from the closet, putting on a pair of fleece-lined boots, and wrapping our children in cozy blankets. Imagine facing winter with few of these things. You could live in a refugee camp where temperatures plunge at night. Biting winds sneak through the cracks of the makeshift tarp doorway. The cold leaves you shivering, but the hardest thing of all is watching your children go without warm clothing or shoes—knowing you have little money to buy them.

This is reality for many people in Syria, Yemen, and other countries. To many, winter brings a sense of dread. Months of hard work and saving allow some parents to buy clothes for their children, but for others, this is nearly impossible. In refugee camps, employment opportunities are scarce. And no work means no income. No income means no warm clothes.

Omar,* a Syrian father, once provided for his family of five. Then an explosive device detonated near him, leaving permanent scars across his face and body. He was left blind.

But Omar says the physical darkness was not the deepest pain. Even more heartbreaking was watching the darkness that gradually settled in the hearts of his children. He could hear their crying and knew the uncertainty that had become part of their lives frightened them. War had taken away their safety and replaced it with fear.

One day, the family received a box of donated second-hand clothing. The children rejoiced! "The clothes were not simply pieces of fabric. They were a touch of love that helped mend

our hearts. They were also a great lesson for my children that goodness never dies," Omar shared gratefully.

He continued, "I thank you from the depths of my heart—a heart that may no longer see with its eyes, but can see your love. I pray that God will richly reward you for all you have done for me and for my family."

Ali, another Syrian father, lost his home because of war. The family of four fled for safety, leaving behind their belongings, clothes, and home. "But God is always present, even in the most difficult moments," Ali told our contact. "He sent people to stand beside us and provide what we needed when we had nowhere else to turn."

Ali continued, "We extend our heartfelt thanks to the persons who sent the clothes . . . you embraced us like a mother, offering us both practical and emotional support when we needed it most."

Thanks to funds from supporters, needy families like Ali's and Omar's can receive bags of gently-used, quality clothing. Your gift can meet a practical need while also reminding a hurting family that someone cares—and that God has not forgotten them.

While we receive about the right amount of donated clothing and kits each year, we have a significant need for funds to ship and responsibly distribute these needed items. If you wish to help with this need, your support will be greatly appreciated!
