Editor's Note

Greetings! NUMBER 53 • MARCH 6, 2026

Did you know that blue whales are the largest animals on earth? Almost everything about the blue whale is big. They range in size from 98-100 feet long and weigh 190-200 tons. Their tongues can weigh as much as an elephant, and their blood vessels are wide enough to swim through. Their babies, called calves, are 23-25 feet long at birth and weigh about 3 tons. They drink up to 50 gallons of milk per day, gaining approximately 200 pounds daily.

It's time to submit your ads for the April 3, 2026, issue; the deadline for that issue is March 17. See page 6 of this issue for information about placing a **CLASSIFIED AD** in Busy Beaver Extreme. Be sure to send your payment along with your ad information. Page 7 has the form and information to place a **DISPLAY AD**. A **DISPLAY AD** will give you a complimentary listing in our **BUSINESS DIRECTORY**. Busy Beaver Extreme goes to more than 85,000 homes. That's a lot of people that can see what you have to offer! Don't miss the opportunity. Thanks for sending your ads on time.

Please allow plenty of time for ads sent in the mail. Sometimes the mail does not move as fast as we wish it would.

Are you reading your friend's Busy Beaver Extreme? Are you moving soon? Use the form on this page and mail it to the address below. If you get more than one copy of this magazine, please let us know. It is helpful to include the mailing label if you want a name removed or have an address change.

Make it a good day!

A whale is as unique as a cactus. But don't ask a whale to survive Death Valley. We all have special gifts. Where we use them and how determines whether we actually complete something.

Young Living has been in business over 31 years with that many years of tests & research by top scientists creating superior products

Supports a healthy gut and microbiome diversity.

Helps use fat efficiently for energy.

Helps stop the nonstop food noise.

No side effects

Letting go of the winter weight with Young Living's New Balance & Burn System

Many of Young Living's Supplements contain essential oils making them absorb so much faster & better.

What is Akkermansia?

Akkermansia is a key ingredient in the Balance & Burn System

Akkermansia muciniphila is a beneficial strain of probiotic bacteria that lives in the mucus that covers epithelial cells in the lining of your gut. Akkermansia feeds on mucin (a protein in the mucus) and produces short chain fatty acids that "strengthen the tight junctions in between our gut cells, keeping the bad stuff out of our gut." "The more mucin Akkermansia uses, the more it encourages the epithelial cells to make more mucin, which then improves gut function and overall health." It's the only bacteria strain that does this in our gut.

One interesting tidbit about Akkermansia is that research shows it makes up 1 to 4% of a healthy person's gut microbiome. "When you think about how many different strains are in the gut, that's a lot!"

Some research even suggests that "patients with this gut bacteria are more likely to respond to cancer treatment and are able to call their immune system to fight cancer."

Key Health Benefits of Akkermansia

Strengthens Gut Integrity: It repairs and thickens the intestinal mucus layer reducing leaky gut" issues.

Metabolic Health & Weight Management: Known to reduce fat mass, decrease body weight gain, and improve glucose tolerance.

Reduces Inflammation: Lowers chronic, low-grade inflammation in the body.

Supports GLP-1 Production: Helps boost GLP-1, a hormone key to blood sugar regulation and appetite control.

Cardiovascular Support: Positively influences lipid profiles and cholesterol levels.

Owl Hollow Clydesdales

Proactive Nutrition Powerful Results

We have been feeding Triple Play® since 2021 when we officially launched our breeding program. Our mares have maintained excellent body condition throughout their pregnancies, nursing and weaning. Our 17 year old stallion maintained excellent body condition throughout a heavy breeding season, and he had stamina to get the job done! We credit Triple Play for our high conception rate with multiple stallions.

Limiting Amino Acids: Lysine and Methionine are limiting amino acids, when deficient protein synthesis is compromised. Supplementation ensures the horse can efficiently build the proteins required for growth, repair, and performance.

Selenium Yeast: A highly bioavailable antioxidant that supports muscle function, immune health and reproductive performance, while helping reduce the risk of White Muscle Disease.

Pre, Pro, and Postbiotics: Work synergistically to support gut integrity, enhance microbial balance, and promote optimal digestive efficiency.

Saccharomyces cerevisiae: A proven yeast culture that aids in digestion, supports gut health, and enhances overall performance.

PROGESTERONE?

Regu-mate?

Low Progesterone ?

All of our mares were fine, except this one mare. She was the Regu-mate mare and of course (nicknamed) **"the every other year mare"**. We put her on Performance and her progesterone levels went from a level of "5" before to a level of over "15" after using the CellAide Performance on her feed for only 5 weeks. She is now in foal. The CellAide Performance was expensive, but it worked!

Don't let those profits get away!!

Article space donated to CAM

A channel enabling the church to minister to physical and spiritual needs around the world

Civil war has left many Yemeni families struggling to survive. With tears, one recipient shared, "I thank [CAM contacts] for helping people in need like us."

FOOD FOR WAR-TORN YEMEN

Parcels of love

In our country where war is a distant thought, it is difficult to imagine the suffering of people in Yemen or other countries where the horror of war is reality, pain is felt, poverty abounds, and hunger claims lives.

Kamal* is a Yemeni father who had to leave his home and job because of heavy shelling.

Huda is a mother of five whose husband died, leaving her with the full responsibility of raising her children alone.

Rania and her family of seven live in a house with a collapsing roof, allowing water to pour in every time it rains.

Your kindness enables CAM to show Jesus' love and care through the gift of food parcels to suffering people in Yemen. Thank you!

POULTRY BOOSTER

** Happy, Hearty, Healthy Chickens **

100% NATURAL

Testimony - In the fall of 2020 my hens were not laying well and they kept getting sick and dying. So when I saw your advertisement in the Poultry Booster, we decided to give it a try. We sent for a quart and they did get better and kept laying very good, even through the warmest part of the summer. We got baby chicks in June 2021 and started them in with the Poultry Booster and this is the first time I didn't lose any. They are 4 months old and look hearty and healthy. I give credit to the Poultry Booster. I'm sending for more as I don't think I want to be without. Please rush me another gallon, Thanks. E.S., Kentucky

CHICKENS: Increased egg production, with deep yellow yolks * Eggshell development * A greater percent of hatchings * Increased energy and production during stress.

BROILERS: Faster weight gain * Assists with stronger bones

CHICKS: Gives them a head start with less loss.

LIVESTOCK CONCENTRATE

A water soluble fulvic acid to help promote healthy animals

HORSES - COWS - VEAL CALVES - HOGS - GOATS - SHEEP

LIVESTOCK CONCENTRATE HAS BEEN SPECIALLY FORMULATED

1. To aid the animal in mobilizing its own natural defense system in its fight against hostile viruses and bacteria.
2. To aid the animal's digestive system, resulting in a better feed conversion.

100% NATURAL

How it is used: By mixing with feedstuffs, drinking water, or as a feed top dressing or mix with mix and fine salt for free choice minerals. Deer love this too!

Testimony - We have been using Livestock Concentrate for calves. I had a beef calf that got really sick before I noticed it. It had the scours really bad and probably a touch of pneumonia. I gave it 5-6 cc of Livestock Concentrate. This calf was really sick. I had to pick it up so it could stand. I kept giving it Livestock Concentrate until it was feeling so good it was hard to catch. I have used Livestock Concentrate ever since on any problems I've had. I have started to give my baby calves 2 cc per day as soon as their born for a couple days or as think necessary. I am a firm believer in Livestock Concentrate. L.W.M., Missouri

DUTCH SOIL CONCENTRATE

Increase your yields - sweeter veggies and berries, stronger root system!

100% NATURAL

A Plant and Soil Amendment Design for Soil, Seed and Plants.

Time to feed your strawberries. They set their fruit buds in the fall for next year's production.

Farm Use: Works great for grass fed farmers. Noticeable difference in hay growth and increased milk production. Field corn growth height 6" to 8" difference with a better yield.

Testimony - Concerning the Dutch Soil Concentrate we've been using. We used it on our strawberries as a fertilizer in August and September and the next crop was the biggest we've had for a long time. We had like 100 plants and froze 200 qt. berries plus others get too. And it was the third year for the patch so we gave the Dutch Soil the credit. We just thought it unusual for the third year to be the best crop. H.B. Salem, IN

Idaho Whole-Apple Cider Vinegar

GREAT APPLE CIDER VINEGAR HAS A "ONE-TWO" PUNCH...

1) "Mother" (acetobacter) is required to convert alcohol into ACETIC ACID. Acetic acid, NOT MOTHER, is alkaline forming in the body, which helps prevent disease and internal/external parasites.

2) Fresh raw apples have DIGESTIVE ENZYMES, a feature of this vinegar we call the "second punch". Unlike ACV from the other plants, our entire fermentation process is designed to keep ALL of the original enzymatic power INTACT.

The Mother of all Enzyme-rich vinegars

"Ask not if this ACV has the mother - do ask if this ACV still has all of the enzymes of the Whole-Apple?"

At Dr. JimZ®, our main goal is to help people eat more nutritious food and be more successful in the garden. Our nutrients are designed to stimulate life in the soil and provide a plethora of nutrients at a biological level. **The microbes in the soil must consume the nutrients before they are 100% bioavailable to the plant.** Our products feed the microbes so your plants can then decide what nutrients they need and when they need them ... this will maximize the genetic potential of the plant and result in higher-quality fruits and veggies.

Time To Feed Your Trees!

Spring is one of the best times to feed your trees (this is when they pull in nutrition for the spring and summer months)

Tree Secret®

- All non fruit-bearing trees, evergreens and bushes.

Chicken Soup for the Soil®

- All fruit trees, flowering perennials, and flowering bushes.

Tree Secret® liquid tree fertilizer (formerly known as Save-A-Tree®) is a biologically correct (non-synthetic) tree fertilizer that has been created specifically for enhanced tree success. Our small-batch, extra-potent blend of readily available nutrients is exactly what your trees, plants, and bushes need to revitalize and look great for years to come. The competition does not come close!

- Nitrogen found in most chemical lawn fertilizer is largely responsible for the unnatural rapid growth that weakens trees by thinning their protective cell walls, opening the door for disease, wind damage and bug infestations.
- Plants and bushes need the same nutrition as slow-growing trees. Give your yard a serving of this ultra-potent undiluted, carbon-based fertilizer and watch in amazement as your trees thrive and your landscape transforms into a lush paradise.
- Excellent results on all trees and bushes, including evergreens!

APPLICATION INSTRUCTIONS

The amount needed for best results depends on the diameter width of the tree trunk 4' up from the base of the tree.

- Use 1 cup per caliper inch of tree trunk (trunk diameter)
- Mix with water and evenly apply from the base of the tree to the drip line.
- Water into the root zone.

To **SAVE** a dying or stressed tree, apply in **spring and fall**.

To **MAINTAIN** good tree health, use one time per year in **spring or fall**.

Happy trees have fewer problems. This stuff works!

Now is the time to apply Ohio Valley BioChar to your gardens and fields!

OHIO VALLEY BIOCHAR

There is a Better Way

If you want better nutrition....

You need to start with better soil.

Actual results after 2 applications of BioChar.

Farm/Garden

What is biochar?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and waterways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

2 YARD TOTE

Also available in 1.2 cubic foot bag

What is the benefit to you?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Various Biochar blends available:

Pasture, Lawn, Garden, Food Plot, Orchard, Tobacco

READY FOR A RESET?
 "PHIX MAY HELP"

HOW MATURE HOPS EXTRACTS HELP TO RRESET YOUR VAGUS NERVE - AND YOUR WHOLE BODY

Your vagus nerve is like the body's reset button for stress- it controls relaxation, digestion, heart rate in even inflammation. When chronic stress keeps your nervous system stuck in "fight-or-flight" mode, your vagus nerve struggles to do its job. Thus leading to fatigue, poor digestion, and a weakened immune system.

THE RIPPLE AFFECT OF A RESET VAGUS NERVE

Think of Mature hops extract as a 'vagus nerve reset' helping your bodies natural relaxation pathways work the way they should. The result? A calmer mind, a healthier gut, and a body that can finally heal itself.

Why you will love it

Helps support healthy:

- Fat metabolism
- Cognitive function
- Mood support
- Restful Sleep
- Reduces Inflammation
- Helps stabilize blood sugar

Phix does not replace vitamins and minerals, but it helps you get more nutritional value out of your other products. If you are under weight it can bring you balance that helps you fill out more.

Your cancer cells are tested against both **chemotherapy medicines** and **natural substances** to learn which ones may be most effective for your cancer. From this, we **design a treatment plan made specifically for you.**

We offer a **gentle but effective approach** that combines **low-dose chemotherapy with insulin.** This approach works with the way **cancer cells use sugar.** It can allow us to use **lower doses** of chemotherapy medicines with **fewer side effects**, and insulin helps limit the cancer's ability to spread.

~ Testimonies ~

I really like the Ningxia Red. It gives me more energy and I don't get as sick easy. Thank you so much for the great product!

~Mattie

After using the Ningxia Red for about one year, I did not have to wear glasses any more. I give the Ningxia Red the credit! Also love all the oils from Young Living.

~Charlotte, MI

Our son, Matthew, jumped off our bunkbed (top bunk) hit his cheek on another piece of furniture. It looked like inside his cheek a muscle or something would've torn. his skin didn't split on outside but there was a crease in his cheek and it didn't go away. Starting using Helichrysum and it's almost gone!

Rosemary is my go-to.

~Mrs. Miller

I strongly recommend Ningxia Red and Ningxia Nitro to all pregnant and nursing or just worn-out moms. It has been the answer to prayer for us. Ningxia Red helps with morning sickness, brain fog, energy and motivation, milk supply, and so much more. Nitro is a nice boost for long days.

~Rose Burns

I just want to share how we love Young Living products! My husband used to get sick often. he is amazed what these oils can do! And doesn't get sick as often! We love the Ningxia Red. Keep up the good job!

~M.M.

We really like the RC oil when we are dealing with a ticklish cough at night. We put it on the chest and throat area, and it works in minutes. Also Eucalyptus on the feet when dealing with a cold really works. I also love the Valor oil on the bottom of my feet before I go to bed at night. It just makes me feel so good and I also think it helps me work off fluid better.

We love your newsletters and booklets!

~Rachel

You can **stop** sleep breathing disruptions tonight.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up."
Elva Chupp

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long. This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

Sweet Dreams.

Replace your restless nights with Sleep Breathing Support™

Sleep Breathing Support™ by Nature's Rite is a natural way to reduce sleep breathing disruptions and achieve a restful night.

30 Capsules ~~-\$45.99~~ **\$36.79**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation. Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

The Cause

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

If you want to know whether it will work for you, then you have to try it.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

The Solution

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Our recent collaboration with Beltone Audiology allows us to offer **Comprehensive Hearing Care**—including free hearing screenings, personalized fittings, and hearing aid servicing—all right here in our clinic. This partnership has already made a meaningful difference for many in our community.

We're thrilled to announce our new **Home Care Visits** program, added to EWSC in Nov. If traveling to a medical facility is difficult for you or someone you love, we're here to help. At EWSC, we believe everyone deserves quality health care that's both accessible and affordable.

We've also expanded our wellness offerings in the IV therapy room. A curtain has been added for your privacy while using the Pulse (PEMF) Bed. We offer a wide variety of IV therapies including immune support (cold and flu season is here!), sinus support, replenish and recovery, among others. We will meet with you and discuss which IV is best for your individual needs. In addition, we now offer **Red Light Therapy** and **ION Foot Detox Treatments**. These gentle, restorative therapies are designed to support circulation, reduce inflammation, and promote overall well-being.

Regenerative Joint Therapy, added to EWSC in August, targets painful joints by using stem-cell transplantation and/or protein rich plasma (PRP). These procedures are completed here in the clinic with minimal recovery time.

Every gift—large or small—moves us closer to our goal. Your generosity has already changed lives, and together, we can keep making a difference. Thank you for your continued support!

Teammates can all help each other when picking up cards. Each player picks up two cards when his turn comes around, *unless* the player is picking up sets. When picking up sets, player can go on until he has the whole set, or *until* he picks a card that is not in that set. The Caffeinated Corner

Tips, Trends, and Trivia From The World Of Coffee

Does Your Mug Make A Difference?

If you've got a favorite mug that coffee just tastes better in, there might be something to it. According to recent research, everything from your mug's shape, color, and opening size can impact how you experience flavor.

Here are a few fun facts from the research:

- Wider mugs tend to enhance aroma and bring out more perceived sweetness.
- Taller, narrower mugs can emphasize acidity and work well for coffees with distinct flavor profiles.
- Even the color of the mug can influence how a coffee tastes, based on how your brain subconsciously perceives that color's flavor.

It's all due to what is called *multisensory flavor perception* - just a fancy way of describing how your brain uses more than just taste buds to decide what you like and how things taste.

So there's probably more to that emotional attachment to your favorite mug than you realized.

We had a 14-month-old girl named Emma Mae who was born in the hospital. She was a beautiful baby and we were so happy to have her. Robert & Martha Horst Fund And Prayer Request

This family has had a lot of challenges to work through with health issues, a very limited income, and other complications. Due to former cancer treatment her lungs are filling up with scar tissue, she is on oxygen at all times with only 25% lung capacity left. Due to a moldy environment in the house, a small property has been purchased, and a new house is being built as well as striving to set up a more sustainable livelihood. With building costs, tests, and ongoing lung treatments the financial needs are substantial. Since this condition cannot be helped with modern medicine the belief is "it's all in the head" has been very strong. **The pain of rejection and aloneness is real.** May we pray for this family and show them that Jesus is real, and He is our Savior and let us not be fettered by the judgments of man.

The compassionate help of the care givers that have stepped forward is very appreciated. If you feel led to share encouragement or experiences or to make a donation, Please make check payable to Radiant Meadows.

**ADDRESS: Radiant Meadows
PO. BOX 144, Dayton VA 22821**

May God bless you as we strive to do what Jesus has called us to do, to be His hands and feet here below. What a blessed privilege!

BOYS RANCH

Restoring Hope through Discipleship

Froman Hill Boys Ranch is a residence for minor boys from the horse and buggy churches. To act as a refuge while dealing with emotional, moral and spiritual needs.

LOOKING TO SERVE?

We are in need of Big Brothers and Houseparents!
If interested call 330-343-8055.

We enjoy being house parents at Froman Hill Boys Ranch. It is very rewarding to see the young resident boys improving as they do their term here. Also, a blessing to see how the big brothers put in time and effort to help the young boys progress. We receive so much more here than what we give. God's Blessings!

-Eli & Mary

Serving as big brother gave me lots of interesting opportunities and challenges, and trying to be a good example as Jesus left behind. It was very fulfilling and rewarding to follow rules and keep up with schedules when working with these struggling, talented young boys. To me it was a blessing, thanks to God.

-Former Big Brother, Jake

We are in need of work. Looking for simple manual piece work. If you feel led to share, call 330-343-8055 and ask for James.

My time as a Big Brother at Froman Hill Boys Ranch was worthwhile, meaningful, and inspiring. I'm glad I stepped out of my comfort zone to be a part of something special. The friendships and memories made were worth the time invested. I can honestly say I feel I received more than I gave. To God be the glory and honor!

-Big Brother, Michael

I would like to thank God for the opportunity to serve at Froman Hill Boys Ranch. If you have a desire to do something like this, do it! It truly is an enjoyable and fulfilling experience.

-Former Big Brother, Jared Hershberger

About our weeks we have spent with the Froman Hill Boys as houseparents and cooking for them- we have found it very rewarding and interesting. Would encourage anyone to give it a try. You will be richly blessed!

-The Troyers

Froman Hill Boys Ranch operates as Integrated Auxiliary of the Ohio Amish Church.
