Editor's Note

Greetings to all!

It seems a little early for spring rains, but I will call it just that, because I'm ready for spring. Of course, the past winter was a little colder than usual, but that makes me appreciate spring so much more. Today I went past a garden that had a tiller sitting in the middle of it. I tried to figure out why it didn't make it back to the shed before it started to rain. Maybe too many people drove past with a smirk on their face and the operator became embarrassed trying to till the muddy soil and left the scene.

Our school children went off to a school program tonight where their cousins go to school. I wanted to go along, but with that school having some special ed students, the room fills up quickly. One of the boys went to a belated Valentine's party with his friends, leaving the nest empty except for Mom and Pop.

Thanks for visiting the Busy Beaver booth at the Mid-State Driving Horse Sale! Thanks for your participation in the Busy Beaver! We appreciate your business!

-John Zook

OZOLEA-MAST
 MILK WITH NO DISCARDS!
SELL YOUR MILK, DON'T WASTE IT!
 Why withhold your milk if you can sell it?
 By reducing the use of unnecessary antibiotics, you will help improve the productivity of your cows, ship more milk and contribute to the global fight to ban antimicrobial resistance.
 OZOLEA-MAST is an animal device for extra-ordinary use in dairy cows that helps dairy farmers reduce the use of antibiotics which are not strictly necessary, such for lactating cows and at dry-off.

ARE YOU DREADING
Allergy season??

DON'T SUFFER FOR 19 YEARS LIKE I DID!!

For years I struggled with severe seasonal allergies (Spring & Fall) along with food sensitivities, headaches, chronic hives, chronic fatigue.... All this was part of my miserable everyday life. Thousands of dollars were spent as we searched for help to fix my "leaky gut". Every health practitioner was able to tell me my problem but not one of them was able to help me fix it. It was very depressing. Seven years ago we were introduced to WHOLE FOOD NUTRITION from Tranont and what a life changer! These 7 years have been the best years of my life. All honor and glory to God, our true healer.

Change Life **TRANONT**

IF YOU ARE SERIOUS about improving your health and getting ahead of your issues.... It's time to get SERIOUS about ingredients!! Did you know that over 95% of supplements today contain synthetic (manufactured) ingredients?? Our bodies were not created to recognize and use these foreign substances! These are NOT what our body needs to heal.

DISCOVER the benefits of REAL WHOLE FOOD NUTRITION!

**Experience True Natural Energy & Clarity

Unlike most other brands of B vitamins, Focus is made with clean ingredients from real living plants. not synthetically manufactured ingredients from the drug factory; like Thiamin Hydrochloride (HCl), Pyridoxine hydrochloride (HCl), Folic acid, and cyanocobalamin. Those are the names for synthetic B1, B6, B9 and B12. The cheapest and most commonly used. Tranont uses real B vitamins from nature and cultures them on yeast, creating a powerful, bio-available product your body can easily recognize and successfully use. At Tranont we know that **BETTER CHOICES** bring **BETTER RESULTS**. This product has helped alot of struggling students with better focus and concentration!

Unfortunately, a lot of synthetic B vitamins end up in the toilet. Become educated and aware of what you are buying.

MAXIMUM PERFORMANCE HORSE SUPPLEMENT

Give your horse the minerals that are no longer in the your feed!

50 lb Bag Granular \$150, last 5 horses/ 1 month. 50 lb bag pellets \$135 last 50 days/ a horse Pellets for picky eaters, with ulcers, driving horses, Stallions and mares.

Dave Mast mare was open two years in a row, 30 days on Maximum Performance and she checked in foal with NO Regu-mate.

David Patterson bred for 30 years and always trouble foaling out, weak foals, trouble re-breeding. First season on MP, mare foaled easily, baby running in the stall, plenty of milk, mare cleaned quickly and checked in foal first time bred. Very impressed.

Indiana man had mare running off, cranky, picky eater, put her on pellets, 15 days daughter said, What did you do to the mare? She is so easy to handle, drives great, looks better. MP Pellets. oh my.

Lawrence Schrock, PA said he was one of the few with no OCD's in his yearlings at the sale, thanks Maximum Performance for sound bones, strong muscled yearlings.

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in your feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, reduce muscle soreness, and improve hoof quality and build muscle.

1. If you want to reduce ulcers, acid reflux and build muscle as well.
2. If you want to increase stamina and reduce recovery time, see a difference in 5 days..
3. If you want to calm your mares down, reduce tying up, anxiety and agression.
4. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Maximum Performance for Breeders

1. If you want to reduce OCD's (soft bone chips in ankles and hocks).
2. If you want to have mares at peak condition checked in foal.
3. If you want to improve development of your foals.
4. Vets explain OCD's are caused by mineral imbalance first 11 months in womb, not enough Calcium and minerals for the mare.
5. Stallions have better sperm count, maintain muscle mass, reduce OCD's and maintain hoof quality. contact 502-817-1947

Idaho Whole-Apple Cider Vinegar

GREAT APPLE CIDER VINEGAR HAS A "ONE-TWO" PUNCH...

1) "Mother" (acetobacter) is required to convert alcohol into ACETIC ACID.

Acetic acid, NOT MOTHER, is alkaline forming in the body, which helps prevent disease and internal/external parasites.

2) Fresh raw apples have DIGESTIVE ENZYMES, a feature of this vinegar we call the "second punch". Unlike ACV from the other plants, our entire fermentation process is designed to keep intact all of the original enzymatic power.

The Mother
of all
enzyme-rich
vinegars

So my fellow livestock producers,
"Ask not if this ACV has the mother - do ask if this ACV still has all of the enzymes of the Whole-Apple?"

Here at Cedar Cove Farm, we use a very high quality mineral mix in our feed with lots of chemical free hay! We have sent 2 gallons of our raw A2A2 milk to a lab at Penn State to get tested for vitamins, and according to a professional, it contains double the vitamins that are normally found in raw milk! You only need 2 qts. of this milk per day to get all your vitamin A & D. Penn State recommends to drink 3 cups of milk per day for a healthy life. Our raw A2A2 milk has a very good taste with no bad after taste, and no additives for shelf life! The way it's meant to be! Keep refrigerated at 33-35 degrees and it will still taste fresh after 14 days. We are state inspected & our cows do not receive vaccine shots. All natural!

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our BioChar is steam activated carbon that is beneficial for our soils and animals

- BioChar creates a biology in your soil that saves money on fertilizer inputs.
- BioChar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- BioChar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

- 19" EZ Clipper 9102\$499
- 21" EZ Clipper 9103\$519

The EZ Clipper is made with the same great quality materials and workmanship as the CL Clipper, but has 5 blades which makes it easier to push. The cut is not quite as fine, but *your children will love to push this mower!* Features a simple 1-lever roller adjustment and easy-to-remove handle. 10-year warranty.

Mow Your Grass with a CL Gang Mower

CL Pushdown "Antibounce" System

The main cutting reels are each mounted on a flexible spring-loaded joint with a 4-way floating motion, efficiently pushing the mower similar to a hand push mower. This unique spring design puts 30 lbs of downward pressure while still allowing the reels to flex. This results in more traction and better cutting through thick grass, without causing excessive wear on the mowers.

This is a new feature since 2022. If you have an older model, call us for info on an "antibounce" upgrade kit.

Unique Hitching Feature

The CL hitching system makes hitching and unhitching "safe and easy". The stabilizer has two notches, the back notch holds the shafts up while you lead your horse under the shafts. When ready, simply push the shafts up (which will flip the lever into the long slot), allowing the shafts to come down. After hitching your horse, pull lever to the left, then pull the pin on foot stand, and pull up till pin pops in hole, and you are ready to go. The small caster on foot stand is not used when mowing...it is part of the convenient hitching design.

Reg. size \$4240
Pony size \$3980

FEATURES:

- Wheels behind mowers prevent driving over unmown grass
 - 54-58" cutting width
 - Convenient foot pedal steering with reel linkage prevents skips in corners and around trees
 - Adjustable for large or small horses
 - Featuring the CLIPPER USA reels
- Available with steel wheels, air tires, or hard rubber.

Celebrating 10 Years in Business

INDUSTRY & FARM

As we celebrate 10 years in business we look forward to serving you better. One improvement we recently made was the addition of a new computerized Slitting Machine. This machine has allowed us to produce more consistent trim. It also makes our production faster and makes it easier to make more special trim.

In 2024 we started offering supplies for post frame buildings such as lumber, posts and trusses. As that part of the business grew it became clear we were running out of space. We were able to purchase property next to our existing location where we are building more buildings to store and produce more products.

We Manufacture to Order

36" Wagler Panel

16" Standing Seam - (Pre-Notched)

10" Metal Board and Batten

36" Paradise Panel

12" Triple 4 & 36" Wagler Panel Soffit

How pHix's Mature Hops Extract Can Help Stabilize Blood Sugar & Support Diabetes Management

If you or someone you love struggles with blood sugar swings or diabetes, you know how frustrating it can be to find natural solutions that actually work. What if a powerful, science-backed ingredient—derived from something as simple as hops—could help? That's where pHix comes in.

The Blood Sugar & Diabetes Connection
Unstable blood sugar isn't just about sugar cravings or energy crashes—it's a major factor in metabolic health, weight management, and even long-term complications like diabetes. Traditional approaches often rely on medications with side effects, but what if nature already had a better answer?

How pHix's Mature Hops Extract Works

- ✓ Improve Insulin Sensitivity – Helps your body use insulin.
- ✓ Slow Glucose Absorption – Supports balanced blood sugar stability.
- ✓ Reduce Inflammation – Chronic inflammation.

Why Science Behind It

Research has shown that certain compounds in hops (like alpha and beta acids) can:

- Activate AMPK (an enzyme that helps regulate metabolism, similar to how exercise does).
- Mimic some effects of diabetes drugs—naturally.
- Help reduce oxidative stress, a key driver of diabetic complications.

Pre-diabetes - Help prevent progression to full diabetes.

Type 2 Diabetes - Support healthier blood sugar levels—naturally.

The Bottom Line Blood sugar issues don't have to control your life. With pHix's unique hops extract, you're not just masking symptoms.

HERE'S A BREAKDOWN OF WHY FULVIC IS SO VALUABLE:

TOXINS ARE EVERYWHERE

We're exposed daily to heavy metals, pesticides, plastics and pollutants. Fulvic acid supports the body's own detoxification pathways, helping to eliminate routine environmental contaminants.

NUTRIENT DEFICIENCY IS COMMON

Modern farming can leave foods short on minerals. Fulvic acid supports nutrient transport and supplies trace minerals often missing from today's diet.

CELLULAR ENERGY

Fulvic acid supports healthy mitochondrial activity, promoting efficient cellular energy production and enzyme performance.

GUT HEALTH SUPPORT

Fulvic acts as a prebiotic, nourishing beneficial gut bacteria and helps maintain normal gut lining integrity—both important for digestive comfort and immune health!

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion’s Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Have Cancer Concerns?

Amygdalin (Laetrile) Vitamin B17 is a powerful organic natural substance that works to help control cancer and viruses which can be consumed through seeds or supplements. In the late 1960's, a pioneering physician, Dr. John A. Richardson, MD, dared to treat his cancer patients with a revolutionary treatment that included the use of Laetrile, along with a strict protocol of diet, exercise, and vitamins. It worked remarkably better than orthodox treatments. Apricot seeds contain the highest concentration of B17 found in nature. These seeds also contain high levels of Thiamine/B1 and Omega-3 fatty acids. From cellular health to inflammation to respiratory conditions, this super seed is also great for animals!

March Is Here!

March is here with windy days,
 Blowing hats and kites away.
 Clouds race fast across the sky,
 While birds return and sing "Hi-hi!"
 Raindrops tap on windowpanes,
 Splash in puddles, down the lanes.
 Green buds peek from sleepy trees,
 Dancing lightly in the breeze.
 Winter coats are put away,
 Flowers bloom in bright array.
 Hello spring, we laugh and play—
 Happy, blustery month of March!

VISION BEYOND BORDERS

Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

We are printing and distributing Bibles to:

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

Will you help send Bibles today?

- \$4 prints one Bible
- \$100 provides 25 Bibles
- \$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

Address:

PO Box 2635
Casper, WY 82602

A receipt will be provided upon request for any donors who request it.
Thank you—may the Lord richly bless you as you partner in bringing His living Word to souls in need.

CLOTHING BUNDLE PROJECT

Relief after years of difficulty

Adnan* and his family live in a one-room space in a shop in Yemen. Adnan hopes that one day he will be able to afford a home of his own, but his work as a day laborer does not provide a steady income. He said, "Some days there is work, and some days there is none. But my family still needs food, clothes, medicine, and other necessities."

At a recent distribution by CAM contacts, Adnan's family received clothing, shoes, and school supplies. These gifts brought relief after years of hardship. With gratitude Adnan's wife shared, "I pray that God protects and rewards everyone who showed kindness to our family."

**Name changed to protect identity.*

This young boy in Yemen is now the owner of a nice blue shirt given by a generous supporter.

Keystone Steel Structures is a small company that specializes in erecting and finishing steel buildings. The owner started the company in October 2001. The first few years Keystone was only involved in the erection of the steel structure itself. However, due to customer demand, we have chosen to expand the company's services to include supplying a complete pre-engineered metal building package as well as providing general contracting services for an entire project. While we would be happy to erect a structure from any supplier, we are proud to supply our buildings through Whirlwind and Metallic Building Systems. Over the years, we've collected many awards and honors for the work we do with them.

We strive to build our reputation with excellent communication and unrelenting persistence at keeping our promises to supply quality construction. We are committed to delivering great value and service to our customers.
