VISION BEYOND BORDERS

Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

We are printing and distributing Bibles to:

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

Will you help send Bibles today?

\$4 prints one Bible

\$100 provides 25 Bibles

\$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

Editor's Corner

Hello Friends,

Nothing will be able to separate us from the love of God. Romans 8:39

Another beautiful morning, the sun is shining again. My thoughts are going in all directions and writing them down does not come easy this morning.

Anyway, is anyone ready for fall? If not, you had better get ready, because it is here and there is nothing we can do about it. Before too long, the leaves will change color and fall.

Don't forget to fill out our form for the Pony Giveaway. Well, I should get back to work. Hope everyone has a great week.

Julie Miller

God Is Faithful – Even in the Darkest Circumstances

Job lost everything ...
... his family, his health, his possessions, and his friends' respect. Yet in the middle of unimaginable suffering, he refused to let go of God.

Surrounded by questions with no easy answers, Job discovered that God's presence was greater than his pain. His circumstances did not define him, and neither do yours — wherever you are!

For many men and women behind prison walls, life can feel just as empty. Freedom has been lost. Relationships have been broken. The future seems uncertain. But the same God who walked with Job through his darkest days still meets people in their darkest places today through His Son, Jesus Christ. **Through the truth of His Word, hearts are renewed, hope is restored, and lives are transformed—one soul at a time, through the good news of the Gospel.**

Your support helps place care packages, Bibles, and personal encouragement into the hands of incarcerated men and women who desperately need to know they have not been forgotten. **Like Job, they can discover that even in suffering, God is faithful.**

"For I know that my Redeemer liveth, and that He shall stand at the latter day upon the earth." – Job 19:25 (Jesus is coming again — see Matt. 25:31)

Partner with us today, and help us share with inmates the same hope found in God through Jesus Christ!

Yes, 6-way works for us! Last spring our horses hair coat was kinda ugly & one needed weight. Now all our horses that get 6-way have nice hair coats! our 19 year old mare has a nice hair coat like the rest of the horses. You would not think shes 19 by the way she looks, her hair coat is nice as can be! they kinda nose around in there feed until they get there 6-way. Definitely good stuff, we love it & the horses doTo!

A happy customer, O. Gingerich

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs tonight.

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.

This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well; I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent disease.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up." Elva Chupp

30 Capsules ~~\$45.99~~ **\$36.79**

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, **restless legs**, and nighttime **leg cramps** with Leg Relaxer™.

No mess. No menthol scent. No harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

"My feet feel better and my back no longer bothers me."

C. Schmucker in MI

"I bought a pair of Feathersprings and I wouldn't be without them. Now our son wants some too!"

E. Byler

"I was to the point of giving up walking any distance at all due to the burning pain in the balls of my feet. Since I've been wearing Feathersprings, I can walk as far as I want. No more pain!"

S. Zimmerman

Foot problems can occur for many reasons ... getting older, improper shoes, lack of exercise or just by spending long hours on your feet.

When this happens, you might first notice painful corns, calluses, burning skin, tender blisters, and toe cramps. Even worse, bunions, hammertoes, fallen arches, and heel spurs can develop. Even ankle, leg, knee, hip and lower back can start in your feet. **Sadly, when your feet hurt, you hurt all over!**

There is an easy and long-lasting solution called: **Featherspring®** Foot Supports. They help restore the natural support and balance of your feet. Pills, powders, salts, lotions and soaking can only give temporary relief.

Enjoy **Featherspring®** Foot Supports for amazing, all-day comfort! Premium stainless steel flexes with your foot for both comfort and support. Plus because they're so thin, they'll fit in almost all shoes. Switch one pair between all your shoes for long-lasting comfort.

With Feathersprings you can stand all day, walk, dance, jog or even run in total comfort. **Your feet, ankles, legs, knees, hips – even your back – can find relief.** You see, **Feathersprings** actually support your feet and thereby your entire body. And they do so while absorbing shock and relieving pain.

So, if you're bothered by aches and pains in your feet, legs or lower back, please know that **Feathersprings will bring you relief. It's that simple!**

WHY DOES DISC PAIN KEEP COMING BACK?

Special Health Report

*What Thousands of Patients With Disc Problems Have Taught Us
About Why Some People Improve Temporarily While Others
Continue to Struggle*

By Midwest Disc Clinic

FREE RECORDED HEALTH REPORT

- ✓ Private and Confidential

Many People Are Told Their Only Options Are More Treatment, More Injections, or Surgery

If you are one of the millions of people suffering with back, neck, or sciatica pain, you are not alone. Disc problems are one of the leading causes of long-term pain and disability in our country. And if you have been dealing with this pain for any length of time, you may already know how frustrating and discouraging it can be.

Many men and women tell us the same story. They started with mild discomfort. Over time, it got worse. They saw a doctor, had tests, and tried physical therapy, chiropractic care, medications, or injections. Sometimes these treatments helped for a while. But the pain came back.

Eventually, they were told their only choices were more treatment, more injections, or even surgery.

This leaves many people feeling hopeless and unsure of what to do next. That is why we created this recorded health report.

After helping thousands of patients with disc problems, we have seen a common pattern. Some people improve temporarily, while others continue to struggle. The difference is not always what you might think.

The good news is that understanding why disc pain keeps coming back can help you ask better questions and make more informed decisions about your care.

IN THIS RECORDED REPORT YOU'LL DISCOVER:

- ✓ Why disc pain keeps coming back
- ✓ What may block disc repair
- ✓ Why relief often doesn't last
- ✓ What many patients are never told
- ✓ What may be behind sciatica symptoms
- ✓ Questions to ask before injections or surgery

REAL PATIENT STORIES

"I came to MDC with lower back pain and numbness in my legs. I was barely able to walk, and I wasn't able to function or work. It was Midwest Disc Clinic or surgery.

Now after my care plan, I'm pain free and raring to go. I can put in a full day's work.

My experience was very much appreciated." — D. Hershberger, Nashville, MI

"I was having lower back pain and right leg pain when I came to MDC. I was on crutches for two days and in bed for a week, not able to work.

After my DOSAE treatments, I am back to work and feel 85% to 90% better. Thank you to the doctors and staff at MDC. Everybody is very friendly and helpful!" — D. Troyer, Randolph, NY

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Sleep better. Every season of the year.

Bearaby

Bearaby weighted blankets are rated at
4.8 out of 5 Stars
from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby Weighted Blanket gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

BREAKING NEWS: Reports are in that people who have already been sleeping better with a Cotton Napper, are taking it up a notch more with the revolutionary Tencel Cooling Tree Napper. The eucalyptus fibers contained in this fiber blend have moisture wicking properties giving you the effect of the cool side of your pillow... all night long. Yes, even on these hot summer nights. We will keep you updated as this story develops.

In other news, the Cotton Nappers are available in 3 new colors, as reported below.

Natural deep sleep

Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind

The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling

Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

Bible-Based Picture Book Humphrey

Roll with Humphrey the hump-free camel as he finds the peace that passes understanding and learns contentment. Humphrey is a short, yellow camel with big toes and no hump, unlike the *normal* camels at the zoo.

The first children's book in our character-building series, "Humphrey" is a Bible-based lesson with beautiful illustrations and Scripture memory verses throughout to remind us that God gives us different gifts and He is always listening to our concerns.

Positive Feedback from Ages 1-99! The Character Building Series

Jonah Elijah

A Tribute to Godly Brethren & Fathers

Walk with Jonah Elijah as he uses his compass and fishhooks to help the villagers he loves. When the stripes of life tempt them to say "I go a fishing," help Jonah Elijah encourage them to cast their net on the right side, dig to find the pearl of great price, check their saltiness, and cover their stripes for true healing.

THE COLD AND WEARY

A channel enabling the church to minister to physical and spiritual needs around the world

Winter is coming. For most of us, that means pulling a warm coat from the closet, putting on a pair of fleece-lined boots, and wrapping our children in cozy blankets. Imagine facing winter with few of these things. You could live in a refugee camp where temperatures plunge at night. Biting winds sneak through the cracks of the makeshift tarp doorway. The cold leaves you shivering, but the hardest thing of all is watching your children go without warm clothing or shoes—knowing you have little money to buy them.

This is reality for many people in Syria, Yemen, and other countries. To many, winter brings a sense of dread. Months of hard work and saving allow some parents to buy clothes for their children, but for others, this is nearly impossible. In refugee camps, employment opportunities are scarce. And no work means no income. No income means no warm clothes.

Omar,* a Syrian father, once provided for his family of five. Then an explosive device detonated near him, leaving permanent scars across his face and body. He was left blind.

But Omar says the physical darkness was not the deepest pain. Even more heartbreaking was watching the darkness that gradually settled in the hearts of his children. He could hear their crying and knew the uncertainty that had become part of their lives frightened them. War had taken away their safety and replaced it with fear.

One day, the family received a box of donated second-hand clothing. The children rejoiced! "The clothes were not simply pieces of fabric. They were a touch of love that helped mend

our hearts. They were also a great lesson for my children that goodness never dies," Omar shared gratefully.

He continued, "I thank you from the depths of my heart—a heart that may no longer see with its eyes, but can see your love. I pray that God will richly reward you for all you have done for me and for my family."

Ali, another Syrian father, lost his home because of war. The family of four fled for safety, leaving behind their belongings, clothes, and home. "But God is always present, even in the most difficult moments," Ali told our contact. "He sent people to stand beside us and provide what we needed when we had nowhere else to turn."

Ali continued, "We extend our heartfelt thanks to the persons who sent the clothes . . . you embraced us like a mother, offering us both practical and emotional support when we needed it most."

Thanks to funds from supporters, needy families like Ali's and Omar's can receive bags of gently-used, quality clothing. Your gift can meet a practical need while also reminding a hurting family that someone cares—and that God has not forgotten them.

While we receive about the right amount of donated clothing and kits each year, we have a significant need for funds to ship and responsibly distribute these needed items. If you wish to help with this need, your support will be greatly appreciated!

YESHUA IS THE WAY

Yeshua is the Way
is a 501c3 non-profit
organization based in
Central Pennsylvania.

Our mission is to support
persecuted Christians
throughout the nations as a
partner with local believers,
and to share the Gospel
with people worldwide.

At **Yeshua Is The Way** Ministries, we have partnered with local Christians in Pakistan - where there is a great need for spiritual and financial support from the global church body. In a country where Christians face discrimination, poverty and persecution, there is still a hunger for God. Men, women and children are responding to the Gospel! People are being healed from pain and disease! Families are being freed from bonded debt that traps generations in manual labor.

We welcome your financial support for our current and upcoming projects. Our heart is to continue blessing and ministering to these believers and their neighbors by hosting Prayer Festivals, providing Food Kits, financing medical care, and more!

Current Fundraising Needs Include:

- Food Kits and Medical Care Support
- Capital Campaign to purchase a Church Building
- Salary for Pastoral Staff in Pakistan
- General Ministry Expenses (*travel, administration, maintain website*)

Froman Hill

BOYS RANCH

Restoring Hope through Discipleship

Froman Hill Boys Ranch is a residence for minor boys from the horse and buggy churches. To act as a refuge while dealing with emotional, moral and spiritual needs.

LOOKING TO SERVE?

We are in need of Big Brothers and Houseparents!
If interested call 330-343-8055.

We enjoy being house parents at Froman Hill Boys Ranch. It is very rewarding to see the young resident boys improving as they do their term here. Also, a blessing to see how the big brothers put in time and effort to help the young boys progress. We receive so much more here than what we give. God's Blessings!

-Eli & Mary

Serving as big brother gave me lots of interesting opportunities and challenges, and trying to be a good example as Jesus left behind. It was very fulfilling and rewarding to follow rules and keep up with schedules when working with these struggling, talented young boys. To me it was a blessing, thanks to God.

-Former Big Brother, Jake

We are in need of work.
Looking for simple manual piece work. If you feel led to share, call 330-343-8055 and ask for James.

My time as a Big Brother at Froman Hill Boys Ranch was worthwhile, meaningful, and inspiring. I'm glad I stepped out of my comfort zone to be a part of something special. The friendships and memories made were worth the time invested. I can honestly say I feel I received more than I gave. To God be the glory and honor!

-Big Brother, Michael

I would like to thank God for the opportunity to serve at Froman Hill Boys Ranch. If you have a desire to do something like this, do it! It truly is an enjoyable and fulfilling experience.

-Former Big Brother, Jared Hershberger

About our weeks we have spent with the Froman Hill Boys as houseparents and cooking for them- we have found it very rewarding and interesting. Would encourage anyone to give it a try. You will be richly blessed!

-The Troyers

It's time to THINK SPRING

Now is the time to apply Ohio Valley BioChar to your fields and gardens!

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Biochar blends
available for various
farming needs, call for

HORSE SENSE TIPS

HAY

- Free access to hay 24 hours a day
- Daily intake needed for average weight of a mature horse is approximately 20 pounds daily.
- Hay/Grass/Forage should make up 60 to 100% of the diet
- Most horses need 1½ to 2% of their body weight daily, more in cold weather
- They are grazing animals and do so 60% of the day, grass and quality hay is best
- Eating hay on cold nights helps conserve calories and keep them warm

Tips for Quality Hay

- Open a bale, check for debris
- Best is fine-stemmed, green, leafy hay
- Avoid moldy, dusty, sun-bleached, or over-cured
- Alfalfa should be in early bloom
- Grass hay should not have fully formed seed heads
- Check for insects such as blister beetles
- Very heavy bales may be wet inside-wet is not good

STORAGE

Store hay in a dry, covered area protected from weather and sun. Feed within one year of harvest when possible.

Quality hay is necessary for horse health and performance.

~TESTIMONIAL~

"We are a family operation milking 65 hd of Holstein cows. After some discussion with the Nutra-Glo rep concerning the dairy product, it sounded worth a try. We started feeding it to both our cows and calves. The results on the calves were almost immediate, and the cows also showed improvements in the weeks that followed. As the months turned to years we continued to see more and more improvements, including better somatic cell count, butterfat numbers, and also a lot less vet bills. Nutra-Glo has been a part of our program for over 14 yrs now." —MH, Walnut Lane Farm

Maximum Performance Horse Supplement

Pellets for Horses that are Picky Eaters or Have Ulcers. Also Great for Driving Horses & Stallions!

Here is a young colt with two hind Ankle OCD's and really wormy
Date 6-9-20

Hay and grains have fewer minerals today. You really need to supplement for peak performance and breeding nutrition.

50 lb bag-granular, \$150
lasts five horses—1 month!

50 lb bag-pellets, \$135
lasts one horse—50 days!

Here is the colt 57 days later with NO OCD's in either hind leg and a beautiful shiny coat at 7-27-20

Mr Schwartz's mare was running off with his girls, biting them, he knew she had an ulcer, 15 days on the pellets, she is so calm, warms up nicely, goes longer, stronger and cools down faster. Wow, he was so excited, he wants to breed her, instead of giving her away.

Mr Miller says he had never had stronger colts, jump up right out of the bag, run around the stall and jump over the mare, before she got up. His best year breeding, mares strong after foaling, strong babies, plenty of milk. It was a dream foaling season. He will keep his mares on mp while in foal and after.

Mr Yoder had tried to breed his favorite mare for 12 years, after 30 days on MP she checked in foal. He is so excited.

Mr Yoder bought a mare they said was lame, could only be bred. He put her on mp and 15 days, she was bucking coming out of the barn. He hooked her to the cart and off she went straight down the road. He called and wanted to be a dealer. He said, "Anyone with a driving horse needs MP. This is the greatest stuff for driving horses!"

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in our feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, cool down faster, and improve hoof quality.

1. If you want to reduce ulcers.
2. If you want to increase stamina and reduce recovery time—may see a difference in 5 days!
3. If you want to increase oxygen for better stamina and improve oxygen to the cells for driving and work horses performance.
4. If you want to calm your mares down, reduce tying up, and anxiety.
5. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Learn How to Maximize Breeding!

1. If you want to reduce OCDs, improve fertility.
2. If you want to have mares at peak condition ready to be checked in-foal, calm mares down as well.
3. If you want to improve development of your foals, strong when born, boost immune system, strong bones.
4. Vets explain OCDs are caused by mineral imbalance while mare is in foal.
5. First 11 months gestation—not enough calcium and minerals causes bone chips, OCD's.
6. Stallions have better sperm count, maintain muscle mass, and maintain hoof quality during breeding season and year round.

It was early November, and the woods were just starting to come alive with rut activity. I'd been scouting a funnel between bedding and feeding areas, and the sign was fresh. With the wind in my favor, I decided to try something I'd heard other hunters talking about – Buck Whiff.

I kept it simple. A few drops on a drag rag, and I walked a slow zigzag toward my stand. Passing an existing scrape I put a few squirts of Buck Whiff in it about 20 yards out, right where I expected movement. The scent was fresh—noticeably different from some of the bottled stuff I've tried in the past.

An hour or so after settling in, I caught movement. A decent buck stepped out, nose down, locked in on the trail I'd made. He paused at the scrape, visibly aggravated, and gave me the broadside shot I'd been waiting for.

What struck me was how naturally he reacted—paused, hair bristled, stiff legged walk – you know what I mean. He was ready for a going around with this new buck that had just intruded his territory.

I've learned that when you use a lure like Buck Whiff correctly—fresh, sparingly, and always with the wind in mind—it can tip the odds in your favor. It's not magic. But in the right moment, it's the edge that matters.
