Editor's Note

Greetings to all!

Next week is Ascension Day holiday already, 40 days after we observe Easter Sunday. Amidst all the planning for a special day off work to spend time with friends and family, I like to ponder on the thought of Jesus ascending to Heaven. The disciples just stood there, watching their friend disappear behind a cloud.

Next week, school will be over for this term, and the children will be off for the summer. The children are amid end-of-year tests and other activities. They'll be playing baseball with two different schools, singing for the old folks at Pleasant View Communities, and doing some hiking as well.

The Busy Beaver Extreme is offering a new feature starting in June. Check out the next edition of the Extreme to see what it's all about.

Thank you for advertising in the Busy Beaver. We appreciate your business!

-John Zook

Those are the names for synthetic B1, B6, B9 and B12. The cheapest and most commonly used. Tranont uses real B vitamins from nature and cultures them on yeast, creating a powerful, bio-available product your body can easily recognize and successfully use. At Tranont we know that **BETTER CHOICES** bring **BETTER RESULTS.** This product has helped alot of struggling students with better focus and concentration!

Health Problems? The human body consist of 70 to 100 trillion cells. When cells are healthy, the body is healthy. When cells are unhealthy, disease or dysfunction can occur. What's the cause? Reason science has shown that poor cellular communication is the root cause of unhealthy cells. Damage cells struggle to alert the immune system, allowing the damage to multiply. No matter the problem, we can now Bi-replace cellular communication, for the first time in history. For a free information pack for this powerful technology, contact: John Bash, 619-838-0493

We've all been there: it's 2:00 PM, the "brain fog" is rolling in, and the siren song of a third espresso or a sugary snack becomes impossible to ignore. For decades, caffeine and refined sugar have been the go-to fuel for the modern worker. But while they offer a quick spark, they usually leave us with a jittery heart and an inevitable "crash" that leaves us more depleted than before. If you're looking for a sustainable way to sharpen your focus without the roller coaster, Midday Focus Greens might just be the upgrade your brain has been waiting for. True mental clarity isn't about forcing your brain to work harder through stimulants; it's about giving it the raw materials it needs to perform at its best. By trading the temporary "buzz" of sugar for the deep, nutritional support of greens, you're not just clearing the fog--you're building a more resilient mind. Midday Focus Greens $51.87. (Includes tax and shipping.) Buy 2 or more for a 10% discount. Call or write NuLife today to place your order. NuLife Communities 1390 Co Rd 600 Baltic, OH 43804, 330-845-4004

MAXIMUM PERFORMANCE HORSE SUPPLEMENT

Give your horse the minerals that are no longer in the your feed!

50 lb Bag Granular $150, last 5 horses/ 1 month. 50 lb bag pellets $135 last 50 days/ a horse Pellets for picky eaters, with ulcers, driving horses, Stallions and mares.

Dave Mast mare was open two years in a row, 30 days on Maximum Performance and she checked in foal with NO Regu-mate.

David Patterson bred for 30 years and always trouble foaling out, weak foals, trouble re-breeding. First season on MP, mare foaled easily, baby running in the stall, plenty of milk, mare cleaned quickly and checked in foal first time bred. Very impressed.

Indiana man had mare running off, cranky, picky eater, put her on pellets, 15 days daughter said, What did you do to the mare? She is so easy to handle, drives great, looks better. MP Pellets. oh my.

Lawrence Schrock, PA said he was one of the few with no OCD's in his yearlings at the sale, thanks Maximum Performance for sound bones, strong muscled yearlings.

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in your feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, reduce muscle soreness, and improve hoof quality and build muscle.

1. If you want to reduce ulcers, acid reflux and build muscle as well.
2. If you want to increase stamina and reduce recovery time, see a difference in 5 days..
3. If you want to calm your mares down, reduce tying up, anxiety and agression.
4. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Maximum Performance for Breeders

1. If you want to reduce OCD's (soft bone chips in ankles and hocks).
2. If you want to have mares at peak condition checked in foal.
3. If you want to improve development of your foals.
4. Vets explain OCD's are caused by mineral imbalance first 11 months in womb, not enough Calcium and minerals for the mare.
5. Stallions have better sperm count, maintain muscle mass, reduce OCD's and maintain hoof quality. **contact 502-817-1947**

Idaho Whole-Apple Cider Vinegar

GREAT APPLE CIDER VINGAR HAS A "ONE-TWO" PUNCH…

1) Looking for less disease and fewer internal/external parasites this year? THIS ACV has an alkaline forming response in any mammal's body, which is your shield against those issues.

2) The ENERGY and ENZYMES from the Whole-Apples contained in this vinegar are ALL still intact to help boost your livestock's digestion of any feed. The minerals in your feed are 90% bio-available .

The drier your feed, the better this ACV works!

How would you like a summer where your calves gain more and have less pink-eye?

OHIO VALLEY BIOCHAR
There is a Better Way

Biochar blends available for various farming needs, call for more information.

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Notes from seller:

America is waking up to the amazing taste and tendernessof beef from the Wagyu breed. The experience is like none other. Farmer's markets, restaurants, and every day people are asking for WAGYU!

The Wagyu breed requires a heavy energy ration to finish steers. They will only produce average marbling on grass-only diets but not the finely-marbled steaks that are signature of the Wagyu breed. We do not recommend purebred Wagyu seedstock for grass-finishing operations.

Mow Your Grass
with a CL Gang Mower

CL Pushdown "Antibounce" System
The main cutting reels are each mounted on a flexible spring-loaded joint with a 4-way floating motion, efficiently pushing the mower similar to a hand push mower. This unique spring design puts 30 lbs of downward pressure while still allowing the reels to flex. This results in more traction and better cutting through thick grass, without causing excessive wear on the mowers.
This is a new feature since 2022, if you have an older model, call us for info on an "antibounce" upgrade kit.

Unique Hitching Feature
The CL hitching system makes hitching and unhitching "safe and easy". The stabilizer has two notches, the back notch holds the shafts up while you lead your horse under the shafts. When ready, simply push the shafts up (which will flip the lever into the long slot), allowing the shafts to come down. After hitching your horse, pull lever to the left, then pull the pin on foot stand, and pull up till pin pops in hole, and you are ready to go. The small caster on foot stand is not used when mowing ...it is part of the convenient hitching design.

Reg. size $4240
Pony size $3980

FEATURES:
- Wheels behind mowers prevent driving over unmown grass
- 54-58" cutting width
- Convenient foot pedal steering with reel linkage prevents skips in corners and around trees
- Adjustable for large or small horses
- Featuring the CLIPPER USA reels

Available with steel wheels, air tires, or hard rubber.

Looking for your milk bonus?

A farmer wrote to us saying how he lowered his cows SCC and his milk inspector is really pleased. This is what he did:

1. CMT every cow in the barn.
2. Mark all high quarters with a crayon.
3. Use Hornet Udder Tonic on those quarters once a day for 3 days.
4. Cover every quarter with Super Cow Udder Mint twice a day for 7 days.

The money he spent on his cows, he received back from the bonus!

1 bottle is enough for 4 quarters

HAVE YOU FRESHENED YOUR MINERAL SITES?

Did you know?

Deer benefit more from minerals early in the year. Buck for antler growth, and does for healthy fawns

Key Timing and Tips:

Optimal Start:
February or March is ideal, just before spring green-up.

Peak Usage:
February through September.

Why Then:
Lush, high-moisture spring vegetation causes deer to crave salt to balance their body chemistry.

Antler/Fawn Growth:
Spring and summer are critical for buck antler development and doe lactation.

Location:
Place near water sources, bedding areas, or heavily used trails.

Maintenance:
Refresh sites 2–3 times a year, specifically in early spring and late summer, using roughly one site per 50 acres.

TESTIMONIAL

By the time February came, I was tired of fighting my body and tired of being told something was 'wrong' with me. At this point, I got on my knees - fully surrendered - because when your body stops responding, your soul starts speaking. That's when I was introduced to a simple tincture. Not overnight. Not magically. But steadily - inflammation softened, clarity returned, energy came back online. My body finally felt safe enough to heal. I could feel myself again. This is my year, and I'm bringing those with me who are ready for real change. The sky isn't the limit - it's the starting point.

What's in VeraCell?

PROPRIETARY POLYSACCHARIDE BLEND	PRIMARY BENEFITS
Acemannan (Aloe vera inner gel)	• Supports healthy cell-to-cell communication • Supports natural immune function • Helps maintain gut function and digestion
Arabinogalactan (larch tree)	• Prebiotic that nourishes beneficial gut bacteria • Supports balanced immune responses • Supports respiratory wellness

Why should we take Phix and VeraCell together?

Phix works from the top down, and VeraCell works from the bottom up.

What does Phix do?

It activates the vagus nerve, and is clinically proven to help burn visceral fat from your main organs and helps your body to heal itself. When the vagus nerve is active, you feel calm, focused, and your body starts healing and digesting better. Studies show that new stem cells are made if you take it long enough.

What does VeraCell do?

It helps your natural defenses respond appropriately to everyday stressors. Supports focus, retention, and memory. Supports cell to cell communication, optimizing vital longevity. Feeds beneficial microbes and supports healthy intestinal function. It may also help degenerative disorders of the central nervous system, abnormal growths of unhealthy cells, energy, and much more!

Take VeraCell at least 30 minutes away from any hot food or liquids, otherwise it will kill the enzymes.

When your cells thrive, you thrive!!!

Ask about our range of products designed to work together to heal your vagus nerve.

it could be your thyroid!

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.
– Dan Stoltzfus, Pennsylvania

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.
– Leah Miller, Ohio

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!
– Kathyrn Yoder, Missouri

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.
– Sue Albrecht, Michigan

I've been dealing with Hashimoto's for years, I've been on strict diets, changed my medications many times, tried every supplement I was told to take, never felt completely well. Your products and approach has helped me the most. This is the best I've felt for years. Amazing. I've already told many people to call you.

Nature's Rite

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs **tonight.**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep— causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.
This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well for her—and I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask.
Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, restless legs, and nighttime leg cramps with Leg Relaxer™.

No mess. **No** menthol scent. **No** harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

"Lions Mane Talk"

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Have you been patched?

HOW TO USE THE X39 PATCH:

In the morning, apply one LifeWave X39 patch on the back of your neck or two finger widths below your navel.

Use for up to 12 hours, then remove and discard to allow your body to rejuvenate for 12 hours before applying a new X39 patch the next day.

Wear daily for 6-12 months for best results. Continued use can give greater benefits.

WHAT IS A LIFEWAVE PATCH?

When sunlight hits your skin, your body is signaled to create vitamin D. With Lifewave patches, your body's own infrared light is being reflected back to signal the production of various amino acids and peptides depending on the patch you are using.

The X39 patch has a specific and precise crystalline pattern that signals your body to make endogenous GHK-Cu.

POTENTIAL BENEFITS OF X39®

Wearing X39 daily may produce the following benefits. Everyone is different and results will vary. Real life results from our customers!

- NO more midday naps
- Brain fog gone
- NO more tired feet after long days at market
- More mobility in shoulders after old injuries
- More motivation + energy
- Migraines dissappearing
- Sleeps better
- Pain free after dealing with back pain for years
- Lung congestion keeps improving
- Vision improved
- Nicotine craving lessened

Nature's Rite

"Jonathan, my husband — we've been married for 28 years — is 50 years old. He has always had irregular breathing. He used to talk during the night, wake up several times, and snore. He never seemed to reach deep sleep. He didn't want to use a CPAP machine, so I saw this article in a farming magazine.

He had a cold the first night he took the pills, and not only did the cold go away that same night, but by the second night he wasn't snoring anymore. He was sleeping so deeply that I had to check if he was okay — it was the first time he had ever slept that deeply.

He's no longer falling asleep in a chair during the day. He feels better and is working better. I'm really surprised at how quickly these pills worked on his sleep problems — starting from the very first night. By the second night, he wasn't even snoring anymore."

Bearaby

Bearaby weighted blankets are rated at
4.8 out of 5 Stars
from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

Natural deep sleep
Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind
The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling
Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Our handmade **Cotton Napper** is a breathable, knitted weighted blanket to help you fall asleep faster and feel calmer, naturally. Designed for individual use, your Napper should be about 10% of your body weight. Not designed to add warmth. **Made of 100% organic cotton.**

Helpful Hints - Pie Carriers

PIE SAVER or PIE SAFE?
Each has it's own advantages. The Pie Saver can be used for so much more than just pies, plus you can stack as many or as few as you want. But the size is limited to 9" diameter pans, and has vent holes that can not be totally closed. The Pie Safe holds bigger pies, has a close-able vent, and is more convenient. It includes adjustable shelves for 3 or 4 pies.

SPROUTING
Growing your own sprouts is rewarding and healthy. With a Pie Saver, it only gets better. Not only can you grow bigger batches than in glass jars, they also grow better. Instead of curling up, they grow straight and crisp... mmm!

Olive Grove Christian School

Public Information Meeting Tuesday, May 12, 6:30–8:30 PM

At the home of
Creekside Structures 745 East Millport Road Lititz, Pa 17543

During this meeting, we will:

- Share the vision and progress of Olive Grove Christian School
- Share the vision and progress of our vocational work program for 14–17 year olds.
- Provide updates regarding organization and structure
- Q&A

Olive Grove Christian School exists to honor God by providing a Christ-centered education that nurtures children mentally, spiritually, and physically. In partnership with homes and churches, we seek to train young hearts in the fear of the Lord, raise them in the nurture and admonition of Christ, and prepare them to walk faithfully in all areas of life, reflecting God's truth and love in word and deed.

Our purpose is to preserve and pass on a living faith through a simple, Scripture-guided model of education. We believe there is no neutrality in teaching—every subject must be shaped by the Word of God and submitted to the lordship of Christ. Rooted in prayer and guided by the Holy Spirit, our schools emphasize discipleship, community, stewardship, and humility.

VISION BEYOND BORDERS

Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

We are printing and distributing Bibles to:

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

Will you help send Bibles today?

$4 prints one Bible
$100 provides 25 Bibles
$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

ZeLand: A Safe Home Starts Here

Short-term, toxin-conscious housing for people living with MCAS.

Mast Cell Activation Syndrome (MCAS) causes extreme sensitivity to everyday exposures—like mold, pollen, smoke, cleaning products, detergents, and even a loved one's perfume.

For many, standard homes can trigger serious reactions due to hidden chemicals in building materials and finishes.

ZeLand is raising funds to design and build safe, thoughtfully constructed tiny homes—created specifically to minimize these triggers and provide a place to heal.

Our goal is to offer short to medium-term housing—giving individuals a safe place to recover while they rebuild their own home or secure other suitable living arrangements.

Help provide a safe place to heal and transition.

Article space donated to CAM

When Kareema* first received a Bible as a young lady, she memorized 500 verses. Now, in her old age her eyesight is failing, and she became unable to read her Bible. When CAM contacts gifted Kareema a large-print Bible, she was overjoyed! Now she again has access to the Word of God she loves so much.

Noor, another Christian, is not able to read the small-print Bible because of an eye surgery she had years ago. Someone gave her a large-print Bible, but after reading it every day for 20 years, it was old and tattered. She took it to the church leader to be fixed, but because of a lack of resources, he was unable to fix it.

The church leader arranged for Noor to meet several CAM contacts. She explained to them, "My Bible became like my soul. Not just a piece of me, but my whole life. If I go out or come in, I want the Bible before me. I want to open it at any time." Noor said sadly, "I have begged the [church leader] for the Bible many times. I insisted and bothered him until he couldn't take it anymore; I tell him, 'The Bible . . . the Bible, please!' "

Our contacts gave Noor a new, large-print Bible. How happy she was! "The joy I feel for this Bible, no one can feel it except me, within myself. There's no way to explain it," she said gratefully.

To show these suffering Christians that other followers of Jesus care about them, CAM is working with contacts and local churches across the Middle East and North Africa** to provide large-print Bibles for the elderly and other individuals unable to see well. These large-print Bibles are in high demand!

The average cost per large-print Bible is $9. In a land where Bibles and Christian literature are mostly unavailable, it is a precious gift for a person to receive their very own Bible.

Spring slips softly through open air,
Petals wake from winter's hold;
Lavender drifts on sunlit breeze,
A calming scent, both new and old.
Green shoots rise with citrus light,
Lemon brightens morning skies;
Peppermint hums in waking leaves,
As birds and blossoms both arise.
In warm earth's breath and floral tone,
Each oil hums nature's song;
Spring restores with scented grace,
Where growth and balance both belong.

LAND AND HOUSES FOR CHARITY

Avoid capital gains tax and redirect funds to church work or charity by gifting all or a portion of your property.

- Supporting God's work is the most important priority; significant tax advantages also exist.
- If you are considering the sale of a property and expect to owe capital gains taxes on the appreciated value, don't delay calling us for more information.
- You must start this process before selling the property or placing it under a sales agreement.
- The most common reason a gift of real estate cannot be accomplished is because the donor waited too long to begin the process.

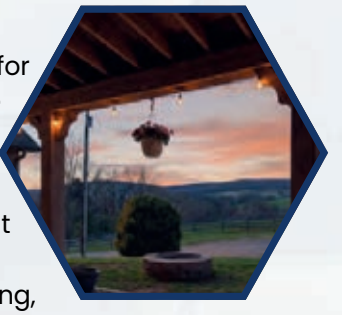
Previously used as a Bed and Breakfast, this house is in the process of being transitioned to a 3 bed, 3 bath home, with plenty of newer upgrades such as floor heat, electrical, and plumbing, while keeping the rustic charm of a stone fireplace and original interior log walls.



The 40x80 bank barn offers plenty of room for your outdoor desires but is in need of some repairs.

This incredible farmette has it all: pasture, tillable fields, and woods providing excellent hunting and incredible views. It borders Powells Creek, known for its great trout fishing, and is within walking distance to state forest and the popular Appalachian Trail.

A rare gem in the making!

Keystone Steel Structures is a small company that specializes in erecting and finishing steel buildings. The owner started the company in October 2001. The first few years Keystone was only involved in the erection of the steel structure itself. However, due to customer demand, we have chosen to expand the company's services to include supplying a complete pre-engineered metal building package as well as providing general contracting services for an entire project. While we would be happy to erect a structure from any supplier, we are proud to supply our buildings through Whirlwind and Metallic Building Systems. Over the years, we've collected many awards and honors for the work we do with them.

We strive to build our reputation with excellent communication and unrelenting persistence at keeping our promises to supply quality construction. We are committed to delivering great value and service to our customers.
