Editor's Note:

The children talked Bob into camping again this weekend. Evie can't seem to get enough. They had pizza for dinner and are going to roast marshmallows again. NO! I'm not going anywhere near that skewer. My finger is still tender from the other burn.

I hope everyone had a blessed Easter. Zach had a resurrection Easter egg hunt at school. They had to collect eggs with clues to match to the Bible verses and then find the items the verse mentioned. One was the schekles that Judas was given. They had to find coins. The kids were racing all over the field looking for their items.

Enjoy the warm weather, sunshine and flowers.

FIRE-N-ICE

I have been taking B12 Vitamins for a while, they gave me energy but would always crash. I tried a sample of Fire-N-Ice and love it! I was super focused on any task I was doing. I was very calm. I never felt jittery. I had a ton of energy and never crashed. Bonus was I slept great. - Jeffery

MAXIMUM PERFORMANCE HORSE SUPPLEMENT

Give your horse the minerals that are no longer in the your feed!

50 lb Bag Granular \$150, last 5 horses/ 1 month. 50 lb bag pellets \$135 last 50 days/ a horse Pellets for picky eaters, with ulcers, driving horses, Stallions and mares.

Dave Mast mare was open two years in a row, 30 days on Maximum Performance and she checked in foal with NO Regu-mate.

David Patterson bred for 30 years and always trouble foaling out, weak foals, trouble re-breeding. First season on MP, mare foaled easily, baby running in the stall, plenty of milk, mare cleaned quickly and checked in foal first time bred. Very impressed.

Indiana man had mare running off, cranky, picky eater, put her on pellets, 15 days daughter said, What did you do to the mare? She is so easy to handle, drives great, looks better. MP Pellets. oh my.

Lawrence Schrock, PA said he was one of the few with no OCD's in his yearlings at the sale, thanks Maximum Performance for sound bones, strong muscled yearlings.

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in your feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, reduce muscle soreness, and improve hoof quality and build muscle.

1. If you want to reduce ulcers, acid reflux and build muscle as well.
2. If you want to increase stamina and reduce recovery time, see a difference in 5 days..
3. If you want to calm your mares down, reduce tying up, anxiety and aggression.
4. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Maximum Performance for Breeders

1. If you want to reduce OCD's (soft bone chips in ankles and hocks).
2. If you want to have mares at peak condition checked in foal.
3. If you want to improve development of your foals.
4. Vets explain OCD's are caused by mineral imbalance first 11 months in womb, not enough Calcium and minerals for the mare.
5. Stallions have better sperm count, maintain muscle mass, reduce OCD's and maintain hoof quality. contact 502-817-1947

Struggling? Frustrated? Not getting mares in foal?

NWM's New Broodmare Mineral was developed to address a common frustration among farmers and breeders, struggling to get their mares in foal. The success in testing speaks for itself. Ask your local dealer for more information on this exciting new product, and to see testimonials from breeders in the trial.

Tests have shown significant increases in conception rates, including on foal heat, and with difficult mares.

NUTRA-GLO™

NUTRITIONAL FEED SUPPLEMENT FOR ALL POULTRY

~TESTIMONIAL~

"When we started feeding Nutra-Glo for Poultry Dry to our flock of 6,000 layers we were at approx 21 dozen small eggs, 10 days later we were at 6½ dozen small eggs, and very soon after that we quit sorting them out completely. Soon we noticed our feed was lasting longer, 9 ton lasted approx 9 days (ton a day). After feeding Nutra-Glo for 60 days, 9 ton of feed now lasts 11½ days. After doing some figures we figured out [after] the cost of Nutra-Glo we save approx \$6.25 a day just on feed conversion. We also noticed we didn't add any extra calcium up to this point (56 weeks). We see much better consistency in laying percentage and not as many dips. If we have dips they are not nearly as drastic. We also gain approx \$167.00 a month for every 1% daily increase. We recommend this Product!"

Also available in 1.2 cubic foot bag

Actual results after 2 applications of OVB Garden Blend

Prevent your fruit trees from **FREEZING** in temperatures as low as 16° Use FXI (Fire Extinguisher), Biome Food & Harmonizer

If you want better nutrition.... you need to start with better soil

Biochar blends available for various farming needs, call for more information.

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

At Dr. JimZ®, our main goal is to help people eat more nutritious food and be more successful in the garden. Our nutrients are designed to stimulate life in the soil and provide a plethora of nutrients at a biological level. The microbes in the soil must consume the nutrients before they are 100% bioavailable to the plant. Our products feed the microbes so your plants can then decide what nutrients they need and when they need them ... this will maximize the genetic potential of the plant and result in higher-quality fruits and veggies.

Time To Feed Your Trees!

Spring is one of the best times to feed your trees (this is when they pull in nutrition for the spring and summer months)

Tree Secret®

- All non fruit-bearing trees, evergreens and bushes.

Chicken Soup for the Soil®

- All fruit trees, flowering perennials, and flowering bushes.

Before

After

Tree Secret® liquid tree fertilizer (formerly known as Save-A-Tree®) is a biologically correct (non-synthetic) tree fertilizer that has been created specifically for enhanced tree success. Our small-batch, extra-potent blend of readily available nutrients is exactly what your trees, plants, and bushes need to revitalize and look great for years to come. The competition does not come close!

- Nitrogen found in most chemical lawn fertilizer is largely responsible for the unnatural rapid growth that weakens trees by thinning their protective cell walls, opening the door for disease, wind damage and bug infestations.
- Plants and bushes need the same nutrition as slow-growing trees. Give your yard a serving of this ultra-potent undiluted, carbon-based fertilizer and watch in amazement as your trees thrive and your landscape transforms into a lush paradise.
- Excellent results on all trees and bushes, including evergreens!

64oz Jug
\$34.95

APPLICATION INSTRUCTIONS

The amount needed for best results depends on the diameter width of the tree trunk 4' up from the base of the tree.

- Use 1 cup per calliper inch of tree trunk (trunk diameter)
- Mix with water and evenly apply from the base of the tree to the drip line.
- Water into the root zone.

To **SAVE** a dying or stressed tree, apply in spring and fall.

To **MAINTAIN** good tree health, use one time per year in spring or fall.

Happy trees have fewer problems. This stuff works!

Take your growing experience to the next level!

Add **Humus Compost** into your fertility program.

Humus Compost is an all-natural, organic compost that will increase your plant's access to mineral in the soil. It will loosen your soil making the environment better for plant roots and soil biology. It is also both a biological stimulant and a biological inoculant.

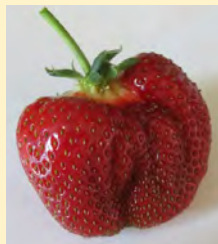

Humus Supreme is an easy-to-use soil amendment and fertility product that can be layered on top of planted seed to help with germination, emergence, and moisture control. **If applied in the fall with the cover crop, it will help to increase soil pore space for a healthier growing environment.**

Terra Preta Garden Blend is a wide spectrum Humus Compost and minerals blend ready to add to your soil. With Humus Compost, Bio-Char, Gypsum, Rock Phosphate, Basalt, Aragonite, Potassium Sulfate, and Sea-90, it will super-charge your soil for increased capacity to grow plants. Additionally, it will expand soil biology, improve water management, and improve fertilizer availability.

Raised-Bed Soil is a blend of composted wood products, Humus Compost, and minerals to create a soil that is not only ready to plant into, but also has potential to produce a crop for years.

Liquid Humus Extract is a great addition to other fertilizer programs. By adding Liquid Humus Extract to other liquid products, a grower will increase the effectiveness of foliar and injected fertilizers. Use as a stand-alone foliar supplement also boosts photosynthesis and adds to the plants growth.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion’s Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

You can **stop** sleep breathing disruptions **tonight**.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up."
Elva Chupp

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long. This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

Sweet Dreams.

Replace your restless nights with Sleep Breathing Support™

Sleep Breathing Support™ by Nature's Rite is a natural way to reduce sleep breathing disruptions and achieve a restful night.

30 Capsules ~~-\$45.99~~ **\$36.79**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation. Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

The Cause

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

If you want to know whether it will work for you, then you have to try it.

CRAFTED IN THE USA AND BACKED BY OUR 30-DAY MONEY-BACK GUARANTEE.

*Applies to the first bottle of any product.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

The Solution

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

HEALTH/HOME/CLOTHING

BEFORE YOU LET ANYONE TREAT YOUR BACK OR NECK PAIN... READ THIS.

The wrong treatment can make a disc injury worse— and surgery is rarely the first answer.

My wife suffered with low back pain for several decades. She visited maybe 10 different doctors who helped her for a while but never got to the root of the problem. Her legs hurt, she was restless at night, unable to do garden work, lawn work, or keep up the housework. One year after beginning treatment at MDC she is able to do all those things in a normal way again. We thank God for his Healing, grace and blessing the doctors with wisdom, knowledge, and the willingness to serve.

~M. Metzger- Manchester, IN

If your pain is:

- Stopping you from working your land or trade
- Keeping you from lifting or caring for your children
- Making household work difficult or impossible
- Causing leg pain, numbness, or weakness
- Waking you through the night
- Limiting your ability to serve your family and community

Your situation may be more serious than you have been told. You deserve a real answer before making any permanent decision.

Every Month, Families tell us they were told:

- “You just need injections.”
- “You’ll have to live with it.”
- “Surgery may be your only option.”

But no one explained:

Was the disc properly evaluated before treatment began? Muscle pain and disc injuries are not the same thing. The wrong treatment does not fix the real problem.

We focus only on spinal discs.

Not knees. Not shoulders. Not general aches.

Spinal discs only.

We evaluate before we treat — with a clear 2-day Discovery Process..

Within two days, you will have straight answers to four questions:

- | | |
|---------------------------------|-----------------------------|
| ✓ What is the problem? | ✓ Can we help you? |
| ✓ How long will it take? | ✓ What will it cost? |

Some cases qualify. Some do not.

We will tell you honestly if your case is not a fit for our program. Everyone deserves to know exactly what they are dealing with before making a permanent decision. We are not here to waste your time or money.

Sleep better. Every season of the year.

Bearaby

Bearaby weighted blankets are rated at **4.8 out of 5 Stars** from dozens of verified "Busy Beaver" Bearaby users.

Natural deep sleep

Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind

The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling

Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Did you know, a Bearaby gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

Our handmade **Cotton Napper** is a breathable, knitted weighted blanket to help you fall asleep faster and feel calmer, naturally. Designed for individual use, your Napper should be about 10% of your body weight. Not designed to add warmth. **Made of 100% organic cotton.**

A channel enabling the church to minister to physical and spiritual needs around the world

WORLD HUNGER FUND

Food, hope, and fellowship in Venezuela

Article space donated to CAM

CAM contacts in Venezuela work tirelessly to supply nutritious food for the most vulnerable—children, the elderly, and families facing economic hardship. Their mission is to restore dignity, nourish bodies, and build hope, one meal at a time.

Volunteer coordinators oversee a network of church-run food kitchens that provide food for the hungry. When people come to get their hot meals, they also receive spiritual encouragement and Christian literature. As the church works among its own people, they endeavor to create an environment of care, hope, and fellowship that points to the Father God.

A recipient named Doriannys shares, “In my house there’s nothing to eat, my dad is in prison, the money my mom earns cleaning doesn’t stretch. . . .

Thank God for our Bible class and the teachers, who bring food and the Word of God, no matter what happens.”

Please pray for the people of Venezuela as they face significant uncertainties. Your support provides help and hope amid trying times. Thank you!
