Editor's Note

Greetings to all!

We have been blessed with abundant rain for the past few days; some good old-fashioned rains brought us 3 inches of rain. The ground is well saturated, causing a few slippery moments when I crossed the lawn.

The children are having fun at school; everyone seems to be enjoying the beautiful fall days. With the rainy weather, the children had to find games to play other than baseball. The ball diamond lays fairly flat; therefore it does not dry off as fast. But with the wind blowing it'll soon be dried off.

I passed a flock of sheep on my travels this afternoon. They looked quite content, grazing in the lush green pasture. The way it looked to me, they were all ready for winter. Their coats were just right for the chilly nights, and I don't expect them to need much shelter once the cold winds start to blow.

Thank you for visiting The Busy Beaver Booth at the Eastool Show. We enjoyed doing business with you. If you had no business to be at our booth - we enjoyed your company anyway. I tend to get lonely when I'm all by myself.

-John Zook

Every morning we have another chance to give it all we got!

ROUNDHOUSE
Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness.

Keys: Low D, Low E Low F, G, A, Bb, C, D E, and F | **$40**

KNITTLINGER
Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger – it goes as fast as any player can play it!

Keys: Low A, Low Bb Low C, Low D, Low E Low F, and G | **$100**

TRINITY HARP
3 harmonicas in one! Its pushbutton slide gives you 3 major chords across all 3 octaves, delivering notes and chords that once required juggling multiple harmonicas. It also supplies the missing Blow 3 note within a rich chord. Move instantly between chord choices and play fuller rhythm, accompaniment, and melody without changing instruments. No need to learn a new note layout - plays like your other diatonic harmonicas!

Keys: Low F, G, A, Bb, C, and D | **$95**

THE DELTA FROST COLLECTION
The Delta Frost comes in 3 different comb choices – Original (plastic), Steelie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

ORIGINAL
Keys: Low D, Low E Low F, G, A, Bb, C D, E, and F
$35

STEELIE and **WOODY**
Keys: Low F, G, A Bb, C, D, E, and F
$45

HARMONICA INSTRUCTION KIT

Learn to play popular songs in minutes even if you don't know how to read music! 34 page book comes with our best-selling Roundhouse harmonica.

Keys: Bb or C

$45

MIDDLEFIELD
An easy playing, 10-hole, double reed, octave harmonica that sounds like an accordion. 40 responsive reeds deliver a rich, full tone. It's laser tuned to be in perfect pitch, and it has silent windsavers that eliminate the buzzing and flapping noise that have plagued double reed harmonicas for generations.

Keys: Low A, Low Bb Low C, Low D, Low E Low F, and G | **$125**

YESHUA IS THE WAY

Yeshua is the Way is a 501c3 non-profit organization based in Central Pennsylvania.

Our mission is to support persecuted Christians throughout the nations as a partner with local believers, and to share the Gospel with people worldwide.

At **Yeshua Is The Way** Ministries, we have partnered with local Christians in Pakistan - where there is a great need for spiritual and financial support from the global church body. In a country where Christians face discrimination, poverty and persecution, there is still a hunger for God. Men, women and children are responding to the Gospel! People are being healed from pain and disease! Families are being freed from bonded debt that traps generations in manual labor.

We welcome your financial support for our current and upcoming projects. Our heart is to continue blessing and ministering to these believers and their neighbors by hosting Prayer Festivals, providing Food Kits, financing medical care, and more!

Current Fundraising Needs Include:

- Food Kits and Medical Care Support
- Capital Campaign to purchase a Church Building
- Salary for Pastoral Staff in Pakistan
- General Ministry Expenses *(travel, administration, maintain website)*

Understanding is a wellspring of life unto him that hath it. - Proverbs 16:22

Our recent collaboration with Beltone Audiology allows us to offer **Comprehensive Hearing Care**—including free hearing screenings, personalized fittings, and hearing aid servicing—all right here in our clinic.

Regenerative Joint Therapy, targets painful joints by using stem-cell transplantation and/or protein rich plasma (PRP). These procedures are completed here in the clinic with minimal recovery time.

We're thrilled to announce our **Home Care Visits** program. If traveling to a medical facility is difficult for you or someone you love, we're here to help. At EWSC, we believe everyone deserves quality health care that's both accessible and affordable.

Our **Biological Dentistry** focuses on identifying and treating the underlying causes of dental issues rather than addressing symptoms alone. Care that supports a healthier smile and a healthier body.

We've also expanded our wellness offerings in the IV therapy room. We offer a wide variety of **IV therapies** including immune support, sinus support, replenish and recovery, and more.

OVB
OHIO VALLEY BIOCHAR
There is a Better Way

Now is the time to apply Ohio Valley BioChar to your fields and gardens!

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Biochar blends available for various farming needs, call for more information.

Aquamonics
Digital Water System
WATER WITH A PURPOSE

Are you concerned about your water

CHANGE YOUR WATER, THE WAY IT IS MEANT TO BE.

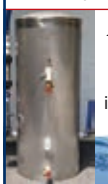

Aquamonics Digital Water System, improving your water for animals, plants and humans.

- Units that treat the water for your entire home or farm
- A whole house water system
- Agricultural water System
- Commercial water System

When the body is hydrated properly, it has the ability to eliminate toxins more thoroughly, it is able to perform to a higher level and functions in a more perfect way.
Aquamonics water assists the body to detoxify
Aquamonics water more thoroughly hydrates the body
Aquamonics water does not fix anything. Your body heals itself when allowed through the presence of the right hydration

It has an Anti-Scaling unit, here is how it works

We are using the combination of the Aquamonics water treatment with the addition of electrons to the water to create a condition where the minerals that traditionally create the problems of hard water and scaling are changed. Their chemical structure is reduced by the addition of these electrons. This creates desirable new conditions without the use of salt or chemicals and without the wasted water associated with reverse osmosis or ion exchange systems. Although the minerals are NOT removed from the water, the problems associated with their presence disappear.

Testimonial

I have installed an upgrade Aquamonics Digital unit (as it was time to refurbish our Talya unit). I had a rash on both of my feet, on either side of my feet and within 3 weeks the rash is almost gone on both feet. We had a problem with worming the pups, and they had loose stool or scours. We don't need to use as much antibiotics anymore and now it doesn't take as much wormer either, it isn't a battle like it was before. So now we have overall better puppy and human health. We would not want to be without it, I would recommend it to anybody and everybody. We had the same problem in 2014, before we got the unit. When we initially put the unit in everything cleared up. Thanks again Enos for an upgraded Digital Unit. Start with good water for good health.

It was early November, and the woods were just starting to come alive with rut activity. I'd been scouting a funnel between bedding and feeding areas, and the sign was fresh. With the wind in my favor, I decided to try something I'd heard other hunters talking about – Buck Whiff.

I kept it simple. A few drops on a drag rag, and I walked a slow zigzag toward my stand. Passing an existing scrape I put a few squirts of Buck Whiff in it about 20 yards out, right where I expected movement. The scent was fresh—noticeably different from some of the bottled stuff I've tried in the past.

An hour or so after settling in, I caught movement. A decent buck stepped out, nose down, locked in on the trail I'd made. He paused at the scrape, visibly aggravated, and gave me the broadside shot I'd been waiting for.

What struck me was how naturally he reacted—paused, hair bristled, stiff legged walk – you know what I mean. He was ready for a going around with this new buck that had just intruded his territory.

I've learned that when you use a lure like Buck Whiff correctly—fresh, sparingly, and always with the wind in mind—it can tip the odds in your favor. It's not magic. But in the right moment, it's the edge that matters.

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

THE HEALTH CORE BUNDLE

The only WHOLE FOOD, plant-based complete nutrition system on the market for total, lasting gut repair. Tranont products are made with real ingredients from nature, derived from real living plants, and do not contain artificial or synthetically manufactured ingredients like other brands. Because when it comes to healing and restoring the gut lining (and maintaining it) we have absolutely no room for anything fake or hard to utilize. It will only work against us. A poorly functioning gut cannot process synthetics and it only causes further stress on the already overloaded liver.
Try the powerful Health Core....

IT HAS CHANGED THE LIVES OF THOUSANDS!

The purpose of the Health Core :

ENRICH: powerful enzymes, probiotics and prebiotics for optimal digestion and to maintain a healthy gut. All you need to ease digestion of all five major food groups and help you get the most nutrients from what you eat. Say good-bye to bloating, gas, & stomach discomfort.

BALANCE: A unique blend of over 40 plant based vitamins, chelated minerals, and antioxidants to help fill in the gaps where your diet may be lacking. Super hormone, liver and adrenal support. Truly a one-of-a-kind multi you won't find elsewhere! Great for ALL AGES....

FOCUS: Brain food. Fermented B vitamins and minerals for natural, healthy energy, along with Tranont's special mental/clarity blend to support better brain function, focus, memory and concentration. A #1 seller for struggling students! Every busy on-the-go person will love the benefits of FOCUS.

OPTIMIZE: Cleans unwanted bacteria and bad protein cells from the bloodstream. Promotes deep, restful sleep while it helps your body to heal, repair and recover. A must-have after any type of surgery. This is your inflammation buster! Digestive issues are often linked to lots of intestinal inflammation. Optimize is a huge immune booster if taken regularly.

Nature's Rite

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs **tonight.**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep— causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.
This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well; I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent disease.

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, restless legs, and nighttime leg cramps with Leg Relaxer™.

No mess. **No** menthol scent. **No** harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

WHAT ARE THE BENEFITS

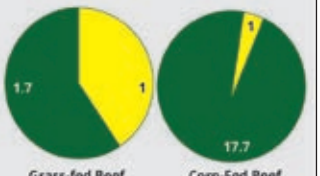

Feeding grain to a ruminant will cause it to lose its stores of vitamin E, beta-carotene, CLA, and Omega-3's. it dosen't matter if the grain is organic or not. Feeding any amount of grain to a ruminant any time in its life makes its meat less healthy for human consumption. Compared with grain-fed meat, grass fed meat has as much as 4 times more vitamin E, 5 times more cancer fighting CLA, 3 times more heart friendly omega 3's, and twice as much beta-carotene. It is also lower in calories, total fat, and saturated fat.

Americans currently have a gross imbalance of Omega-6 to Omega-3 fatty acids. This is largely caused by eating meat from ruminants which have been fed grain. Research on people who had at least one heart attack and were put on a high Omega-3 diet showed a 70% decline in mortality. These same people also showed a 61% decline in cancer deaths.

WHY DOES DISC PAIN KEEP COMING BACK?

Special Health Report

What Thousands of Patients With Disc Problems Have Taught Us About Why Some People Improve Temporarily While Others Continue to Struggle

By Midwest Disc Clinic

FREE RECORDED HEALTH REPORT

Available 24 Hours a Day by Phone

- ✓ No Appointment Required
- ✓ No Internet Required
- ✓ Listen from Home
- ✓ Available Anytime
- ✓ Private and Confidential

Many People Are Told Their Only Options Are More Treatment, More Injections, or Surgery

If you are one of the millions of people suffering with back, neck, or sciatica pain, you are not alone. Disc problems are one of the leading causes of long-term pain and disability in our country. And if you have been dealing with this pain for any length of time, you may already know how frustrating and discouraging it can be.

Many men and women tell us the same story. They started with mild discomfort. Over time, it got worse. They saw a doctor, had tests, and tried physical therapy, chiropractic care, medications, or injections. Sometimes these treatments helped for a while. But the pain came back.

Eventually, they were told their only choices were more treatment, more injections, or even surgery.

This leaves many people feeling hopeless and unsure of what to do next. That is why we created this recorded health report.

After helping thousands of patients with disc problems, we have seen a common pattern. Some people improve temporarily, while others continue to struggle. The difference is not always what you might think.

The good news is that understanding why disc pain keeps coming back can help you ask better questions and make more informed decisions about your care.

IN THIS RECORDED REPORT YOU'LL DISCOVER:

- ✓ Why disc pain keeps coming back
- ✓ What may block disc repair
- ✓ Why relief often doesn't last
- ✓ What many patients are never told
- ✓ What may be behind sciatica symptoms
- ✓ Questions to ask before injections or surgery

"I came to MDC with lower back pain and numbness in my legs. I was barely able to walk, and I wasn't able to function or work. It was Midwest Disc Clinic or surgery.

Now after my care plan, I'm pain free and raring to go. I can put in a full day's work.

My experience was very much appreciated." — **D. Hershberger, Nashville, MI**

"I was having lower back pain and right leg pain when I came to MDC. I was on crutches for two days and in bed for a week, not able to work.

After my DOSAE treatments, I am back to work and feel 85% to 90% better. Thank you to the doctors and staff at MDC. Everybody is very friendly and helpful!" — **D. Troyer, Randolph, NY**

"GREATastic! is helping me in so many different ways. It's an excellent pill for the brain. Just what I needed for years already. During all those health problems is what really affected the brain from functioning. It takes care of stress and I feel well a lot. It pretty much does what I read in the paper it is for. Yes, I feel it's a God send. This is all in one pill. I am so thankful for it. It took me off of expensive liquids and pills that you cannot imagine. Yes, and at last I feel great too. Not feeling so tired and old. Feeling total good and I feel like a 21 year old. Yes, even my friends notice that I'm a different person and I want to thank you again. Yes, God can do miracles and please send another bottle". - Pennsylvania

Pressure Point Mat Set

Lay back, breathe deep, and let the tension melt away.

Studies have shown up to 40% improvement for, stress, muscle soreness, and sleep quality after regular use of the mat for 20–30 minutes before bed. Journal of Sleep Therapy 2015

$138 for the mat.
Add **$12** for shipping.

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. The gentle pressure of over 4,000 pressure points works to stimulate circulation, release muscle tension, and support relaxation. Start with 10–15 minutes a day and gradually increase to 20–40 minutes as your body gets used to the sensation. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! – *WTHN Client*

it could be your thyroid!

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.
– Dan Stoltzfus, Pennsylvania

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.
– Leah Miller, Ohio

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!
– Kathyrn Yoder, Missouri

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.
– Sue Albrecht, Michigan

I was put on Armour for an underactive thyroid and was taking it for a year. I was still not feeling well. Come to find out I didn't need to be on any medication to begin with. My hormones are now balanced and I feel better with no medication. It's nice to see and feel the results.
– S. King, Pennsylvania

New technologies present new risks.

Lithium-ion batteries can go into thermal runaway undetected and result in a fire. Not just any fire, a fire that emits flames, smoke and toxic gases that can cause an explosion and spread throughout a house, apartment, or storefront.

Fire moves fast.

From the first warning signs of smoke or hissing noises, you may have less than one minute to escape a fire.

Take C.H.A.R.G.E. of Battery Safety.

The best way to be safe is to prevent a lithium-ion battery fire from starting. Take these important actions now.

- **C** — Choose certified products.
- **H** — Handle with care.
- **A** — Always stay alert for warning signs.
- **R** — Recycle devices and batteries properly.
- **G** — Get out quickly if there's a fire.
- **E** — Educate others on safe practices.

80% of fire related deaths and injuries happen at home

Today's homes burn 8x faster than just 20 years ago

41% of all fire fatalities occur in homes **WITH WORKING** smoke detectors

Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

Blowout sale!!!

Horse memory played same as game below now only $14.50

Wholesale pricing available to retail stores

This memory game can be played with or without teams. When playing with teams, always sit beside an opposing teammate; teammates never sit beside each other. Teammates can all help each other when picking up cards. Each player picks up two cards when his turn comes around, *unless* the player is picking up sets. When picking up sets, player can go on until he has the whole set, *or until* he picks a card that is not in that set. The team or player that has the most points when the cards have all been picked *has won the game.*

Significant financial support is needed to repay the $950,000 loan used to purchase the property and construct the new facility at the Stevens Location. Funding is also needed to cover monthly operating costs and those who dedicate themselves to this work. While we charge affordable fees to the families we serve, they only cover a portion of the expenses. We depend on contributions of 75% of our operating funds.

If God has blessed you with the means, please consider sharing those blessings to help us continue making a difference in the lives of these precious children. We are grateful to all our donors for your support in the past few years.

Shepherds Pathway is a non profit organization with IRS (c)(3) status. Tax exempt donations may be sent to Shepherds Pathway Inc.

Scam Alert: Fake Farm Equipment and Vehicle Sales on Social Media

Scammers are pretending to be farm equipment businesses, selling fake equipment and vehicles. Don't be left stranded and empty-handed.

Here's How the Scam Works:

- Scammers use realistic-looking social media ads and copycat websites to sell tractors, vehicles and other farming equipment that do not exist. They'll send fake purchase agreements, demand thousands of dollars upfront, and schedule a delivery date.
- Unfortunately, the delivery never comes. It was never a legitimate business. The scammer stops answering your messages or makes excuses for why the delivery was delayed.

Stay Vigilant!

- **Before you buy based on an ad, check it out.** Do your research by searching online for the company name plus "scam" or "complaint".
- **The first search results you see might be sponsored ads.** Scammers pretending to be a real business will place paid ads to gain credibility. Scroll past those ads, and make sure to confirm the company website and contact information before engaging in a conversation.
- **Never send money to anyone who says you can only pay a certain way.** Scammers prefer payment via wire transfers, gift card, cryptocurrency, or payment app, because it's almost impossible to get it back.

Your safety is our top priority. Please share this alert with friends and family to help prevent further scams.

FUNDRAISER DINNER

FOR SAMMY AND ROSE KING
JOIN US FOR A FORMAL DINNER, LIVE GOSPEL MUSIC, AND A SILENT AUCTION TO CLOSE THE NIGHT!

HOW YOU CAN HELP

- Sponsor a table - $350 seats 8
- Make a donation toward $15,000 operating costs
- Donate an item or service for the silent auction
- Become a matching sponsor by matching donations made during the event

SPREAD THE WORD!

As many of you know Sammy had a second surgery last fall to remove a non-cancerous brain tumor that had grown back after his first surgery a few years ago. They followed this surgery with a round of radiation to try to eliminate every last bit of the tumor, so that it hopefully won't grow back again. What you might not know is that this has left Sammy and Rose with a large hospital bill that they need to pay out of pocket. They are members of Christian Healthcare Ministries (CHM), but CHM only covers $125,000 in medical expenses per incident or illness. Sammy's medical expenses related to this incident exceeded this by far and they will potentially be responsible to pay around $75,000 personally.

THE COLD AND WEARY

Christian Aid MINISTRIES

A channel enabling the church to minister to physical and spiritual needs around the world

Winter is coming. For most of us, that means pulling a warm coat from the closet, putting on a pair of fleece-lined boots, and wrapping our children in cozy blankets. Imagine facing winter with few of these things. You could live in a refugee camp where temperatures plunge at night. Biting winds sneak through the cracks of the makeshift tarp doorway. The cold leaves you shivering, but the hardest thing of all is watching your children go without warm clothing or shoes—knowing you have little money to buy them.

This is reality for many people in Syria, Yemen, and other countries. To many, winter brings a sense of dread. Months of hard work and saving allow some parents to buy clothes for their children, but for others, this is nearly impossible. In refugee camps, employment opportunities are scarce. And no work means no income. No income means no warm clothes.

Omar,* a Syrian father, once provided for his family of five. Then an explosive device detonated near him, leaving permanent scars across his face and body. He was left blind.

But Omar says the physical darkness was not the deepest pain. Even more heartbreaking was watching the darkness that gradually settled in the hearts of his children. He could hear their crying and knew the uncertainty that had become part of their lives frightened them. War had taken away their safety and replaced it with fear.

One day, the family received a box of donated second-hand clothing. The children rejoiced! "The clothes were not simply pieces of fabric. They were a touch of love that helped mend our hearts. They were also a great lesson for my children that goodness never dies," Omar shared gratefully.

He continued, "I thank you from the depths of my heart—a heart that may no longer see with its eyes, but can see your love. I pray that God will richly reward you for all you have done for me and for my family."

Ali, another Syrian father, lost his home because of war. The family of four fled for safety, leaving behind their belongings, clothes, and home. "But God is always present, even in the most difficult moments," Ali told our contact. "He sent people to stand beside us and provide what we needed when we had nowhere else to turn."

Ali continued, "We extend our heartfelt thanks to the persons who sent the clothes . . . you embraced us like a mother, offering us both practical and emotional support when we needed it most."

Thanks to funds from supporters, needy families like Ali's and Omar's can receive bags of gently-used, quality clothing. Your gift can meet a practical need while also reminding a hurting family that someone cares—and that God has not forgotten them.

While we receive about the right amount of donated clothing and kits each year, we have a significant need for funds to ship and responsibly distribute these needed items. If you wish to help with this need, your support will be greatly appreciated!

AUCTIONEER REMARKS - *If your ideal weekend involves a fishing rod, a tree stand, or a kayak, this one puts it all within walking distance. A few honest notes: the steep driveway with water breaks is best handled with a 4x4, and the cabin floor is uneven — it's been that way since the current owner bought it 10 years ago, and the stick-built structure could use additional supports to level it. Whether you're after a hunting camp, a weekend getaway, or a quiet place to unwind between adventures, this property puts the outdoors right at your doorstep.*

WHY SINGLE-FAMILY BEATS MULTI-FAMILY

- ✓ Tenants handle their own lawn care and snow removal.
- ✓ Single-family homes generally see stronger appreciation.
- ✓ They attract long-term tenants — fewer vacancies and less tenant conflict.
- ✓ Three houses, three roofs, one simple entity to own them all.
- ✓ Single family homes are often more desirable and easier to sell.

What You Can Do to Avoid a SCAM

FINANCIAL SAFETY AWARENESS TIPS

1 Block unwanted calls and text messages

Take steps to block unwanted calls and to filter unwanted text messages.

2 Don't give your personal or financial information in response to a request that you didn't expect.

Legitimate organizations won't call, email, or text to ask for your personal information, like your Social Security, bank account, or credit card numbers. Don't call a number they gave you or the number from your caller ID.

3 Resist the pressure to act immediately.

Legitimate businesses will give you time to make a decision. Anyone who pressures you to pay or give them your personal information is a scammer.

4 Know how scammers tell you to pay.

Never pay someone who insists you pay with a gift card or by using a money transfer service. And never deposit a check and send money back to someone.

5 Stop and talk to someone you trust.

Before you do anything else, tell someone — a friend, a family member, a neighbor — what happened. Talking about it could help you realize it's a scam.

TO REPORT A SCAM
Contact your local police dept. or the FTC's Consumer Response Center at 877-382-4357.
