Editor's Corner

Hi everyone,

I hope this finds you all in good health and that you're enjoying the last few weeks before you send your children back to school. This sure was a short summer. Like they say, "Time flies when you're having fun!" Sweet corn is on the menu along with fresh tomato sandwiches. Yummy 😊 I have some sweet corn waiting to be put in freezer tomorrow. The peaches that are waiting to make peach slush and I want to can some salsa yet.

Thank you for using the Busy Beaver for your advertising needs. We enjoy working with the community!

Have a good day,

Testimonial

Dr. Karen made some supplement suggestions for me and I cannot believe the changes that have happened so soon! Within a few days I was getting a good restful nights sleep and my muscles are feeling relaxed. I've also noticed the skin around my eyes is tighter and I actually look younger! For years I've had fluctuating body heat issues and now my body heat is balanced again!
Thank you so much, I will be back to see you again! *~ Myron Y.*

Idaho Whole-Apple Cider Vinegar

GREAT APPLE CIDER VINGAR HAS A "ONE-TWO" PUNCH...

1) Looking for less **disease and fewer internal/external parasites this year?** THIS ACV has an alkaline forming response in any mammal's body, which is your shield against those issues.

2) Wanting to stretch your hay and pasture by 20%? The ENERGY and ENZYMES from the Whole-Apples contained in this vinegar are ALL still intact to help boost your livestock's digestion of any feed. Minerals in the feed are 90% bioavailable versus the 20% in most mineral mixes.

The drier your feed, the better this ACV works!!!

Would you like a summer when your calves gain more and have less Pinkeye?

Now you can enjoy all the benefits of revitalized water for cooking, drinking, showers or baths, laundry, gardening, pets and so much more.

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

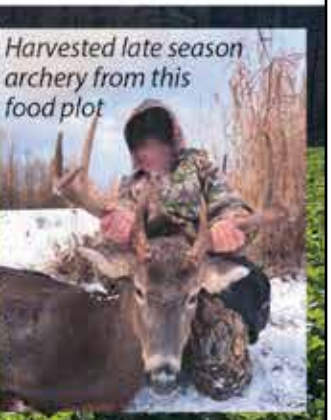

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

NEW BOOK!

FAIRBANKS OR Bust

"ARE YOU RUNNING AWAY FROM HOME?"

Crazy questions. Hitchhiking to break up the monotony. Tragic news from back home. Headwinds. Bears. New friends and many memories.

Nathan Yoder's 9,230-mile biking excursion to Alaska and back was about more than just riding his two-wheeled companion, Stella. It was about overcoming a life-changing health diagnosis. Along the way, he encountered adventures by day and by night—sleeping under the stars, in an abandoned school bus, in deserted houses, and even on top of dried-out cow manure in an old barn. Each hardship made him even more determined to achieve his dream.

Could he do it? Was it possible for a diabetic to accomplish such a feat? Or would he die somewhere in the wilderness? Ride along as the adventurous 27-year-old thwarts the challenges of his Type 1 diabetes, and watch as his worldview changes one pedal at a time.

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Pressure Point Mat Set

Lay back, breathe deep, and let the tension melt away.

Studies have shown up to 40% improvement for, stress, muscle soreness, and sleep quality after regular use of the mat for 20–30 minutes before bed. Journal of Sleep Therapy 2015

$138 for the mat.
Add **$12** for shipping.

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. The gentle pressure of over 4,000 pressure points works to stimulate circulation, release muscle tension, and support relaxation. Start with 10–15 minutes a day and gradually increase to 20–40 minutes as your body gets used to the sensation. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! – *WTHN Client*

- High-quality coconut fiber and linen **WTHN Pressure Point Mat** (16" x 9" x 9")

it could be your thyroid!

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.
– Dan Stoltzfus, Pennsylvania

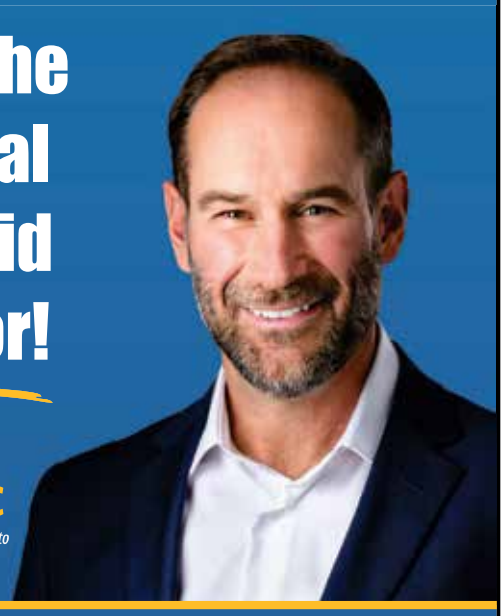

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.
– Leah Miller, Ohio

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!
– Kathyrn Yoder, Missouri

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.
– Sue Albrecht, Michigan

I've been dealing with Hashimoto's for years, I've been on strict diets, changed my medications many times, tried every supplement I was told to take, never felt completely well. Your products and approach has helped me the most. This is the best I've felt for years. Amazing, I've already told many people to call you.

ASK DR. NELSON: "WHY DO MY LEGS SWELL?"

Leg swelling is one of the most common reasons people come to see me. While many people assume swelling is simply a normal part of getting older, it is actually a symptom—not a diagnosis. The key is determining why your legs are swelling.

There are many possible causes. Some are relatively common, while others require prompt medical attention.

One of the most serious causes is a deep vein thrombosis (DVT), or blood clot in the leg. A DVT often causes sudden swelling in one leg, sometimes accompanied by pain, warmth, or redness. Because a blood clot can travel to the lungs and become life-threatening, anyone with sudden leg swelling should seek medical evaluation right away.

Swelling in both legs is more commonly caused by chronic medical conditions. Congestive heart failure can allow fluid to accumulate in the legs because the heart is not pumping efficiently. Kidney disease may cause swelling when the kidneys are unable to remove excess fluid from the body. Liver disease can also lead to leg swelling by reducing the body's ability to maintain normal fluid balance.

Another common cause is lymphedema, a condition in which the lymphatic system is unable to drain fluid properly. Lymphedema often causes persistent swelling, a feeling of heaviness, thickening of the skin, and difficulty fitting into shoes or clothing.

One of the most overlooked causes is chronic venous insufficiency, the underlying problem responsible for many varicose veins. Healthy leg veins contain one-way valves that help move blood back toward the heart. When those valves weaken, blood flows backward and pools in the legs, increasing pressure inside the veins. Over time, this extra pressure allows fluid to leak into the surrounding tissues, causing swelling—especially after standing or sitting for long periods.

If left untreated, chronic venous insufficiency can progress beyond swelling to skin discoloration, skin thickening, bleeding varicose veins, and even difficult-to-heal leg ulcers.

The good news is that once the underlying cause of leg swelling is identified, treatment can often improve both your symptoms and your long-term health. That is why a careful medical evaluation is so important. Rather than simply treating the swelling itself, we work to identify why it is happening so the appropriate treatment can begin.

Remember, leg swelling is your body's way of telling you that something isn't working quite right. Whether the cause is related to your heart, kidneys, liver, lymphatic system, or veins, don't ignore it. The sooner the cause is identified, the sooner you can begin the right treatment—and in some cases, early treatment can prevent serious complications.

RELIEVION®

Relief you can feel. Life you can enjoy.

VistaLife™

Vistalife's Relievion is formulated with carefully selected ingredients designed to help support the body's natural response to discomfort and promote overall wellness. Why These Ingredients Work Together

Relievion combines five scientifically researched ingredients that address pain and inflammation from multiple angles. Curcumin C3 Complex® and Bospure® help support a healthy inflammatory response. PSYLLIUM HUSK ORGANIC

NEW!

Psyllium husk traditionally provides an excellent source of dietary fiber, which is often lacking in the American diet. Psyllium husk is a bulk-forming fiber which helps to initiate the natural movement of the bowel and improve the overall health of the colon. Psyllium husk supplies gentle cleansing action to the body - unlike many laxative products, which can be irritating to the gut. Psyllium husk contains both soluble and insoluble fiber for a more complete fiber product. Our organic whole psyllium husk offers a natural, gentle source of fiber, which can help promote proper digestion, regularity and support healthy cholesterol levels in the body for individuals already within a normal range. A daily fiber intake of 25-30 grams per day is recommended for good health.Supports a low carbohydrate diet with added necessary fiber. Diets low in saturated fat and cholesterol that include 7 grams of soluble fiber per day from psyllium husk (or seed husks) may reduce the risk of heart disease. One serving of our organic whole psyllium husk provides 2.7 grams of this soluble fiber.

TAURINE

Taurine is an amino acid that supports nervous system health, cardiovascular function, hydration, and overall brain health. It also promotes nerve impulses, stabilizes cell membranes, and aids cellular function. Additionally, taurine is being studies for its role in exercise performance, as it is found in high concentrations in muscle tissue. Our vegan friendly formula offers a convenient option for those who may have lower taurine levels, such as vegans and older adults.

Treasured encouragement and teaching for

Christians in Restricted Countries

Kamran* was on a deep search for Truth. As he looked at the people around him—even those claiming religion—he saw arguments, hatred, and slander. None of them offered what he was looking for: a peaceful and loving relationship with God.

One day, during a lunch break on the farm where Kamran worked, he talked to a co-worker. The conversation turned to God. This young co-worker shared some information that was surprising to Kamran—he and his family were Christians. As they talked, Kamran shared about his struggle to read the only Bible he had. The Bible was in a language he could hardly understand, and he struggled to comprehend the little he was able to read.

A few days later, Kamran met this Christian man again. The man brought him several Christian magazines. Kamran recalled this pivotal moment: "He told me I could borrow them but should be careful not to let anyone damage them, as his family enjoyed reading them and wanted to have them back eventually."

"Those magazines fascinated me," Kamran shared. "I asked him if he could lend me more, and we began meeting more often. I visited his family, and his father gave me a copy of the New Testament in [a language I could read]. Then a few months later, his father gave me your contact information, saying that you could send me magazines."

Kamran knew the risk of receiving Christian literature. He started a post office box so his relatives and neighbors would not easily find out. He then began to regularly receive Christian family magazines. Sound teaching from conservative Anabaptist writers became a consistent source of Bible teaching.

Like Kamran, thousands and thousands of Christians in closed and restricted countries long for fellowship with other Christians, but have limited options. They long for encouragement and Bible-based teaching, but have almost no source.

CAM supporters' funds supply Christian family magazines, reminding these believers they are not forgotten. The material encourages them toward faithfulness to Christ as they face the challenges of living under oppressive regimes. The sound articles point them to a life of faithful obedience to the Word of God.

If you wish to help us supply these magazines to those who anxiously await their arrival, your support will be greatly appreciated!

Feeling incredible comes down to simple science.

Calm the nervous system. Sleep more soundly.

Frequently asked Question

What is the best way to wash my Napper?

Wash separately in cold water, using mild detergent. If in a washer, select a delicate or permanent press cycle. Avoid fabric softeners and bleach. If using a dryer, tumble dry on low heat. It may take several cycles.

Do not hang on a clothesline to dry, it is very heavy when wet, and prone to stretching. It works well to drape it over a Lifetime table in the sun, and should be dry in roughly the same time period as a comforter. However, for the easiest washing process, take it with you next time you go to the laundromat.

As two young lives unite,
Yet it's time to think about
The years that have gone by.
Thank you, parents, for all you've done,
You've been such a big part of our lives,
Spending time with us and loving us,
And teaching us of God and His Son.
Our memories are special gifts,
Their worth cannot be measured.
The loving home you made for us,
Our hearts will always treasure.

LIVESTOCK GIFTING **opportunity!**

"You're going to sell old Bessie?"

Marcus paused to listen to his wife as he pulled on his boots. He straightened and looked at her. "Yeah . . . that's what I was thinking. Now that we have the 3-year-old road-safe, I didn't think there's any reason to keep Bessie. Do you have another idea?"

His wife, folding laundry at the table, turned, an unfolded towel in her hand, her face thoughtful. "Well . . . I was just thinking this morning when I was having my devotions that . . ." She paused and looked uncertain.

He nodded.

"In my Bible reading recently, I noticed there are all these verses about helping the poor. There's one that says *He that hath pity upon the poor lendeth unto the LORD; and that which he hath given will he pay him again.* That one stuck with me and then there is one I read this morning that says *Blessed is he that considereth the poor: the LORD will deliver him in time of trouble.*

"That got me thinking, do we really regard the poor? It seems we just kind of go on with our own lives."

Her husband, standing by the door, nodded, biting his lip.

"But . . ." he said gently, "with raising all our children, we don't actually have much extra."

She nodded. "Right, I know. But we do have old Bessie. What if we could give her?"

"Who would want old Bessie? How would she help the poor?"

"I was just reading," she said, putting down the towel and stepping to the counter to flip through the previous day's mail. "I was just reading in this postcard how it's possible to donate livestock to charity through our local auction."

"Livestock?"

"Yeah, cows, calves, sheep, goats, even horses. And that made me think of old Bessie."

"Hmmm." He took the postcard and stood looking at it. "That *does* seem pretty simple. Looks like we just have to fill out a simple one page form and send it to CAM Foundation, then drop the livestock off at our local auction under their name. That seems easy enough."

"And," she said, "we can then direct that money to feed poor children or use it to put a Bible in someone's hand who is longing for a Bible."

"That is interesting," he said, nodding. "I'll call them today and get them to send me that form. There really isn't any reason to have Bessie eating our hay when there are children starving, is there?" He gave his wife a quick smile, and she nodded back, her eyes shining.

Please contact us or fill out this form for more information.

- ❑ Please send me free information about donor advised funds and livestock gifting
- ❑ I am interested in a FREE seminar in my community about wills, trusts, and gifting options.
- ❑ I have questions and would like a CAM Foundation staff member to contact me.

Stay Local and Yet Reach Far

Jesus said, "...you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth." (Acts 1:8)

1 IN 3 PEOPLE IN THE WORLD HAVE NOT HEARD OF JESUS

How is that possible? Well, you can start here and now! Most of us live and work near home and only get into surrounding areas where people can see our light.

But to the ends of the earth? Let Global Disciples do the work.

Global Disciples trains Christians in Africa and Asia who know the local language and culture to share the Good News of Jesus with the people there who never before heard the Gospel. Last year 76,239 people came to Christ and joined one of 4,246 new churches that started.

People come to Jesus only as the Holy Spirit leads. But for every $102 given, we see someone come to faith in Jesus and get involved in a church. Most who trust in Christ and are baptized were once unreached people. Every bit helps!

I am giving to help more people from 'the ends of the earth' come to faith in Jesus Christ!
