The ultimate, relaxed lakefront rental for the whole family!

located in the gorgeous Finger Lakes Region of New York

pickleball • permanent dock • game room • hot tub/swim spa • sauna • cold plunge • pool table • firepits • games

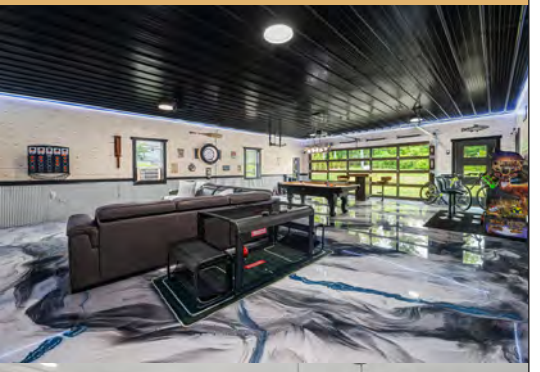

Island View Cottage is a lakefront vacation home on Lamoka Lake in the Finger Lakes Region of NY.

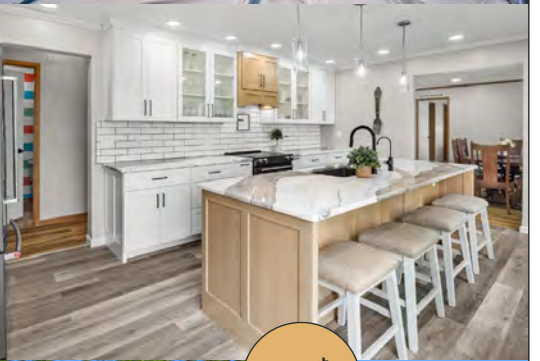

In the brand new kitchen, large windows and sliding glass doors open out toward the lake, with the expansive deck just beyond. Tucked behind the family room, the game room brings the fun indoors, with a pool table, dartboard and arcade games.

Down at the shoreline, you'll find a permanent dock, several kayaks, gravel beach, and a small sandy play area for the little ones. The island just offshore is a local favorite for swimming, and the lake itself is known for great fishing- with largemouth bass, pike and perch keeping anglers busy.

Gather around the gas firepit on the dock, or the wood-burning firepit along the shore, and let the conversation linger into the evening.

3 bedrooms • 2 bathrooms • 8 guests max • 3100 sq ft

Editor's Note:

School has officially started. Zach is now in the 6th grade. I can't believe what a nice young man he is turning out to be. Matthew started 2nd grade and he is all smiles and excitement. Evelyn starts kindergarten this year. She is so happy to be going to the big kids school. They got to ride a pony this morning as a welcome to school.

We are getting ready to finish the house remodel. Then on to moving back in the house. We have to be moved in before the end of the month. It is going to be a busy few weeks.

Bob is scheduled to have neck surgery in a few weeks as well. Hopefully this takes care of a lot of the pain he is having.

It is sad to see summer coming to an end, but fall is a great time. The cooler weather, apples, pumpkins and colorful leaves. One of my favorite times of year.

Enjoy the weather while it lasts,
Mary Brenner

Maximum Performance Horse Supplement

Pellets for Horses that are Picky Eaters or Have Ulcers. Also Great for Driving Horses & Stallions!

Here is a young colt with two hind Ankle OCD's and really wormy Date 6-9-20

Hay and grains have fewer minerals today. You really need to supplement for peak performance and breeding nutrition.

50 lb bag-granular, $150
lasts five horses—1 month!

50 lb bag-pellets, $135
lasts one horse—50 days!

Here is the colt 57 days later with NO OCD's in either hind leg and a beautiful shiny coat at 7-27-20

Mr Schwartz's mare was running off with his girls, biting them, he knew she had an ulcer, 15 days on the pellets, she is so calm, warms up nicely, goes longer, stronger and cools down faster. Wow, he was so excited, he wants to breed her, instead of giving her away.

Mr Miller says he had never had stronger colts, jump up right out of the bag, run around the stall and jump over the mare, before she got up. His best year breeding, mares strong after foaling, strong babies, plenty of milk. It was a dream foaling season. He will keep his mares on mp while in foal and after.

Mr Yoder had tried to breed his favorite mare for 12 years, after 30 days on MP she checked in foal. He is so excited.

Mr Yoder bought a mare they said was lame, could only be bred. He put her on mp and 15 days, she was bucking coming out of the barn. He hooked her to the cart and off she went straight down the road. He called and wanted to be a dealer. He said," Anyone with a driving horse needs MP. This is the greatest stuff for driving horses!"

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in our feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, cool down faster, and improve hoof quality.

1. **If you want to reduce ulcers.**
2. **If you want to increase stamina and reduce recovery time—may see a difference in 5 days!**
3. **If you want to increase oxygen for better stamina and improve oxygen to the cells for driving and work horses performance.**
4. **If you want to calm your mares down, reduce tying up, and anxiety.**
5. **If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.**

Learn How to Maximize Breeding!

1. **If you want to reduce OCDs, improve fertility.**
2. **If you want to have mares at peak condition ready to be checked in-foal, calm mares down as well.**
3. **If you want to improve development of your foals, strong when born, boost immune system, strong bones.**
4. **Vets explain OCDs are caused by mineral imbalance while mare is in foal.**
5. **First 11 months gestation—not enough calcium and minerals causes bone chips, OCD's.**
6. **Stallions have better sperm count, maintain muscle mass, and maintain hoof quality during breeding season and year round.**

~TESTIMONIAL~

"We are a family operation milking 65 hd of Holstein cows. After some discussion with the Nutra-Glo rep concerning the dairy product, it sounded worth a try. We started feeding it to both our cows and calves. The results on the calves were almost immediate, and the cows also showed improvements in the weeks that followed. As the months turned to years we continued to see more and more improvements, including better somatic cell count, butterfat numbers, and also a lot less vet bills. Nutra-Glo has been a part of our program for over 14 yrs now." *—MH, Walnut Lane Farm*

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

Matt Snader's Magazine, *Alaska Adventures and Beyond*

Matt Snader publishes a magazine every month called *Alaska Adventures and Beyond*. It is full of articles about hunting, fishing, and the Great Outdoors. This magazine is family friendly. No need to worry about having to edit the magazine before the children read it, and yet it is still interesting enough for them to fight over (or so we hear). Dad likes it too!

While Matt has articles in each magazine, there are other writers to round it out and provide a bit of balance. Tom the Alaskan Homesteader, Gene Halteman, Jonas Miller (Montana Haven), Best-selling Amazon author Bobby Eaton, and Josh Snader all have regularly occuring articles covering hunting in PA to fixing float planes in Papau New Guinea.

$40

Our first Yearbook is over 400 full color pages bound in hardcover. Many hours of reading!

Another Treasure Hunt!

Matt has hidden another treasure chest! This time it is not buried, but simply placed in the woods, less than 10 miles from readers! The magazine has clues to help you find it. The first person to find the chest, claims the prizes! More details in our magazine.

Treasured encouragement and teaching for Christians in Restricted Countries

Kamran* was on a deep search for Truth. As he looked at the people around him—even those claiming religion—he saw arguments, hatred, and slander. None of them offered what he was looking for: a peaceful and loving relationship with God.

One day, during a lunch break on the farm where Kamran worked, he talked to a co-worker. The conversation turned to God. This young co-worker shared some information that was surprising to Kamran—he and his family were Christians. As they talked, Kamran shared about his struggle to read the only Bible he had. The Bible was in a language he could hardly understand, and he struggled to comprehend the little he was able to read.

A few days later, Kamran met this Christian man again. The man brought him several Christian magazines. Kamran recalled this pivotal moment: "He told me I could borrow them but should be careful not to let anyone damage them, as his family enjoyed reading them and wanted to have them back eventually."

"Those magazines fascinated me," Kamran shared. "I asked him if he could lend me more, and we began meeting more often. I visited his family, and his father gave me a copy of the New Testament in [a language I could read]. Then a few months later, his father gave me your contact information, saying that you could send me magazines."

Kamran knew the risk of receiving Christian literature. He started a post office box so his relatives and neighbors would not easily find out. He then began to regularly receive Christian family magazines. Sound teaching from conservative Anabaptist writers became a consistent source of Bible teaching.

Like Kamran, thousands and thousands of Christians in closed and restricted countries long for fellowship with other Christians, but have limited options. They long for encouragement and Bible-based teaching, but have almost no source.

CAM supporters' funds supply Christian family magazines, reminding these believers they are not forgotten. The material encourages them toward faithfulness to Christ as they face the challenges of living under oppressive regimes. The sound articles point them to a life of faithful obedience to the Word of God.

If you wish to help us supply these magazines to those who anxiously await their arrival, your support will be greatly appreciated!

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

PSYLLIUM HUSK ORGANIC

NEW!

Psyllium husk traditionally provides an excellent source of dietary fiber, which is often lacking in the American diet. Psyllium husk is a bulk-forming fiber which helps to initiate the natural movement of the bowel and improve the overall health of the colon. Psyllium husk supplies gentle cleansing action to the body - unlike many laxative products, which can be irritating to the gut. Psyllium husk contains both soluble and insoluble fiber for a more complete fiber product. Our organic whole psyllium husk offers a natural, gentle source of fiber, which can help promote proper digestion, regularity and support healthy cholesterol levels in the body for individuals already within a normal range. A daily fiber intake of 25-30 grams per day is recommended for good health.Supports a low carbohydrate diet with added necessary fiber. Diets low in saturated fat and cholesterol that include 7 grams of soluble fiber per day from psyllium husk (or seed husks) may reduce the risk of heart disease. One serving of our organic whole psyllium husk provides 2.7 grams of this soluble fiber.

TAURINE

Taurine is an amino acid that supports nervous system health, cardiovascular function, hydration, and overall brain health. It also promotes nerve impulses, stabilizes cell membranes, and aids cellular function. Additionally, taurine is being studies for its role in exercise performance, as it is found in high concentrations in muscle tissue. Our vegan friendly formula offers a convenient option for those who may have lower taurine levels, such as vegans and older adults.

Bearaby

★★★★★

Bearaby weighted blankets are rated at
4.8 out of 5 Stars
from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby Weighted Blanket gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

BREAKING NEWS: Reports are in that people who have already been sleeping better with a Cotton Napper, are taking it up a notch more with the revolutionary Tencel Cooling Tree Napper. The eucalyptus fibers contained in this fiber blend have moisture wicking properties giving you the effect of the cool side of your pillow... all night long. Yes, even on these hot summer nights. We will keep you updated as this story develops.

In other news, the Cotton Nappers are available in 3 new colors, as reported below.

Natural deep sleep
Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind
The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Feeling incredible comes down to simple science.

Calm the nervous system. Sleep more soundly.

81% sleep through the night when using a weighted blanket

Try the **Tencel Cooling Tree Napper** for the effect of the cool side of your pillow the whole night.
NEW COLOR: Lemon Icing

Frequently asked Question

What is the best way to wash my Napper?

Wash separately in cold water, using mild detergent. If in a washer, select a delicate or permanent press cycle. Avoid fabric softeners and bleach. If using a dryer, tumble dry on low heat. It may take several cycles.

Do not hang on a clothesline to dry, it is very heavy when wet, and prone to stretching. It works well to drape it over a Lifetime table in the sun, and should be dry in roughly the same time period as a comforter. However, for the easiest washing process, take it with you next time you go to the laundromat.

LIVESTOCK GIFTING **opportunity!**

"You're going to sell old Bessie?"

Marcus paused to listen to his wife as he pulled on his boots. He straightened and looked at her. "Yeah . . . that's what I was thinking. Now that we have the 3-year-old road-safe, I didn't think there's any reason to keep Bessie. Do you have another idea?"

His wife, folding laundry at the table, turned, an unfolded towel in her hand, her face thoughtful. "Well . . . I was just thinking this morning when I was having my devotions that . . ." She paused and looked uncertain.

He nodded.

"In my Bible reading recently, I noticed there are all these verses about helping the poor. There's one that says *He that hath pity upon the poor lendeth unto the LORD; and that which he hath given will he pay him again.* That one stuck with me and then there is one I read this morning that says *Blessed is he that considereth the poor: the LORD will deliver him in time of trouble.*

"That got me thinking, do we really regard the poor? It seems we just kind of go on with our own lives."

Her husband, standing by the door, nodded, biting his lip.

"But . . ." he said gently, "with raising all our children, we don't actually have much extra."

She nodded. "Right, I know. But we do have old Bessie. What if we could give her?"

"Who would want old Bessie? How would she help the poor?"

"I was just reading," she said, putting down the towel and stepping to the counter to flip through the previous day's mail. "I was just reading in this postcard how it's possible to donate livestock to charity through our local auction."

"Livestock?"

"Yeah, cows, calves, sheep, goats, even horses. And that made me think of old Bessie."

"Hmmm." He took the postcard and stood looking at it. "That *does* seem pretty simple. Looks like we just have to fill out a simple one page form and send it to CAM Foundation, then drop the livestock off at our local auction under their name. That seems easy enough."

"And," she said, "we can then direct that money to feed poor children or use it to put a Bible in someone's hand who is longing for a Bible."

"That is interesting," he said, nodding. "I'll call them today and get them to send me that form. There really isn't any reason to have Bessie eating our hay when there are children starving, is there?" He gave his wife a quick smile, and she nodded back, her eyes shining.

Please contact us or fill out this form for more information.

- ❑ Please send me free information about donor advised funds and livestock gifting
- ❑ I am interested in a FREE seminar in my community about wills, trusts, and gifting options.
- ❑ I have questions and would like a CAM Foundation staff member to contact me.
