Editor's Note

Greetings! NUMBER 54 • MARCH 20, 2026

Did you know that ostriches are birds that cannot fly? Full grown ostriches are over 8 feet tall. Their eyes are about 2 inches wide and are bigger than their brains. An ostrich hen lays her eggs in a community nest. Each egg weighs around 3 pounds, which is almost as much as 3 dozen large chicken eggs. Adult ostriches can run 35 miles an hour continuously, and over 40 miles per hour for short sprints.

It's time to submit your ads for the April 17, 2026, issue; the deadline for that issue is March 31. See page 6 of this issue for information about placing a **CLASSIFIED AD** in Busy Beaver Extreme. Be sure to send your payment along with your ad information. Page 7 has the form and information to place a **DISPLAY AD**. A **DISPLAY AD** will give you a complimentary listing in our **BUSINESS DIRECTORY**. Busy Beaver Extreme goes to more than 85,000 homes. That's a lot of people that can see what you have to offer! Don't miss the opportunity. Thanks for sending your ads on time.

Please allow plenty of time for ads sent in the mail. Sometimes the mail does not move as fast as we wish it would.

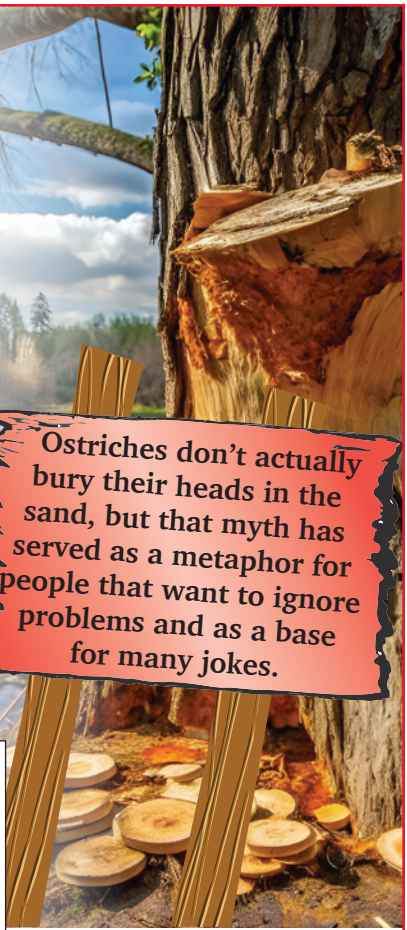

Are you reading your friend's Busy Beaver Extreme? Are you moving soon? Use the form on this page and mail it to the address below. If you get more than one copy of this magazine, please let us know. It is helpful to include the mailing label if you want a name removed or have an address change.

Make it a good day!

Ostriches don't actually bury their heads in the sand, but that myth has served as a metaphor for people that want to ignore problems and as a base for many jokes.

PREVENTING AND TREATING SCOURS NATURALLY

with REDMOND

Scours can be a deadly disease in newborn ruminants, so stocking up on prevention and treatments before birthing season is the best way to make sure you can act quickly. Farms across the country have found Redmond First Month to be a powerful and cost effective supplement to naturally prevent and treat scours.

WHAT IS FIRST MONTH™?

Redmond First Month is a highly effective, immune stimulator for newborn ruminants. Our unique and natural formula effectively treats and prevents each aspect of scours/dehydration:

- Alkalinity to buffer rumen acidosis and balance pH
- Replenishes lost electrolytes/salts
- Slows the rate that fluids and nutrients pass through the calf's body, helping proper absorption
- Replaces microbe strains needed for proper digestion
- Protects digestive lining
- Binds to harmful toxins to prevent absorption in the gut

INGREDIENTS

Redmond Volcanic Conditioner:

smectite clay with electrolytes and 60+ trace minerals naturally found at the Redmond mineral deposit in Utah.

Probiotics:

Carefully selected bacillus subtilis strains for balanced gut microbiota.

Prebiotics:

Yeast cell wall components (*Mannan-oligosaccharides, MOS*) to prevent pathogen colonization and feed probiotic colonies.

AVAILABLE IN:

Scours Treatment

- Pre-hydrated Syringe
- 30 cc- newborn calves
- 7 cc- newborn lambs + kids

Scours Prevention

- 2 lb Pouch (120 calf doses)

Give Redmond a call today to see how we can help your farm thrive and get you back to what you love about raising animals!

What Customers Are Saying

"I expected the down calf to be dead in the morning. I gave this bull calf one dose with Redmond First Month in the milk bottle. The next morning it was standing and hungry and ready for its milk."
-Donald R. Athens, WI

"I had been losing almost every calf within 3 days of life. My Redmond rep got me a small pouch of Redmond First Month. I started feeding it in the colostrum. My next 2 heifer calves are doing great. I will not raise calves without this product."
-Leader Win Farm, Lancaster, PA

Now is the time to apply Ohio Valley BioChar to your gardens and fields!

OHIO VALLEY BIOCHAR

There is a Better Way

If you want better nutrition....

You need to start with better soil.

Actual results after 2 applications of BioChar.

What is biochar?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and waterways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

2 YARD TOTE

Also available in 1.2 cubic foot bag

What is the benefit to you?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Various Biochar blends available:

"I Will NEVER Have My Other Knee Replaced!"

"It Was Such A Bad Experience... I Regret Doing The First One."

I believe it when someone tells me this.

Not everyone says this because if they were happy with the first one, they wouldn't typically be in my office.

But a *lot* of people still say this to me.

And studies show that only about *half* of people are truly happy with their knee replacements.

And we see this consistently.

My neighbor, for instance, had both knees replaced in back-to-back years.

The first one was great. That's why she decided to get the second one done. The second was...well...it's been a year and she *still* isn't seeing improvement. It was a failure.

Oh, sure, her leg didn't get infected or fall off.

She *didn't* die from the surgery...so the surgeons still consider it a "success."

But what a waste!

Imagine spending tens of thousands of dollars and undergoing the risk (a 1% risk of *death* even!) just to find out months later that it was a waste of time and money!

(Ok, in *her* case, the government insurance Medicare paid the \$80,000 bill... but still ...she wasted a couple months of her life just healing up from the surgical procedure itself.)

We are *not against* knee surgeries. We even encourage talking to surgeons when the thigh bone has worn through not just *some* cartilage cushioning, but *ALL* of the cartilage... and is even grinding into the bone below!

Some cases come to us and just need TLC from a chiropractor who works on knees or maybe some exercise or stretches from physical therapy.

We see the types of cases that have thinning cushions. We see knee arthritis cases. We see knees that have spent at least a few years wearing out, getting thinner and thinner in the cartilage spaces.

It's a big reason why we expanded our wellness offices to 3 states.

Cases like this:

"I have been struggling with my knees for a couple years. So I went to a specialist and they did an X-ray and showed that I had almost bone-on-bone in my left knee. He gave me a cortisone shot and told

me I will probably end up having knee surgery. Well, this shot lasted about 8 months and then the pain came back to where I couldn't do steps or even ride bike anymore... Well, I saw an ad from Dr. Russ. Now I'm through 2 months and lost 30 pounds, can run down steps and can bike again! But most of all, I can go to work without pain and after my shift still feel great. I feel like I have got my life back and 10 years younger, bursting with energy. This program has truly changed my life. - M. Coblentz, Ohio

Now, not everyone needs to burst with energy, but we've had people chomping down 10-20 pain pills *per day* that we've helped with their knees.

A two-year survey found that ninety-eight percent would *recommend* us to their family and friends.

So call this month to receive our SPRING Special, where we will do all the consultations, evaluations, and even trial CTX Method therapies that we have used for over a decade to help knee pain sufferers like YOU to avoid the risks of pain medications and unnecessary surgeries. This will save you hundreds of dollars alone!

OR to receive our AVOID Knee Surgery Report for FREE (a \$29 value) call us today. Supplies are limited.

Sincerely,

Dr. Russ Schroder, DC, DACNB, FACFN
Board Certified Chiropractic Neurologist
Fellow, American College of Functional Neurology

Testimonies

Beth's Testimony

"For years, Lyme disease left me bedridden and unable to truly live. I felt trapped in my own body, unable to walk, engage with life, or connect with those I loved. In desperation, I scheduled an appointment for the BioVibe Miracle Detox Bath. During the session, I could feel my body releasing toxins that had been holding me captive. What happened next was nothing short of a miracle. After the bath, I was able to get up, walk again, and reengage with life and the people around me. The BioVibe Bath gave me back my health, my freedom, and my hope. I am forever grateful for the healing I experienced."

Wayne's Testimony

"For 15 years, I was trapped in the grip of hard drug addiction. No matter how hard I tried, I couldn't break free. Then I scheduled a series of four BioVibe Miracle Detox Baths, one each day. To my amazement, the baths completely flushed the drugs and toxins out of my system. I experienced no withdrawal symptoms, no cravings, and no desire to go back. Today, I've been clean for almost a year, and I have absolutely no taste for drugs. I'm living a quality lifestyle again, free and restored. It truly changed my life."

Lillie's Testimony

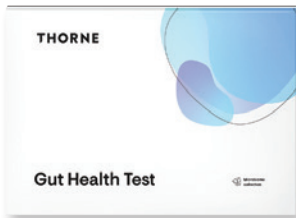

"My life growing up was very hard, and eventually I ended up being trafficked. The trauma left deep wounds on my body and in my emotion. I struggled daily with brain fog and irritable bowel syndrome, carrying pain and heaviness for years. When I scheduled my first two BioVibe Miracle Detox Baths, something changed. After the second bath, my mind became clear, the pain in my stomach lifted, and for the first time in years I felt real relief. I'm still on my healing journey, but the baths have given me hope for a future I never thought I could have."

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion’s Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

 Our recent collaboration with Beltone Audiology allows us to offer **Comprehensive Hearing Care**—including free hearing screenings, personalized fittings, and hearing aid servicing—all right here in our clinic. This partnership has already made a meaningful difference for many in our community.

 We're thrilled to announce our new **Home Care Visits** program, added to EWSC in Nov. If traveling to a medical facility is difficult for you or someone you love, we're here to help. At EWSC, we believe everyone deserves quality health care that's both accessible and affordable.

 We've also expanded our wellness offerings in the IV therapy room. A curtain has been added for your privacy while using the Pulse (PEMF) Bed. We offer a wide variety of IV therapies including immune support (cold and flu season is here!), sinus support, replenish and recovery, among others. We will meet with you and discuss which IV is best for your individual needs. In addition, we now offer **Red Light Therapy** and **ION Foot Detox Treatments**. These gentle, restorative therapies are designed to support circulation, reduce inflammation, and promote overall well-being.

 **Regenerative Joint Therapy**, added to EWSC in August, targets painful joints by using stem-cell transplantation and/or protein rich plasma (PRP). These procedures are completed here in the clinic with minimal recovery time.

 Every gift—large or small—moves us closer to our goal. Your generosity has already changed lives, and together, we can keep making a difference. Thank you for your continued support!

This family has had a lot of challenges to work through with health issues, a very limited income, and other complications. Due to former cancer treatment her lungs are filling up with scar tissue, she is on oxygen at all times with only 25% lung capacity left. Due to a moldy environment in the house, a small property has been purchased, and a new house is being built as well as striving to set up a more sustainable livelihood. With building costs, tests, and ongoing lung treatments the financial needs are substantial. Since this condition cannot be helped with modern medicine the belief is **“it’s all in the head”** has been very strong. **The pain of rejection and aloneness is real.** May we pray for this family and show them that Jesus is real, and He is our Savior and let us not be fettered by the judgments of man.

The compassionate help of the care givers that have stepped forward is very appreciated. If you feel led to share encouragement or experiences or to make a donation, Please make check payable to Radiant Meadows.

This memory game can be played with or without teams. When playing with teams, always sit beside an opposing teammate; teammates never sit beside each other. Teammates can all help each other when picking up cards. Each player picks up two cards when his turn comes around, *unless* the player is picking up sets. When picking up sets, player can go on until he has the whole set, or *until* he picks a card that is not in that set. The team or player that has the most points when the cards have all been picked has won the game.

ECO-FRIENDLY GREEN CLEANING PRODUCTS

Pro-Green Cleaner is a biodegradable, EPA & FDA registered solution for cleaning, restoring, and preventing mold on softwood, hardwood, plastic, and composites. It safely removes mold, mildew stains, grime, and weathered graying, keeping surfaces protected for months—even in harsh conditions. Unlike bleach-based cleaners, it won't harm wood fibers, pets, grass, or most plants. Pro-Green Cleaner can be sprayed, brushed, or dipped, and is ideal for surface preparation before applying finishes or stains. Before-and-after results show its effectiveness.

CLOTHING BUNDLE PROJECT

Relief after years of difficulty

Adnan* and his family live in a one-room space in a shop in Yemen. Adnan hopes that one day he will be able to afford a home of his own, but his work as a day laborer does not provide a steady income. He said, "Some days there is work, and some days there is none. But my family still needs food, clothes, medicine, and other necessities."

At a recent distribution by CAM contacts, Adnan's family received clothing, shoes, and school supplies. These gifts brought relief after years of hardship. With gratitude Adnan's wife shared, "I pray that God protects and rewards everyone who showed kindness to our family."

**Name changed to protect identity.*

This young boy in Yemen is now the owner of a nice blue shirt given by a generous supporter.

Froman Hill

BOYS RANCH

Restoring Hope through Discipleship

Froman Hill Boys Ranch is a residence for minor boys from the horse and buggy churches. To act as a refuge while dealing with emotional, moral and spiritual needs.

LOOKING TO SERVE?

We are in need of Big Brothers and Houseparents!
If interested call 330-343-8055.

We enjoy being house parents at Froman Hill Boys Ranch. It is very rewarding to see the young resident boys improving as they do their term here. Also, a blessing to see how the big brothers put in time and effort to help the young boys progress. We receive so much more here than what we give. God's Blessings!

-Eli & Mary

Serving as big brother gave me lots of interesting opportunities and challenges, and trying to be a good example as Jesus left behind. It was very fulfilling and rewarding to follow rules and keep up with schedules when working with these struggling, talented young boys. To me it was a blessing, thanks to God.

-Former Big Brother, Jake

We are in need of work. Looking for simple manual piece work. If you feel led to share, call 330-343-8055 and ask for James.

My time as a Big Brother at Froman Hill Boys Ranch was worthwhile, meaningful, and inspiring. I'm glad I stepped out of my comfort zone to be a part of something special. The friendships and memories made were worth the time invested. I can honestly say I feel I received more than I gave. To God be the glory and honor!

-Big Brother, Michael

I would like to thank God for the opportunity to serve at Froman Hill Boys Ranch. If you have a desire to do something like this, do it! It truly is an enjoyable and fulfilling experience.

-Former Big Brother, Jared Hershberger

About our weeks we have spent with the Froman Hill Boys as houseparents and cooking for them- we have found it very rewarding and interesting. Would encourage anyone to give it a try. You will be richly blessed!

-The Troyers

Froman Hill Boys Ranch operates as Integrated Auxiliary of the Ohio Amish Church.
