Editor's Note:

Since the kids were out of school and it was a holiday weekend, we decided to go on a mini trip. We went to Chattanooga. Its about 3 hours from the house.

The kids got in a couple of days of swimming. We also went on the Ruby Falls tour. It is the tallest underground waterfall open to the public. It was truly spectacular and well worth the hike. We were almost 1200 feet below ground.

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

INTERNATIONAL CRISIS

“Now I have nothing”

As relentless rains pelted Afghanistan through March and April, desperation mounted. Water rose fast, washing away everything in its path. Realizing the danger, Khan* gathered his family and fled to higher ground to escape the rising flood waters.

Khan was shocked when he returned and found his house and village washed away. “Now I have nothing, and we have taken temporary shelter at my friend’s house,” Khan told our contact.

We are working with contacts to provide food, blankets, and other aid to flood victims in Afghanistan. Thank you, supporters, for caring!

If you wish to help people suffering from crises like flooding, wars, famines, and earthquakes in various countries, see **International Crisis** on the enclosed response coupon or sponsorship sheet.

"Jonathan, my husband — we've been married for 28 years — is 50 years old. He has always had irregular breathing. He used to talk during the night, wake up several times, and snore. He never seemed to reach deep sleep. He didn't want to use a CPAP machine, so I saw this article in a farming magazine.

He had a cold the first night he took the pills, and not only did the cold go away that same night, but by the second night he wasn't snoring anymore. He was sleeping so deeply that I had to check if he was okay — it was the first time he had ever slept that deeply.

He's no longer falling asleep in a chair during the day. He feels better and is working better. I'm really surprised at how quickly these pills worked on his sleep problems — starting from the very first night. By the second night, he wasn't even snoring anymore."

HEALTH/HOME/CLOTHING

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs tonight.

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long. This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well for her—and I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up." Elva Chupp

30 Capsules ~~\$45.99~~ **\$36.79**

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask.

Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, **restless legs**, and nighttime **leg cramps** with Leg Relaxer™.

No mess. No menthol scent. No harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion’s Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

HEALTH/HOME/CLOTHING

Sleep better. Every season of the year.

Bearaby

Bearaby weighted blankets are rated at **4.8 out of 5 Stars** from dozens of verified "Busy Beaver" Bearaby users.

Natural deep sleep

Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind

The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling

Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Did you know, a Bearaby gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

Our handmade **Cotton Napper** is a breathable, knitted weighted blanket to help you fall asleep faster and feel calmer, naturally. Designed for individual use, your Napper should be about 10% of your body weight. Not designed to add warmth. **Made of 100% organic cotton.**

ROUNDHOUSE

Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low F, G, A, Bb, C, D, and E

\$32.99

KNITTLINGER

Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger - it goes as fast as any player can play it!

Keys: Low A, Low Bb, Low C, and Low D

\$99.95

BLUES SHIFTER

This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb, C, and D

\$89.99

THE DELTA FROST COLLECTION

The workhorses of the Bushman brand. The Delta Frost comes in 3 different comb choices - Original (plastic), Steealie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

ORIGINAL

Keys: Low D, Low E, Low F, G, A, Bb, C, D, and E

\$29.99

STEEALIE or WOODY

Keys: Low F, G, A, Bb, C, D, and E

\$49.99

HARMONICA INSTRUCTION KIT

Learn to play popular songs in minutes even if you don't know how to read music! 34 page book comes with our best-selling Roundhouse harmonica.

Choose the Key of Bb or C
\$39.99

DINKY

Our all new Bushman Dinky has a greater note range and ability to play more songs than any true, 1-1/2" mini harmonica ever made!!! The Dinky plays much better than the typical mini, and it's more comfortable.

Keys: G (Yellow), A (Navy), and C (Black)

After decades of serving the local and regional wood products market, Heritage Oak LLC has made the difficult decision to liquidate its business due to changing market conditions. The Shepherd family has been in the industry since 1948, and Heritage Oak has a long operating history in Sarcoxie, MO. This absolute auction represents the complete dispersal of machinery, support equipment, and assets that have been part of the company's operation, including a late-model finger jointer, moulders, sanders, planers, a rip system, Taylor forklifts, Hyster forklifts, a Bobcat skid steer, and more. This is an excellent opportunity to purchase quality woodworking, millwork, and material-handling equipment from a long-standing wood products business.
