Editor's Corner

Hello,

We sure got blessed with a lot of rain the last few weeks. Lawns are green and growing so the lawn mower will be humming again. School bells are ringing which means vacation is over and school is here! " The harder you work for something, the greater you'll feel when you achieve it." Wishing everyone a successful term. This weekend I'll be camping with my friends at Tappen Lake. Hoping for nice weather to do some boating and swimming. You all have a great weekend!

The deadline for display and classified ads are Fridays at noon. Thank You for advertising in the Busy Beaver. We appreciate your business!

God Bless,
Ruby Yoder

FROM PAIN TO PURPOSE

living as an overcomer

From The Book

Grant Bontrager will be sharing his life story.

FAITH CHILD

Grant Bontrager was born as the result of a sexual assault. Although he was raised in a loving, Christian Home, he still struggled with identity, questions about his past, and the belief that God had a plan for his strange confusing life. It wasn't until he went to a counselor, took a deep look at his heart, identified the pain caused by these questions, and brought that pain to Jesus, The True Healer, that he was able to find his identity, and the answers to the many ***"why"*** questions.

WE SHIP!

The ultimate, relaxed lakefront rental for the whole family!

located in the gorgeous Finger Lakes Region of New York

pickleball • permanent dock • game room • hot tub/swim spa • sauna • cold plunge • pool table • firepits • games

Island View Cottage is a lakefront vacation home on Lamoka Lake in the Finger Lakes Region of NY.

In the brand new kitchen, large windows and sliding glass doors open out toward the lake, with the expansive deck just beyond. Tucked behind the family room, the game room brings the fun indoors, with a pool table, dartboard and arcade games.

Down at the shoreline, you'll find a permanent dock, several kayaks, gravel beach, and a small sandy play area for the little ones. The island just offshore is a local favorite for swimming, and the lake itself is known for great fishing- with largemouth bass, pike and perch keeping anglers busy.

Gather around the gas firepit on the dock, or the wood-burning firepit along the shore, and let the conversation linger into the evening.

3 bedrooms • 2 bathrooms • 8 guests max • 3100 sq ft

YESHUA IS THE WAY

Yeshua is the Way is a 501c3 non-profit organization based in Central Pennsylvania.

Our mission is to support persecuted Christians throughout the nations as a partner with local believers, and to share the Gospel with people worldwide.

At **Yeshua Is The Way** Ministries, we have partnered with local Christians in Pakistan - where there is a great need for spiritual and financial support from the global church body. In a country where Christians face discrimination, poverty and persecution, there is still a hunger for God. Men, women and children are responding to the Gospel! People are being healed from pain and disease! Families are being freed from bonded debt that traps generations in manual labor.

We welcome your financial support for our current and upcoming projects. Our heart is to continue blessing and ministering to these believers and their neighbors by hosting Prayer Festivals, providing Food Kits, financing medical care, and more!

Current Fundraising Needs Include:

- Food Kits and Medical Care Support
- Capital Campaign to purchase a Church Building
- Salary for Pastoral Staff in Pakistan
- General Ministry Expenses *(travel, administration, maintain website)*

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

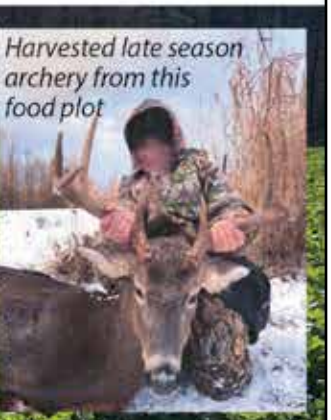

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.
– Dan Stoltzfus, Pennsylvania

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.
– Leah Miller, Ohio

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!
– Kathyrn Yoder, Missouri

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.
– Sue Albrecht, Michigan

I've been dealing with Hashimoto's for years, I've been on strict diets, changed my medications many times, tried every supplement I was told to take, never felt completely well. Your products and approach has helped me the most. This is the best I've felt for years. Amazing, I've already told many people to call you.

"Lions Mane Talk"

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

ASK DR. NELSON: "HOW LONG IS RECOVERY TIME?"

The good news is that modern varicose vein treatments are very different from the vein surgery many people remember from years ago. Most procedures are minimally invasive, performed right here in the office, and require little to no downtime.

Will I Have to Take Time Off Work?
For most patients, the answer is no—or very little. After treatment, we actually instruct patients to walk. Walking helps keep the blood moving through the legs and is an important part of recovery. Most patients are able to drive themselves home or have someone drive them, depending on the procedure and medications used, and return to their normal daily activities very quickly. Of course, every patient and every procedure is different, so Dr. Nelson will give you specific instructions based on your specific needs.

What Is Recovery Like for Different Procedures?

Ablation (Procedure length = 1 ½ hours):
During an ablation, a small catheter is used to close the unhealthy vein from the inside. The procedure is performed through a tiny opening in the skin. Most patients experience some soreness, tightness, or tenderness along the treated vein for several days. Walking afterwards is mandatory, and most patients can return to their usual activities quickly.

Microphlebectomy (Procedure length = 1 - 3 hours):
For larger bulging varicose veins, tiny punctures can be used to remove the unhealthy veins. There are usually no stitches. You may have some bruising or tenderness afterward, but this generally improves over the following days to weeks. Patient can continue normal activities, as tolerated.

Foam Injection (Procedure length = 30 minutes):
Foam injections are a minimally invasive treatment that uses a prescription microfoam to close unhealthy varicose veins. The treatment usually requires only one or two needle sticks, with no incisions or stitches. Walking afterwards is mandatory, and most patients can return to their usual activities quickly.

Sclerotherapy (Procedure length = 30 minutes):
Sclerotherapy uses a medication injected into the vein to close it. It is commonly used for smaller varicose veins, spider veins, or certain veins that are not suitable for other treatments. Recovery is generally very easy, and patients can typically return to their normal activities right away.

What Should I Expect After Treatment?
- It is normal to have some temporary bruising, tenderness, tightness, or mild swelling after a vein procedure. These symptoms generally improve as the leg heals.
- Compression stockings are necessary after all procedures. They can help with swelling and discomfort while your body adjusts to the changes in blood flow.
- One of the most important things I tell my patients is do not stay in bed! Walking is mandatory after most vein procedures. You do not need to spend days recovering at home.

Can I Go Back to Work?
For most patients, yes. Many people are surprised to learn that they can return to work and their normal routine very quickly after treatment. If your job requires heavy lifting, or strenuous physical activity, we may recommend some temporary modifications depending on the procedure you have had. Our goal is not to keep you off your feet. Our goal is to help you get back on your feet—comfortably and safely.

What About Follow-Up Visits?
Follow-up is an important part of vein treatment. After an ablation, an ultrasound is performed to make sure the treated vein has closed properly and that the deep veins are healthy. Additional follow-up visits allow us to monitor your progress and determine whether any additional treatment is needed.

The Bottom Line
If you have been putting off treatment because you cannot afford to spend weeks recovering, you may be pleasantly surprised by how quickly most patients get back to their normal routine. Affordable vein care is now available close to home, with all procedures performed right in our office with little to no downtime. Our goal is to treat the underlying vein problem while allowing you to return to work, care for your family, and continue doing the things that matter most.

If you have varicose veins, leg swelling, aching, heaviness, or changes in the skin around your ankles, don't settle for this and live with it. Schedule an evaluation with Dr. Nelson to find out what is causing your symptoms and whether treatment could help you have healthier, more comfortable legs.

try the FEEL GREAT SYSTEM

Simple. Natural. Guaranteed.

Working with the body God designed – naturally.

The choice is clear. Discover a simple, natural path to better health.

What is it?

Studies show as many as 9 in 10 American adults are metabolically unhealthy — and insulin resistance is the hidden root behind much of today's diabetes, weight gain, and constant fatigue. Medications trim the branches. This addresses the root.

The Feel Great System is simple: two natural drink mixes and time-based eating that work with the meals you already cook — no counting calories, no special foods, no guesswork. Backed by over 20 clinical studies, listed in the PDR — the reference guide physicians have trusted for decades — and a 100% money-back guarantee.

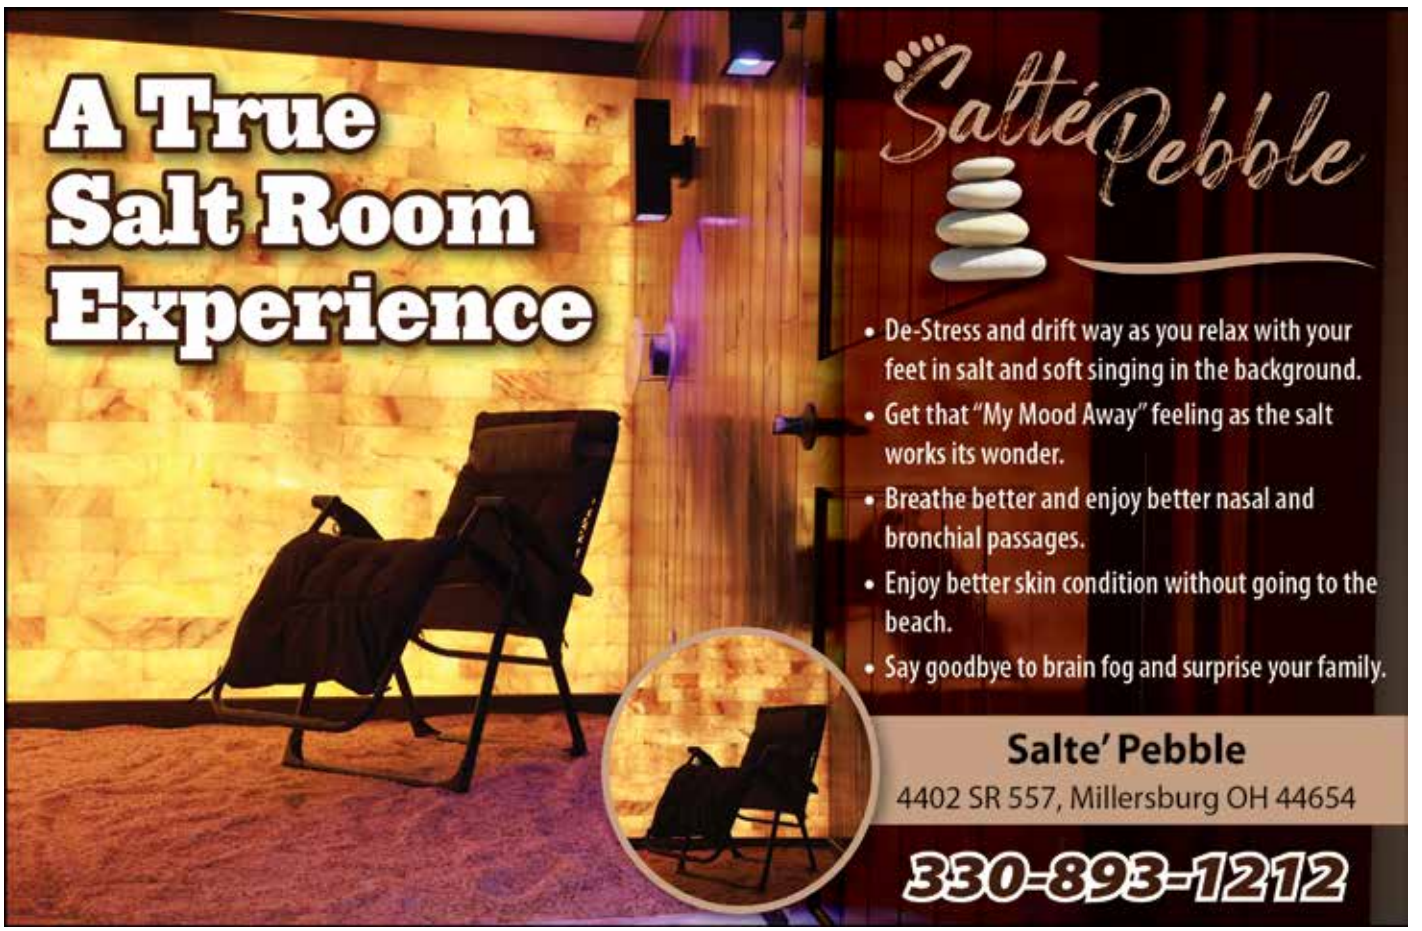

We're Jim & Diane Stelter

from Hudsonville, Michigan. A few years ago we were low on energy, gaining weight, and adding medications every year. We found a simple daily system and use it every day. Jim, 75, has lost 50 pounds and is off blood pressure medicine; Diane, 68, has lost 30 pounds, lowered her cholesterol, and her joint pain is gone. Ask questions and decide for yourself – we answer every letter and call personally.

Treasured encouragement and teaching for

Christians in Restricted Countries

Kamran* was on a deep search for Truth. As he looked at the people around him—even those claiming religion—he saw arguments, hatred, and slander. None of them offered what he was looking for: a peaceful and loving relationship with God.

One day, during a lunch break on the farm where Kamran worked, he talked to a co-worker. The conversation turned to God. This young co-worker shared some information that was surprising to Kamran—he and his family were Christians. As they talked, Kamran shared about his struggle to read the only Bible he had. The Bible was in a language he could hardly understand, and he struggled to comprehend the little he was able to read.

A few days later, Kamran met this Christian man again. The man brought him several Christian magazines. Kamran recalled this pivotal moment: "He told me I could borrow them but should be careful not to let anyone damage them, as his family enjoyed reading them and wanted to have them back eventually."

"Those magazines fascinated me," Kamran shared. "I asked him if he could lend me more, and we began meeting more often. I visited his family, and his father gave me a copy of the New Testament in [a language I could read]. Then a few months later, his father gave me your contact information, saying that you could send me magazines."

Kamran knew the risk of receiving Christian literature. He started a post office box so his relatives and neighbors would not easily find out. He then began to regularly receive Christian family magazines. Sound teaching from conservative Anabaptist writers became a consistent source of Bible teaching.

Like Kamran, thousands and thousands of Christians in closed and restricted countries long for fellowship with other Christians, but have limited options. They long for encouragement and Bible-based teaching, but have almost no source.

CAM supporters' funds supply Christian family magazines, reminding these believers they are not forgotten. The material encourages them toward faithfulness to Christ as they face the challenges of living under oppressive regimes. The sound articles point them to a life of faithful obedience to the Word of God.

If you wish to help us supply these magazines to those who anxiously await their arrival, your support will be greatly appreciated!

SUNFLOWER LECITHIN

NEW!

Lecithin provides nutrients such as phosphatidylcholine, which supports liver health and neurologic transmission in the brain - a key factor in brain health. The phospholipids in lecithin can be incorporated into cell membranes, helping cells to communicate and respond to messages from the environment. Although lecithin is a lipid, it is partially water soluble and can help disperse fats due to its role as an emulsifying compound. This role is critical in the body where fat components and water components must continuously interact.

PEPPERMINT ENZYMES

Digestive enzymes support the body's ability to receive nutrients from food by assisting in the breakdown of carbohydrates and protein obtained from the diet. Certain fruits grown in various parts of the world are known to be naturally high in enzymes. Our chewable Peppermint Enzyme contains natural plant-based enzymes, including those from papaya and pineapple (bromelain), making it ideal for both vegans and non-vegans alike. In addition, peppermint has been used for centuries as a natural digestive aid, while also lending a refreshing flavor.

Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

TEACHERS' Workshop

To Inspire & Connect

Invest in Teachers. Impact Generations.

For the past seven years, The Teachers' Workshop has equipped and encouraged teachers through an annual two-day event featuring practical classroom training, educational resources, and the connection of new and experienced teachers. Thousands of students benefit each year as teachers return to their classrooms better prepared to inspire learning.

Our mission to equip teachers goes beyond the annual event. We're also funding the revision of the *Helping with English* curriculum–an eight-book series used in many local schools. This major update will provide a more accurate and engaging curriculum for both teachers and students.

As a volunteer-run, donation-supported 501(c)(3) organization, we rely on the generosity of our community to continue this work.

Your tax-deductible gift helps strengthen teachers today and students tomorrow!

EVENTS/MISC

Stay Local and Yet Reach Far

Jesus said, "...you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth." (Acts 1:8)

1 IN 3 PEOPLE IN THE WORLD HAVE NOT HEARD OF JESUS

How is that possible? Well, you can start here and now! Most of us live and work near home and only get into surrounding areas where people can see our light.

But to the ends of the earth? Let Global Disciples do the work.

Global Disciples trains Christians in Africa and Asia who know the local language and culture to share the Good News of Jesus with the people there who never before heard the Gospel. Last year 76,239 people came to Christ and joined one of 4,246 new churches that started.

People come to Jesus only as the Holy Spirit leads. But for every $102 given, we see someone come to faith in Jesus and get involved in a church. Most who trust in Christ and are baptized were once unreached people. Every bit helps!

I am giving to help more people from 'the ends of the earth' come to faith in Jesus Christ!
