Editor's Note

Greetings to all!

Penryn Mud Sale is over and behind us. We had another good turnout this year. The sale was almost over when my son eagerly came to me. He told me there was a crossbow being sold shortly and that I needed to come and buy it. Since I'm not a hunter myself, I would rather invest in other things, but I still ended up following him. I tried to keep up with his bouncing steps. Long story short - the bow came along home and the boys even caught me shooting it. Up till now, it was always up to other people to keep the deer population down, but what happens after this will yet need to be determined. The boys will probably get me into doing things I thought I would never do. They do a great job of keeping me humble.

Recently, I had a chat with a good friend of mine. Back in the sixties, when he was sixteen years old, he started a job with a local contractor. He got paid $1.60 per hour. By the time he quit working there 12 years later, his pay was $4.00 per hour. Recently, his grandson started a new job and his pay rate started at $30.00 per hour. Are we better and stronger than they were back then? Today, I can hold $100.00 worth of groceries in one hand. Back in the sixties, people couldn't do that. Are we that much stronger? Ha, I'll let you figure that out.

-John Zook

If we're not grateful for what we have, there's no reason to think that having more would change anything.

Bushman harmonicas have the best warranty in the business!

ROUNDHOUSE
Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low F, G, A, Bb, C, D, and E* | **$29.99**

KNITTLINGER
Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger – it goes as fast as any player can play it!

Keys: Low A, Low Bb Low C, and Low D* | **$99.95**

BLUES SHIFTER
This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb, C, and D* | **$89.99**

THE DELTA FROST COLLECTION - The workhorses of the Bushman brand The Delta Frost comes in 3 different comb choices – Original (plastic), or you can get the Steelie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

Original Keys: Low D, Low E, Low F, G, A, Bb, C, D, and E* | **$29.99**

Steelie and Woody Keys: Low F, G, A, Bb, C, D, and E* | **$44.99**

Quickly learn to play popular songs even if you don't know how to read music! This popular harmonica instruction book teaches the basics like how to hold the harmonica, and how to play single notes, and then it teaches more advanced skills like how to tongue block in order to Double Two Rattle, how to bend notes, and how to harmonize with others! It ends with the very important, rarely known topic, Harmonica Care & Maintenance Guide. That one section will save you many times the cost of the book!

$9.95

DINKY
Our all new Bushman Dinky has a greater note range and ability to play more songs than any true, 1-1/2" mini harmonica ever made!!! The Dinky plays much better than the typical mini, and it's more comfortable. Here you get all 3 Keys for one low price! G (Yellow), A (Navy), and C (Black)

3 Pack: **$14.99**

* All Keys on this page are listed from Lowest to Highest.

All in one machine!

Our state-of-the-art topdressing machine saves you significant time, money, and hassle. Here's how:

1. Aerate, overseed, and topdress, all at the same time. Gone are the days of renting multiple machines and making multiple passes over your yard.

- ✓ *Enhances drainage*

Why Aerate?

- ✓ *Improves nutrient absorption*
- ✓ *Strengthens roots*

Why Overseed?

CellAide Performance and Enema Oil have worked wonders during the breeding season. A 19 yr old mare is now in foal after 11 years of failed attempts (after using the above products for one heat cycle.)

Come enjoy the evening with us...

The 18" Kamodo Joe and The Blackstone, will be given away, don't miss this event! Must be present to win!

PROGESTERONE?
LOW?

Low Progesterone ?

All of our mares were fine, except this one mare. She was the Regumate mare and of course **(nicknamed) "the every other year mare"**. We put her on Performance and her progesterone levels went from a level of ".5" before to a level of over "15" after using the CellAide Performance on her feed for only 5 weeks. She is now infoal. The CellAide Performance was expensive, but it worked!
Don't let those profits get away!!

OVB
OHIO VALLEY BIOCHAR
There is a Better Way

Prevent your fruit trees from **FREEZING** in temperatures as low as 16° Use FXI (Fire Extinguisher), Biome Food & Harmonizer

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

Biochar blends available for various farming needs, call for more information.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

- Genomic scores rank in the top 5% in international rankings
- $5,500 – proven breeders with offspring
- $$5,000 – younger sires at breeding maturity

Fullblood Wagyu Cow/Calf Pairs

- 2 for 1's due April through June with heifer calves on their side
- Calves sired by top 1% to 3% ranking international genetic Wagyu bulls.
- Bred back until dams are serviced again (2-for-1's)
- $5,500 to $6,500, depending on pedigree and proven performance

Notes from seller:

America is waking up to the amazing taste and tenderness of beef from the Wagyu breed. The experience is like none other. Farmer's markets, restaurants, and every day people are asking for WAGYU!

The Wagyu breed requires a heavy energy ration to finish steers. They will only produce average marbling on grass-only diets but not the finely-marbled steaks that are signature of the Wagyu breed. We do not recommend purebred Wagyu seedstock for grass-finishing operations.

21" CL Clipper **9003** $519

The original 6-blade Clipper, this USA-made mower is still a great choice if you need a fine and even cut. Features 9½" tires, traditional adjustment levers, and one-nut adjustment. 10 year warranty

OUR #1 SELLER

19" EZ Clipper **9102** $499
21" EZ Clipper **9103** $519

The EZ Clipper is made with the same great quality materials and workmanship as the CL Clipper, but has 5 blades which makes it easier to push. Mow Your Grass *with a CL Gang Mower*

CL Pushdown "Antibounce" System
The main cutting reels are each mounted on a flexible spring-loaded joint with a 4-way floating motion, efficiently pushing the mower similar to a hand push mower. This unique spring design puts 30 lbs of downward pressure while still allowing the reels to flex. This results in more traction and better cutting through thick grass, without causing excessive wear on the mowers.
This is a new feature since 2022. If you have an older model, call us for info on an "antibounce" upgrade kit.

Unique Hitching Feature
The CL hitching system makes hitching and unhitching "safe and easy". The stabilizer has two notches, the back notch holds the shafts up while you lead your horse under the shafts. When ready, simply push the shafts up (which will flip the lever into the long slot), allowing the shafts to come down. After hitching your horse, pull lever to the left, then pull the pin on foot stand, and pull up till pin pops in hole, and you are ready to go. The small caster on foot stand is not used when mowing ...it is part of the convenient hitching design.

Reg. size $4240
Pony size $3980

FEATURES:

- Wheels behind mowers prevent driving over unmown grass
- 54-58" cutting width
- Convenient foot pedal steering with reel linkage prevents skips in corners and around trees
- Adjustable for large or small horses
- Featuring the CLIPPER USA reels

Available with steel wheels, air tires, or hard rubber.

Roof Rejuvenation can save you up to 85% Versus Replacement

Reactiv8 shingle rejuvenation restores the water proofing and UV protection capabilities of shingles. The treatment soaks into the dried-out shingles and penetrates right through into the roof deck. The oils in the asphalt are replenished and the granules become "secured" to the shingle. This prevents the loss of asphalt that inevitably occurs on an untreated roof. It eliminates common issues such as cracking, fading and curling and literally brings the shingles "back to life" The flexibility of the shingles is restored which can extend the life of a roof indefinitely.

WAGLER STEEL

Celebrating 10 Years in Business

As we celebrate 10 years in business we look forward to serving you better. One improvement we recently made was the addition of a new computerized Slitting Machine. This machine has allowed us to produce more consistent trim. It also makes our production faster and makes it easier to make more special trim.

In 2024 we started offering supplies for post frame buildings such as lumber, posts and trusses. As that part of the business grew it became clear we were running out of space. We were able to purchase property next to our existing location where we are building more buildings to store and produce more products.

We Manufacture to Order

36" Wagler Panel
16" Standing Seam - (Pre-Notched)
10" Metal Board and Batten
36" Paradise Panel
12" Triple 4 & 36" Wagler Panel Soffit

Aquamonics
Digital Water System
WATER WITH A PURPOSE

Are you concerned about your water

CHANGE YOUR WATER, THE WAY IT IS MEANT TO BE.

Aquamonics Digital Water System, improving your water for animals, plants and humans.

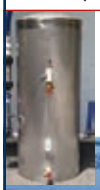
- Units that treat the water for your entire home or farm
- A whole house water system
- Agricultural water System
- Commercial water System

When the body is hydrated properly, it has the ability to eliminate toxins more thoroughly, it is able to perform to a higher level and functions in a more perfect way.

Aquamonics water assists the body to detoxify
Aquamonics water more thoroughly hydrates the body
Aquamonics water does not fix anything. Your body heals itself when allowed through the presence of the right hydration

It has an Anti-Scaling unit, here is how it works

We are using the combination of the Aquamonics water treatment with the addition of electrons to the water to create a condition where the minerals that traditionally create the problems of hard water and scaling are changed. Their chemical structure is reduced by the addition of these electrons. This creates desirable new conditions without the use of salt or chemicals and without the wasted water associated with reverse osmosis or ion exchange systems. Although the minerals are NOT removed from the water, the problems associated with their presence disappear.



Aquamonics Water Systems

Testimonial

I have installed an upgrade Aquamonics Digital unit (as it was time to refurbish our Talya unit). I had a rash on both of my feet, on either side of my feet and within 3 weeks the rash is almost gone on both feet. We had a problem with worming the pups, and they had loose stool or scours. We don't need to use as much antibiotics anymore and now it doesn't take as much wormer either, it isn't a battle like it was before. So now we have overall better puppy and human health. We would not want to be without it, I would recommend it to anybody and everybody. We had the same problem in 2014, before we got the unit. When we initially put the unit in everything cleared up. Thanks again Enos for an upgraded Digital Unit. Start with good water for good health.

Replace your restless nights with Sleep Breathing Support™

Sleep Breathing Support™ by Nature's Rite is a natural way to reduce sleep breathing disruptions and achieve a restful night.

30 Capsules ~~$45.99~~ $36.79

You can **stop** sleep breathing disruptions **tonight.**

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up."
Elva Chupp

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation. Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

The Cause

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

The Solution

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

If you want to know **whether it will work for you,** then you **have to try it.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long. This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

Sweet Dreams.

"Lions Mane Talk"

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

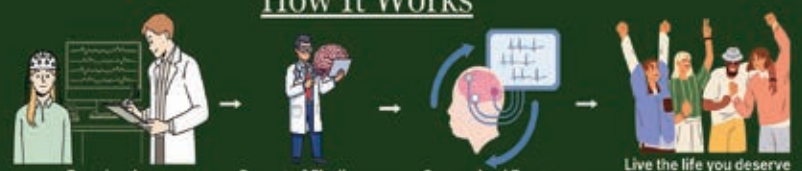
At Apex Chiropractic & Wellness Center

Advance Neurological & Holistic Care • Lancaster, PA

Are You Experiencing:

How It Works



Patient Success Story:

Our daughter was struggling with learning challenges, chronic fatigue, digestive issues, and speech delays, which made school and everyday activities difficult for her. We had tried cranial sacral therapy and several other treatments, but unfortunately we were not seeing the improvements we had hoped for.

After visiting Apex Chiropractic & Wellness Center and completing a comprehensive neurological evaluation, a customized care plan was created to support her brain and nervous system.

Over time, we began noticing encouraging improvements. Her energy increased, her digestion improved, and her speech and communication started to progress. She is now finding schoolwork easier and is able to focus much better.

We are so grateful to see her gaining confidence and making progress.

Food intolerances can also lead to chronic diseases by creating inflammation within the body. It's a well-known fact that all disease starts with Inflammation. It's like putting watered-down gas in your Honda engine. We all know what happens when you do that!

Imagine what years of infl ammatory foods can do to your body over time? We'll do a simple DNA test that recognizes what **600+ different foods/non-food** products are causing your body the most harm.

We'll also test you for the **80+ essential minerals, vitamins and nutrients.** This portion of the test is a good balance to creating a healthy lifestyle and can boost the immune system and reduce your intolerance levels simply by adding recommended foods to your diet.

This is for you if you're feeling sad, tense, anxious, stressed, irritable, impatient, impulsive, having blocked or scattered thoughts, short attention span, trouble sleeping, or too much sleep, "fly off the handle", feel tired, old, weighed down with concerns and worries, constantly distracted with troubling thoughts, can't get started doing things or giving up too soon, discouraged-everything is a struggle, can't relax, feel misunderstood and lonely or that a dark cloud hangs over you.

"GREATastic! is helping me in so many different ways. It's an excellent pill for the brain. Just what I needed for years already. During all those health problems is what really affected the brain from functioning. It takes care of stress and I feel well a lot. It pretty much does what I read in the paper it is for. Yes, I feel it's a God send. This is all in one pill. I am so thankful for it. It took me off of expensive liquids and pills that you cannot imagine. Yes, and at last I feel great too. Not feeling so tired and old. Feeling total good and I feel like a 21 year old. Yes, even my friends notice that I'm a different person and I want to thank you again. Yes, God can do miracles and please send another bottle". - Pennsylvania

A channel enabling the church to minister to physical and spiritual needs around the world

WORLD HUNGER FUND

Food, hope, and fellowship in Venezuela

Christian Aid MINISTRIES

Article space donated to CAM

CAM contacts in Venezuela work tirelessly to supply nutritious food for the most vulnerable—children, the elderly, and families facing economic hardship. Their mission is to restore dignity, nourish bodies, and build hope, one meal at a time.

Volunteer coordinators oversee a network of church-run food kitchens that provide food for the hungry. When people come to get their hot meals, they also receive spiritual encouragement and Christian literature. As the church works among its own people, they endeavor to create an environment of care, hope, and fellowship that points to the Father God.

A recipient named Doriannys shares, "In my house there's nothing to eat, my dad is in prison, the money my mom earns cleaning doesn't stretch. . . .

Thank God for our Bible class and the teachers, who bring food and the Word of God, no matter what happens."

Please pray for the people of Venezuela as they face significant uncertainties. Your support provides help and hope amid trying times. Thank you!

VISION BEYOND BORDERS

Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

We are printing and distributing Bibles to:

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

Will you help send Bibles today?

$4 prints one Bible
$100 provides 25 Bibles
$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

We look forward to meeting you!

Keystone Steel Structures is a small company that specializes in erecting and finishing steel buildings. The owner started the company in October 2001. The first few years Keystone was only involved in the erection of the steel structure itself. However, due to customer demand, we have chosen to expand the company's services to include supplying a complete pre-engineered metal building package as well as providing general contracting services for an entire project. While we would be happy to erect a structure from any supplier, we are proud to supply our buildings through Whirlwind and Metallic Building Systems. Over the years, we've collected many awards and honors for the work we do with them.

We strive to build our reputation with excellent communication and unrelenting persistence at keeping our promises to supply quality construction. We are committed to delivering great value and service to our customers.
