Editor's Note

Hello everyone!

It's a beautiful day on this side of the mountain; the weather is just right. We have plenty of moisture in the ground to keep things green. Lawnmowers are humming and the farmers are making hay and getting ready to chop corn for their cows. I'm scurrying around as well before the frost hits the ground, there is lots to do before it gets too much cooler.

Well, I'd better run along because the boys want me to help them build a treehouse out back. They already took the lumber up to the tree where they want to build it. Maybe we can get most of it done before it gets dark.

Thank you for advertising in the Busy Beaver. We appreciate your business! Have a great week and enjoy the sunshine!

-John Zook

ROUNDHOUSE
Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low D, Low E, Low F, G, A, Bb, C, D, and E | **$39.99**

KNITTLINGER
Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger – it goes as fast as any player can play it!

Keys: Low A, Low Bb Low C, and Low D | **$99.95**

BLUES SHIFTER
This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb, C, and D | **$89.99**

THE DELTA FROST COLLECTION
The workhorses of the Bushman brand. The Delta Frost comes in 3 different comb choices – Original (plastic), Steelie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

ORIGINAL
Keys: Low D, Low E, Low F, G, A, Bb, C, D, and E
$34.99

STEELIE or WOODY
Keys: Low F, G, A, Bb, C, D, and E
$49.99

HARMONICA INSTRUCTION KIT

Learn to play popular songs in minutes even if you don't know how to read music! 34 page book comes with our best-selling Roundhouse harmonica.

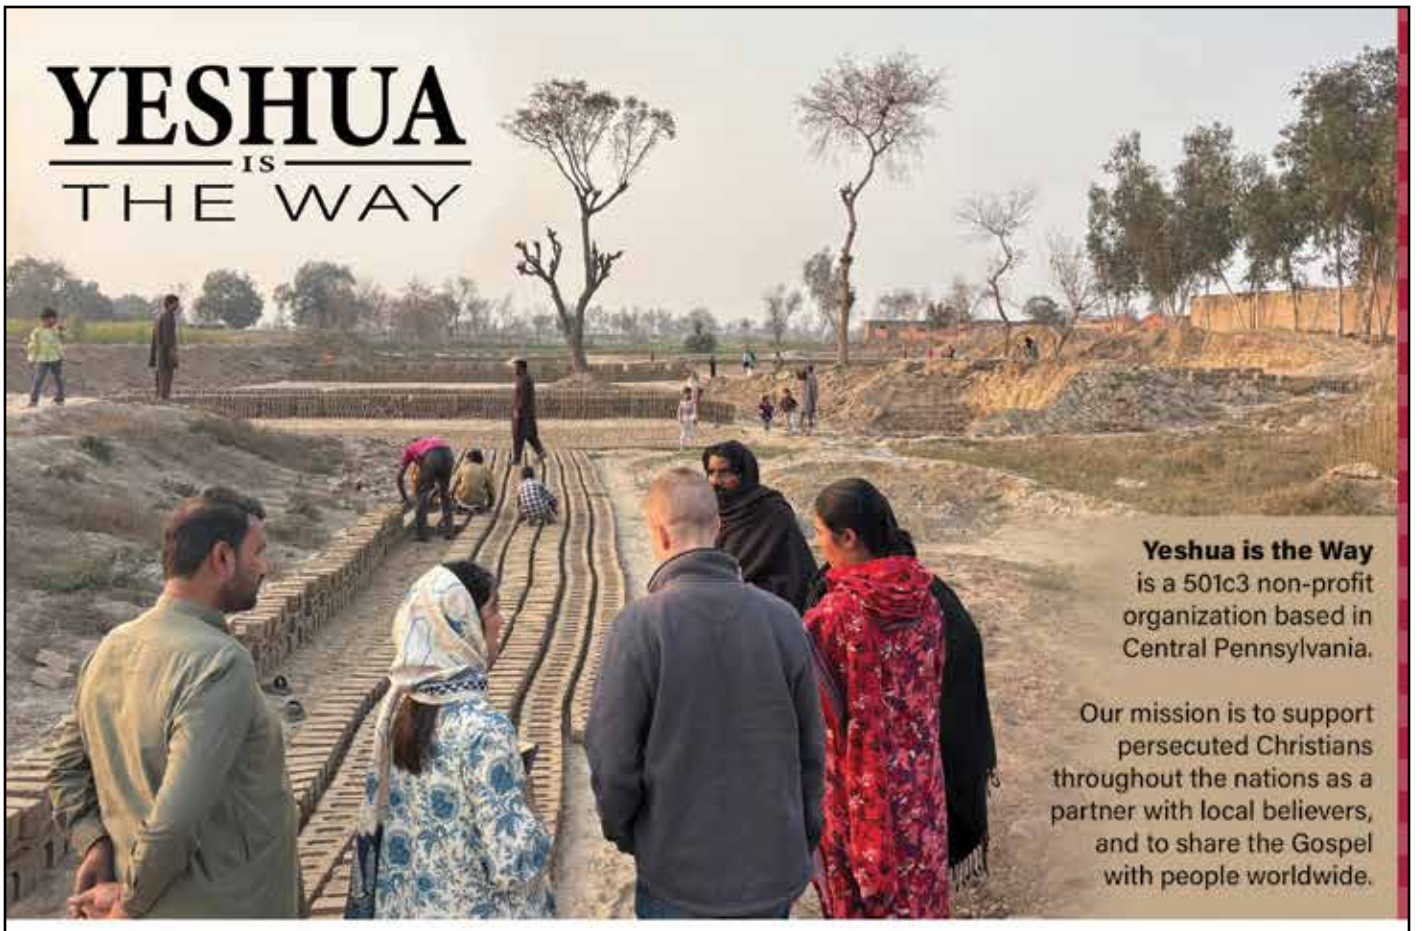

Choose the **Key** of Bb or C
$45.00

DINKY
Our all new Bushman Dinky has a greater note range and ability to play more songs than any true, 1-1/2" mini harmonica ever made!!! The Dinky plays much better than the typical mini, and it's more comfortable.

Keys:
G (Yellow), A (Navy), and C (Black)
3 PACK **$14.99**

YESHUA IS THE WAY

Yeshua is the Way is a 501c3 non-profit organization based in Central Pennsylvania.

Our mission is to support persecuted Christians throughout the nations as a partner with local believers, and to share the Gospel with people worldwide.

At **Yeshua Is The Way** Ministries, we have partnered with local Christians in Pakistan - where there is a great need for spiritual and financial support from the global church body. In a country where Christians face discrimination, poverty and persecution, there is still a hunger for God. Men, women and children are responding to the Gospel! People are being healed from pain and disease! Families are being freed from bonded debt that traps generations in manual labor.

We welcome your financial support for our current and upcoming projects. Our heart is to continue blessing and ministering to these believers and their neighbors by hosting Prayer Festivals, providing Food Kits, financing medical care, and more!

Current Fundraising Needs Include:

- Food Kits and Medical Care Support
- Capital Campaign to purchase a Church Building
- Salary for Pastoral Staff in Pakistan
- General Ministry Expenses *(travel, administration, maintain website)*

Understanding is a wellspring of life unto him that hath it. - Proverbs 16:22

Our recent collaboration with Beltone Audiology allows us to offer **Comprehensive Hearing Care**—including free hearing screenings, personalized fittings, and hearing aid servicing—all right here in our clinic.

We're thrilled to announce our **Home Care Visits** program. If traveling to a medical facility is difficult for you or someone you love, we're here to help. At EWSC, we believe everyone deserves quality health care that's both accessible and affordable.

We've also expanded our wellness offerings in the IV therapy room. We offer a wide variety of **IV therapies** including immune support, sinus support, replenish and recovery, and more.

THUR. 8 AM - 7 PM | SAT. 8 AM - 2 PM

Regenerative Joint Therapy, targets painful joints by using stem-cell transplantation and/or protein rich plasma (PRP). These procedures are completed here in the clinic with minimal recovery time.

Our **Biological Dentistry** focuses on identifying and treating the underlying causes of dental issues rather than addressing symptoms alone. Care that supports a healthier smile and a healthier body.

POWERFUL, SAFE, EFFECTIVE!

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

- Was I told to buy gift cards?
- Did a "government official" or "bank" threaten arrest, fines, prosecution, or deportation?
- Did I get a deposit from a stranger who now wants me to send some of it back?
- Did I get an urgent call saying a family member is hurt, in danger, or in trouble?
- Was I told to deposit cash into a Bitcoin/cryptocurrency ATM?
- Am I doing this because I feel threatened or afraid of what happens if I don't?

Stay Vigilant!

ANOTHER BRUISER FOR THE WALL!!

Congratulations to another happy customer on landing this nice 11 point 142" Buck after feeding OVER-160!!

Never seen anything attract deer like Over-160. This buck was first seen while in the velvet stage and he never left the farm until he was shot on the first day of archery. We always struggled to hold deer on our farm, so obviously we are pretty impressed. Another happy Over-160 customer....

it could be your thyroid!

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.
– Dan Stoltzfus, Pennsylvania

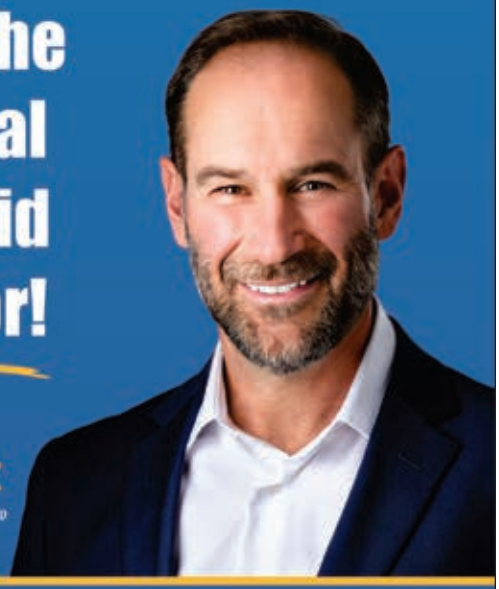

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.
– Leah Miller, Ohio

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!
– Kathyrn Yoder, Missouri

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.
– Sue Albrecht, Michigan

I was put on Armour for an underactive thyroid and was taking it for a year. I was still not feeling well. Come to find out I didn't need to be on any medication to begin with. My hormones are now balanced and I feel better with no medication. It's nice to see and feel the results.
– S. King, Pennsylvania

WHY DOES DISC PAIN KEEP COMING BACK?

Special Health Report

What Thousands of Patients With Disc Problems Have Taught Us About Why Some People Improve Temporarily While Others Continue to Struggle

By Midwest Disc Clinic

Many People Are Told Their Only Options Are More Treatment, More Injections, or Surgery

If you are one of the millions of people suffering with back, neck, or sciatica pain, you are not alone. Disc problems are one of the leading causes of long-term pain and disability in our country. And if you have been dealing with this pain for any length of time, you may already know how frustrating and discouraging it can be.

Many men and women tell us the same story. They started with mild discomfort. Over time, it got worse. They saw a doctor, had tests, and tried physical therapy, chiropractic care, medications, or injections. Sometimes these treatments helped for a while. But the pain came back.

Eventually, they were told their only choices were more treatment, more injections, or even surgery.

This leaves many people feeling hopeless and unsure of what to do next. That is why we created this recorded health report.

After helping thousands of patients with disc problems, we have seen a common pattern. Some people improve temporarily, while others continue to struggle. The difference is not always what you might think.

The good news is that understanding why disc pain keeps coming back can help you ask better questions and make more informed decisions about your care.

IN THIS RECORDED REPORT YOU'LL DISCOVER:

- ✓ Why disc pain keeps coming back
- ✓ What may block disc repair
- ✓ Why relief often doesn't last
- ✓ What many patients are never told
- ✓ What may be behind sciatica symptoms
- ✓ Questions to ask before injections or surgery

REAL PATIENT STORIES

"I came to MDC with lower back pain and numbness in my legs. I was barely able to walk, and I wasn't able to function or work. It was Midwest Disc Clinic or surgery.

Now after my care plan, I'm pain free and raring to go. I can put in a full day's work.

My experience was very much appreciated." — **D. Hershberger, Nashville, MI**

"I was having lower back pain and right leg pain when I came to MDC. I was on crutches for two days and in bed for a week, not able to work.

After my DOSAE treatments, I am back to work and feel 85% to 90% better. Thank you to the doctors and staff at MDC. Everybody is very friendly and helpful!" — **D. Troyer, Randolph, NY**

PATIENT SUCCESS STORY

"After getting kicked in the head by a horse, I was left dealing with a traumatic brain injury that changed everything. I struggled with memory issues, brain fog, constant headaches, dizziness, low energy, and even trouble reading. I tried cranial sacral therapy and many other approaches, but nothing gave me the relief I needed.

Now, I truly feel like I have my life back. My mind feels clearer, my energy is returning, the headaches and dizziness have improved, and I'm finally starting to feel like my normal self again. I'm incredibly grateful to have found something that made such a meaningful difference when I had begun to wonder if I would ever feel better."

Have Cancer Concerns?

Amygdalin (Laetrile) Vitamin B17 is a powerful organic natural substance that works to help control cancer and viruses which can be consumed through seeds or supplements. In the late 1960's, a pioneering physician, Dr. John A. Richardson, MD, dared to treat his cancer patients with a revolutionary treatment that included the use of Laetrile, along with a strict protocol of diet, exercise, and vitamins. It worked remarkably better than orthodox treatments. Apricot seeds contain the highest concentration of B17 found in nature. These seeds also contain high levels of Thiamine/B1 and Omega-3 fatty acids. From cellular health to inflammation to respiratory conditions, this super seed is also great for animals!

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

OLD ORDER AMISH HOSPITAL AID (OOAHA)

What is Old Order Amish Hospital Aid (OOAHA)?

What Is OOAHA? This is not something new. This started in 1969 by a group of bishops and laymen concerned about the rising hospital costs. It is a Health Share Plan where a group of members agrees to help pay for each other's medical bills. There are approx. 11,454 members on the plan at this time. The IRS does not legally classify health sharing arrangements as traditional medical insurance.

How It Works:

Each member pays a monthly due to the committee man in your church district. The committee man sends one check to the office for all the monthly dues he collects from his members. The monthly dues go into a fund that is used to help pay member's high medical bills.

Why would we want to be a part of this plan?

1. We are concerned about the rising hospital costs
2. If we are 4029 exempt it is important that we avoid outside insurance or government plans
3. If we have a medical condition, this plan will help pay for a portion of the bills
4. This is a brother-helping-brother plan and we want to be a part of it.

Nature's Rite

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs **tonight.**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep— causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.
This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well for her—and I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, restless legs, and nighttime leg cramps with Leg Relaxer™.

No mess. **No** menthol scent. **No** harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

Nature's Rite

I used to have a lot of trouble sleeping. I was about to go for a sleep testing. My husband and I were both sleeping very poorly. He said that I was breathing very loudly, and I would wake up with apnea episodes, gasping, which made it difficult for both of us to sleep. Then I would try changing positions, but it kept happening over and over again. We could never get a good night's rest, and we were feeling very tired on the next day.

Just when I was about to decide to get a sleep test done (which I really didn't want to do), my husband brought me this article that he found at The Busy Beaver, and I'm so happy with the results. From the very first night, I didn't wake up even once. My husband and I were finally able to sleep through the entire night. I stopped waking up because of my breathing problems, and sleep completely changed for both of us. This product truly was life-changing for me.

Curcumin C3 Complex® and Bospure® are well-known botanical ingredients that may help promote a healthy inflammatory response. Curcumin, derived from turmeric, has been widely valued for helping soothe occasional joint and muscle discomfort, while Boswellia may support flexibility and ease stiffness. Together, they may be especially helpful for people who want daily support for knees, back, shoulders, and other areas affected by inflammation.

Andrographis, known as andrographolides, have been extensively studied for their ability to help support the body's normal inflammatory response and promote overall resilience.

ParActin® may be particularly beneficial for individuals experiencing joint discomfort, stiffness, or physical stress associated with daily activities. Clinical studies have demonstrated its ability to support joint comfort, mobility, and physical function while helping maintain healthy inflammatory pathways. In addition to its role in pain and inflammation support, Andrographis has been recognized for supporting immune system function and overall wellness. Its inclusion in Relievion helps create a more comprehensive formula that addresses multiple factors contributing to discomfort and reduced mobility.

GOOD SELLER

BUSHMAN HARMONICAS

KNITTLINGER

Tuned just like the good old Auto Valve!

Introducing the loud and lively, quick and nimble, ultra-responsive Knittlinger. It sounds like an accordion, but it's a double reed, Knittlinger octave harmonica with 10 holes and 40 reeds, in the traditional Richter note arrangement. It features a forever lasting, not going to warp, plastic comb, and a thin profiled, comfortably beveled, slick, go-fast, chrome-plated mouthpiece.

Keys: LA, LBb, LC, LD

Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

Own Your Insurance Company. Keep More Money. Protect Your Legacy.

Most businesses buy insurance.
Some businesses own it.

With captive insurance, your company insures its own risks and keeps the profit instead of sending it to big insurance companies.

That means:
- More protection for your business
- More control
- A new profit center
- Insurance company tax treatment

And a way to help keep your business strong for generations.

CIC Services has helped hundreds of small and mid-size businesses accomplish this since 2005.

TOPICS INCLUDE

Learning communication and conflict resolution skills which are vital to every healthy relationship.

Seeing the ways our Creator designed male and female so differently for our unique roles helps us live with understanding rather than frustration.

Understanding that we were created with foundational needs and how the absence of these impacts our relationships. We will look at learning how to receive them if they are missing as well as how to give them to each other.

FOCUS

The goal of this day is to prepare a young couple for a flourishing marriage that will last for life. It is designed to equip you with tools for a Gospel focused marriage relationship.

Marriage is the model that God gives to reveal the kind of relationship He desires and plans to have with us. The analogy of His design in structure and intimacy is crucial for us in knowing Him.

Marriage is the foundational building block of society and our communities. Church can only be as healthy as the homes that they are composed of.

Today we see pre-marriage preparation as perhaps our best hope to stop the cycle of hurt and pain which exists in our communities.

We welcome you to participate in a day of learning and growing -Jason Reed

Stoltzfus Family Fund:

Funds Needed,

Crist Stoltzfus (30) Fell 30 feet from a roof on July 2nd 2025 which caused a bunch of broken bones and Serious Head Injuries. Crist has a wife and three children, ages 2 year to 5 years old. As serious and life threatening as his injuries were, Crist and family have been very blessed with the recovery he has made so far. There is a need to ask for more funds as they are in Ohio for Doctoring etc.. At this time and or since the accident a year ago they had very little income coming in to support themselves, or to pay the Doctor bills etc.

If you feel led to help don't hesitate..

All Contributions are greatly appreciated to help the family in time of need. Thank You, and God Bless!...

Treasured encouragement and teaching for Christians in Restricted Countries

Kamran* was on a deep search for Truth. As he looked at the people around him—even those claiming religion—he saw arguments, hatred, and slander. None of them offered what he was looking for: a peaceful and loving relationship with God.

One day, during a lunch break on the farm where Kamran worked, he talked to a co-worker. The conversation turned to God. This young co-worker shared some information that was surprising to Kamran—he and his family were Christians. As they talked, Kamran shared about his struggle to read the only Bible he had. The Bible was in a language he could hardly understand, and he struggled to comprehend the little he was able to read.

A few days later, Kamran met this Christian man again. The man brought him several Christian magazines. Kamran recalled this pivotal moment: "He told me I could borrow them but should be careful not to let anyone damage them, as his family enjoyed reading them and wanted to have them back eventually."

"Those magazines fascinated me," Kamran shared. "I asked him if he could lend me more, and we began meeting more often. I visited his family, and his father gave me a copy of the New Testament in [a language I could read]. Then a few months later, his father gave me your contact information, saying that you could send me magazines."

Kamran knew the risk of receiving Christian literature. He started a post office box so his relatives and neighbors would not easily find out. He then began to regularly receive Christian family magazines. Sound teaching from conservative Anabaptist writers became a consistent source of Bible teaching.

Like Kamran, thousands and thousands of Christians in closed and restricted countries long for fellowship with other Christians, but have limited options. They long for encouragement and Bible-based teaching, but have almost no source.

CAM supporters' funds supply Christian family magazines, reminding these believers they are not forgotten. The material encourages them toward faithfulness to Christ as they face the challenges of living under oppressive regimes. The sound articles point them to a life of faithful obedience to the Word of God.

If you wish to help us supply these magazines to those who anxiously await their arrival, your support will be greatly appreciated!

LAND AND HOUSES FOR CHARITY

Avoid capital gains tax and redirect funds to church work or charity by gifting all or a portion of your property.

- Supporting God's work is the most important priority; significant tax advantages also exist.
- If you are considering the sale of a property and expect to owe capital gains taxes on the appreciated value, don't delay calling us for more information.
- You must start this process before selling the property or placing it under a sales agreement.
- The most common reason a gift of real estate cannot be accomplished is because the donor waited too long to begin the process.
