Editor's Note

Greetings to all!

It was a little chilly this morning, 30 degrees, but to me it wasn't a big deal because we've been promised that spring would soon be here. It felt good to step outside and get a nice breath of fresh air.

The warm weather activities have begun: the firepit gets heated up once again and we'll have something cooking for supper. On Easter Monday it was rather chilly when we sat outside, watching the youth in their activities. They were good at keeping us entertained. If the youth were not enough entertainment, the guys my age filled in the empty slots. It's amazing how some people have so much to say, especially if we have the day off and could relax for a change. Laughter is the best medicine, I guess, because I have not been sick ever since. That day, the youngest of the group won the tournament, keeping the older youth on the humble side. They'll get another shot at it again in the upcoming holidays.

Thank you for your participation in the Busy Beaver!

-John Zook

Mow Your Grass *with a CL Gang Mower*

CL Pushdown "Antibounce" System
The main cutting reels are each mounted on a flexible spring-loaded joint with a 4-way floating motion, efficiently pushing the mower similar to a hand push mower. This unique spring design puts 30 lbs of downward pressure while still allowing the reels to flex. This results in more traction and better cutting through thick grass, without causing excessive wear on the mowers.
This is a new feature since 2022. If you have an older model, call us for info on an "antibounce" upgrade kit.

Unique Hitching Feature
The CL hitching system makes hitching and unhitching "safe and easy". The stabilizer has two notches, the back notch holds the shafts up while you lead your horse under the shafts. When ready, simply push the shafts up (which will flip the lever into the long slot), allowing the shafts to come down. After hitching your horse, pull lever to the left, then pull the pin on foot stand, and pull up till pin pops in hole, and you are ready to go. The small caster on foot stand is not used when mowing ...it is part of the convenient hitching design.

Reg. size $4240
Pony size $3980

FEATURES:
- Wheels behind mowers prevent driving over unmown grass
- 54-58" cutting width
- Convenient foot pedal steering with reel linkage prevents skips in corners and around trees
- Adjustable for large or small horses
- Featuring the CLIPPER USA reels

Available with steel wheels, air tires, or hard rubber.

OVB
OHIO VALLEY BIOCHAR
There is a Better Way

Biochar blends available for various farming needs, call for more information.

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Notes from seller:
America is waking up to the amazing taste and tendernessof beef from the Wagyu breed. The experience is like none other. Farmer's markets, restaurants, and every day people are asking for WAGYU!
The Wagyu breed requires a heavy energy ration to finish steers. They will only produce average marbling on grass-only diets but not the finely-marbled steaks that are signature of the Wagyu breed. We do not recommend purebred Wagyu seedstock for grass-finishing operations.

Aerator, Top Dresser, and Overseeder

All in one machine!

Our state-of-the-art topdressing machine saves you significant time, money, and hassle. Here's how:

1. Aerate, overseed, and topdress, all at the same time. Gone are the days of renting multiple machines and making multiple passes over your yard.

Why Topdress?

- ✓ *Improves soil structure*
- ✓ *Promotes root growth*
- ✓ *Levels uneven areas*
- ✓ *Enhances drainage*

Why Aerate?

- ✓ *Relieves compaction*
- ✓ *Improves air & water flow*
- ✓ *Improves nutrient absorption*
- ✓ *Strengthens roots*

Why Overseed?

- ✓ *Thickens turf*
- ✓ *Improves color & density*
- ✓ *Helps crowd out weeds*
- ✓ *Restores bare areas*

Maria holds several copies of the Antorcha.

CHRISTIAN FAMILY MAGAZINES

"A vacuum in my heart for the things of God"

Maria* is an 85-year-old lady from Cuba. When an evangelical pastor and his wife moved in beside her, Maria noticed how different they were from the rest of the community. One day the pastor gave her an Antorcha (a Spanish Christian family magazine). She read it and was amazed at what she read.

Maria always enthusiastically waited for the next issue. Every time this pastor came by, she asked for another Antorcha. She testified, "It created a vacuum in my heart for the things of God." One day she decided to renounce all that was displeasing to God, as well as her religion of the past. "Three years ago, my life has changed because of reading the Antorcha, and I am now baptized as a believer."

The *Antorcha de la Verdad* (Torch of Truth) Christian family magazine has grown from a first run of 1,800 copies in 1987 to approximately 650,000 copies, which are printed in various locations and languages today.

*Not her real name.

Have Cancer Concerns?

Amygdalin (Laetrile) Vitamin B17 is a powerful organic natural substance that works to help control cancer and viruses which can be consumed through seeds or supplements. In the late 1960's, a pioneering physician, Dr. John A. Richardson, MD, dared to treat his cancer patients with a revolutionary treatment that included the use of Laetrile, along with a strict protocol of diet, exercise, and vitamins. It worked remarkably better than orthodox treatments. Apricot seeds contain the highest concentration of B17 found in nature. These seeds also contain high levels of Thiamine/B1 and Omega-3 fatty acids. From cellular health to inflammation to respiratory conditions, this super seed is also great for animals!

Have you been denied for Spinal Disc Replacement and Feeling Hopeless?

We may have your answer—just like Esther found hers...

Esther lived in pain every day.

She woke up hurting. Went to bed hurting. Some nights... she barely slept.

Surgery was next— but even that door closed.
She was running out of options.
Then she found a different path.
A focused, non-surgical disc repair plan.
Today... she's back to living life again.
In this free recorded message, you'll learn:

- Why disc replacement isn't right for everyone
- What makes this approach different
- What may be possible for you

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

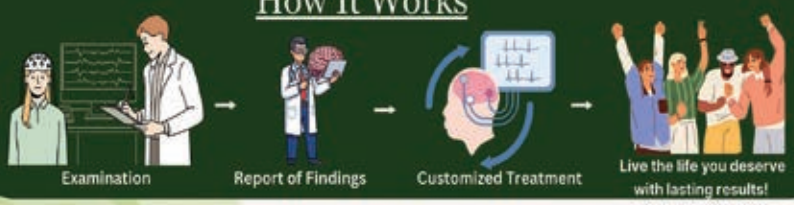
How It Works



Patient Success Story:

Our daughter was struggling with learning challenges, chronic fatigue, digestive issues, and speech delays, which made school and everyday activities difficult for her. We had tried cranial sacral therapy and several other treatments, but unfortunately we were not seeing the improvements we had hoped for.

After visiting Apex Chiropractic & Wellness Center and completing a comprehensive neurological evaluation, a customized care plan was created to support her brain and nervous system.

Over time, we began noticing encouraging improvements. Her energy increased, her digestion improved, and her speech and communication started to progress. She is now finding schoolwork easier and is able to focus much better.

We are so grateful to see her gaining confidence and making progress.

After a lot of doctoring and unanswered questions for my stomach pain I was ready to try anything so I started out with the dōTERRA Cleanse and Restore. A Message of Health and Gratitude

From Dr. Rich Prather
Grateful Lab Services

"When you understand what your body truly needs, you begin to feel the strength God intended."

Do you ever feel tired, foggy, or weak - even when your doctor says your blood work looks "normal"? At Grateful Lab Services, we look deeper. Many people don't realize that "normal" ranges don't always mean healthy. By studying lab work through a nutrient lens, we often find subtle deficiencies quietly draining your body's strength and healing power.

Stop Guessing - Start Living!

When your cells lack nutrients God-designed them to use, they can't make energy or repair tissue the way they should. That's why you may feel worn down, ache, or lose clarity - long before illness ever shows up.

We look for balance - to help you feel well again from the inside out.

Simple. Private. Respectful.

- No new blood draw is needed - we can use the lab results you already have.
- New blood tests can be ordered if necessary.
- Your result is interpreted through a nutrient lens, not just medical ranges.
- You receive plain, easy to understand guidance that fits your daily life.
- Everything is handled respectfully, with privacy and sincerity.

CelluShine - Natural Support for Your Cells

After years of serving both Amish and English families, I developed a vitamin line called CelluShine to help restore what blood often shows is missing. Formulas like Fulvic Max, Cell Food and Hydrate nourish your bloods natural energy systems - helping cells use oxygen and nutrients efficiently, just the way God designed.

These are not fads or "miracle pills." They are pure, essential nutrients that work together to renew strength, focus, and vitality - the way your Creator intended.

Call with Questions - There's No Obligation

You will always speak with someone - no pressure - just honest answers.

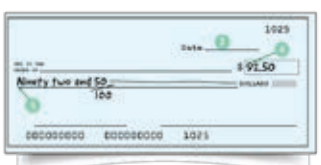
Five Check Writing Tips
to prevent against fraud and errors

1. Use a black ink pen for security.
2. Always write the current date on the check.
3. If you make a mistake when writing a check, immediately write the word "VOID" across the front of the check in large letters. Record the check number and date in your check register and write VOID as the description.

4. When writing numerals for the check amount, start your first number as close to the dollar sign as possible. This prevents someone from entering an additional numeral and changing the amount of the check.



5. When writing the payment amount in words, such as "Forty-five dollars", start at the very beginning of the line. Then, draw a line from the word dollars to the end of the space.

For example: "*Forty-five dollars and 50/100* ————————"

Princess House Double Burner Cast Iron

Get her something that will last for years and will even be passed down to the next generation.Did you know cooking with cast iron can help with your iron levels and is alot healthier than nonstick? Cast iron is known for it's amazing durability and ability to handle the high temperatures needed for searing, frying, and even outdoor grilling. It's heavyweight material heats slowly and evenly, so it's also great for baking, simmering, and even roasting. Less maintenance than raw cast iron as the enamel helps prevent rust and makes for far easier cleaning.The more you use this pan the more it will become like nonstick. This pan does it all!

- Lifetime warranty
- Oven safe
- Grill safe
- Campfire safe
- Stovetop safe
- Broiler safe

Good for:

- High heat cooking and searing, plus dry heat cooking
- Those who want a natural alternative to nonstick
- Cooks who want versatility, durability, and beauty

Own Your Insurance Company. Keep More Money. Protect Your Legacy.

Most businesses buy insurance.
Some businesses own it.

With captive insurance, your company insures its own risks and keeps the profit instead of sending it to big insurance companies.

That means:
- More protection for your business
- More control
- A new profit center
- Insurance company tax treatment

And a way to help keep your business strong for generations.

CIC Services has helped hundreds of small and mid-size businesses accomplish this since 2005.

2026 Benefit Auctions

for the Clinic for Special Children®

You're invited to join us at one of our 2026 benefit auctions! Each year, hundreds of volunteers in communities where our patients live organize benefit auctions in support of the Clinic for Special Children. These auctions are more than fundraisers; they are days full of fellowship, generosity, and shared purpose.

At each of these seven auctions, you can expect lively bidding, delicious food offerings, handcrafted items, and remarks by Clinic doctors around midday. Together, these auctions provide nearly half of the donated support for our annual operating budget, helping ensure timely, accessible, and affordable care for families.

VISION BEYOND BORDERS

Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

We are printing and distributing Bibles to:

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

Will you help send Bibles today?

$4 prints one Bible
$100 provides 25 Bibles
$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

Keystone Steel Structures is a small company that specializes in erecting and finishing steel buildings. The owner started the company in October 2001. The first few years Keystone was only involved in the erection of the steel structure itself. However, due to customer demand, we have chosen to expand the company's services to include supplying a complete pre-engineered metal building package as well as providing general contracting services for an entire project. While we would be happy to erect a structure from any supplier, we are proud to supply our buildings through Whirlwind and Metallic Building Systems. Over the years, we've collected many awards and honors for the work we do with them.

We strive to build our reputation with excellent communication and unrelenting persistence at keeping our promises to supply quality construction. We are committed to delivering great value and service to our customers.

BANK OF
Bird-in-Hand
a full service community bank

Protect Yourself Against Mail Fraud

Recently, Bank of Bird-in-Hand has noticed an increase in mail theft. Customers have reported checks being stolen from their mailboxes. Fraudsters then alter the stolen checks or create fraudulent checks they attempt to cash against our customers' accounts.

Here's what you can do to protect your mail:

- Use the letter slots inside your Post Office, or hand mail to a letter carrier. Do not leave mail with a check enclosed inside your mailbox for pick up.
- Retrieve your mail promptly after delivery. Don't leave it in your mailbox overnight. If you're expecting checks, credit cards, or other valuable items, ask a trusted friend or neighbor to pick up your mail.
- If you don't receive a check, credit card or other valuable mail you've been expecting, contact the sender immediately and inquire about it.
- If you change your address, immediately notify your Post Office and anyone with whom you do business via the mail.
- Be careful about what you send - don't send cash in the mail.
- Report all suspected mail theft to a Postal Inspector.
- If you are generally not home on Saturdays, or your business is closed on weekends, consider having the post office hold your mail until Monday.
- Work together with your neighbors. By exchanging work and vacation schedules with trusted friends and neighbors, you can monitor each other's mailboxes (as well as homes).
- Use banking tools that are not reliant on physical checks.

Bank of Bird-in-Hand offers telephone banking, online banking, and mobile banking services that are fast, convenient, and secure. Our Business Solutions help businesses scan and transmit checks directly from your business to the bank and move money between banks electronically. We also offer Positive Pay – a powerful protection tool to help detect fraud before it happens.

If you see a mail thief at work, or if you believe your mail was stolen, call the police immediately, then call the Postal Inspectors at 877-876-2455 (press 3).
