Editor's Corner

Hello everyone,

"Welcome the month of May with a heart full of hope and a spirit ready to bloom." May we all be like a flower.... A flower does not think of competing with the flower next to it. It just blooms. We are having a little more chilly days this week. Looking forward for that 75-80 degree weather. Sunny days give us happiness; Stormy days give us wisdom.

Thanks for your business!

Have a good week,
Ruby Yoder

Every flower blooms at a different pace.

FARM ANIMALS

Hope in the form of chicks

Tsira was only 30 years old when her husband passed away unexpectedly. She lives in the country of Georgia which is located in southeastern Europe. Life was difficult for Tsira and her two young children. “We were left without means of support. I raised my children in great poverty,” Tsira reminisced.

Time went on and Tsira’s children got married and started their own families. Life was a little easier for Tsira, now that she had only herself to support. But recently, Tsira suffered yet another loss when her son passed away suddenly. “The loss of my son was a double blow for me. Now I live with my daughter-in-law and we are raising three fatherless children. We live in great need,” Tsira told our contacts.

“Many nights I woke up thinking about what I would feed the children in the morning,” she shared. “With tears I prayed to God for help because it was painful to see my hungry grandchildren. We were going through very difficult times.”

Once again Tsira’s life changed, this time by the gift of chicks. “God’s people brought us chicks,” she rejoiced. “What surprised us even more was that

Tsira and her three grandchildren are excited to receive chicks from CAM.

along with the chicks they also brought good quality feed!” How glad Tsira and her family were for these chicks!

“Words cannot describe the joy of seeing my grandchildren smile again,” Tsira told our contacts. “Your help showed us there are still kind and caring people in the world. Now we look to the future with hope and believe that together many things can change.”

So now what do you say?
Is in this Lions 6-Way?
Let's start with some protein and fat,
That's where some of the nutrition is at.
Also contains bacteria and yeast.
Should help digestion atleast.
Contains Lions Mineral in the mix
Making a supplement that really sticks!
If your horse is underweight
This 6-Way should work great.
Should make a haircoat shine.
And help get to the finish line.
The protein helps promote muscling
And the fat keeps them hustling
Top dress before it's too late.
1-2# per day is great!
I am sure it will pay
To feed Lions 6-Way!

Health Problems? The human body consist of 70 to 100 trillion cells. When cells are healthy, the body is healthy. When cells are unhealthy, disease or dysfunction can accrue. What's the cause? Reason science has shown that poor cellular communication is the root cause of unhealthy cells. Damaged cells struggle to alert the immune system, allowing the damage to multiply. No matter the problem, we can now Bi-replace cellular communication for the first time in history. For a free information pack for this powerful technology, contact: John Bash, 619-838-0493

We've all been there: it's 2:00 PM, the "brain fog" is rolling in, and the siren song of a third espresso or a sugary snack becomes impossible to ignore. For decades, caffeine and refined sugar have been the go-to fuel for the modern worker. But while they offer a quick spark, they usually leave us with a jittery heart and an inevitable "crash" that leaves us more depleted than before. If you're looking for a sustainable way to sharpen your focus without the roller coaster, Midday Focus Greens might just be the upgrade your brain has been waiting for. True mental clarity isn't about forcing your brain to work harder through stimulants; it's about giving it the raw materials it needs to perform at its best. By

trading the temporary "buzz" of sugar for the deep, nutritional support of greens, you're not just clearing the fog--you're building a more resilient mind. Midday Focus Greens \$51.87. (Includes tax and shipping.) Buy 2 or more for a 10% discount. Call or write NuLife today to place your order. NuLife Communities 1390 Co Rd 600 Baltic, OH 43804, 330-845-4004

Those are the names for synthetic B1, B6, B9 and B12. The cheapest and most commonly used. Tranont uses real B vitamins from nature and cultures them on yeast, creating a powerful, bio-available product your body can easily recognize and successfully use. At Tranont we know that **BETTER CHOICES** bring **BETTER RESULTS**. This product has helped alot of struggling students with better focus and concentration!

Unfortunately, a lot of synthetic B vitamins end up in the toilet. Become educated and aware of what you are buying.

MAXIMUM PERFORMANCE HORSE SUPPLEMENT

Give your horse the minerals that are no longer in the your feed!

50 lb Bag Granular \$150, last 5 horses/ 1 month. 50 lb bag pellets \$135 last 50 days/ a horse Pellets for picky eaters, with ulcers, driving horses, Stallions and mares.

Dave Mast mare was open two years in a row, 30 days on Maximum Performance and she checked in foal with NO Regu-mate.

David Patterson bred for 30 years and always trouble foaling out, weak foals, trouble re-breeding. First season on MP, mare foaled easily, baby running in the stall, plenty of milk, mare cleaned quickly and checked in foal first time bred. Very impressed.

Indiana man had mare running off, cranky, picky eater, put her on pellets, 15 days daughter said, What did you do to the mare? She is so easy to handle, drives great, looks better. MP Pellets. oh my.

Lawrence Schrock, PA said he was one of the few with no OCD's in his yearlings at the sale, thanks Maximum Performance for sound bones, strong muscled yearlings.

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in your feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, reduce muscle soreness, and improve hoof quality and build muscle.

1. If you want to reduce ulcers, acid reflux and build muscle as well.
2. If you want to increase stamina and reduce recovery time, see a difference in 5 days..
3. If you want to calm your mares down, reduce tying up, anxiety and aggression.
4. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Maximum Performance for Breeders

1. If you want to reduce OCD's (soft bone chips in ankles and hocks).
2. If you want to have mares at peak condition checked in foal.
3. If you want to improve development of your foals.
4. Vets explain OCD's are caused by mineral imbalance first 11 months in womb, not enough Calcium and minerals for the mare.
5. Stallions have better sperm count, maintain muscle mass, reduce OCD's and maintain hoof quality. contact 502-817-1947

Idaho Whole-Apple Cider Vinegar

GREAT APPLE CIDER VINGAR HAS A "ONE-TWO" PUNCH...

1) Looking for less disease and fewer internal/external parasites this year? THIS ACV has an alkaline forming response in any mammal's body, which is your shield against those issues.

2) Wanting to stretch your hay and pasture by 20%? The ENERGY and ENZYMES from the Whole-Apples contained in this vinegar are ALL still intact to help boost your livestock's digestion of any feed. Minerals in the feed are 90% bio-available versus the 20% in most mineral mixes.

The drier your feed, the better this ACV works!!!

It's time to start applying OVB to your fields and gardens.

Actual results after 2 applications of OVB Garden Blend

If you want better nutrition.... you need to start with better soil

Biochar blends available for various farming needs, call for more information.

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Proven The Hard Way

From the creators of P-One™ and Ocean Minerals™

Built in Wisconsin. Built for a Reason.

Before gut health became a category, before microbiology became a buzzword, before every company claimed to "support the rumen," there was a problem no one had solved.

On a Wisconsin farm, animals were struggling in ways that didn't add up. Rations were balanced. Protocols were followed. And still, performance slipped, consistency broke, and health issues kept showing up.

Most accepted it.

Richard V. Breunig didn't.

The Idea That Wasn't Accepted

When Richard began focusing on the microbial environment inside the animal, it didn't get support. It got pushback.

He was told it wouldn't work. That it would fail. That it could cost him everything. Some said it would ruin his cattle, others said he was crazy.

In an industry built on tradition, that kind of thinking wasn't just questioned, it was rejected.

But the Problem Was Still There

Ignoring it didn't fix it.

Richard wasn't chasing a theory. He was trying to solve something real. So the work continued in the barn, on real animals, under real conditions. Not in a lab, not in controlled environments, and not based on assumptions.

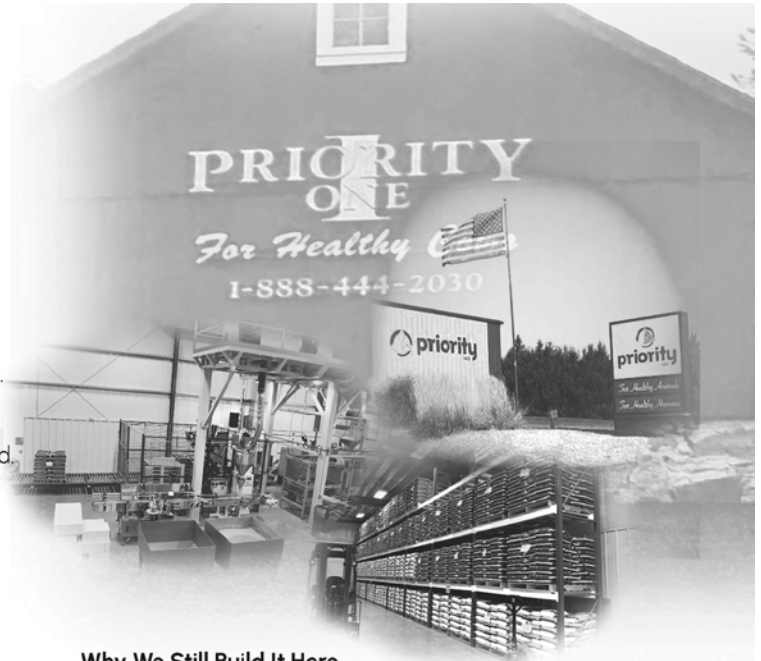

It was built through trial, observation, and results on his Wisconsin dairy.

A Different Way Forward

What started as resistance eventually became results.

When the microbial balance inside the animal improved, intake stabilized, consistency returned, and performance followed. It wasn't magic. It was understanding what was actually driving the system.

And it challenged the way the industry had been thinking and today is reshaping the industry.

Why We Still Build It Here

A lot of companies move production when they grow.

We didn't.

Priority IAC still manufactures in-house in Wisconsin for one reason: when you control the process, you control the outcome and accountability.

No outsourcing, no shortcuts, no guessing what's in the product or how it was made. Just consistency, built the same way every time.

This Was Never About Following the Industry

Long before it was accepted, this work was already being done. Not because it was easy or popular, but because there was a responsibility to the animals and to get it right.

Even when it meant standing alone.

The Same Philosophy Today

The industry talks about gut health now. We've been building around it for decades, and we still operate the same way: close to the animals, close to the process, and focused on what actually works.

Built Here. For a Reason.

Being built in Wisconsin isn't just where we are, it's how we operate.

It means staying connected to the work, staying accountable to the outcome, and building products the way they were meant to be built.

Because when it comes to animal health and performance, where it's made matters.

FOOD PLOTS THAT FEEL SAFE

COMBINE NUTRITION & COVER IN ONE STRATEGY

The best plots don't just feed deer — they make them feel comfortable.

WHD Buck Hangout creates a plot designed for attraction and security. This blend adds vertical structure and cover, so deer can enter and stay longer.

WHD Grain Sorghum is an easy, fast-growing grain that provides dependable food during the fall and winter, even after frost, while also providing a tall cover.

When food and cover work together, your property becomes more effective.

BUILD PLOTS THAT HOLD DEER, NOT JUST ATTRACT THEM

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion’s Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

My 2-Month Journey — God is So Good 🙏

I can hardly believe it's only been two months since I started this journey... and wow, what a transformation! When I began, I told my wife and so many others — this isn't about how I look, it's about my health. But what's blown me away is how this lifestyle change has impacted both.

For 24 years, I lived with lower back pain from a car accident. That pain is now gone. A few years ago, I had carpal tunnel surgery and lost strength in my hands — constant pain and weakness were my "normal." Now? Pain-free, and my strength is returning.

The mental clarity, the focus, the steady energy — it's not a quick caffeine rush, it's real, sustained life flowing through me. I feel better, I'm looking better, and I'm walking in renewed purpose.

I'm beyond grateful I said yes to Make Wellness. No more anti-inflammatories, no more muscle relaxers, no more pain meds. God truly led me to something that's helping me heal from the inside out. 🙏

Sleep better. Every season of the year.

Bearaby

Bearaby weighted blankets are rated at **4.8 out of 5 Stars** from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

Natural deep sleep

Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind

The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling

Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Our handmade **Cotton Napper** is a breathable, knitted weighted blanket to help you fall asleep faster and feel calmer, naturally. Designed for individual use, your Napper should be about 10% of your body weight. Not designed to add warmth. **Made of 100% organic cotton.**

Stay Local and Yet Reach Far

Jesus said, “...you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth.” (Acts 1:8)

How is that possible? Well, you can start here and now! Most of us live and work near home and only get into surrounding areas where people can see our light.

But to the ends of the earth? Let Global Disciples do the work.

Global Disciples trains Christians in Africa and Asia who know the local language and culture to share the Good News of Jesus with the people there who never before heard the Gospel. Last year 76,239 people came to Christ and joined one of 4,246 new churches that started.

People come to Jesus only as the Holy Spirit leads. But for every \$102 given, we see someone come to faith in Jesus and get involved in a church. Most who trust in Christ and are baptized were once unreached people. Every bit helps!

I am giving to help more people from ‘the ends of the earth’ come to faith in Jesus Christ!

- \$102 to help 1 person come to Christ
- \$204 to help 2 people come to Christ
- \$306 to help 3 people come to Christ
- \$408 to help 4 people come to Christ
- \$510 to help 5 people come to Christ

VISION BEYOND BORDERS

Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

We are printing and distributing Bibles to:

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

Will you help send Bibles today?

- \$4 prints one Bible
- \$100 provides 25 Bibles
- \$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

Address:
 PO Box 2635
 Casper, WY 82602
 307-333-6545

A receipt will be provided upon request for any donors who request it.
 Thank you—may the Lord richly bless you as you partner in bringing His living Word to souls in need.

LAND AND HOUSES FOR CHARITY

Avoid capital gains tax and redirect funds to church work or charity by gifting all or a portion of your property.

- Supporting God's work is the most important priority; significant tax advantages also exist.
- If you are considering the sale of a property and expect to owe capital gains taxes on the appreciated value, don't delay calling us for more information.
- You must start this process before selling the property or placing it under a sales agreement.
- The most common reason a gift of real estate cannot be accomplished is because the donor waited too long to begin the process.

LISTING & AUCTION BUYER SERVICES 500+ SALES IN 6 YEARS 1,000's OF ACRES SOLD MAXIMIZE YOUR PROFIT

The View from Here *By Aaron Miller*
SPRINGTIME!

Spring is here and with it comes a plethora of opportunities to buy and sell real estate, If you are an investor or are looking for real estate in any way shape or form. Get prequalified at bank, start planning what you want to do, and put a plan in motion. Right now, we have a healthy number of auctions and listings coming up and it is a great time to get in the game and purchase (or sell) a property. We always tell people don't try to time the market perfectly, there will always be something that isn't perfect in this very imperfect world, Covid, high interest rates, wars and rumors of wars, stock markets, digital currency, these are all things that keep or inspire people to buy or sell real estate. 95% of the people I work with are glad they bought when they did and the other 5% may have possibly paid a tick too much but will be fine if they wait for a bit to let the markets rise. Something to keep in mind. "When you own property and it goes up its appreciation" and when you see property going up from the sidelines? Yea that's inflation! It's all in the eyes of the beholder. Let's keep on keeping on! Happy springtime everyone! God bless and have a great week.

That's the view from here. Until next time.

280 Acre Lowell Area Trophy Property

Begins Ending Wednesday, May 13th at 6:00 PM

ONLINE ONLY AUCTION • ATV tours May 4th from 3:00-6:00 PM

Join us at Smitty's Pizza in Lowell the night of the auction for online bidding.

280+ ACRES | 4 PARCELS | OPEN AND WOODED | TRAIL SYSTEM | FOOD PLOTS | ELEVATED BLINDS
EXCELLENT HUNTING | ADAMS TWP. | WASHINGTON CO. | FORT FRYE LSD

Location: East Branch Road, Adams Twp, OH 45744. **Directions:** From Lowell heading north, take a slight right onto Cat Creek Road. In .9 miles, take a slight right onto E Branch Road. Property will be on your right in .5 miles.

Summary: Trophy hunters, investors, and outdoor enthusiasts, take a look—this is your chance to purchase a large tract of contiguous acreage with exceptional hunting and recreational opportunities.

These 280+ acres will be offered in 4 parcels ranging from 50 to 108 acres. The property features established food plots, hunting blinds, timber potential, access, reliable water sources, mineral licks, and an extensive trail system that gets you wherever you need to be to catch up with that trophy whitetail.

The history of this tract is exceptionally well documented, featuring **strong whitetail genetics, multiple bucks over 180" harvested or photographed over several years, and a consistently healthy doe population.** A recent drone herd analysis further confirmed an excellent deer population, reinforcing the quality of habitat and wildlife management that has gone into this property. There is also a strong turkey presence throughout.

A standout feature is that Right Branch Cat Creek runs through every parcel, providing a dependable year-round water source. From open, flat fields that create strong food sources to wooded ridge tops that offer natural bedding areas and travel corridors, this land is exceptionally well suited for the serious hunter. The combination of **water, food, bedding, and natural funnels** creates the kind of habitat and movement patterns that make this a premier trophy hunting property, while still offering recreation, trail riding, and the potential for your own private outdoor retreat.

This is truly a property you need to see in person to appreciate the level of habitat work and planning that has gone into it. Whether you're looking to expand your hunting portfolio or invest in recreational land, **don't miss this opportunity.**

Parcel 1: 50.7 acres with 645' of frontage. Features an open field at the front with an elevated hunting blind already in place, creating an excellent hunting setup. If Parcel 1 sells separately from Parcel 2, a shared access easement will provide access to both properties.

Parcel 2: 60 acres with 940' of frontage. Excellent parcel with a trail leading to a ridge top and prime field edge, both showing heavy deer activity and a history of dynamic deer encounters. If Parcel 2 sells separately from Parcel 1, a shared access easement will provide access to both properties.

Parcel #3: 67.4 acres with 1,260' of frontage. This parcel features several open fields, established food plots, a hard-to-beat ridge top, and a creek bottom running through it—creating an excellent hunting setup. A small storage shed is included. Access is currently provided by the driveway on Parcel 4; if sold separately, a shared driveway easement will be put in place.

Parcel #4 108.4 Acres with 100' of frontage. Lots of great options! Three elevated hunting blinds, multiple food plots, water sources, and marketable timber. Parcel 4 will have an existing easement for neighboring property allowing ingress and egress to a hunting parcel.

FARM FOR SALE: NEW LONDON

47.5 ACRES, 2 HOMES, 3 OUTBUILDINGS, 4 GREENHOUSE STRUCTURES, 1 HORSE BARN

**141 ST RT 60, NEW LONDON OHIO 44851
OFFERED AT: \$1,000,000**

What photos cannot capture: 47.5 acres, 2 Homes, 3 Outbuildings, 4 Greenhouse structures, 1 Horse Barn and a property built over 160 years ago -- request the full packet. This one earns its own category. The Red Home (4,104 sqft) was originally an 1890 barn, converted to the primary residence in 2011. Soaring vaulted ceilings, massive crossed structural timber beams, and dramatic handlaid stone & slate features catch the natural light at every turn. A mezzanine loft with master suite looks over an open galley kitchen, anchored by character grade hickory cabinetry, Baltic brown granite, and a dining area beneath the loft. The stone fish pond entry sets the tone from the moment you arrive. Second-level deck overlooking the horse pasture and private lower paver patio complete the picture. 3 BD | 2 BA | opportunity to add bedrooms | multiple lower level flex spaces | 1-car garage. The White Home (1,808 sq ft, c.1860) is a classic farmhouse divided into two self-contained levels - each with its own living room, kitchen, bath and bedroom. Upper level updated and functional. Lower level features original wood floors and newer drywall with a kitchen and bath ready for finishing touches. Multi-generational or income-producing potential. Outbuildings: 2008 pole barn (60'—80', 4,800 sqft) concrete floor, 16' sidewalls, office and shop heater; 1960 horse barn (48'x58', 2,784 sqft) with stalls, tack room, hay loft, round pen and two fenced grazing areas; utility shed, poultry house and carport. Three greenhouse structures totaling ~5,375 sqft. Agricultural well, 50+ raised beds, spruce trees, elderberries, and beehives. Soil: 74.0 NCCPI -- Bennington silt loam. Of the 47.5 acres, ~36 are actively farmed. A 1.1 acre stocked pond and all structures sit within the remaining 11. Productive land meets fully built-out homestead. Over 1,000 ft of road frontage.

ABSOLUTE HARRISON COUNTY 151-ACRE PREMIER REAL ESTATE & PERSONAL PROPERTY AUCTION

Home - Outbuildings - Ponds - Awesome Hunting - Mineral Rights Sold Separately

SATURDAY, MAY 16TH Personal Property 10AM | Real Estate 12 Noon

Auction will be held onsite located at 39000 Lees Run Road, Cadiz. Lat./Long.: 40.756049537998194, -82.55140265553753

Real Estate: Selling to the highest bidder is a premier 151± acre Harrison County hunting property, offered as a whole, located at 39000 Lees Run Rd in Cadiz. This is the kind of property that defines eastern Ohio land—private, scenic, and built for both recreation and long-term investment. Featuring a comfortable home, multiple outbuildings, three ponds, and an ultra-rare opportunity to acquire oil, gas, and mineral rights, this property will be offered live and online at RES.bid.

Tucked away over 1,700 feet off Lees Run Road, the setting offers exceptional privacy while remaining easily accessible. The 1,800 square foot home, built in 1994, overlooks a beautiful 1.25-acre stocked pond and is supported by multiple outbuildings, including two 24x40 pole barns—one equipped with electric, water, and concrete. The property is well-equipped for full-time living or weekend use, featuring two water wells, an improved spring, owned propane tank, and a Generac whole-house generator for peace of mind.

The land itself is what truly sets this property apart. Encompassing 151± acres of rolling hardwood ridges, natural draws, and established travel corridors, it lies in an area well-known for strong deer and turkey populations. The diverse terrain creates ideal habitat with a mix of mature timber, thick bedding cover, and strategic elevation changes that consistently produce trophy bucks and gobblers. Several ridge tops and benches provide excellent locations for stands, food plots, and turkey roosting, while multiple access points allow hunters to approach setups with favorable wind conditions throughout the season. The property includes over 2.25 miles of ATV and UTV trails, five established food plot locations, two hard-sided blinds, and a raised platform for a pop-up blind, making it ready to hunt from day one.

Beyond hunting, the property offers year-round recreational appeal with three ponds ranging from 8-10 feet deep, two of which are stocked with fish. Whether it's trail riding, fishing, hiking, or simply enjoying the outdoors, this property provides the kind of setting where you can slow down and take it all in—starting your mornings with coffee overlooking the water as fog lifts through the timbered valleys.

The timber has been well managed, with the last select cut completed in 1997, offering both immediate and future income potential. An updated survey is in place with clearly marked property lines, adding confidence and clarity for buyers.

In addition to the surface rights, a separate offering includes active, royalty-producing oil and gas rights featuring a well pad with six Point Pleasant formation deep wells. These wells have a strong history of generating consistent annual income, presenting a rare opportunity to diversify your investment portfolio with producing mineral assets.

Conveniently located just 7 miles from Cadiz, 3.5 miles from Tappan Lake, and 5.5 miles from Clendening Lake, the property provides quick access to additional outdoor recreation, dining, and everyday essentials while maintaining its quiet, rural setting. It is also within reasonable driving distance to Dover/New Philadelphia, Mt. Hope, and the Akron/Canton area.

Whether you are searching for a turnkey hunting property, a private recreational retreat, or a long-term land investment with added income potential, this Harrison County property offers a combination that is increasingly difficult to find.

A pond on the property adds to its charm and completes the rural Hilldale lifestyle with the ability to spend evenings casting a line and disconnecting from the busy grind.

The two-story farmhouse welcomes you with a spacious foyer and flows into a kitchen and dining room combination, highlighted by an updated kitchen with abundant cupboard space and beautiful views overlooking the countryside. A separate dining room provides additional space for gatherings, while the first-floor laundry offers convenience and includes a door leading to the outside allowing for a great mudroom. The main level also features a newly remodeled full bath with an attached walk-in closet. An office on the main level could easily be converted to a 3rd bedroom. Upstairs, you'll find two bedrooms and a second full bath. You will appreciate the character and cozyness this home offers.

Key updates to the home include a furnace installed in 2017, a water heater in 2020, and a new roof in 2023, offering peace of mind for years to come. The property is further enhanced by free natural gas from an on-site well, an exceptional and valuable cost-saving benefit.

The outbuildings on the property include a 24x48 shop, a 32x60 barn with a large lean-to addition, and (2) three-sided buildings. Regardless of your desires, the building provide ample space for equipment, livestock, workshops, or additional storage needs.

With gently rolling terrain and awesome scenic views throughout, the property presents an attractive opportunity for those looking to build, expand, or simply enjoy wide-open space in a peaceful country setting. Hillsdale farms with the location and character that this farm offers are extremely rare. Don't miss this once in a lifetime opportunity.

Open House: The home and outbuildings will be open for inspection Thursday, May 7th 4:30-6:00 PM. Pick up a brochure and walk the land at your leisure. Private showings available through Andy White, 419-651-2152 or Kaleb Badger, 330-641-1240.

Taxes/Legal: Ashland County Parcel # H23-011-0-0010-00 is located in Mohican Township and Hillsdale Local School District. The current annual taxes based on CAUV are \$3,450.68 and will be prorated to the date of closing. Farming rights will be given to the new purchaser with their down payment.

Terms: The successful purchaser will be required to make a non-refundable down payment of 10% at the conclusion of the auction with the balance due at closing within 45 days. A 10% buyer's premium will be added to the final bid to determine the purchase price. All inspections need to be completed prior to bidding. Farming rights given with down payment.

Auction Note: Jeff was a collector, auction regular, farmer, and had the great ability to see projects as opportunities. His collection highlights all of the above. Join us for a good day on May 23rd where we will sell in 2 rings most of the morning. One crew will sell farm toys, collectables, and tools starting at 10. Second crew will be selling farm misc., tractor and equipment parts starting at 10:20. Firearms, ammo, reloading will sell at 11:30, Real Estate at noon, and equipment immediately following real estate. A full listing is available at www.RES.bid.
