Editor's Note

Greetings to all!

In two days, summer will begin and on the same day we celebrate Father's Day. Already it feels like summer - the garden is producing abundantly. Peas will be on the menu soon and radishes are already being relished daily. Rain is a little scarce right now but so far, we have got enough to keep everything green and growing. The water table is on the low side for our area right now, but if it does like last year, we'll catch up quickly.

A year ago, it really started raining and the lowlands behind us were wet for two months. That field was harvested yesterday, last year the ground was so wet that it went until August before they could access the field to cut the orchard grass.

Thank you for advertising in the Busy Beaver!

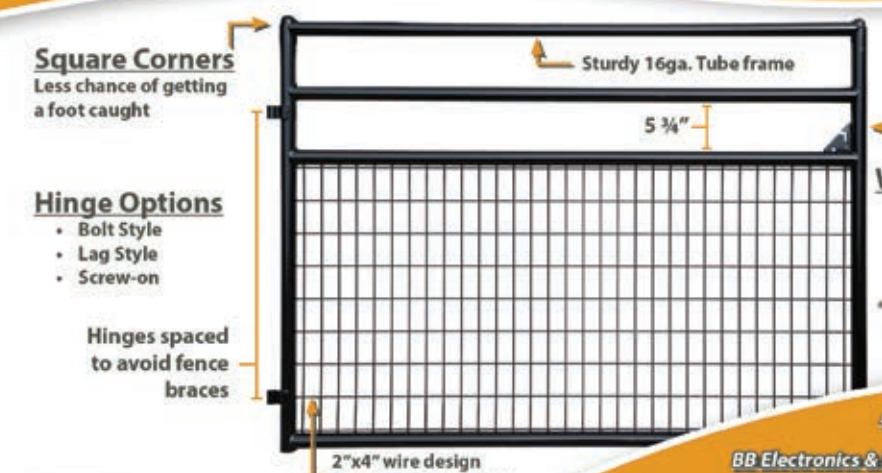

-John Zook

With the new day comes new strength and new thoughts. - Eleanor Roosevelt

Idaho Whole-Apple Cider Vinegar

GREAT APPLE CIDER VINGAR HAS A "ONE-TWO" PUNCH…

1) Looking for less disease and fewer internal/external parasites this year? THIS ACV has an alkaline forming response in any mammal's body, which is your shield against those issues.

2) The ENERGY and ENZYMES from the Whole-Apples contained in this vinegar are ALL still intact to help boost your livestock's digestion of any feed. The minerals in your feed are 90% bio-available .

The drier your feed, the better this ACV works!

How would you like a summer where your calves gain more and have less pink-eye?

OVB
OHIO VALLEY BIOCHAR
There is a Better Way

Biochar blends available for various farming needs, call for more information.

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Looking for your milk bonus?

A farmer wrote to us saying how he lowered his cows SCC and his milk inspector is really pleased. This is what he did:

1. CMT every cow in the barn.
2. Mark all high quarters with a crayon.
3. Use Hornet Udder Tonic on those quarters once a day for 3 days.
4. Cover every quarter with Super Cow Udder Mint twice a day for 7 days.

The money he spent on his cows, he received back from the bonus!

1 bottle is enough for 4 quarters

Five Check Writing Tips
to prevent against fraud and errors

1. Use a black ink pen for security.
2. Always write the current date on the check.
3. If you make a mistake when writing a check, immediately write the word "VOID" across the front of the check in large letters. Record the check number and date in your check register and write VOID as the description.

4. When writing numerals for the check amount, start your first number as close to the dollar sign as possible. This prevents someone from entering an additional numeral and changing the amount of the check.

5. When writing the payment amount in words, such as "Forty-five dollars", start at the very beginning of the line. Then, draw a line from the word dollars to the end of the space.

For example: "*Forty-five dollars and 50/100* ————————"

This advice is informative in nature and is not meant to supercede any instructions from your financial institution.

IRS IMPOSTER SCAMS

The Internal Revenue Service (IRS) is the government agency that collects federal taxes.

Scammers pretend to be IRS officials to get you to send them money.

Info courtesy of the Federal Trade Commission
877-382-4357
ftc.gov/imposters

How the scam works

You get a call.

- IRS Your caller ID might show it's the IRS calling.
- The caller might give a badge number and know the last four digits of your Social Security number.

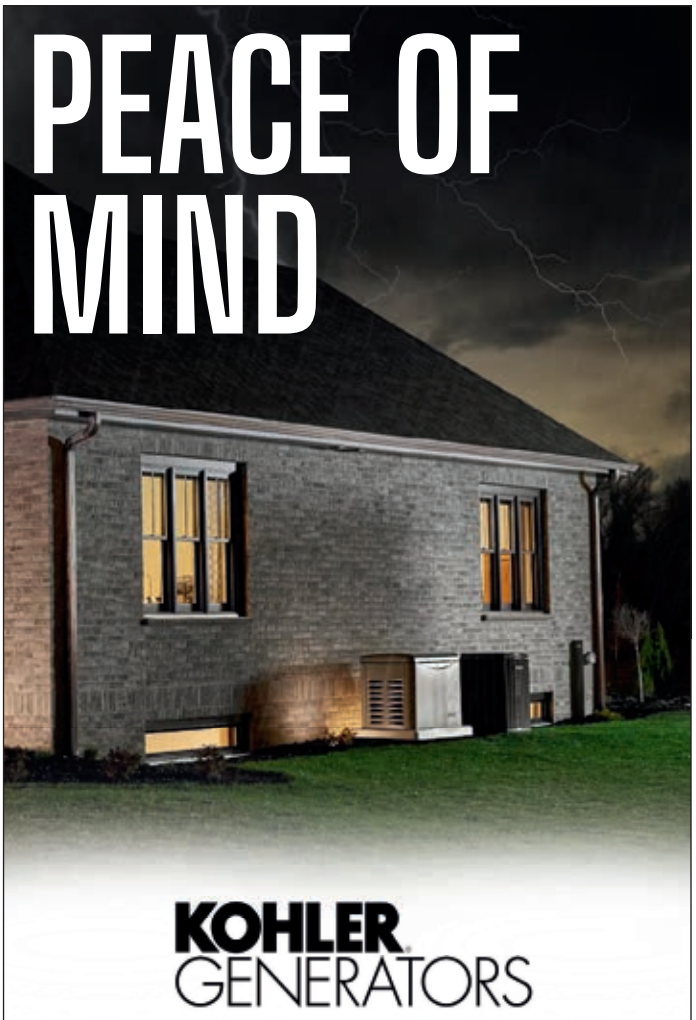

You are told:

- "You owe money."
- "You better pay now or you'll be arrested."
- "Put money on a prepaid debit card or wire it to us."

If you pay...

You find out it wasn't the IRS. It was a scam. → The money is gone.

Pressure Point Mat Set

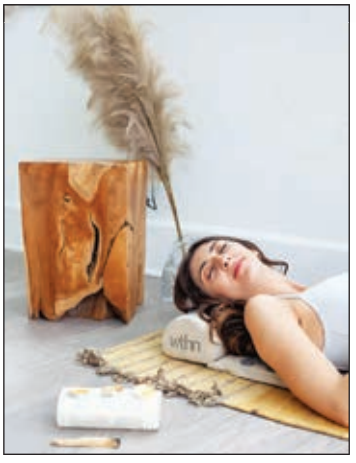

Lay back, breathe deep, and let the tension melt away.

Great Gift! *for Father's Day*

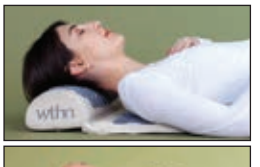

$138 for the mat.
Add **$12** for shipping.

Studies have shown up to 40% improvement for, stress, muscle soreness, and sleep quality after regular use of the mat for 20–30 minutes before bed. Journal of Sleep Therapy 2015

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. The gentle pressure of over 4,000 pressure points works to stimulate circulation, release muscle tension, and support relaxation. Start with 10–15 minutes a day and gradually increase to 20–40 minutes as your body gets used to the sensation. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! – ***WTHN Client***

Many severe disc pain sufferers don't realize they may have other options first

THE QUESTIONS MANY PEOPLE WISH THEY ASKED BEFORE BACK SURGERY

260-535-0993

CALL TODAY TO RECEIVE YOUR FREE COPY

Eddie had been suffering with severe back pain for months.

"I had 5 bulged discs, 4 herniated discs, and 3 tears in my back."

It got so bad he **couldn't walk**.

"I had to crawl most of the time... I was off work for 3 months."

But when Eddie came to Midwest Disc Clinic, they put him on a natural care plan — no surgery, no drugs.

Things started to change within weeks.

After completing his care plan, here's how Eddie feels now:

"I can walk again. The pain is finally manageable."

WHY DOES DISC PAIN KEEP COMING BACK?

Free Recorded Message For People Whose Back Pain, Sciatica, Or Disc Problems Keep Coming Back

Many people feel better for a little while.

Then weeks or months later, the pain comes back. Some are told pills, injections, or surgery may be their next step.

But what many people are never told is why the injured disc may not have had the opportunity to repair.

In this free recorded message, Dr. Jeff explains what may be causing the pain to keep returning — and what many disc sufferers should know before taking the next step.

- ✓ Why back pain and sciatica often come back after short-term relief
- ✓ What may keep an injured disc from having the opportunity to repair
- ✓ Why pills, shots, or adjustments may not address the real disc problem
- ✓ Why some people are told surgery is their only option
- ✓ What to know before agreeing to injections or surgery

How does a *sick, discouraged* young Amish man go from a *miserable*, tick-borne illness and *extreme joint pain* to playing volleyball??

If you'd like to experience the very best natural solutions to maintain your health and avoid resorting to toxic drugs, give me a minute to tell you his story!

This young Amish man came to with a prior diagnosis of Lyme disease. He was in terrible joint pain, and wasn't even able to walk without crutches. You can imagine how discouraged he was to not able to enjoy fellowship with his friends or even work like he wanted. It was a heartbreaking situation, and it was apparent that he was having a hard time staying positive with all the pain he was in. When he came to us, we didn't focus on his diagnosis (we're natural practitioners and we do not work within the disease-management system that seeks "diagnose-treat-cure" symptoms that get grouped together and labeled as a "disease." No! We instead understand that our bodies can heal in seemingly miraculous ways on their own then they are given the right kind of herbal support, nutrition, and care. Nevertheless, this young man ***wasn't even able to work*** due to the excruciating pain he was in...and he was very, very depressed about it.

But there are so many options! **How can you figure out the best natural approaches to use? What will really make a difference?** Every person's body is different, and what works well for one person may not work for another.

Well, he began to work with us using our state-of-the-art saliva and hair testing. We were *fascinated* to identify the exact areas where his body was struggling and needed help. Based on that valuable information, we designed a **completely personalized program for natural healing**—based on *his* results. This program involved some little-known herbal tinctures that were specifically designed to support the body in healing from tick-borne illnesses. We hand-crafted a program with *clear, simple steps* he could take to transform his health. We wanted to give him everything he needed to strengthen his immune system and get his life back. And we didn't guess. This program was based on *exactly* what his body needed to balance his energy levels and detoxify.

And then...? We actually didn't hear from him for several months! What happened? Did we miss it? Did nothing happen? We waited to hear back from him week after week, until one day finally...we we received a hopeful call from him. We discovered that...not only had he gotten off of his crutches and had gotten back to working in the meantime, **he was also able to go back to enjoying volleyball!**

If you're experiencing some health challenges of your own, you can follow the same steps he did.

Please call us if you have ever wondered...

- Do I need to be taking a different probiotic to support my gut health?
- Should I be worried about a tick bite I got? What can I do to boost my body's immune defenses naturally?
- Is there any way I can approach healing naturally without drugs?
- What vitamins and minerals might be out of balance in my health? What can I do to make sure my body is getting the right things?
- Should I be worried about parasites? Do I need a parasite cleanse?
- ...or even just, "I just don't feel as healthy as I think I should. I'm tired and thoughts just seem fuzzy. What can I do to feel better?"

Everyone's body is different, and that's the point. Don't just go try things blindly. Take steps with confidence!

"Lions Mane Talk"

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Bearaby

Bearaby weighted blankets are rated at
4.8 out of 5 Stars
from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby Weighted Blanket gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

BREAKING NEWS: Reports are in that people who have already been sleeping better with a Cotton Napper, are taking it up a notch more with the revolutionary Tencel Cooling Tree Napper. The eucalyptus fibers contained in this fiber blend have moisture wicking properties giving you the effect of the cool side of your pillow... all night long. Yes, even on these hot summer nights. We will keep you updated as this story develops.

In other news, the Cotton Nappers are available in 3 new colors, as reported below.

BUSHMAN HARMONICAS

KNITTLINGER

Introducing the loud and lively, quick and nimble, ultra-responsive Knittlinger. It sounds like an accordion, but it's a double reed, Knittlinger octave harmonica with 10 holes and 40 reeds, in the traditional Richter note arrangement. It features a forever lasting, not going to warp, plastic comb, and a thin profiled, comfortably beveled, slick, go-fast, chrome-plated mouthpiece.

Keys: LA, LBb, LC, LD

Deed and Truth Ministries

PURPOSE: Our purpose is a cooperative effort of many churches and individuals to procure funds for qualifying missions - enabling them to share God's love in Haiti.

VISION: Our vision is to see Haitians use even limited resources in sustainable agriculture and other self-help programs; providing water wells and clinics. Assisting in education, distributing Christian literature, coordinating teaching ministries and providing disaster relief. Our ultimate goal is for them to know the Lord Jesus Christ. All this as we "consider the cause of the poor and needy."

WORLD HUNGER FUND

Food encourages people in war-torn Ukraine

As the violent and deadly war between Ukraine and Russia continues, many people are left displaced, without jobs, and in despair. Some have lost family members and have witnessed the horrors of war.

We are grateful for an avenue to provide food to people in Ukraine, even to some who are caught in the middle of the conflict in Russian-controlled areas. The gift of food blesses and encourages those who have felt the tensions of war for over four years.

A family who received food from CAM contacts wrote, "We . . . thank you with all our hearts for the food items you have gifted to our family. . . . [Our children] were delighted and truly surprised to discover that, in these times, there are still people who care deeply for others who recognize their needs and who are willing to make sacrifices of their own. May the Lord bless you!"

Steel Worker Position

We are looking for hardworking, driven candidates who are interested in serving our customers and fellow team members with excellence.

Our steel workers must be willing to work at height on a continuous basis and have a good professional team player attitude. The steel crews generally meet at the shop at around 5:30 am and get back to the shop at around 4:30 pm. Our jobs are typically within 2 hour radius of Honey Brook.

We look forward to meeting you!

Keystone Steel Structures is a small company that specializes in erecting and finishing steel buildings. The owner started the company in October 2001. The first few years Keystone was only involved in the erection of the steel structure itself. However, due to customer demand, we have chosen to expand the company's services to include supplying a complete pre-engineered metal building package as well as providing general contracting services for an entire project. While we would be happy to erect a structure from any supplier, we are proud to supply our buildings through Whirlwind and Metallic Building Systems. Over the years, we've collected many awards and honors for the work we do with them.

We strive to build our reputation with excellent communication and unrelenting persistence at keeping our promises to supply quality construction. We are committed to delivering great value and service to our customers.

BioScanSRT System Overview

- **BioScanSRT** is an FDA-cleared, non-invasive, and safe scan suitable for both adults and children. This system addresses current health concerns and promotes proactive wellness.
- The **BioScanSRT** uses a proprietary database of over 80,000 energetic fingerprints to help identify potential stressors impacting the body.
- Pam will evaluate your **scan**, identify stressors, and develop a personalized plan to restore balance.
- The cost for a **BioScanSRT** is $110.00.
- **The Basic BioScan evaluates:** pH, immune system, cardiovascular (blood), cellular energy, digestive system, endocrine system, nervous system, male or female health, thyroid, and urinary system.
