Frequently asked Question

What is the best way to wash my Napper?

Wash separately in cold water, using mild detergent. If in a washer, select a delicate or permanent press cycle. Avoid fabric softeners and bleach. If using a dryer, tumble dry on low heat. It may take several cycles.

Do not hang on a clothesline to dry, it is very heavy when wet, and prone to stretching. It works well to drape it over a Lifetime table in the sun, and should be dry in roughly the same time period as a comforter. However, for the easiest washing process, take it with you next time you go to the laundromat.

Editor's Corner

Hello Everyone,

Another beautiful morning we have. A little chilly but just perfect, because by noon it gets warm.

Before we know it summer will be over. Can't believe we are already in the month of August; a couple more weeks and school will be starting.

Canning season is back. Are we truly thankful for everything we get or are we taking it for granted? Let's remember those who wish they could just go back and relive a moment with their loved ones they lost. You should never judge a person without knowing their whole story; we never know what a person is going through.

I should probably be going, I have a bunch of work to catch up on.

Julie Miller

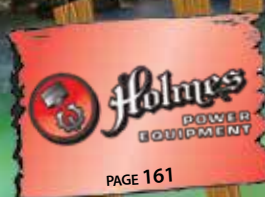

Life is going to test your strength every day, so remind yourself that even when things get tough, you will always be tougher.

You CAN nurse your baby!!! DON'T give up!!

Look what this mother from Wisconsin has to say:

I would like to order 4 more bottles of "Mothers Milk". It really works!! I tried so many other products to no avail. All I can say is when all else fails try "Mothers Milk"! :) Thank you for your great product. I don't want to be without it. What a joy to be able to put the "bottle" away since using this. - A happy Mom.

A mother from New York writes:

Hi, I'm ordering more Mothers Milk. I'm on my last bottle and I don't want to be without it - never could nurse our babies so good. He is gaining so well and don't have to give him a bottle at all. Thank you!

A mother from Indiana writes:

Please send me 3 more bottles of "Mothers Milk". This is my 8th child and I was never able to have enough milk for fully breast feeding. Now my baby is a little over 3 month and still doesn't need the bottle! It seems I had tried everything but this stuff really works! Thanks for a good product!

Another mother from Indiana writes:

I am amazed that it actually works for me since I have never had any luck with herbs/tinctures.... So am very thankful you created this wonderful product!

We have hundreds of testimonials like these!

"Mothers Milk" is a liquid tonic formulated for nursing mothers whose baby struggles with weight gain. It produces both more milk and more nourishing milk. Most mothers have really good results.

Introducing

Soothe the ache.

Support the day.

Relief you can feel. Life you can enjoy.

Vistalife's Relievion is formulated with carefully selected ingredients designed to help support the body's natural response to discomfort and promote overall wellness. When used as part of a comprehensive health plan, Relievion may help individuals maintain comfort, mobility, and a better quality of life, allowing them to focus on the activities they enjoy most.

Why These Ingredients Work Together

Relievion combines five scientifically researched ingredients that address pain and inflammation from multiple angles. Curcumin C3 Complex® and Bospure® help support a healthy inflammatory response. Collavant® n2 focuses on joint structure and cartilage support. AstaReal® helps combat oxidative stress that can contribute to discomfort and tissue damage. ParActin® provides additional inflammatory and immune support. Together, these ingredients create a comprehensive wellness formula designed to support comfort, flexibility, mobility, recovery, and overall quality of life. Rather than relying on a single mechanism, Relievion provides broad-spectrum support for individuals seeking a natural approach to managing everyday pain and inflammation while maintaining an active lifestyle.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

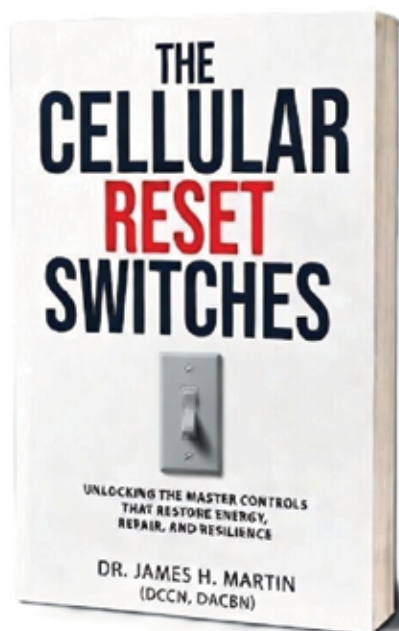

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Pressure Point Mat Set

Lay back, breathe deep, and let the tension melt away.

Studies have shown up to 40% improvement for, stress, muscle soreness, and sleep quality after regular use of the mat for 20-30 minutes before bed. Journal of Sleep Therapy 2015

\$138 for the mat.
Add **\$12** for shipping.

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. The gentle pressure of over 4,000 pressure points works to stimulate circulation, release muscle tension, and support relaxation. Start with 10-15 minutes a day and gradually increase to 20-40 minutes as your body gets used to the sensation. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! - WTHN Client

Food intolerances can also lead to chronic diseases by creating inflammation within the body. It's a well-known fact that all disease starts with Inflammation. It's like putting watered-down gas in your Honda engine. We all know what happens when you do that!

Imagine what years of inflammatory foods can do to your body over time? We'll do a simple DNA test that recognizes what 600+ different foods/non-food products are causing your body the most harm.

We'll also test you for the 80+ essential minerals, vitamins and nutrients. This portion of the test is a good balance to creating a healthy lifestyle and can boost the immune system and reduce your intolerance levels simply by adding recommended foods to your diet.

CHARACTER BUILDING SERIES | BOOK 1

Booked & Written by M. Peters
Illustrated by Sandy Boone

More than a story!

Bible-Based Picture Book Humphrey

Roll with Humphrey the hump-free camel as he finds the peace that passes understanding and learns contentment. Humphrey is a short, yellow camel with big toes and no hump, unlike the *normal* camels at the zoo.

The first children's book in our character-building series, "Humphrey" is a Bible-based lesson with beautiful illustrations and Scripture memory verses throughout to remind us that God gives us different gifts and He is always listening to our concerns.

Positive Feedback from Ages 1-99! The Character Building Series

Jonah Elijah

A Tribute to Godly Brethren & Fathers

Walk with Jonah Elijah as he uses his compass and fishhooks to help the villagers he loves. When the stripes of life tempt them to say "I go a fishing," help Jonah Elijah encourage them to cast their net on the right side, dig to find the pearl of great price, check their saltiness, and cover their stripes for true healing.

Sleep better. Every season of the year.

Bearaby

Bearaby weighted blankets are rated at
4.8 out of 5 Stars
from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby Weighted Blanket gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

BREAKING NEWS: Reports are in that people who have already been sleeping better with a Cotton Napper, are taking it up a notch more with the revolutionary Tencel Cooling Tree Napper. The eucalyptus fibers contained in this fiber blend have moisture wicking properties giving you the effect of the cool side of your pillow... all night long. Yes, even on these hot summer nights. We will keep you updated as this story develops.

In other news, the Cotton Nappers are available in 3 new colors, as reported below.

Natural deep sleep

Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind

The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling

Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Phony Phone Calls and Overpayment Scams

Currently, the Bank's Fraud Department is seeing two types of fraud tactics: unsolicited phone calls impersonating someone of authority, and overpayment scams.

Unsolicited Phone Calls:

These calls will always seem urgent and possibly trick you into giving out personally identifying information over the phone. Those with a landline tend to be a prime target for this type of scam.

Please note that...

- The IRS and any law enforcement officers will never call you on the phone and ask you to send money for an outstanding debt.
- A bank's fraud center will never ask you to withdraw any money from your accounts in order to refund a charge. Be aware of any call that acts like they are transferring you to your bank. Your bank will never ask for account numbers, PIN numbers, one-time passcodes or online banking information over the phone.
- The Social Security Administration won't charge any escrow amounts for changing your social security number.
- If an unsolicited call that states a bank employee is committing fraud on your account, hang up and contact a known bank employee, no matter what the caller states.
- Any unsolicited call that asks you to click a link they are sending you, please hang up and contact your bank.
- Any instructions given on an unsolicited call that require any of your funds to be deposited into a Bitcoin ATM, no matter how convincing they seem, hang up and call a known bank employee.
- There are no reputable banks that will ask for that information over the phone. In the case of Bank of Bird-in-Hand, any employee can speak with the fraud team in order to provide input and guidance. Electronic Banking can verify if a valid fraud alert was sent to the customer.

Overpayment Scams:

One additional scam is the overpayment scam. This scam targets small businesses selling products. The "buyer" sends too much money asking you to send funds back. They will send what looks like a valid check (but it's not). It is recommended to not send merchandise or any money back for at least 5 business days. Your bank's fraud department can also try to verify the item in question for you.

Own Your Insurance Company. Keep More Money. Protect Your Legacy.

Most businesses buy insurance.
Some businesses own it.

With captive insurance, your company insures its own risks and keeps the profit instead of sending it to big insurance companies.

That means:

- More protection for your business
- More control
- A new profit center
- Insurance company tax treatment

And a way to help keep your business strong for generations.

CIC Services has helped hundreds of small and mid-size businesses accomplish this since 2005.

Gnawing hunger

IN CUBA

A Cuban father arrives home after a long day of hard work. He counts the coins while his children ask what they will have to eat. His heart breaks as he looks into their pleading eyes.

In another Cuban home, a Christian man feels the stress of his family's gnawing hunger. He knows the strain of caring for his wife as she battles cancer. He knows the agony of needing to decide between a piece of fruit for his ailing wife or the taxi fare to travel home from the hospital.

A woman looks up at her leaking roof. But her leaking roof is the least of her worries. She processes the sorrow of a drinking husband. She thinks about her pantry, which is nearly always empty. Her stomach aches since she hasn't

eaten in days. Sadness seems to always lurk at her door.

These are the stories of recent recipients of nutritious canned chicken from CAM's cannery in Ephrata, Pennsylvania, and other food aid made possible through your generous support.

Workers in Cuba share the responses of those who receive desperately needed food.

- They praise God for His provision.
- They weep openly.
- Their hands tremble as they clasp the precious gift of food.
- A father smiles a vibrant smile—knowing that at least for tomorrow he will have food for his children.

A CAM staff member who visited Cuba in December wrote: *I must admit, I was and am shocked and troubled by the fact that on the back doorstep of the United States is a country with such need! People vacationing on the beaches of Cuba would be shocked to know that mere miles away children are going to bed with almost nothing to eat, and the struggle for survival is similar to what you might expect in Africa or Haiti.*

In addition to providing canned chicken and other food, we are excited for the opportunity to supply spiritual food for Cuba in the form of much-needed Bibles and Christian family magazines. The dearth of Christian literature is as severe as the dearth of food.

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

Do you want BIGGER bucks on your food plot?

Now is the time to apply Ohio Valley
BioChar to your food plots!

Harvested late season

farming needs, call for more information.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

**~TESTIMONIAL~**

"We are a family operation milking 65 hd of Holstein cows. After some discussion with the Nutra-Glo rep concerning the dairy product, it sounded worth a try. We started feeding it to both our cows and calves. The results on the calves were almost immediate, and the cows also showed improvements in the weeks that followed. As the months turned to years we continued to see more and more improvements, including better somatic cell count, butterfat numbers, and also a lot less vet bills. Nutra-Glo has been a part of our program for over 14 yrs now." —MH, Walnut Lane Farm

HORSE SENSE TIPS

HAY

- Free access to hay 24 hours a day
- Daily intake needed for average weight of a mature horse is approximately 20 pounds daily.
- Hay/Grass/Forage should make up 60 to 100% of the diet
- Most horses need 1½ to 2% of their body weight daily, more in cold weather
- They are grazing animals and do so 60% of the day, grass and quality hay is best
- Eating hay on cold nights helps conserve calories and keep them warm

Tips for Quality Hay

- Open a bale, check for debris
- Best is fine-stemmed, green, leafy hay
- Avoid moldy, dusty, sun-bleached, or over-cured
- Alfalfa should be in early bloom
- Grass hay should not have fully formed seed heads
- Check for insects such as blister beetles
- Very heavy bales may be wet inside-wet is not good

STORAGE

Store hay in a dry, covered area protected from weather and sun. Feed within one year of harvest when possible.

Quality hay is necessary for horse health and performance.

Maximum Performance Horse Supplement

Pellets for Horses that are Picky Eaters or Have Ulcers. Also Great for Driving Horses & Stallions!

Here is a young colt with two hind Ankle OCD's and really wormy Date 6-9-20

Hay and grains have fewer minerals today. You really need to supplement for peak performance and breeding nutrition.

**50 lb bag-granular, \$150
lasts five horses—1 month!**

**50 lb bag-pellets, \$135
lasts one horse—50 days!**

Here is the colt 57 days later with NO OCD's in either hind leg and a beautiful shiny coat at 7-27-20

Mr Schwartz's mare was running off with his girls, biting them, he knew she had an ulcer, 15 days on the pellets, she is so calm, warms up nicely, goes longer, stronger and cools down faster. Wow, he was so excited, he wants to breed her, instead of giving her away.

Mr Miller says he had never had stronger colts, jump up right out of the bag, run around the stall and jump over the mare, before she got up. His best year breeding, mares strong after foaling, strong babies, plenty of milk. It was a dream foaling season. He will keep his mares on mp while in foal and after.

Mr Yoder had tried to breed his favorite mare for 12 years, after 30 days on MP she checked in foal. He is so excited.

Mr Yoder bought a mare they said was lame, could only be bred. He put her on mp and 15 days, she was bucking coming out of the barn. He hooked her to the cart and off she went straight down the road. He called and wanted to be a dealer. He said, "Anyone with a driving horse needs MP. This is the greatest stuff for driving horses!"

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in our feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, cool down faster, and improve hoof quality.

1. If you want to reduce ulcers.
2. If you want to increase stamina and reduce recovery time—may see a difference in 5 days!
3. If you want to increase oxygen for better stamina and improve oxygen to the cells for driving and work horses performance.
4. If you want to calm your mares down, reduce tying up, and anxiety.
5. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Learn How to Maximize Breeding!

1. If you want to reduce OCDs, improve fertility.
2. If you want to have mares at peak condition ready to be checked in-foal, calm mares down as well.
3. If you want to improve development of your foals, strong when born, boost immune system, strong bones.
4. Vets explain OCDs are caused by mineral imbalance while mare is in foal.
5. First 11 months gestation—not enough calcium and minerals causes bone chips, OCD's.
6. Stallions have better sperm count, maintain muscle mass, and maintain hoof quality during breeding season and year round.

Rescued by the Gospel of Jesus Christ...

In a dark Philippian prison, a hardened jailer stood ready to end his life—until God intervened.

The jailer, thinking the prisoners had all escaped, was about to take his own life. But through the faithful witness of Paul the Apostle, **that desperate man encountered the life-changing message of Jesus Christ.** Fear turned to faith, despair to hope, and a jailer became a brother in Christ—"he and all his household" rejoicing in salvation.

Today, countless men and women behind bars are standing in that same moment of crisis, searching for hope in the darkness. Your support helps bring that same Gospel message into prisons across our nation. Through the distribution of care packages and Bibles, along with Christ-centered testimonies, lives are being transformed just like the Philippian jailer's.

Partner with us to reach those the world has forgotten, and help rescue souls.

Your donations turn prison cells into places of redemption.
