Editor's Corner

Hi everyone!

Rainy days are nature's way of telling us to take a break and recharge.

A mild morning. It seems like it might start raining today. There might even be some wind in the forecast for this week along with a few more rainy days but that's okay, we need the rain!

With it being a bit warmer now, I think it would be time to start with the campfire evenings. It might be a bit chilly yet for that, but I guess that way you can sit closer to the fire and actually enjoy its warmth! There's just something about it, I find a campfire very relaxing, and it's a good way to unwind from the day!

Have a great week everyone!

Rhoda Miller

ARE YOU DREADING
Allergy season??

DON'T SUFFER FOR 19 YEARS LIKE I DID!!

For years I struggled with severe seasonal allergies (Spring & Fall) along with food sensitivities, headaches, chronic hives, chronic fatigue.... All this was part of my miserable everyday life. Thousands of dollars were spent as we searched for help to fix my "leaky gut". Every health practitioner was able to tell me my problem but not one of them was able to help me fix it. It was very depressing. Seven years ago we were introduced to WHOLE FOOD NUTRITION from Tranont and what a life changer! These 7 years have been the best years of my life. All honor and glory to God, our true healer.

Change Life **TRANONT**

IF YOU ARE SERIOUS about improving your health and getting ahead of your issues.... It's time to get SERIOUS about ingredients!! Did you know that over 95% of supplements today contain synthetic (manufactured) ingredients?? Our bodies were not created to recognize and use these foreign substances! These are NOT what our body needs to heal.

DISCOVER the benefits of REAL WHOLE FOOD NUTRITION!

DAY

\$138 for the mat.

Studies have shown up to 40% improvement for, stress, muscle soreness, and sleep quality after regular use of the mat for 20-30 minutes before bed. *Journal of Sleep Therapy 2015*

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. “Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion’s Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Dear Friend,

100% Folklore. Zero Science

If you have a health problem -- and can't get well, there could be a very good reason. Worms and parasites!

It sounds hard to believe. I agree. But if you're alive and breathing -- you're at risk. You may not see these tiny creatures. But believe me -- they're there! While you sleep, they eat. Your food! Your nutrients!

Pet owners often have red worms. →

Many eat the best natural foods and take the best supplements -- and never get well. Why is that? One reason is the worms and parasites take the best nutrients. YOU get the scraps -- the leftovers!

It's TIME to Clean House! Get rid of unwanted guests!

It's time to kick these suckers OUT -- once and for all. Out out. OUT! No more Free Lunch!

One Woman's Secret. She is 101. A woman in New Mexico is 101 years old. Her mind is razor sharp. Her memory is great. She works eight hours a day. Her secret? She keeps her body free of parasites & worms.

Four ways you can get Worms & Parasites.

- #1. Unwashed fruits and vegetables.
- #2. Unwashed watercress from streams.
- #3. Raw-undercooked fish.
- #4. Pork. Try to cook all pork products at the highest possible temperature.

Did you know that microscopic parasites can cause arthritis?

Sensitive issue stopped.

A young daughter was constantly scratching her butt. Her mother found tiny, white worms in that area. They crawled out at night, Creepy! She took the Speicher Worm Pills. The itching stopped.

The Colon & Parasites.

A lot of worms & parasites flourish in the colon. That's why, keeping the colon clean is critical. Ask for Speicher's Colon Pills.

"Everyone, rich, poor, the whole population has parasites."

- Dr. William Kelley

"Everyone has parasites - everyone! I mean 100% out of 100 people."

- Colon Therapist.

"Parasites can remain in your body for 10, 20 and even 30 years."

If you live - or work near Pets & Farm Animals, chances are... YOU have Parasites! Or Worms. Or both!

Horses

Cows

Pigs

Dogs

Cats

Chickens

Birds

Pet Birds are often the worst because they flap their wings. This can spread parasites all over the house.

Which worm or parasite do You have?

- Roundworm in Skin. → Eczema

You can **stop** sleep breathing disruptions tonight.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up."
Elva Chupp

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long. This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

Sweet Dreams.

Replace your restless nights with Sleep Breathing Support™

Sleep Breathing Support™ by Nature's Rite is a natural way to reduce sleep breathing disruptions and achieve a restful night.

30 Capsules ~~-\$45.99~~ \$36.79

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation. Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

The Cause

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

If you want to know whether it will work for you, then you have to try it.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

The Solution

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

How pHix's Mature Hops Extract Can Help Stabilize Blood Sugar & Support Diabetes Management

If you or someone you love struggles with blood sugar swings or diabetes, you know how frustrating it can be to find natural solutions that actually work. What if a powerful, science-backed help—derived from something as simple as hops—could help? That's where pHix comes in.

The Blood Sugar & Diabetes Connection
Unstable blood sugar isn't just about sugar cravings or energy crashes—it's a major factor in metabolic health, weight management, and even long-term complications like diabetes. Traditional approaches often rely on medications with side effects, but what if nature already had a better answer?

How pHix's Mature Hops Extract Works

- ✓ Improve Insulin Sensitivity – Helps your body use insulin
- ✓ Slow Glucose Absorption – Supports balanced blood sugar stability
- ✓ Reduce Inflammation – Chronic inflammation

Why Science Behind It
Research has shown that certain compounds in hops (like alpha and beta acids) can:
• Activate AMPK (an enzyme that helps regulate metabolism, similar to how exercise does).
• Mimic some effects of diabetes drugs – naturally.
• Help reduce oxidative stress, a key driver of diabetic complications.

Prevention – Help prevent progression to full diabetes.
Type 2 Diabetes – Support healthier blood sugar levels – naturally.
The Bottom Line: Blood sugar issues don't have to control your life. With pHix's unique hops extract, you're not just masking symptoms.

HERE'S A BREAKDOWN OF WHY FULVIC IS SO VALUABLE:

TOXINS ARE EVERYWHERE

We're exposed daily to heavy metals, pesticides, plastics, and pollutants. Fulvic acid supports the body's natural detoxification pathways, helping to eliminate routine environmental contaminants.

CELLULAR ENERGY

Fulvic acid supports healthy mitochondrial activity, promoting efficient cellular energy production and enzyme performance.

GUT HEALTH SUPPORT

Fulvic acts as a prebiotic, nourishing beneficial gut bacteria and helps maintain normal gut lining integrity—both important for digestive comfort and immune health.

NUTRIENT DEFICIENCY IS COMMON

Modern farming can leave soils short on minerals. Fulvic acid supports nutrient transport and supplies those minerals often missing from today's diet.

ROUNDHOUSE

Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low F, G, A, Bb, C, D, and E*

\$29.99

KNITTLINGER

Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger - it goes as fast as any player can play it!

Keys: Low A, Low Bb, Low C, and Low D*

\$99.95

BLUES SHIFTER

This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb, C, and D*

\$89.99

THE DELTA FROST COLLECTION

- The workhorses of the Bushman brand The Delta Frost comes in 3 different comb choices - Original (plastic), or you can get the Steeie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

Original Keys: Low D, Low E, Low F, G, A, Bb, C, D, and E*

Steeie and Woody Keys: Low F, G, A, Bb, C, D, and E*

\$29.99

\$44.99

HARMONICA EXPRESS

LEARN TO PLAY IN JUST ONE DAY!

Quickly learn to play popular songs even if you don't know how to read music! This popular harmonica instruction book teaches the basics like how to hold the harmonica, and how to play single notes, and then it teaches more advanced skills like how to tongue block in order to Double Two Rattle, how to bend notes, and how to harmonize with others! It ends with the very important, rarely known topic, Harmonica Care & Maintenance Guide. That one section will save you many times the cost of the book!

\$9.95

Dinky BUSHMAN

Dinky BUSHMAN

DINKY

Our all new Bushman Dinky has a greater note range and ability to play more songs than any true, 1-1/2" mini harmonica ever made!!! The Dinky plays much better than the typical mini, and it's more comfortable. Here you get all 3 Keys for one low price! G (Yellow), A (Navy), and C (Black)

3 Pack: **\$14.99**

* All Keys on this page are listed from Lowest to Highest.

CATALOGS & MAGAZINES

Your Brand, In Their Hands, On Their Desk.

> Physicality Matters

People remember what they touch. A physical catalog creates a sensory connection that digital ads lack, making your brand much harder to forget when the customer is ready to buy.

> The Discovery Effect

Catalogs encourage "browsing" rather than just "searching." This leads customers to discover products they didn't know they needed, consistently resulting in larger orders than web-only shopping.

> Direct Access

Your catalog doesn't have to compete with an overflowing inbox or social media algorithms. It goes straight to the customer's home, giving you 100% of their attention without any distractions.

A channel enabling the church to minister to physical and spiritual needs around the world

WORLD HUNGER FUND

Food, hope, and fellowship in Venezuela

Article space donated to CAM

CAM contacts in Venezuela work tirelessly to supply nutritious food for the most vulnerable—children, the elderly, and families facing economic hardship. Their mission is to restore dignity, nourish bodies, and build hope, one meal at a time.

Volunteer coordinators oversee a network of church-run food kitchens that provide food for the hungry. When people come to get their hot meals, they also receive spiritual encouragement and Christian literature. As the church works among its own people, they endeavor to create an environment of care, hope, and fellowship that points to the Father God.

A recipient named Doriannys shares, "In my house there's nothing to eat, my dad is in prison, the money my mom earns cleaning doesn't stretch..."

"Thank God for our Bible class and the teachers, who bring food and the Word of God, no matter what happens."

Please pray for the people of Venezuela as they face significant uncertainties. Your support provides help and hope amid trying times. Thank you!

Own Your Insurance Company. Keep More Money. Protect Your Legacy.

Most businesses buy insurance.
Some businesses own it.

With captive insurance, your company insures its own risks and keeps the profit instead of sending it to big insurance companies.

That means:

- More protection for your business
- More control
- A new profit center
- Insurance company tax treatment

And a way to help keep your business strong for generations.

CIC Services has helped hundreds of small and mid-size businesses accomplish this since 2005.

Featured: ACRES MARYJANESFARM. THE OLD FARMER'S ALMANAC GRIT heirloom GARDENERS MOTHER EARTH NEWS

At Dr. JimZ®, our main goal is to help people eat more nutritious food and be more successful in the garden. Our nutrients are designed to stimulate life in the soil and provide a plethora of nutrients at a biological level. **The microbes in the soil must consume the nutrients before they are 100% bioavailable to the plant.** Our products feed the microbes so your plants can then decide what nutrients they need and when they need them ... this will maximize the genetic potential of the plant and result in higher-quality fruits and veggies.

Time To Feed Your Trees!

Spring is one of the best times to feed your trees (this is when they pull in nutrition for the spring and summer months)

Tree Secret®

- All non fruit-bearing trees, evergreens and bushes.

Chicken Soup for the Soil®

- All fruit trees, flowering perennials, and flowering bushes.

Before

After

Tree Secret® liquid tree fertilizer (formerly known as Save-A-Tree®) is a biologically correct (non-synthetic) tree fertilizer that has been created specifically for enhanced tree success. Our small-batch, extra-potent blend of readily available nutrients is exactly what your trees, plants, and bushes need to revitalize and look great for years to come. The competition does not come close!

- Nitrogen found in most chemical lawn fertilizer is largely responsible for the unnatural rapid growth that weakens trees by thinning their protective cell walls, opening the door for disease, wind damage and bug infestations.
- Plants and bushes need the same nutrition as slow-growing trees. Give your yard a serving of this ultra-potent undiluted, carbon-based fertilizer and watch in amazement as your trees thrive and your landscape transforms into a lush paradise.
- Excellent results on all trees and bushes, including evergreens!

6.4oz Jug
\$34.95

APPLICATION INSTRUCTIONS

The amount needed for best results depends on the diameter width of the tree trunk 4' up from the base of the tree.

- Use 1 cup per caliper inch of tree trunk (trunk diameter)
- Mix with water and evenly apply from the base of the tree to the drip line.
- Water into the root zone.

To SAVE a dying or stressed tree, apply in spring and fall.

To MAINTAIN good tree health, use one time per year in spring or fall.

Happy trees have fewer problems. This stuff works!

It's time to start applying OVB to your fields and gardens.

Also available in 1.2 cubic foot bag

Actual results after 2 applications of OVB Garden Blend

Prevent your fruit trees from **FREEZING** in temperatures as low as 16° Use FXI (Fire Extinguisher), Biome Food & Harmonizer

If you want better nutrition... you need to start with better soil

Biochar blends available for various farming needs, call for more information.

WHAT IS BIOCHAR?

- Our Biochar is steam activated carbon that is beneficial for our soils and animals
- Biochar creates a biology in your soil that saves money on fertilizer inputs.
 - Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
 - Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
 - Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

MAXIMUM PERFORMANCE HORSE SUPPLEMENT

Give your horse the minerals that are no longer in the your feed!

50 lb Bag Granular \$150, last 5 horses/ 1 month. 50 lb bag pellets \$135 last 50 days/ a

horse Pellets for picky eaters, with ulcers, driving horses, Stallions and mares.

Dave Mast mare was open two years in a row, 30 days on Maximum Performance and she checked in foal with NO Regu-mate.

David Patterson bred for 30 years and always trouble foaling out, weak foals, trouble re-breeding. First season on MP, mare foaled easily, baby running in the stall, plenty of milk, mare cleaned quickly and checked in foal first time bred. Very impressed.

Indiana man had mare running off, cranky, picky eater, put her on pellets, 15 days daughter said, What did you do to the mare? She is so easy to handle, drives great, looks better. MP Pellets. oh my.

Lawrence Schrock, PA said he was one of the few with no OCD's in his yearlings at the sale, thanks Maximum Performance for sound bones, strong muscled yearlings.

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in your feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, reduce muscle soreness, and improve hoof quality and build muscle.

1. If you want to reduce ulcers, acid reflux and build muscle as well.
2. If you want to increase stamina and reduce recovery time, see a difference in 5 days..
3. If you want to calm your mares down, reduce tying up, anxiety and aggression.
4. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Maximum Performance for Breeders

1. If you want to reduce OCD's (soft bone chips in ankles and hocks).
2. If you want to have mares at peak condition checked in foal.
3. If you want to improve development of your foals.
4. Vets explain OCD's are caused by mineral imbalance first 11 months in womb, not enough Calcium and minerals for the mare.
5. Stallions have better sperm count, maintain muscle mass, reduce OCD's and maintain hoof quality. contact 502-817-1947

ANOTHER BRUISER FOR THE WALL!!
Congratulations to another happy customer on landing this nice 11 point 142" Buck after feeding OVER-160!!

Never seen anything attract deer like Over-160. This buck was first seen while in the velvet stage and he never left the farm until he was shot on the first day of archery. We always struggled to hold deer on our farm, so obviously we are pretty impressed. Another happy Over-160 customer....

Deer Mineral

7 Reasons To Consider Feeding Over 160 Minerals

- ☞ Powerful Toxin Binder That Works Immediately to Flush Out Toxins & Parasites.
- ☞ Sea-90 Trace Mineral Salt Containing Over 90 Sea Minerals for Maximum Health.
 - ☞ Humic Acids, Check Out The Research On How It Effects CWD.
 Bio Available Humic Acid Ingredient affects CWD. National library of medicine <https://www.ncbi.nlm.nih.gov/>
- ☞ Not Just Salt, Highest Concentration of Vitamins & Minerals on the Market.
- ☞ Expect Increased Antler Growth Through Nutritional Genetic Expression.

- ☞ Over 160 Daylight Contains a Proprietary Deer Activating Blend of Ingredients Formulated to Keep Bucks More Active During Daylight Hours.
- ☞ Bottom Line is.... Stronger, Healthier, and More Robust Bucks, Does, and Fawns!!

Bucks shown are 2 of 20+ bucks shot on Reuben Jess properties.

Tony LaPratt and Reuben Jess team up for a special, 2-day event! Ultimate Whitetail hunting & fishing bootcamp on 187 acres with a river, pond and woods showing all examples.

Seminar dates Mar. 20-21 AND April 17-18 2026

Were You Disappointed In Your Hunting Season?

1. Why would you spend a dime on another new bow or hunting blind, when it makes no difference in your hunting time?
3. Why would you buy more land when you have no plan, on how to have more deer on your land?
5. How about letting me show you how, to have so many deer you say, "oh my!WoW!"
6. Let's set up your land to be its best, so your hunting and fishing can be blessed.
7. All these small things can happen on as little as ten acres.
