NEW BOOK!

FAIRBANKS OR Bust

"ARE YOU RUNNING AWAY FROM HOME?"

Crazy questions. Hitchhiking to break up the monotony. Tragic news from back home. Headwinds. Bears. New friends and many memories.

Nathan Yoder's 9,230-mile biking excursion to Alaska and back was about more than just riding his two-wheeled companion, Stella. It was about overcoming a life-changing health diagnosis. Along the way, he encountered adventures by day and by night—sleeping under the stars, in an abandoned school bus, in deserted houses, and even on top of dried-out cow manure in an old barn. Each hardship made him even more determined to achieve his dream.

Could he do it? Was it possible for a diabetic to accomplish such a feat? Or would he die somewhere in the wilderness? Ride along as the adventurous 27-year-old thwarts the challenges of his Type 1 diabetes, and watch as his worldview changes one pedal at a time.

WATER FOR THE WORLD

Ripples of joy

In two remote villages nestled in the rolling hills of South Asia, people used to walk miles to a river, lake, or other source to find water for their families. Gratitude overflows from these villagers, who received water supply systems. Farmers are especially grateful for the easy access to fresh water for their animals.

One villager said, "I have seen my children grow up drinking muddy water because that was all we had. But now, they can drink clean water every day without worry. **Seeing the joy on their faces as they use the tap fills my heart with happiness.** We will forever be grateful for this gift."

Maximum Performance Horse Supplement

Pellets for Horses that are Picky Eaters or Have Ulcers. Also Great for Driving Horses & Stallions!

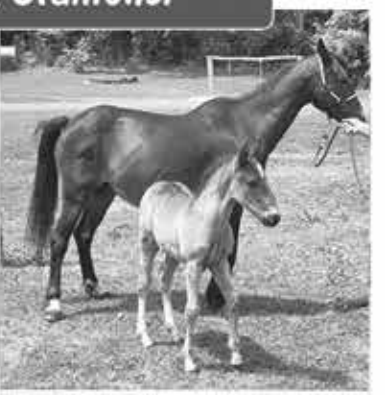

Mr Millers colt that jumped up and ran around and jumped over the mare.

Hay and grains have fewer minerals today. You really need to supplement for peak performance and breeding nutrition.

50 lb bag-granular, $150 lasts five horses—1 month!

50 lb bag-pellets, $135 lasts one horse—50 days!

22 year old mare, caught in foal after being baron for 6 years

Mr Schwartz's mare was running off with his girls, biting them, he knew she had an ulcer, 15 days on the pellets, she is so calm, warms up nicely, goes longer, stronger and cools down faster. Wow, he was so excited, he wants to breed her, instead of giving her away.

Mr Miller says he had never had stronger colts, jump up right out of the bag, run around the stall and jump over the mare, before she got up. His best year breeding, mares strong after foaling, strong babies, plenty of milk. It was a dream foaling season. He will keep his mares on mp while in foal and after.

Mr Yoder had tried to breed his favorite mare for 12 years, after 30 days on MP she checked in foal. He is so excited.

Mr Yoder bought a mare they said was lame, could only be bred. He put her on mp and 15 days, she was bucking coming out of the barn. He hooked her to the cart and off she went straight down the road. He called and wanted to be a dealer. He said," Anyone with a driving horse needs MP. This is the greatest stuff for driving horses!"

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in our feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, cool down faster, and improve hoof quality.

1. **If you want to reduce ulcers.**
2. **If you want to increase stamina and reduce recovery time—may see a difference in 5 days!**
3. **If you want to increase oxygen for better stamina and improve oxygen to the cells for driving and work horses performance.**
4. **If you want to calm your mares down, reduce tying up, and anxiety.**
5. **If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.**

Learn How to Maximize Breeding!

1. **If you want to reduce OCDs, improve fertility.**
2. **If you want to have mares at peak condition ready to be checked in-foal, calm mares down as well.**
3. **If you want to improve development of your foals, strong when born, boost immune system, strong bones.**
4. **Vets explain OCDs are caused by mineral imbalance while mare is in foal.**
5. **First 11 months gestation—not enough calcium and minerals causes bone chips, OCD's.**
6. **Stallions have better sperm count, maintain muscle mass, and maintain hoof quality during breeding season and year round.**

FALL FLOWERS
Year after Year!

Our perennial mums come back Year after Year with proper planting and care.

1. Plant anytime now through September 15th to ensure the root system is well established before frost.
2. After the plant dies back, leave untrimmed over winter. Mulch with straw, grass clippings, leaves . . .
3. In Spring, once you see new growth, trim off the old stems.
4. As the Mum grows, trim back 1/3 of total plant height, twice or as needed, in early summer to create a strong, well rounded plant with many buds.
5. Do not trim your Mum after July 4th or you may be trimming off flower buds.
6. Remember to snip a few blooms for someone in your life that needs encouragement! ♥ ♥ ♥

Reminder:
MUM SALE coming up Sept. 12th!

Enjoy Your Feast of Colors!

ANOTHER BRUISER FOR THE WALL!!

Congratulations to another happy customer on landing this nice 11 point 142" Buck after feeding OVER-160!!

Never seen anything attract deer like Over-160. This buck was first seen while in the velvet stage and he never left the farm until he was shot on the first day of archery. We always struggled to hold deer on our farm, so obviously we are pretty impressed. Another happy Over-160 customer....

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

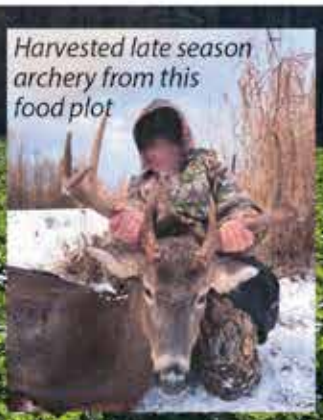

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

try the FEEL GREAT SYSTEM

Simple. Natural. Guaranteed.

Working with the body God designed – naturally.

No restrictive diets. No complicated rules. No gimmicks.

What is it?

Studies show as many as 9 in 10 American adults are metabolically unhealthy — and insulin resistance is the hidden root behind much of today's diabetes, weight gain, and constant fatigue. Medications trim the branches. This addresses the root. The Feel Great System is simple: two natural drink mixes and time-based eating that work with the meals you already cook — no counting calories, no special foods, no guesswork. Backed by over 20 clinical studies, listed in the PDR — the reference guide physicians have trusted for decades — and a 100% money-back guarantee.

We're Jim & Diane Stelter from Hudsonville, Michigan. A few years ago we were low on energy, gaining weight, and adding medications every year. We found a simple daily system and use it every day. Jim, 75, has lost 50 pounds and is off blood pressure medicine; Diane, 68, has lost 30 pounds, lowered her cholesterol, and her joint pain is gone. Ask questions and decide for yourself – we answer every letter and call personally.

Nature's Rite

I used to have a lot of trouble sleeping. I was about to go for a sleep testing. My husband and I were both sleeping very poorly. He said that I was breathing very loudly, and I would wake up with apnea episodes, gasping, which made it difficult for both of us to sleep. Then I would try changing positions, but it kept happening over and over again. We could never get a good night's rest, and we were feeling very tired on the next day.

Just when I was about to decide to get a sleep test done (which I really didn't want to do), my husband brought me this article that he found at The Busy Beaver, and I'm so happy with the results. From the very first night, I didn't wake up even once. My husband and I were finally able to sleep through the entire night. I stopped waking up because of my breathing problems, and sleep completely changed for both of us. This product truly was life-changing for me.

it could be your thyroid!

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.
– Dan Stoltzfus, Pennsylvania

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.
– Leah Miller, Ohio

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!
– Kathyrn Yoder, Missouri

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.
– Sue Albrecht, Michigan

I've been dealing with Hashimoto's for years, I've been on strict diets, changed my medications many times, tried every supplement I was told to take, never felt completely well. Your products and approach has helped me the most. This is the best I've felt for years. Amazing, I've already told many people to call you.

ASK DR. NELSON: "WILL MY VEIN TREATMENT HURT?"

If you've been putting off treatment because you're worried it will be painful, you're not alone.

Many people still think of the old "vein stripping" surgeries that were performed decades ago. Those procedures often required hospitalization, general anesthesia, and a lengthy recovery.

Fortunately, today's vein treatments are very different.

Most of the procedures we perform are minimally invasive and are done right here in our office using local anesthetic. You remain awake throughout the procedure, and there is no need for general anesthesia or a hospital stay.

The part patients notice the most is the numbing medicine. You may feel a few brief pinches or a slight burning sensation as the anesthetic is injected, but once the area is numb, most people feel little more than pressure or movement during the procedure.

If you're feeling nervous, you're not alone. We also offer the option of taking a small dose of Valium beforehand to help you relax. It is completely optional, and many patients choose not to take it, but it is available for those who feel they would benefit from it.

After treatment, it's normal to have some bruising, mild soreness, or a feeling of tightness for a week or two. Most patients compare it to the soreness of a pulled muscle or a bruise. I encourage patients to get up and walk immediately after their procedure, and most return to work and their normal daily activities the very next day, although I recommend avoiding heavy lifting and strenuous exercise for a short time.

Every person experiences discomfort differently, but my team and I do everything we can to make your treatment as comfortable as possible. We also explain exactly what to expect before, during, and after your procedure, so there are no surprises.

I remind my patients that any temporary discomfort from treatment is short-lived, and is well worth the lasting relief they experience afterward.

Our goal isn't simply to treat a vein. Our goal is to help you have healthier, more comfortable legs so you can continue doing the work and activities you love.

WHY IS JOHN MILLER INVITING YOU?

After just two weeks on the Unicity Feel Great System, I was able to stop taking Telmisartan, and my blood pressure has stayed in the normal range. I also lost 15 pounds in those first two weeks.

After three months on the system, my cholesterol has come down without taking atorvastatin. Even more exciting, I am no longer diabetic and no longer taking metformin.

I feel great, have more energy, and can do things I haven't been able to do in years.

– John Miller

MAKE WELLNESS

why are peptides important?

- LET'S START WITH THE IDEA THAT OUR BODIES WERE DESIGNED TO HEAL.
- THEY WORK AS A "FAST PASS" TO CELL SIGNALING.
- THE DIFFERENCE IN THESE SPECIFIC PEPTIDES IS THAT THEY ARE NATURAL & OUR BODIES KNOW EXACTLY WHAT TO DO WITH THEM.
- THEY HELP TRIGGER VERY SPECIFIC HEALING RESPONSES WITHIN THE BODY.
- PEPTIDES ARE THE TINY BUILDING BLOCKS THAT HELP TELL OUR BODY WHAT IT SHOULD BE DOING IN ORDER TO HEAL & WORK AT THE FULL-HEALTH POTENTIAL IT WAS DESIGNED AND CREATED FOR.

FROM PAIN TO PURPOSE
living as an overcomer

From The Book

Grant Bontrager will be sharing his life story.

FAITH CHILD

Grant Bontrager was born as the result of a sexual assault. Although he was raised in a loving, Christian Home, he still struggled with identity, questions about his past, and the belief that God had a plan for his strange confusing life. It wasn't until he went to a counselor, took a deep look at his heart, identified the pain caused by these questions, and brought that pain to Jesus, The True Healer, that he was able to find his identity, and the answers to the many ***"why"*** questions.

Frequently asked Question

What is the best way to wash my Napper?

Wash separately in cold water, using mild detergent. If in a washer, select a delicate or permanent press cycle. Avoid fabric softeners and bleach. If using a dryer, tumble dry on low heat. It may take several cycles.

Do not hang on a clothesline to dry, it is very heavy when wet, and prone to stretching. It works well to drape it over a Lifetime table in the sun, and should be dry in roughly the same time period as a comforter. However, for the easiest washing process, take it with you next time you go to the laundromat.

TEACHERS' Workshop

To Inspire & Connect

Invest in Teachers. Impact Generations.

For the past seven years, The Teachers' Workshop has equipped and encouraged teachers through an annual two-day event featuring practical classroom training, educational resources, and the connection of new and experienced teachers. Thousands of students benefit each year as teachers return to their classrooms better prepared to inspire learning.

Our mission to equip teachers goes beyond the annual event. We're also funding the revision of the *Helping with English* curriculum–an eight-book series used in many local schools. This major update will provide a more accurate and engaging curriculum for both teachers and students.

As a volunteer-run, donation-supported 501(c)(3) organization, we rely on the generosity of our community to continue this work.

Your tax-deductible gift helps strengthen teachers today and students tomorrow!

Stay Local and Yet Reach Far

Jesus said, "...you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth." (Acts 1:8)

1 IN 3 PEOPLE IN THE WORLD HAVE NOT HEARD OF JESUS

How is that possible? Well, you can start here and now! Most of us live and work near home and only get into surrounding areas where people can see our light.

But to the ends of the earth? Let Global Disciples do the work.

Global Disciples trains Christians in Africa and Asia who know the local language and culture to share the Good News of Jesus with the people there who never before heard the Gospel. Last year 76,239 people came to Christ and joined one of 4,246 new churches that started.

People come to Jesus only as the Holy Spirit leads. But for every $102 given, we see someone come to faith in Jesus and get involved in a church. Most who trust in Christ and are baptized were once unreached people. Every bit helps!

I am giving to help more people from 'the ends of the earth' come to faith in Jesus Christ!

- ❑ **$102** to help 1 person come to Christ
