One of America's Largest Mission Fields...

\$10,000 reaches .1,000 inmates
\$1,000 reaches 100 inmates
\$500 reaches 50 inmates
\$100 reaches 10 inmates

Nearly 2 million people are incarcerated in America's prisons and jails, making the correctional system one of the largest mission fields in our nation.

Many inmates struggle with hopelessness, and the consequences of past choices. Yet studies show that incarcerated individuals are often more open to spiritual conversations than the general population, creating unique opportunities for the Gospel to bring hope and lasting positive change.

Research has found that participation in faith-based programs is associated with improved behavior while incarcerated, and can contribute to healthier lives after release. Because most inmates will eventually return to their communities, prison ministry impacts not only those behind bars, but also their families, neighborhoods and future generations.

The need remains great, as only a small percentage of Christians are actively involved in prison ministry. **Christmas Behind Bars** is a faith-based prison ministry program that provides care packages, Bibles and literature, offering hope and support to men and women behind bars.

Your donations help share the Gospel with men and women in prison, offering them the hope and transformation found only in Jesus Christ.

Editor's Corner

Hey everyone!

The most beautiful way to start and end the day is with a
Grateful Heart!

We've had some strong winds and thunderstorms rolling through our area. Lots of homes and businesses, etc. were without power, and we saw a lot of uprooted trees and some damaged buildings, but it could have been a lot worse! It sounds like we might have some more storms headed our way this week, so we'll see.

I had an enjoyable time with my sister and her family last night. We had a campfire supper back at our cabin followed by a game of bucket golf. It's so much more relaxing to be outside if you don't have to worry about the mosquitoes, and thankfully, they kept their distance last night.

Have a good week everyone!

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Nature's Rite

"Jonathan, my husband — we've been married for 28 years — is 50 years old. He has always had irregular breathing. He used to talk during the night, wake up several times, and snore. He never seemed to reach deep sleep. He didn't want to use a CPAP machine, so I saw this article in a farming magazine.

He had a cold the first night he took the pills, and not only did the cold go away that same night, but by the second night he wasn't snoring anymore. He was sleeping so deeply that I had to check if he was okay — it was the first time he had ever slept that deeply.

He's no longer falling asleep in a chair during the day. He feels better and is working better. I'm really surprised at how quickly these pills worked on his sleep problems — starting from the very first night. By the second night, he wasn't even snoring anymore."

Natural Wellness Through Colloidal Silver: A Time-Honored Approach to Family Health

"Our family has used these products for years and we have had great success using them for any accidental wounds in our wood shop. We soak the wound with Digestive & Urinary Support and then apply the wound relief after. We also use the DUS for any flu's or viruses"

Laura Yoder

Your head is pounding, your brow is sweating, and the stabbing discomfort in your gut is the only thing that distracts you from the nausea. You run for the bathroom... you want to run to the hospital, but what can they do for you? It's the middle of the night and you had some bad food. Was it the fruit salad that cousin Mary brought or the macaroni salad that Aunt Anne made? Maybe the turkey wasn't done enough?... Just thinking about it makes it worse. Then... it gets worse. Your kids come rushing into your room holding their bellies. They ate it too. Now what are you going to do?

According to the CDC, millions of people experience digestive distress each year related to something they've eaten. Most of these cases are not linked to major outbreaks and many happen around holiday time when food sits out for too long.

But it's not always just a single meal. Many people deal with ongoing digestive discomfort from time to time, and urinary discomfort is also a common concern, especially for women. These issues can come and go, often without warning, and can disrupt daily life in frustrating ways.

Steven Frank was the founder and innovative herbalist behind Nature's Rite for many years. His formulations have helped thousands achieve more comfortable, healthier lives.

Today, Nature's Rite offers over 20 different products and features a whole variety of colloidal silver.

I have been using Nature's Rite products my entire life, for over 30 years. They are the health and wellness practices I was raised on, what I know, and most importantly, what I trust. In my experience, they have proven to be safe, reliable, and well-suited for families.

Nature's Rite products, especially the colloids, are always in my medicine cabinet—on hand and ready.

— Colin Frank

Using antibiotics to rid yourself of a urinary infection often leads to a yeast infection. They can kill off so many good-cultures all over your body that the candida takes over.

The world is not sterile. The concern comes when the numbers of unwanted microbes get so high that your body's natural defenses are overwhelmed. Microbial populations can multiply rapidly under the right conditions.

Don't get lost in the numbers, don't get consumed by worry. There is a way to get those children feeling better and back to sleep in an hour. There is a way to do this safely and without antibiotics or hospital emergency rooms. There is a way to help restore your digestive and urinary tract.

By now you must be screaming, "What is it already!?" The answer is an **enhanced aqueous colloid of silver**. Years of laboratory research on microorganisms have explored how properly prepared silver colloids interact with a wide range of environmental microbes.

Not just any silver colloid is created the same. Some preparations are too weak (less than 20 parts per million), while others are pushed to extremely high concentrations like 250 or 500 parts per million (ppm) by adding sugars, citrates, or proteins. These variations can significantly change how the silver behaves.

As it turns out, a properly prepared **colloid in the range of 40 to 60 ppm** creates a more stable and effective formulation. **This balance is what makes the difference.**

**If you want to know
whether they will work for you,
then you have to try them.**

WHY DOES DISC PAIN KEEP COMING BACK?

Free Recorded Message For People Whose Back Pain,
Sciatica, Or Disc Problems Keep Coming Back

Many people feel better for a little while.

Then weeks or months later, the pain comes back. Some are told pills, injections, or surgery may be their next step.

But what many people are never told is why the injured disc may not have had the opportunity to repair.

In this free recorded message, Dr. Jeff explains what may be causing the pain to keep returning — and what many disc sufferers should know before taking the next step.

- ✓ Why back pain and sciatica often come back after short-term relief
- ✓ What may keep an injured disc from having the opportunity to repair
- ✓ Why pills, shots, or adjustments may not address the real disc problem
- ✓ Why some people are told surgery is their only option
- ✓ What to know before agreeing to injections or surgery

You CAN nurse your baby!!! DON'T give up!!

Look what this mother from Wisconsin has to say:

I would like to order 4 more bottles of "Mothers Milk". It really works!! I tried so many other products to no avail. All I can say is when all else fails try "Mothers Milk"! :) Thank you for your great product. I don't want to be without it. What a joy to be able to put the "bottle" away since using this. - A happy Mom.

A mother from New York writes:

Hi, I'm ordering more Mothers Milk. I'm on my last bottle and I don't want to be without it - never could nurse our babies so good. He is gaining so well and don't have to give him a bottle at all. Thank you!

A mother from Indiana writes:

Please send me 3 more bottles of "Mothers Milk". This is my 8th child and I was never able to have enough milk for fully breast feeding. Now my baby is a little over 3 month and still doesn't need the bottle! It seems I had tried everything but this stuff really works! Thanks for a good product!

Another mother from Indiana writes:

I am amazed that it actually works for me since I have never had any luck with herbs/tinctures.... So am very thankful you created this wonderful product!

We have hundreds of testimonials like these!

"Mothers Milk" is a liquid tonic formulated for nursing mothers whose baby struggles with weight gain. It produces both more milk and more nourishing milk. Most mothers have really good results.

**ROUNDHOUSE**

Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low F, G, A,
Bb, C, D, and E

\$32.99

**KNITTLINGER**

Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger – it goes as fast as any player can play it!

Keys: Low A, Low Bb
Low C, and Low D

\$99.95

**BLUES SHIFTER**

This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb,
C, and D

\$89.99

**THE DELTA FROST COLLECTION**

The workhorses of the Bushman brand. The Delta Frost comes in 3 different comb choices – Original (plastic), Steelie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

ORIGINAL

Keys:
Low D, Low E, Low F,
G, A, Bb, C, D, and E

\$29.99

STEELE or WOODY

Keys:
Low F, G, A, Bb,
C, D, and E

\$49.99

**HARMONICA INSTRUCTION KIT**

Learn to play popular songs in minutes even if you don't know how to read music! 34 page book comes with our best-selling Roundhouse harmonica.

\$39.99

**DINKY**

Our all new Bushman Dinky has a greater note range and ability to play more songs than any true, 1-1/2" mini harmonica ever made!!! The Dinky plays much better than the typical mini, and it's more comfortable.

Keys:

G (Yellow), A (Navy), and C (Black)

Bearaby

Bearaby weighted blankets are rated at
4.8 out of 5 Stars
from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby Weighted Blanket gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

BREAKING NEWS: Reports are in that people who have already been sleeping better with a Cotton Napper, are taking it up a notch more with the revolutionary Tencel Cooling Tree Napper. The eucalyptus fibers contained in this fiber blend have moisture wicking properties giving you the effect of the cool side of your pillow... all night long. Yes, even on these hot summer nights. We will keep you updated as this story develops.

In other news, the Cotton Nappers are available in 3 new colors, as reported below.

Natural deep sleep

Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind

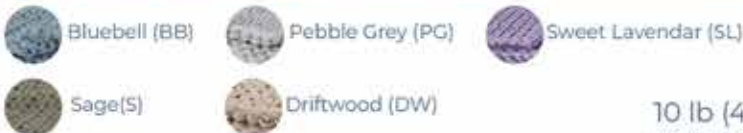

The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling

Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Froman Hill

BOYS RANCH

Restoring Hope through Discipleship

Froman Hill Boys Ranch is a residence for minor boys from the horse and buggy churches. To act as a refuge while dealing with emotional, moral and spiritual needs.

LOOKING TO SERVE?

We are in need of Big Brothers and Houseparents!
If interested call 330-343-8055.

We enjoy being house parents at Froman Hill Boys Ranch. It is very rewarding to see the young resident boys improving as they do their term here. Also, a blessing to see how the big brothers put in time and effort to help the young boys progress. We receive so much more here than what we give. God's Blessings!

-Eli & Mary

Serving as big brother gave me lots of interesting opportunities and challenges, and trying to be a good example as Jesus left behind. It was very fulfilling and rewarding to follow rules and keep up with schedules when working with these struggling, talented young boys. To me it was a blessing, thanks to God.

-Former Big Brother, Jake

We are in need of work. Looking for simple manual piece work. If you feel led to share, call 330-343-8055 and ask for James.

My time as a Big Brother at Froman Hill Boys Ranch was worthwhile, meaningful, and inspiring. I'm glad I stepped out of my comfort zone to be a part of something special. The friendships and memories made were worth the time invested. I can honestly say I feel I received more than I gave. To God be the glory and honor!

-Big Brother, Michael

I would like to thank God for the opportunity to serve at Froman Hill Boys Ranch. If you have a desire to do something like this, do it! It truly is an enjoyable and fulfilling experience.

-Former Big Brother, Jared Hershberger

About our weeks we have spent with the Froman Hill Boys as houseparents and cooking for them- we have found it very rewarding and interesting. Would encourage anyone to give it a try. You will be richly blessed!

-The Troyers

Froman Hill Boys Ranch operates as Integrated Auxiliary of the Ohio Amish Church.

Gnawing hunger

IN CUBA

A Cuban father arrives home after a long day of hard work. He counts the coins while his children ask what they will have to eat. His heart breaks as he looks into their pleading eyes.

In another Cuban home, a Christian man feels the stress of his family's gnawing hunger. He knows the strain of caring for his wife as she battles cancer. He knows the agony of needing to decide between a piece of fruit for his ailing wife or the taxi fare to travel home from the hospital.

A woman looks up at her leaking roof. But her leaking roof is the least of her worries. She processes the sorrow of a drinking husband. She thinks about her pantry, which is nearly always empty. Her stomach aches since she hasn't

eaten in days. Sadness seems to always lurk at her door.

These are the stories of recent recipients of nutritious canned chicken from CAM's cannery in Ephrata, Pennsylvania, and other food aid made possible through your generous support.

Workers in Cuba share the responses of those who receive desperately needed food.

- They praise God for His provision.
- They weep openly.
- Their hands tremble as they clasp the precious gift of food.
- A father smiles a vibrant smile—knowing that at least for tomorrow he will have food for his children.

A CAM staff member who visited Cuba in December wrote: *I must admit, I was and am shocked and troubled by the fact that on the back doorstep of the United States is a country with such need! People vacationing on the beaches of Cuba would be shocked to know that mere miles away children are going to bed with almost nothing to eat, and the struggle for survival is similar to what you might expect in Africa or Haiti.*

In addition to providing canned chicken and other food, we are excited for the opportunity to supply spiritual food for Cuba in the form of much-needed Bibles and Christian family magazines. The dearth of Christian literature is as severe as the dearth of food.

Phony Phone Calls and Overpayment Scams

Currently, the Bank's Fraud Department is seeing two types of fraud tactics: unsolicited phone calls impersonating someone of authority, and overpayment scams.

Unsolicited Phone Calls:

These calls will always seem urgent and possibly trick you into giving out personally identifying information over the phone. Those with a landline tend to be a prime target for this type of scam.

Please note that...

- The IRS and any law enforcement officers will never call you on the phone and ask you to send money for an outstanding debt.
- A bank's fraud center will never ask you to withdraw any money from your accounts in order to refund a charge. Be aware of any call that acts like they are transferring you to your bank. Your bank will never ask for account numbers, PIN numbers, one-time passcodes or online banking information over the phone.
- The Social Security Administration won't charge any escrow amounts for changing your social security number.
- If an unsolicited call that states a bank employee is committing fraud on your account, hang up and contact a known bank employee, no matter what the caller states.
- Any unsolicited call that asks you to click a link they are sending you, please hang up and contact your bank.
- Any instructions given on an unsolicited call that require any of your funds to be deposited into a Bitcoin ATM, no matter how convincing they seem, hang up and call a known bank employee.
- There are no reputable banks that will ask for that information over the phone. In the case of Bank of Bird-in-Hand, any employee can speak with the fraud team in order to provide input and guidance. Electronic Banking can verify if a valid fraud alert was sent to the customer.

Overpayment Scams:

One additional scam is the overpayment scam. This scam targets small businesses selling products. The "buyer" sends too much money asking you to send funds back. They will send what looks like a valid check (but it's not). It is recommended to not send merchandise or any money back for at least 5 business days. Your bank's fraud department can also try to verify the item in question for you.

THE TRUTH IS UNDER ATTACK IN AMERICA TODAY

Truth is powerful—and it “launches” from Genesis 1–11, the foundational chapters of the foundational book of the Bible. Discover how to think more biblically and apply the timeless truths of Genesis to today’s cultural moment with teaching and encouragement from Ken Ham and astronaut, Captain Barry Wilmore.

KEN HAM is the founder of Answers in Genesis and visionary behind two world-renowned attractions: the Creation Museum and the Ark Encounter, featuring a full-size, 510-foot-long replica of Noah’s Ark—often called the “8th Wonder of the Modern World.” Together, these attractions welcome more than 1.5 million visitors annually.

CAPTAIN BARRY “BUTCH” E. WILMORE is a retired U.S. Navy captain, decorated combat pilot, and NASA astronaut with over 460 days in space. He flew 21 combat missions, logged 8,000+ flight hours, and completed 663 carrier landings before retiring in 2025. He now shares his faith and personal testimony, lives in Houston with his wife Deanna, and serves as an elder at Providence Baptist Church.

Own Your Insurance Company. Keep More Money. Protect Your Legacy.

Most businesses buy insurance. Some businesses own it.

With captive insurance, your company insures its own risks and keeps the profit instead of sending it to big insurance companies.

That means:

- More protection for your business
- More control
- A new profit center
- Insurance company tax treatment

And a way to help keep your business strong for generations.

CIC Services has helped hundreds of small and mid-size businesses accomplish this since 2005.

If you want better nutrition.... you need to start with better soil

*Biochar blends available
for various farming needs,
call for more information.*

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

~TESTIMONIAL~

"We are a family operation milking 65 hd of Holstein cows. After some discussion with the Nutra-Glo rep concerning the dairy product, it sounded worth a try. We started feeding it to both our cows and calves. The results on the calves were almost immediate, and the cows also showed improvements in the weeks that followed. As the months turned to years we continued to see more and more improvements, including better somatic cell count, butterfat numbers, and also a lot less vet bills. Nutra-Glo has been a part of our program for over 14 yrs now." —MH, Walnut Lane Farm

Maximum Performance Horse Supplement

Pellets for Horses that are Picky Eaters or Have Ulcers. Also Great for Driving Horses & Stallions!

Here is a young colt with two hind Ankle OCD's and really wormy
Date 6-9-20

Hay and grains have fewer minerals today. You really need to supplement for peak performance and breeding nutrition.

50 lb bag-granular, \$150
lasts five horses—1 month!

50 lb bag-pellets, \$135
lasts one horse—50 days!

Here is the colt 57 days later with NO OCD's in either hind leg and a beautiful shiny coat at 7-27-20

Mr Schwartz's mare was running off with his girls, biting them, he knew she had an ulcer, 15 days on the pellets, she is so calm, warms up nicely, goes longer, stronger and cools down faster. Wow, he was so excited, he wants to breed her, instead of giving her away.

Mr Miller says he had never had stronger colts, jump up right out of the bag, run around the stall and jump over the mare, before she got up. His best year breeding, mares strong after foaling, strong babies, plenty of milk. It was a dream foaling season. He will keep his mares on mp while in foal and after.

Mr Yoder had tried to breed his favorite mare for 12 years, after 30 days on MP she checked in foal. He is so excited.

Mr Yoder bought a mare they said was lame, could only be bred. He put her on mp and 15 days, she was bucking coming out of the barn. He hooked her to the cart and off she went straight down the road. He called and wanted to be a dealer. He said, "Anyone with a driving horse needs MP. This is the greatest stuff for driving horses!"

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in our feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, cool down faster, and improve hoof quality.

1. If you want to reduce ulcers.
2. If you want to increase stamina and reduce recovery time—may see a difference in 5 days!
3. If you want to increase oxygen for better stamina and improve oxygen to the cells for driving and work horses performance.
4. If you want to calm your mares down, reduce tying up, and anxiety.
5. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Learn How to Maximize Breeding!

1. If you want to reduce OCDs, improve fertility.
2. If you want to have mares at peak condition ready to be checked in-foal, calm mares down as well.
3. If you want to improve development of your foals, strong when born, boost immune system, strong bones.
4. Vets explain OCDs are caused by mineral imbalance while mare is in foal.
5. First 11 months gestation—not enough calcium and minerals causes bone chips, OCD's.
6. Stallions have better sperm count, maintain muscle mass, and maintain hoof quality during breeding season and year round.

HORSE SENSE TIPS

HAY

- Free access to hay 24 hours a day
- Daily intake needed for average weight of a mature horse is approximately 20 pounds daily.
- Hay/Grass/Forage should make up 60 to 100% of the diet
- Most horses need 1½ to 2% of their body weight daily, more in cold weather
- They are grazing animals and do so 60% of the day, grass and quality hay is best
- Eating hay on cold nights helps conserve calories and keep them warm

Tips for Quality Hay

- Open a bale, check for debris
- Best is fine-stemmed, green, leafy hay
- Avoid moldy, dusty, sun-bleached, or over-cured
- Alfalfa should be in early bloom
- Grass hay should not have fully formed seed heads
- Check for insects such as blister beetles
- Very heavy bales may be wet inside-wet is not good

STORAGE

Store hay in a dry, covered area protected from weather and sun. Feed within one year of harvest when possible.

Quality hay is necessary for horse health and performance.
