Editor's Corner

Good day everyone,

We're having calm winter weather. Yesterday, the sun shone brightly on the pure, white snow making a peaceful scene. Is this the calm before the storm? I've heard people say there's a huge snowstorm headed our way this week. I guess we'll wait and see.

My plans are to head south next week to see if I can find some sunshine, palm trees, warm weather, and lots of water. I'm not sure if I'll be able to find the warm weather as it sounds like Florida has had quite a bit of chilly weather too.

*Considering taking Mable to the sale at Gordyville?
 Does she always look tired like she's going uphill?
 Notice as soon as she steps off the trailer
 Her muscles so tired she sways like a sailor
 By the time the auctioneer starts his chant
 Mable's wore out and starts to pant
 Now what to do when all bids fall
 And you take her back home from the sale
 Now it's time to give Mable some life
 This time you better listen to the wife
 So what that product she talked about
 Dad, try Lions 6-Way the children shout!

“Lions Mane Talk”

High in the clean, cool air of the Appalachian Mountains, Mushroom Maiden Farm tends its Lion’s Mane mushrooms with the same care a family gives its garden. Grown in a quiet tunnel, away from impurities and noise, each fruiting body is nurtured slowly and naturally. From these American-grown mushrooms come our pure, tested capsules made without fillers, additives, or anything unnecessary.

Many folks today are finding value in simple, time-trusted natural supplements. Lion’s Mane has long been appreciated for the way it supports the body’s own defenses and helps the mind feel clear and steady. Taking a small dose each morning can become a gentle habit, like stepping outside to breathe the dawn air. Over time, people report feeling more alert without any sense of unease or jitters. Some find it helps them meet the day with calmer thoughts and a lighter spirit.

Winter can test even the strongest among us. Cold winds, heavy chores, and long nights can place extra strain on the body. That is why having something wholesome “on board” can be a comfort, a steady companion through the harder months. Mushroom Maiden Farm’s Lion’s Mane capsules, made from the full fruiting body and carefully tested, are an easy addition to the morning routine. I take them each day myself, and it requires no more effort than a sip of water.

If you seek a natural way to support your well-being through the seasons, Mushroom Maiden Farm is pleased to offer its harvest to you, pure, simple, and grown with respect for God’s creation.

You can **stop** sleep breathing disruptions tonight.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up."
Elva Chupp

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long. This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.
Sweet Dreams.

Replace your restless nights with Sleep Breathing Support™

Sleep Breathing Support™ by Nature's Rite is a natural way to reduce sleep breathing disruptions and achieve a restful night.

30 Capsules ~~-\$45.99~~ **-\$36.79**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation. Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

The Cause

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

If you want to know whether it will work for you, then you have to try it.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

The Solution

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Sciatica That Just Won't Go Away?

If You've Tried Everything and Still Hurt — Read This Before You Waste More Time, Money, or Hope

Many people suffering from chronic sciatica have a **hidden spinal disc injury** that was never properly diagnosed.

If your pain keeps coming back no matter what you try, this is likely why.

That's why pills, injections, therapy, and stretching often fail—they treat symptoms, not the disc itself.

Our clinic is different. We use a **diagnosis-first, non-surgical approach focused only on spinal discs**. Not knees. Not hormones. Not general pain care. **Discs only.**

We've helped Amish, Mennonite, and English patients from across the country finally understand what's wrong—and what it will take to fix it, without surgery.

"How I Healed The Herniated Disc In My Back, Re-Gained ALL My Strength... and More!"

Find Out What A Natural Doctor Did To Fix His OWN Disc Problem

From the Desk of Dr. Russ Schroder, DC, DACNB, FACFN, Board Certified Chiropractic Neurologist.

Three years ago I injured my lower back when I herniated a disc lifting heavy weights.

It was a terrifying experience that I had never been through before.

In an instant, my back gave out with almost 200 lbs. on my shoulders, and I heard a very loud SNAP.

The shock was immediate- like being stabbed by a knife!

I was able to get an MRI the next day and found out I had injured the lowest disc (cushion) in my back.

The CTX Method

Fortunately, the MRI showed the exact type of problems we have helped with our CTX Methotechnologies since 2006. The torn disc had herniated/ protruded out of its normal shape, bulging out into the nerve space.

I could barely stand upright the first week, but I pushed through our Avoid Back Surgery Program for a month. I got out of pain and then continued healing by taking it easy during exercise for just a few extra weeks.

So, after getting the disc healed and taking those weeks to slowly start working out again, I gradually built up my strength again and have gone on to lift MORE than I used to 20 years ago!

Many Still Suffer Unnecessarily

Many of you reading this are living with that severe pain in your lower back (and maybe in the nerves down your legs). Others have disc problems in the neck that can affect the nerves in your arms.

For some, it is so bad you aren't sure what the next step is.

It can be very scary... especially when it's a pain that isn't going away.

Maybe you tried chiropractic or massage. Maybe you've popped some pain pills or herbs.

For many, this low back pain (especially disc pain) can mean a lifetime of bouncing from chiropractor to doctor to physical therapist to surgeon after surgeon. It can mean a lifetime of shots, pain pills and more suffering.

Maybe you've tried an inversion table, traction or "decompression" (the kind where you sit on the table and then lay down to get stretched).

But the thousands who have come to us for our CTX Method (from all-across America and Canada) have already tried some of these and failed to get relief.

We've even helped other doctors with our CTX therapies including chiropractors, medical surgeons, osteopaths, psychologists and podiatrists who have avoided surgery and referred in numerous others.

This Month's Offer

It's winter, and our Avoid Back (and Neck) Surgery Program starts to fill up fast at our 4 offices. But if you call this month, we are offering a FREE exam (A \$250 Value) and a FREE Trial of our CTX Method for those who have disc injuries like bulged, herniated or protruding discs OR spinal degeneration/ spinal arthritis.

So please call one of our offices to see if you qualify for a consultation before spaces run out and you get put on a waiting list and pay full price.

Or to receive our AVOID Back & Neck Surgery Report, call an office and our staff will mail you out a free copy. (A \$29 value) Supplies are limited.

PLEASE CALL US

Horses, Cows, Pigs, Dogs, Cats

 - Fluke in Pancreas → Diabetes
 - Thread Worm → Migraines

Worms are often invisible to the Human Eye.

Over 1.5 billion people in the world have intestinal roundworms!

Fatigue. Allergies. Asthma. Gas. Bloat. Depression. Headaches. Bad Gums. Teeth Grinding. Hyperactivity. Bad memory. Chronic fatigue. Skin Problems. Poor Appetite.

Dizziness. Irritability. Brain Fog. Anger. Weight gain. Itchy anus. Nervousness. Fatty tumors. Diarrhea. Constipation. Back Pain. Poor Sleep. Cancer. Bad Vision.

Dear Friend.

100% Folklore. Zero Science.

If you have a health problem -- and can't get well, there could be a very good reason. Worms and parasites!

It sounds hard to believe, I agree. But if you're alive and breathing -- you're at risk. You may not see these tiny creatures. But believe me -- they're there! While you sleep, they eat. Your food! Your nutrients!

Pet owners often have red worms.

Many eat the best natural foods and take the best supplements -- and never get well. Why is that? One reason is the worms and parasites take the best nutrients. YOU get the scraps -- the leftovers!

It's TIME to Clean House! Get rid of unwanted guests!

It's time to kick these suckers OUT -- once and for all. Out out. OUT! No more Free Lunch!

One Woman's Secret. She is 101.

A woman in New Mexico is 101 years old. Her mind is razor sharp. Her memory is great. She works eight hours a day. Her secret? She keeps her body free of parasites & worms.

Did you know that microscopic parasites can cause arthritis?

Sensitive issue stopped.

A young daughter was constantly scratching her butt. Her mother found tiny, white worms in that area. They crawled out at night. Creepy! She took the Speicher Worm Pills. The itching stopped.

Four ways you can get Worms & Parasites.

1. Unwashed fruits and vegetables.
2. Unwashed watercress from streams.
3. Raw-undercooked fish.
4. Pork. Try to cook all pork products at the highest possible temperature.

The Colon & Parasites.

A lot of worms & parasites flourish in the colon. That's why, keeping the colon clean is critical. Ask for Speicher's Colon Pills.

Temperature Forecast... Arrows beside the temperature indicate the direction temperature and humidity are trending, increasing, stable, or decreasing.

5-Day Weather Forecast Station

#4035 | \$59.95

Crucial for planning daily activities and making informed decisions in various sectors. Builds forecast from outdoor sensor, no tower involved. Current day plus 4 more days forecast. Temp. display in C or F. Forecast only with clear icons, no rain or wind gauge.

- 2 AAA + 2 AAA for outdoor sensor
- USB power cord included for back light
- Press Snooze for back light with batteries
- 2 different alarms
- Temperature trending forecast with arrows
- Indoor/Outdoor Temperature, Humidity, Moon Phase, Air Pressure, Date & Time
- 6.5" x 5.75" x 1.5"

How reliable is the weather forecast? This is gathering data from the outdoor sensor based on the barometric pressure and temperature and will not be as accurate as an online forecast but it will still give an idea of whats coming. It can take up to 14 days for the forecast to register the weather conditions.

Having trouble connecting the outdoor sensor to the station? Press and hold the channel button on the station for 3-5 seconds on the channels beginning at 1, then 2, and 3. Allow up to 15 minutes per channel for it to connect.

Changing from C to F in temperature display... Press and hold the Max / Min button on the station for 3-5 seconds to toggle to preferred setting.

Will this work in any area? Yes, this unit is not connected to any tower for data. The clock needs to be set manually and all the information is gathered from the outdoor sensor. Sensor needs to be within 95' from station.

The Weather Station Journey

In August 2025, we launched the Weather Forecast Stations, ordering 2,000 units, expecting those to last through Christmas. By November, those were fully reserved, but we didn't have them yet! We finally sent out all the pre-ordered units, first of December. In October, we ordered another 2,000, starting to accept orders for them in January. This new shipment arrived in early February, but given the rapid sales, we might run out before our next shipment, which we ordered in January. Thank you for your patience and continued support. We greatly appreciate it.

Retailers: contact MayKo to order for your store.

ROUNDHOUSE

Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low F, G, A, Bb, C, D, and E*

\$29.99

KNITTLINGER

Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger - it goes as fast as any player can play it!

Keys: Low A, Low Bb, Low C, and Low D*

\$99.95

BLUES SHIFTER

This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb, C, and D*

\$89.99

THE DELTA FROST COLLECTION

- The workhorses of the Bushman brand The Delta Frost comes in 3 different comb choices - Original (plastic), or you can get the Steeie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

Original Keys:
Low D, Low E,
Low F, G, A, Bb,
C, D, and E*

Steeie and
Woody Keys:
Low F, G, A, Bb,
C, D, and E*

\$29.99

\$44.99

Quickly learn to play popular songs even if you don't know how to read music! This popular harmonica instruction book teaches the basics like how to hold the harmonica, and

how to play single notes, and then it teaches more advanced skills like how to tongue block in order to Double Two Rattle, how to bend notes, and how to harmonize with others! It ends with the very important, rarely known topic, Harmonica Care & Maintenance Guide. That one section will save you many times the cost of the book!

\$9.95

DINKY

Our all new Bushman Dinky has a greater note range and ability to play more songs than any true, 1-1/2" mini harmonica ever made!!! The Dinky plays much better than the typical mini, and it's more comfortable. Here you get all 3 Keys for one low price!
G (Yellow), A (Navy), and C (Black)

3 Pack: **\$14.99**

* All Keys on this page are listed from Lowest to Highest.

More than a story!

Bible-Based Picture Book

Roll with Humphrey the hump-free camel as he finds the peace that passes understanding and learns contentment. Humphrey is a short, yellow camel with big toes and no hump, unlike the *normal* camels at the zoo.

The first children's book in our character-building series, "Humphrey" is a Bible-based lesson with beautiful illustrations and Scripture memory verses throughout to remind us that God gives us different gifts and He is always listening to our concerns.

Encouragement for all ages.

Jonah Elijah

A Tribute to Godly Brethren & Fathers

Walk with Jonah Elijah as he uses his compass and fishhooks to help the villagers he loves. When the stripes of life tempt them to say "I go a fishing," help Jonah Elijah encourage them to cast their net on the right side, dig to find the pearl of great price, check their saltiness, and cover their stripes for true healing.

Article space donated to CAM

A channel enabling the church to minister to physical and spiritual needs around the world

Civil war has left many Yemeni families struggling to survive. With tears, one recipient shared, "I thank [CAM contacts] for helping people in need like us."

FOOD FOR WAR-TORN YEMEN

Parcels of love

In our country where war is a distant thought, it is difficult to imagine the suffering of people in Yemen or other countries where the horror of war is reality, pain is felt, poverty abounds, and hunger claims lives.

Kamal* is a Yemeni father who had to leave his home and job because of heavy shelling.

Huda is a mother of five whose husband died, leaving her with the full responsibility of raising her children alone.

Rania and her family of seven live in a house with a collapsing roof, allowing water to pour in every time it rains.

Your kindness enables CAM to show Jesus' love and care through the gift of food parcels to suffering people in Yemen. Thank you!

Plant Male Sterile Silage Corn for Grass-fed Dairy or Beef

KF 60S60 from Byron Seeds is a 110-day male sterile silage corn hybrid ideal for farms in niche markets that do not want grain in the diet. This hybrid can produce high-quality silage without grain for grass-fed producers.

- KF 60S60 can be very high in sugar if grain is not formed.
- **Plant it 2 weeks after nearby cornfields to avoid pollen from the neighbor's corn.**
- Isolation from standard corn is important.
- The hybrid features a wide harvest window and a very good disease package.

If you want better nutrition... you need to start with better soil

Biochar blends available for various farming needs, call for more information.

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Time To Feed Your Trees!

Right now in the fall is the best time to feed your trees (this is when they pull in nutrition for the winter and spring months)

Tree Secret®

- All non fruit-bearing trees, evergreens and bushes.

Chicken Soup for the Soil®

- All fruit trees, flowering perennials, and flowering bushes.

Before

After

Tree Secret® liquid tree fertilizer (formerly known as Save-A-Tree®) is a biologically correct (non-synthetic) tree fertilizer that has been created specifically for enhanced tree success. Our small-batch, extra-potent blend of readily available nutrients is exactly what your trees, plants, and bushes need to revitalize and look great for years to come. The competition does not come close!

- Nitrogen found in most chemical lawn fertilizer is largely responsible for the unnatural rapid growth that weakens trees by thinning their protective cell walls, opening the door for disease, wind damage and bug infestations.
- Plants and bushes need the same nutrition as slow-growing trees. Give your yard a serving of this ultra-potent undiluted, carbon-based fertilizer and watch in amazement as your trees thrive and your landscape transforms into a lush paradise.
- Excellent results on all trees and bushes, including evergreens!

64oz JUG
\$34.95

APPLICATION INSTRUCTIONS

The amount needed for best results depends on the diameter width of the tree trunk 4' up from the base of the tree.

- Use 1 cup per caliper inch of tree trunk (trunk diameter)
- Mix with water and evenly apply from the base of the tree to the drip line.
- Water into the root zone.

To SAVE a dying or stressed tree, apply in spring and fall.

To MAINTAIN good tree health, use one time per year in spring or fall.

Happy trees have fewer problems. This stuff works!

At Dr. JimZ®, our main goal is to help people eat more nutritious food and be more successful in the garden. Our nutrients are designed to stimulate life in the soil and provide a plethora of nutrients at a biological level. **The microbes in the soil must consume the nutrients before they are 100% bioavailable to the plant.** Our products feed the microbes so your plants can then decide what nutrients they need and when they need them ... this will maximize the genetic potential of the plant and result in higher-quality fruits and veggies.

MAXIMUM PERFORMANCE HORSE SUPPLEMENT

Give your horse the minerals that are no longer in the your feed!

50 lb Bag Granular \$150, last 5 horses/ 1 month. 50 lb bag pellets \$135 last 50 days/ a

horse Pellets for picky eaters, with ulcers, driving horses, Stallions and mares.

Dave Mast mare was open two years in a row, 30 days on Maximum Performance and she checked in foal with NO Regu-mate.

David Patterson bred for 30 years and always trouble foaling out, weak foals, trouble re-breeding. First season on MP, mare foaled easily, baby running in the stall, plenty of milk, mare cleaned quickly and checked in foal first time bred. Very impressed.

Indiana man had mare running off, cranky, picky eater, put her on pellets, 15 days daughter said, What did you do to the mare? She is so easy to handle, drives great, looks better. MP Pellets. oh my.

Lawrence Schrock, PA said he was one of the few with no OCD's in his yearlings at the sale, thanks Maximum Performance for sound bones, strong muscled yearlings.

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in your feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, reduce muscle soreness, and improve hoof quality and build muscle.

1. If you want to reduce ulcers, acid reflux and build muscle as well.
2. If you want to increase stamina and reduce recovery time, see a difference in 5 days..
3. If you want to calm your mares down, reduce tying up, anxiety and aggression.
4. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Maximum Performance for Breeders

1. If you want to reduce OCD's (soft bone chips in ankles and hocks).
2. If you want to have mares at peak condition checked in foal.
3. If you want to improve development of your foals.
4. Vets explain OCD's are caused by mineral imbalance first 11 months in womb, not enough Calcium and minerals for the mare.
5. Stallions have better sperm count, maintain muscle mass, reduce OCD's and maintain hoof quality. **contact 502-817-1947**

Bucks shown are 2 of 20+ bucks shot on Reuben Jess properties.

Tony LaPratt and Reuben Jess team up for a special, 2-day event! Ultimate Whitetail hunting & fishing bootcamp on 187 acres with a river, pond and woods showing all examples.

Seminar dates Mar. 20-21 AND April 17-18 2026

Were You Disappointed In Your Hunting Season?

1. Why would you spend a dime on another new bow or hunting blind, when it makes no difference in your hunting time?
3. Why would you buy more land when you have no plan, on how to have more deer on your land?
5. How about letting me show you how, to have so many deer you say, "oh my!WoW!"
6. Let's set up your land to be its best, so your hunting and fishing can be blessed.
7. All these small things can happen on as little as ten acres.

GOD'S LOVE FOR THE MARGINALIZED

The Lord sees every person, even in their lowest moments.

Throughout Scripture, God shows a special concern for those pushed to the margins—people others avoided, judged, or forgot...

Whether it was the leper no one dared touch, the woman suffering alone, or the tax collector hated by his community, their stories all point to the same truth: no one is beyond God's reach. Time and again, Jesus stepped toward the outcasts when everyone else stepped away.

These accounts remind us that the Lord sees every person, even in their lowest and loneliest moments. Hagar in the wilderness, Leah in her heartache, the Samaritan woman with a painful past, and even the prodigal son who wandered by choice—each discovered that the Lord meets people right where they are and restores what others have dismissed. Their lives changed not because they were perfect, but because God's grace was greater than their circumstances.

That same hope belongs to the men and women behind bars today.

Prison walls do not hide anyone from God's eyes or love. Through prison ministry, we have the privilege of bringing this message of grace, dignity, and new beginnings to those who desperately need to hear it.

Join us in reaching the forgotten in prison, reminding them that their story is not over and that God still welcomes outcasts—because He came to restore us all.
