## Editor's Corner

Hello everyone,

Morning is God's way of saying...one more time. Go make a difference, touch a heart, encourage a mind, inspire a soul, and enjoy the day! 13 days till spring begins! From cold and snow, to rain and mud, to hopefully green lawns and freshly tilled gardens. The days are getting longer and the promise of spring is in the air. The robins inspire me every morning with their cheery songs! Life is like a cup of coffee, it's all in how you make it.

CLOTHING BUNDLE PROJECT

# Relief after years of difficulty

**A**dnan\* and his family live in a one-room space in a shop in Yemen. Adnan hopes that one day he will be able to afford a home of his own, but his work as a day laborer does not provide a steady income. He said, "Some days there is work, and some days there is none. But my family still needs food, clothes, medicine, and other necessities."

At a recent distribution by CAM contacts, Adnan's family received clothing, shoes, and school supplies. These gifts brought relief after years of hardship. With gratitude Adnan's wife shared, "I pray that God protects and rewards everyone who showed kindness to our family."

*\*Name changed to protect identity.*

This young boy in Yemen is now the owner of a nice blue shirt given by a generous supporter.

## BOYS RANCH

*Restoring Hope through Discipleship*

*Froman Hill Boys Ranch is a residence for minor boys from the horse and buggy churches. To act as a refuge while dealing with emotional, moral and spiritual needs.*

### LOOKING TO SERVE?

**We are in need of Big Brothers and Houseparents!**  
If interested call 330-343-8055.

We enjoy being house parents at Froman Hill Boys Ranch. It is very rewarding to see the young resident boys improving as they do their term here. Also, a blessing to see how the big brothers put in time and effort to help the young boys progress. We receive so much more here than what we give. God's Blessings!

-Eli & Mary

Serving as big brother gave me lots of interesting opportunities and challenges, and trying to be a good example as Jesus left behind. It was very fulfilling and rewarding to follow rules and keep up with schedules when working with these struggling, talented young boys. To me it was a blessing, thanks to God.

-Former Big Brother, Jake

We are in need of work. Looking for simple manual piece work. If you feel led to share, call 330-343-8055 and ask for James.

My time as a Big Brother at Froman Hill Boys Ranch was worthwhile, meaningful, and inspiring. I'm glad I stepped out of my comfort zone to be a part of something special. The friendships and memories made were worth the time invested. I can honestly say I feel I received more than I gave. To God be the glory and honor!

-Big Brother, Michael

I would like to thank God for the opportunity to serve at Froman Hill Boys Ranch. If you have a desire to do something like this, do it! It truly is an enjoyable and fulfilling experience.

-Former Big Brother, Jared Hershberger

About our weeks we have spent with the Froman Hill Boys as houseparents and cooking for them- we have found it very rewarding and interesting. Would encourage anyone to give it a try. You will be richly blessed!

-The Troyers

**ARE YOU DREADING**  
*Allergy season??*

**DON'T SUFFER FOR 19 YEARS LIKE I DID!!**

*For years I struggled with severe seasonal allergies (Spring & Fall) along with food sensitivities, headaches, chronic hives, chronic fatigue.... All this was part of my miserable everyday life. Thousands of dollars were spent as we searched for help to fix my "leaky gut". Every health practitioner was able to tell me my problem but not one of them was able to help me fix it. It was very depressing. Seven years ago we were introduced to WHOLE FOOD NUTRITION from Tranont and what a life changer! These 7 years have been the best years of my life. All honor and glory to God, our true healer.*

Change Life **TRANONT**

IF YOU ARE SERIOUS about improving your health and getting ahead of your issues.... It's time to get SERIOUS about ingredients!! Did you know that over 95% of supplements today contain synthetic (manufactured) ingredients?? Our bodies were not created to recognize and use these foreign substances! These are NOT what our body needs to heal.

# It's time to start applying OVB to your fields and gardens.

Also available in 1.2 cubic foot bag

Prevent your fruit trees from **FREEZING** in temperatures as low as 16° Use FXI (Fire Extinguisher), Biome Food & Harmonizer

Actual results after 2 applications of BioChar.

## If you want better nutrition.... you need to start with better soil

Biochar blends available for various farming needs, call for more information.

### WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

### WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Never seen anything attract deer like Over-160. This buck was first seen while in the velvet stage and he never left the farm until he was shot on the first day of archery. We always struggled to hold deer on our farm, so obviously we are pretty impressed. Another happy Over-160 customer....

### TAGOUT INSIGHT

A whitetail's sense of smell is vastly stronger than a human's – thanks to hundreds of millions of scent receptors, their nose can detect and differentiate scents at levels humans simply can't. This makes smell a deer's most powerful defense and navigation tool in the wild.

# Pressure Point Mat Set

Lay back, breathe deep, and let the tension melt away.

Great Gift!  
for Mother's  
DAY

**\$138** for the mat.  
Add **\$12** for shipping.

Studies have shown up to 40% improvement for, stress, muscle soreness, and sleep quality after regular use of the mat for 20-30 minutes before bed. Journal of Sleep Therapy 2015

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. The gentle pressure of over 4,000 pressure points works to stimulate circulation, release muscle tension, and support relaxation. Start with 10-15 minutes a day and gradually increase to 20-40 minutes as your body gets used to the sensation. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! - WTHN Client

## BEFORE YOU LET ANYONE TREAT YOUR BACK OR NECK PAIN... READ THIS.

The wrong treatment can make a disc injury worse — and surgery is not always the first answer.

### If your pain is:

- Affecting your ability to work
- Limiting your ability to care for your home
- Causing leg pain, numbness, or weakness
- Waking you at night

Then your situation may be more serious than you were told.

And you should speak with someone who understands spinal discs specifically — not general back pain.

### Every month, we speak with families who were told:

- “You just need injections.”
- “You’ll have to live with it.”
- “Surgery may be your only option.”

### But no one clearly explained:

Was the disc properly evaluated first?

Muscle pain and disc injuries are not the same thing.

The wrong treatment may not fix the problem.

### At Midwest Disc Clinic, we focus only on spinal discs.

Not knees.

Not shoulders.

Not general aches and pains.

### Spinal discs only.

#### We evaluate before we treat.

We will tell you honestly if your case is not a fit for our program.

Some cases qualify for our non-surgical disc repair program.

Some do not.

But everyone deserves to know exactly what they are dealing with before making a permanent decision.

You can **stop** sleep breathing disruptions **tonight.**

*"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up."*  
**Elva Chupp**

### Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long. This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

**Sweet Dreams.**

# Replace your restless nights with Sleep Breathing Support™

Sleep Breathing Support™ by Nature's Rite is a natural way to reduce sleep breathing disruptions and achieve a restful night.

30 Capsules ~~-\$45.99~~ **\$36.79**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation. Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

### The Cause

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

**If you want to know whether it will work for you, then you have to try it.**

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

### The Solution

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Starting your day naturally with Mushroom Maiden Farm’s Lion’s Mane Coffee is a simple way to support your health without adding extra time to your routine.

At Mushroom Maiden Farm, we believe in keeping life simple, natural, and wholesome. It is how life should be lived. That’s why our Lion’s Mane Coffee is made with care, using 100% fruiting body mushrooms grown right here high in the Appalachian mountains. Each batch contains a full 10% Lion’s Mane and is carefully tested by a third-party, independent lab. It isn’t cheap, leftover mycelium, it’s the real thing, 100% fruiting body harvested at peak health.

Lion’s Mane is known for its ability to support mental clarity, focus, and alertness, without the jittery feeling that comes from too much caffeine. Like me, many people enjoy it every morning as part of their simple daily ritual. It wakes me up gently, supports my mind, and helps me feel ready for the whole day, all without adding extra time to my routine.

Our coffee blends the comfort of traditional brewing with the benefits of modern wellness. It’s natural, simple, and grounded in the goodness of the earth, no unnecessary additives, just pure mushroom and coffee. Drinking it daily can help support cognitive health, memory, and overall brain function, making it a small but meaningful step toward long-term well-being.

If you’re looking for a way to care for your mind and body while keeping your mornings easy, Mushroom Maiden Farm’s Lion’s Mane Coffee is the perfect choice. Make it part of your morning routine, and enjoy the quiet energy, focus, and natural clarity that comes from a coffee truly rooted in the earth.

Food intolerances can also lead to chronic diseases by creating inflammation within the body. It's a well-known fact that all disease starts with inflammation. It's like putting watered-down gas in your Honda engine. We all know what happens when you do that!

Imagine what years of inflammatory foods can do to your body over time? We'll do a simple DNA test that recognizes what 600+ different foods/non-food products are causing your body the most harm.

We'll also test you for the 80+ essential minerals, vitamins and nutrients. This portion of the test is a good balance to creating a healthy lifestyle and can boost the immune system and reduce your intolerance levels simply by adding recommended foods to your diet.

**Bushman harmonicas  
have the best warranty  
in the business!**

**ROUNDHOUSE**

Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low F, G, A, Bb, C, D, and E\* | **\$29.99**

**KNITTLINGER**

Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger - it goes as fast as any player can play it!

Keys: Low A, Low Bb, Low C, and Low D\* | **\$99.95**

**BLUES SHIFTER**

This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb, C, and D\* | **\$89.99**

**THE DELTA FROST COLLECTION** - The workhorses of the Bushman brand

The Delta Frost comes in 3 different comb choices - Original (plastic), or you can get the Steelie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

Original Keys: Low D, Low E, Low F, G, A, Bb, C, D, and E\* | Steelie and Woody Keys: Low F, G, A, Bb, C, D, and E\* | **\$29.99** | **\$44.99**

Quickly learn to play popular songs even if you don't know how to read music! This popular harmonica instruction book teaches the basics like how to hold the harmonica, and how to play single notes, and then it teaches more advanced skills like how to tongue block in order to Double Two Rattle, how to bend notes, and how to harmonize with others! It ends with the very important, rarely known topic, Harmonica Care & Maintenance Guide. That one section will save you many times the cost of the book!

**\$9.95**

**DINKY**  
Our all new Bushman Dinky has a

greater note range and ability to play more songs than any true, 1-1/2" mini harmonica ever made!!! The Dinky plays much better than the typical mini, and it's more comfortable. Here you get all 3 Keys for one low price!  
G (Yellow), A (Navy), and C (Black)

3 Pack: **\$14.99**

\* All Keys on this page are listed from Lowest to Highest.

VISION BEYOND BORDERS

# Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

**We are printing and distributing Bibles to:**

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

**Will you help send Bibles today?**

- \$4 prints one Bible
- \$100 provides 25 Bibles
- \$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

**Address:**  
PO Box 2635  
Casper, WY 82602  
307-333-6545

A receipt will be provided upon request for any donors who request it.  
*Thank you—may the Lord richly bless you as you partner in bringing His living Word to souls in need.*

**The View from Here** By Aaron Miller  
**Winter Time Sales**

I get asked all the time, "When's the best time to sell real estate?" That's a loaded question. Are we talking hunting land, residential, commercial? Where's it located? How steep's the driveway? How good are the photos? The list goes on. Here's the real bottom line: the best time to sell is when the timing is right for you, the seller.

At Kaufman Realty, we sell property year-round. There really isn't a "bad" time—unless extreme conditions keep buyers from getting eyes on it. And if you've talked with me about selling, you've probably heard me say, "We could have an auction December 24th at midnight, and people would still show up."

Now, that's probably not the plan—but the point stands. If the property is good and the location is right, it can sell just about any time of year.

So don't hesitate to reach out to your agent, preferably me (cough, cough). Let's get your property sold, your goals met and send you on to bigger and better things in 2026.

As Dave Kaufman likes to say, there are three things that matter most in a property sale: **Location, Location, Location.**

*That's the view from here. Until next time.*
