Maria holds several copies of the Antorcha.

CHRISTIAN FAMILY MAGAZINES

### “A vacuum in my heart for the things of God”

**M**aria\* is an 85-year-old lady from Cuba. When an evangelical pastor and his wife moved in beside her, Maria noticed how different they were from the rest of the community. One day the pastor gave her an Antorcha (a Spanish Christian family magazine). She read it and was amazed at what she read.

Maria always enthusiastically waited for the next issue. Every time this pastor came by, she asked for another Antorcha. She testified, “It created a vacuum in my heart for the things of God.” One day she decided to renounce all that was displeasing to God, as well as her religion of the past. “Three years ago, my life has changed because of reading the Antorcha, and I am now baptized as a believer.”

The *Antorcha de la Verdad* (Torch of Truth) Christian family magazine has grown from a first run of 1,800 copies in 1987 to approximately 650,000 copies, which are printed in various locations and languages today.

\*Not her real name.

## Editor's Corner

Hello Everyone,

April showers bring May flowers. A reminder that even rainy days have their purpose. Sunny days wouldn't be so special if it weren't for rain, and joy wouldn't feel so good if it weren't for pain. I am working on making a small garden and some flower beds in my back yard. There's nothing like walking to the garden and picking some fresh goodies for the table or picking a nice flower Bouquet and Brighten someone's day! "Every moment is a blessing; cherish them all!"

Unlike most other brands of B vitamins, Focus is made with clean ingredients from real living plants. not synthetically manufactured ingredients from the drug factory; like Thiamin Hydrochloride (HCl), Pyridoxine hydrochloride (HCl), Folic acid, and cyanocobalamin. Those are the names for synthetic B1, B6, B9 and B12. The cheapest and most commonly used. Tranont uses real B vitamins from nature and cultures them on yeast, creating a powerful, bio-available product your body can easily recognize and successfully use. At Tranont we know that **BETTER CHOICES** bring **BETTER RESULTS**. This product has helped alot of struggling students with better focus and concentration!

## If you want better nutrition.... you need to start with better soil

Biochar blends available for various farming needs, call for more information.

### WHAT IS BIOCHAR?

- Our Biochar is steam activated carbon that is beneficial for our soils and animals
- Biochar creates a biology in your soil that saves money on fertilizer inputs.
  - Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
  - Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
  - Mix it to your feed for better animal health, and a good manure.

### WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

# TURN YOUR PLOT INTO A DEER MAGNET

Top-Tier Corn and Soybeans Options for High-Impact Food Plots

## ENERGY STAR CORN (NON-GMO)

Energy Star Corn (Non-GMO) is highly digestible and high-energy, separating this unique white corn from any other corn. This helps to provide more energy and health for the deer herd through the rigors of winter.

## BUCKHEAD CORN (NON-GMO)

This corn is a high-nutrition, glyphosate-tolerant corn developed for wildlife food plots. It produces grain with higher oil, protein, and calorie levels than standard field corn, making it valuable during late season and winter. Deer show strong preference for this variety.

## REAL WORLD GEN 2 SOYBEANS

A blend of four soybean varieties designed specifically for wildlife food plots. They produce both heavy forage and grain that remain available throughout the hunting season, even after frost.

WE ALSO CARRY NUTRICRAVE CORN

"We do realize it's often we read about positive testimonies, and we wonder- is this really the answer or as good as it sounds? But that's what it is with our story- After starting your recommendations and products (and only 3 at that!) we had total improvement in only one week! We have tried various remedies before- none which seemed to help enough, once we did a blood test we realized sometimes one of the most important things are first knowing what your body needs. Although, we do first owe thanks to God for his healing and answered prayers. We also want to take the time to thank Dr Sladic for your time and help." - **NZ, Pennsylvania**

"I had a serious thyroid issue. Suddenly, we saw Dr Sladic's ad in the budget. Is this something we want to try? Knowing we had to do something we called Tom and followed his directions. We have no regrets!! I stopped all of my other products and started Sladic's program. My health climbed upward right along. To this day I thank God for his leading and healing." - **L Vutzy, Iowa**

"Our family doctor put me on a thyroid prescription and increased my dosage three times over the next couple of years. But, it didn't seem to make me feel better. My health issues continued to get worse. After a thorough test Dr Sladic started me on his program. It was clear other issues were contributing factors. Now after six months, I am not taking as many products and feel stronger and healthier than I have in years. If you're struggling with health issues I would definitely recommend you give this a try!" - **D.S. New York**

"I had multiple miscarriages and some digestive issues. I felt wonderful on your program with the diet I was following, no digestive issues at all! It helped to know what I should take to help my body heal. Right at the end of your program I became pregnant again, which was much sooner than I possibly was able to." - **K Wengerd, Ohio**

"I felt tired most of the time. I also had thyroid nodules. After doing your program I feel more alert and have more energy and less sick. I can do most of a days work, without needing to rest. I would recommend this program to anyone that wants to do it naturally. All people involved are very understanding and helpful. I am thankful to god for this option." - **A Yoder, Ohio**

"I found that I had a sensitivity to vitamin B12 supplements. I am always fatigued, I am very sensitive to fillers which explains my cupboard full of supplements that I can't take. After a blood test I found I had anemia, high cholesterol, and thyroid issues. After your program, my fatigue is 75% better. My second blood test showed my cholesterol lower, my anemia improved and my thyroid antibodies are gone. Thanks for your time and patience, you got a wonderful thing going. I appreciate that you didn't put me on twenty plus pills. I am only on five different supplements from you. May God bless you." - **M.H. Montana**

"I was struggling with postpartum depression, poorlase and low energy. After your program, I can think more clearly and positively. The work doesn't overwhelm me like before. The psoriasis is slowly still improving and my energy is much better. Dr Sladic taught me how to eat better which has been a big help to our family. Thank you for your help during my journey to better health. To God be the glory." - **K. Yoder Ohio**

# BEFORE YOU LET ANYONE TREAT YOUR BACK OR NECK PAIN... READ THIS.

The wrong treatment can make a disc injury worse— and surgery is rarely the first answer.

*My wife suffered with low back pain for several decades. She visited maybe 10 different doctors who helped her for a while but never got to the root of the problem. Her legs hurt, she was restless at night, unable to do garden work, lawn work, or keep up the housework. One year after beginning treatment at MDC she is able to do all those things in a normal way again. We thank God for his Healing, grace and blessing the doctors with wisdom, knowledge, and the willingness to serve.*

~M. Metzger- Manchester, IN

## If your pain is:

- Stopping you from working your land or trade
- Keeping you from lifting or caring for your children
- Making household work difficult or impossible
- Causing leg pain, numbness, or weakness
- Waking you through the night
- Limiting your ability to serve your family and community

*Your situation may be more serious than you have been told. You deserve a real answer before making any permanent decision.*

## Every Month, Families tell us they were told:

- “You just need injections.”
- “You’ll have to live with it.”
- “Surgery may be your only option.”

## But no one explained:

Was the disc properly evaluated before treatment began? Muscle pain and disc injuries are not the same thing. The wrong treatment does not fix the real problem.

## We focus only on spinal discs.

Not knees. Not shoulders. Not general aches.

## Spinal discs only.

## We evaluate before we treat — with a clear 2-day Discovery Process..

Within two days, you will have straight answers to four questions:

- ✓ What is the problem?
- ✓ Can we help you?
- ✓ How long will it take?
- ✓ What will it cost?

## Some cases qualify. Some do not.

We will tell you honestly if your case is not a fit for our program. Everyone deserves to know exactly what they are dealing with before making a permanent decision. We are not here to waste your time or money.

After a lot of doctoring and unanswered questions for my stomach pain I was ready to try anything so I started out with the doTERRA Cleanse and Restore. Within the first 30 days, I was able to get up and get back to work, the pain was significantly less, my mood swings so much better, more energy. I was so impressed and have not been without since

## “Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion’s Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

*The Power of Peptides!*

**My 2-Month Journey — God is So Good**

I can hardly believe it's only been two months since I started this journey... and wow, what a transformation! When I began, I told my wife and so many others — this isn't about how I look, it's about my health. But what's blown me away is how this lifestyle change has impacted both.

For 24 years, I lived with lower back pain from a car accident. That pain is now gone. A few years ago, I had spinal fusion surgery and lost strength in my hands — constant pain and weakness were my "normal." Now? Pain-free, and my strength is returning.

The mental clarity, the focus, the steady energy — it's not a quick caffeine rush, it's real, sustained life flowing through me. I feel better, I'm looking better, and I'm waking in renewed purpose.

I'm beyond grateful I said yes to Make Wellness. No more anti-inflammatories, no more muscle relaxers, no more pain meds. God truly led me to something that's helping me heal from the inside out. 🙏

**Any testimonies of Fit helping joint pain?**

**Yes!** I have Lyme disease and my joint pain and swelling (it typically was in my hands, wrists and ankles) is gone! Even with hours of flights and travel, which is unheard of for me! Abdominal bloating and discomfort is gone, which is such a blessing! I also have significantly reduced soreness after workouts! I am working out harder and feeling great afterwards and recovering so much better and faster! It's so awesome! I also have amazing energy. I am so thankful and so excited!

# Bearaby

Bearaby weighted blankets are rated at **4.8 out of 5 Stars** from dozens of verified "Busy Beaver" Bearaby users.

**Did you know**, a Bearaby gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

### Natural deep sleep

Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

### Peace of mind

The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

### Joyful feeling

Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Our handmade **Cotton Napper** is a breathable, knitted weighted blanket to help you fall asleep faster and feel calmer, naturally. Designed for individual use, your Napper should be about 10% of your body weight. Not designed to add warmth. **Made of 100% organic cotton.**

## VISION BEYOND BORDERS

# Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

### We are printing and distributing Bibles to:

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

### Will you help send Bibles today?

\$4 prints one Bible

\$100 provides 25 Bibles

\$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

### Address:

Casper, WY 82602

**The View from Here** By Aaron Miller  
**Why isn't my property selling**

That's a loaded question if there ever was one! Today we're going to tackle why some properties sit on the market for more than 90 days without generating the kind of offers that actually get them sold. This mostly applies to traditional listings, but if you use your imagination, some of the same principles apply to auctions as well. Now before we go any further, let me be clear: this is my opinion. Others in the real estate world might have their own theories. But after nine years as a realtor and more than twenty years dealing with land and property in one way or another, I've formed a few thoughts. Shocking that I would have an opinion, I know.

Most people assume the problem must be the pictures, the marketing, the advertising, or maybe even the agent. In reality, most of the time it comes down to two things: price and location.

There are always exceptions to every rule in real estate, but here's what I've seen time and time again. When a property hits the market, people who might be interested will almost always find out about it. Between the internet, social media, neighbors talking, and someone's cousin's brother-in-law driving by, word tends to get around pretty quickly.

But if the price is too high, buyers simply won't make an offer. They might look at it online. They might even drive by. Some may schedule a showing. But when it comes time to write an offer, they disappear faster than a free donut in a real estate office.

When that happens, the property becomes what we call "stuck" on the market. After a while, sellers naturally start wondering what's wrong. They may question the marketing, the photos, or what the agent is doing. To be fair, it's not a bad thing for sellers to stay engaged and ask questions. Good communication is part of the process. The challenge comes when the market has already given us the answer and nobody wants to hear it. If showings happen but offers don't, the market is usually trying to say something about the price.

Location can play a role too, but that might be a topic for another column.

At the end of the day, when you hire a realtor, we work for you and we will follow your direction. We're happy to do so. Just remember that when the market speaks and we don't listen, it can lead to frustration—and sometimes a property that stays on the market longer than anyone planned.

*That's the view from here. Until next time.*

**AUCTIONS**

A rare opportunity to own one of the area's most notable historic landmarks—currently operating as a long-time, well-known restaurant. This approximately 17,000 sq. ft. property sits on four lots totaling nearly 3 acres, offering exceptional versatility, visibility, and income potential. Features include two fully equipped commercial kitchens with professional-grade equipment, multiple walk-in coolers and freezers, a freight lift connecting floors for efficient service and operations, and three banquet facilities ideal for private dining, weddings, or corporate events. The property also offers separate entrances,

utilities, and loading doors—allowing for multi-purpose or independent business use—along with seven restrooms throughout

the building and ample parking to accommodate large events or multiple tenants. Positioned in a high-traffic, high-visibility location with convenient interstate access, this property offers a wide range of potential uses, including continued restaurant operation, bakery and deli, steakhouse with bar, event or banquet center, medical or office space, retail use, or recreational venue. Additional income is generated from a rental space currently leased at \$2,900 per month on a month-to-month basis, providing immediate supplemental revenue. A unique combination of historic character, functional infrastructure, and prime location, this property presents an excellent opportunity for an investor or owner-operator.
